

FOUR CORNERED MATCH RACE.

Walne and Green Tie With Chapman and Vaughan.

WORLD'S RECORD SMASHED.

Eddie Smith Clips 2 4-5 Seconds from the Mile Amateur Record Made by Samuelson Last Year.

The important event at the Salt Palace last night was the four-cornered race between Bob Walne, Jack Green and Chapman and Vaughan.

The race was run off in two heats. The first was one mile and brought out the best riders had in the way of speed. The finish between Vaughan and Green was very exciting, the former winning in 2:00 1-5. Green was second, Chapman third, and Walne fourth. Vaughan and Chapman won 11 points. In the half mile heat it looked like a winner for the home lads, Chapman was in the lead until near the final wheel. Walne, the Australian, shot ahead of Chapman and won in 1:09 1-5. Green, beat out Vaughan, which gave the Europeans 11 points and tied the race. The purse of \$100 was divided equally. The newcomers showed up in fine style considering it was their first race in this country and their unfamiliarity with the Salt Palace track. Another match is to be arranged between the same teams.

Eddie Smith was riding in good form last night and knocked off 2 4-5 seconds from the mile record. Last season Samuelson made a world's final track record of 2:02 2-5, but last night Eddie Smith rode from scratch in the second heat of the one mile handicap amateur in 1:59 3-5.

The spectators were greatly surprised at the result of the mile invitation professional event. The winner of two heats received first money, and King and Edmonds were the unexpected victors. They won \$60. The Turville came in second, prize \$30, and Emery and Julius third, prize \$10.

Sporting Notes.

HIS afternoon down at the League Park, Dr. Webster and his immaculates, better known as White Wings, are endeavoring, with the assistance of Capt. Redmond's prospectors, to acquire a crowd of baseball enthusiasts with an exhibition game.

The Miners drifted down from the divide last evening and the boys look pretty good. Harry Pendergast says his ship is in good shape and he is due to win the game. Kidder will be on the slab for the immaculates and Hawley will play either outfield or second base. Judging from the article of ball the home team has been playing the Parkites will have hustle some.

Speaking of the Salt Lakes playing good ball, it would be well for some of the anvil chorus members to lay aside their hammers long enough to look over the records of baseball in the East during the present season, at the same time keeping in mind the record of the home team in the last three games. "Tis true, they lost two out of three games, but the winning teams won by one run. The score at Ogden was 4 to 3. The last game the Salt Lakes shut out the enemy. In all three games they made not a single error. Where will you find better baseball?

Monday morning Iver and Gus Lavender, A. Bell, Jack Burris, H. Haydock, F. Hoffman, and J. P. Gunn, who have been riding on the Salt Palace track, will leave here for Butte.

Last evening Bob Walne and Jack Green announced their intention to remain in Salt Lake the balance of the season.

On June 20th the Opal Wheel club, accompanied by Heid's band, will run an excursion to Castilla Springs.

The Salt Lake Cricket club is out practicing this afternoon and will play

TWO NEW SALT PALACE RIDERS.

JACK GREEN,
Who Claims the English Championship.

BOB WALNE,
Champion of Australia.

JACK GREEN. The subject of this sketch, claims the championship of England. He began his career as a bicycle rider twenty years ago, but did not enter the professional class until 1895. The year prior to entering the professional class he won three English championship races out of five, the races being five, twenty-five and fifty miles. In 1895 he carried off first honors in the five mile professional championship, and the season following won the quarter-mile championship. During the season of '97 he rode in Australia and won numerous notable events, returning to England the year following when he won the quarter-mile championship a second time.

The same year on the Crystal Palace track he established a record of 27 1-5 for a quarter-mile paced standing start, which time has never been beaten.

Green returned to Australia last season but was unable to compete in the important events owing to a bad fall in which he broke his arm putting him out of the business.

Last evening was Green's first appearance on an American track and from his performance it is quite evident that he will hold his own with the best of them when he becomes more accustomed to the track and climate. Green expects to remain in Salt Lake this season.

BOB WALNE Champion of Australia, came to this country with his racing mate, Jack Green, about three weeks ago. While he has not been racing as long as Green has, he is the winner of many notable races. He appeared in his first race in 1896 when he won the Sidney professional wheel race of two miles for which he received \$500. In the great Australian wheel race of the same year, he got second place. In 1897 he came off victorious in the Victorian five-mile professional championship, and also the one-mile Austral championship. One of his most notable races was the Adair wheel race in 1898, which he won the prize being \$500. He also won the Gold Stakes for a prize of \$500 and a handsome gold medal. The same year he again established his claim to the one-mile championship.

In the Victorian Brassard championship with a prize of \$25 per week for five weeks, he won first place, and also the Blue Ribbon one-mile championship which gave him \$10 a week for six months. In 1899 he won for the second time the Gold Stakes, earning \$350 and a gold medal. The same year he was first in the ten-mile Victorian championship. During the season of 1900 he won the one-mile Australian championship, the ten-mile championship and the Victorian championship.

Last night when he and Green tied the honors with Chapman and Vaughan in their match race the patrons of the saucer track had a chance to see what he can do. It was his first race in this country and he has only been training two weeks for this year's work.

Both Walne and Green are of modest disposition and would be the last ones to speak of their achievements on the track. With them racing is a business proposition. They work hard, riding twenty-five and thirty miles a day and they are very careful in their manner of living.

a practice game tomorrow. The club is preparing for the meet with Ogden.

Last night Judge Dana T. Smith was appointed timer at the Salt Palace track to succeed J. Walcott Thompson.

CHANGE FOOD.

And Lose That Uneasy Feeling.

A man who has always been a "skinny chap," although hardly ever ill, tells of the way he put on flesh and reduced his irritability and nervous condition.

By chance he had a taste of Grape-Nuts Food at the table of a friend and enjoyed the flavor so much that he began to have it every meal. He says, "In a short time I found myself getting on my feet, the old feeling of discontent and uneasiness left me entirely, it became a pleasure to go about my work, whereas, before for years I had always had the feeling of being a little weary, now I seem to have a surplus of energy for everything; my weight has increased 11 pounds in 4 weeks, and am still gaining."

I have never been very sick and am satisfied if my present improvement in health continues, I shall not be.

The change that this food has made in my life has been remarkable and so satisfactory that I am glad of the opportunity to tell you. Please do not publish my name. Name can be given by the Postum Cereal Co., Ltd., Battle Creek, Mich.

THE AMERICAN DERBY.

Some Lively Betting—\$20,000 Has Been Offered on the Parader.

Chicago, June 22.—Everything is in readiness for the running of the American Derby at the Washington Park track this afternoon. While the weather was somewhat foggy in the morning, Forecaster Cold has promised a pleasant afternoon.

Eleven horses are announced as going to the post, with three doubtful quantities on the side. There was lively betting on the race until a late hour last night at the Auditorium Annex, where a well known bookmaker made a hand book on a large scale. When he opened up business His Eminence and Bonibert were equal favorites at 5 to 2, but pretty soon a well dressed stranger came up and had a conference with the bookmaker. As a result of this conference the bookmaker took out his book and did a little altering in the prices. He marked the Parader down to 5 to 2 and put Bonibert at 3 1/2 to 1 and His Eminence at 4. It developed that \$20,000 had been offered on the Parader in one bunch. The bookmaker took \$5,000 and announced that he would try to place the rest at 5 to 2. Bonibert's friends rallied and that colt was marked down to 3 to 1. His Eminence remaining at 4. The prices against the other sure starters this morning are:

Six to one Beau Gallant, 6 to 1 each Silverdale and Lady Schorr, 12 to 1 each Terminus and Robert Wadell, 15 to 1 Sanmararo and 20 to 1 Sadie S., and Six Shooter.

Whether there will be betting at the track which the general public can gain access is doubtful, but it is believed there will be plenty of it with well known bookmakers in charge, although no open stakes will be permitted.

There is bound to be a great crowd. Even should a rain storm come up and soak the field the attendance will exceed 25,000, and should the skies be fair at the time for starting the first race, 50,000 people will probably see the Derby.

There will be the usual great turnout of fine equipages and well-dressed society women, the State street stores reporting an immense sale of Derby dress goods during the last fortnight.

The entries, jockies and weights are as follows:

Horse, Six Shooter, weight, 115; jockey, Bullman, Lady Strathmeath, 117, no jockey, Sadie S., 117, McGinn, Brutal, 122, McCue, Robert Wadell, 119, Vandusen, Terminus, 122, Churn, Jiminez, 122, H. Michael, Sanmararo, 122, Boland, Beau Gallant, 122, Spencer, Lady Schorr, 117, J. Woods, Silverdale, 127, Odom, Bonibert, 127, Turner, The Parader, 127, Piggett.
