BATTERY TO HOLD PUBLIC RECEPTION

Citizens to be Given Opportunity To View Splendid New Equipment.

IS VALUED AT \$100,000.

Most Modern Type of Field Guns Now Issued to National Guard Artillery Organization.

A reception will be held in the quarters of the First battery at the Armory in Pierpont street Monday evening, the receiving line including Gov. William Spry and officers of his staff, Col. Walter Scott, Fifteenth Infantry, and officers of his staff, Capt. William C. Webb and the officers of the battery. The purpose of the reception is to afford the citizens of this city an opportunity of seeing the new equipment of the splendid artillery organization of the National Guard of Utah, equipment recently received from the government and costing over \$100,000. Cards have been issued for the affair and a large attendance is anticipated, though guests are not restricted to those who have received the invitation, as it is the desire of the battery commander that all those interested attend. The hour of the reception has been fixed for 8:30 p. m.

The First battery was for many years provided with the now obsolete 2.3 inch breech loading rifle. These guns proved splendid munitions of war in the old days, but the requirements of modern warfare showed the government that line to advance had come and the newer models were adopted. The new guns are handsome things to look at and their mechanism has been pronounced perfect. This battery is now the equal in every sense of the word of any battery in the world.

THE BEST GUN KNOWN.

The new guns of the breech loading type using fixed ammunition, that is, the ammunition is in the form of large cartridges resembling rifle cartridges in every particular except size. The old guns were loaded with a projectile and sacks of powder, then primed and fired with a lanyard. The new guns are so great that it was necessary to readjust the piece after each shot was fired. The modern guns are provided with an oil cylinder for taking up the recoil. This battery is now the equal in every sense of the word of any battery in the world.

The array of artillery carriages, harness, small arms, instruments and the personal equipment of the men of the battery is sufficient to completely fill the entire basement of the armory. The battery commander has arranged with an abundance of light and is admirably adapted to a good display of the equipment.

PARKS AND HILLS FOR LITTLE BOYS

Enthusiastic Gathering of Playgrounds Association at Commercial Club.

ORGANIZATION IS EFFECTED.

Captain Woods Has Duty of Selecting Coasting Grounds for Youngsters—Representative Attendance.

The youngsters of Salt Lake slumbered peacefully Friday night while there were very momentous doings concerning them intimately going on at the Commercial club when the Parks and Playgrounds association of Salt Lake was organized. While the "kids" were in the land of nod their elders were planning just how to make them the very finest kind of men and women through the instrumentality of the best sort of playgrounds on which to disport, the finest hills to coast on this winter, the kind of a swimming pool which would make a fine pool, and divers other things which will elicit a unanimous shout of joy from the hope of the nation.

It was a particularly enthusiastic meeting at the Commercial club when the association was organized. There was no formality, but everybody got together and with the light of love for the little ones shining from their eyes, talked over in as business-like a way as possible under the circumstances just how they could give the Salt Lake youngsters the best of things, and what they could do to make them the very finest kind of men and women through the instrumentality of the best sort of playgrounds on which to disport, the finest hills to coast on this winter, the kind of a swimming pool which would make a fine pool, and divers other things which will elicit a unanimous shout of joy from the hope of the nation.

ORGANIZATION EFFECTED.

George Y. Wallace acted as chairman, and Miss Kate Williams, who has been a moving spirit in the organization from its inception, was made secretary. The mechanical work of the evening was soon finished by the election of Mrs. W. S. McCormick, first vice president, and Miss Kate Williams, second vice president, and the members of the board of control were named as follows:

To serve three years—George Y. Wallace, Richard P. Morris, George A. Eaton, John E. Dooley, W. C. Ebaugh, Miss Kate Williams, Miss Joanna Sprague, Mrs. H. J. Hayward, Ida Hanauer.

To serve two years—Frank B. Stephens, Seldon J. Clawson, H. V. Van Pelt, Willard Young, M. M. Woods, A. W. North, Mrs. W. H. McCormick, Mrs. H. J. Fitzgerald, Mrs. C. E. Richards, D. H. Christensen, J. O. Donnelly, James Murdoch, Robert W. Sloan, Russell L. Tracy, L. P. Kelsey, Mrs. Howard Stowe, Mrs. Joseph M. Cohen, Mrs. C. H. McElcham.

HILLS FOR COASTING.

And then just to show that they meant business the matter of providing proper and safe coasting hills for the Salt Lake youthfulness was taken up with a gusto. After much discussion the board of control decided to provide with the task of looking after this important matter, and all who have any suggestions or hills to propose, are requested to communicate with him.

The association is but an infant, but it is very lusty and is taking hold of a very vital question in a very workmanlike way. The meeting of Friday night will be followed by a meeting of the board of control, which will take up matters requiring immediate attention. Among those who were present at the meeting were Col. Willard Young, Mrs. Rachel U. Siegel, Mrs. Joseph M. Cohen, Mrs. C. H. McElcham, Capt. M. M. Woods, R. W. Sloan, Harold Stephens, O. J. Cox, Miss Rosalie Pollock, Mrs. R. W. Sloan, Mrs. J. O. Donnelly, George Y. Wallace, Mrs. J. O. Donnelly, McMaster, William F. Buckley, J. W. Mellen, O. A. Palmer, J. R. Letcher, Mrs. C. E. Allen and M. S. Parker.

BLIND HOLD RECEPTION.

Program of Oratory and Music Given At Most Interesting Affair.

The annual reception of the auxiliary to the reading room for the blind at the public library, which was organized by Mrs. A. S. Rowan, wife of Maj. Rowan, formerly of Fort Douglas, was held at the Kenyon hotel Friday afternoon from 3 to 5 o'clock.

About 50 adult blind persons were present, and the program consisted of oratory and music. Refreshments were served and the affair was voted a most delightful one. The good work done by the auxiliary was demonstrated by the handicraft of the blind. On exhibition were many articles made by the blind, such as furniture, fancy work and clothing. The work was done in the shop at the rear of the library.

The program began by a selection by the orchestra after which Mrs. Emma A. Riches rendered a vocal solo. Prof. Albert Freeman gave a violin solo, and Marie Hansen gave a reading. In addition to these numbers John Fowler gave a piano selection, a vocal solo by James J. Standish, and a vocal solo by Mrs. J. O. Donnelly. The program was a most successful one, and the auxiliary was well represented.

Rich Men's Gifts Are Poor.

besides this: "I want to go on record as saying that I regard Electric Bitters as one of the greatest gifts that God has made to man, writes Mrs. O. Rhinehart of Yonkers, N. Y. "I can never forget what it has done for me." This glorious medicine gives a woman buoyant spirits, vigor of body and mental health. It quickly cures Nervousness, Sleeplessness, Melancholy, Headache, Backache, Fainting and Dizziness, heart troubles, the weak, illing and sickly. Try them. 50c at Z. C. M. I.
