Is Salt Lake Big Enough?

Query: Can This City Support Every-Day National League Base Ball? Mr. Griffin Says Yes—High Priced Players and Best Ball City Has Ever Seen—Ogden Team Will Soon be a Thing of Memory.

"Well, we got everything we asked for."

The above words were spoken to C. H. Griffin, reporter of this morning by C. H. Griffin, who represented Salt Lake at the big baseball meeting at Tacoma this week, describes the success of the Salt Lake club in securing a franchise in the Pacific National League.

When the meeting was called to order and the magnates got down to business they wanted to charge Salt Lake a fancy price for the Portland club and franchise and make them pay the league for what they might choose. But Mr. Griffin would stand for none of this and finally secured the franchise, the players, the release of "Dad" Clark from Helena and the release of the veteran Buck Weaver. If that is not good news to the Salt Lake fans then they are a hard lot to please. Mr. Griffin got even more. Salt Lake will start out with a clean record and a long series of games at home. The magnates wanted this team to begin operations in Seattle but Griffin convinced them it would pay better to open the games here. It means three weeks good ball for local fans. Helena will be the first club, followed by Los Angeles and then San Francisco. The local club will not go to California at all this season.

SOME OF THE PLAYERS.

In the matter of players, Salt Lake will have a chance to get such stars as Anderson, Donahue, Tax, Parrott, Deisel, Slat Davis and Haney. The present line up of the Portland club, which is now the property of Salt Lake, is as follows: Anderson, c.; Davis, 1 b.; Donahue, 2 b.; Fisher, s.; Deisel, 3 b.; Parrott, i. f.; Haney, c. f.; Bradburn, c. f. The latter is a former Salt Lake player.

Mr. J. M. Reynolds, a director in the Buile team of the Pacific National League, arrived in town this morning and immediately held a meeting with President Rogers and Mr. Griffin. The purpose of his visit here could not be learned beyond the statement: "He is here to discuss matters pertaining to the club and the league."

WILL BE LOCAL AFFAIR.

"Mr. Griffin, how will the team be managed here, that is financially?" Will be the money taken in here be turned over to the league and the local players be paid by the league?

"No," replied Mr. Griffin. "The Salt Lake club will be a local affair and will be managed by the local association. The association will have to look after its own affairs and the league will have nothing to do with that part of it."

"What will be the average salary paid to such men as Donahue and Parrott, for instance?"

"That is a question that we cannot answer just now for the reason that we have not seen the Portland contracts. They will be taken on the Portland contracts."

CREATION OF THE BONDED DEBT

San Pedro Directors Ratify it and Approve the Form of Trust Deed—Report That a Hitch in Floating Bond Issue May Have Something to Do With the Delay in New York.

The meeting of stockholders of the San Pedro, Los Angeles & Salt Lake railroad, which was adjourned yesterday morning met again in the office of the company in the McCormick building late yesterday afternoon but held a short session only.

During the meeting a resolution was adopted approving the form of the trust deed, ratifying the action of the directors in creating the bonded debt and authorizing them to make the necessary provisions for the transfer of the Oregon Short Line trackage and rolling stock for instance.

The proxies which arrived in the afternoon were duly voted on the proposition. Senator W. A. Clark was represented by Mr. C. M. McCormick, while Mr. C. O. Whittemore voted on behalf of the stock held by Senator Thomas Kearns.

Despite the assertion by a morning paper to the effect that the transfer will occur tonight or tomorrow, it is emphatically stated by a gentleman who is in close communication with New York that nothing will be done in this direction this week.

It is also stated that there is a hitch in the floating of the necessary bonds that is causing delay. This, however, is denied at the headquarters of the Salt Lake Route.

KING EDWARD TO KING PETER.

Wishes Him a Prosperous Reign and Peace for His Country—But Diplomatic Relations Between Great Britain and Serbia Will Not be Resumed For Some Time.

Belgrade, July 2.—The king of England has replied in courteous terms to King Peter's notification of his accession to the throne, wishing him a prosperous reign and hoping it will bring peace, order and justice to the country. King Edward's reply has caused great satisfaction here.

King Edward also expressed the hope that King Peter would be able to re-

establish the good name and renown of the people of Serbia compromised by the recent tragic events.

NO DIPLOMATIC RELATIONS.

London, July 2.—It is officially stated in London that King Edward's telegram to King Peter does not change Great Britain's attitude towards Serbia, and it is added that diplomatic relations will not be resumed until Serbia is not immediately resumed.

German Ambassador to Washington.

Berlin, July 2.—The semi-official North German Gazette today announced that Baron Speck von Sternburg had been appointed ambassador of Germany at Washington.

Japanese Naval Maneuvers.

Yokohama, July 2.—It is rumored here that the Japanese naval maneuvers, which are being held at the island of Korea, will be followed by a Japanese demonstration in Chinese waters.

Failure to Provide.

Failure to provide is the ground upon which Southey C. Sorenson offers a divorce from James C. Sorenson. In the complaint which was filed today plaintiff alleges that she was married to defendant on May 10, 1922, at Ephraim and that for the past two years he has failed to provide her with the common necessities of life. Mrs. Sorenson asks that she be awarded a \$4000 alimony, which she also claims to be entitled to jointly, and that she also be given the custody of their minor children.

SOUTHERN PACIFIC FREIGHT WRECK.

Caused by Two Cars Which Had Been Blown Over on Track.

BRUTAL ASSAULT ON OLD MAN

Barn Burned—Bicycle Thief—Band Master Foster Goes to Salt Lake—Sent Up for Vagrancy.

(Special to the "News.") Ogden, Utah, July 2.—The eastbound Southern Pacific freight train was wrecked this morning near Terrace by running into two box cars, which had been blown over on the track by the heavy wind during the night. The engine and a dozen cars were derailed and slightly damaged, but fortunately no one was injured. This is doubtless accounted for by the fact that the train was slowing up to stop at the station when the accident occurred. Traffic was delayed for several hours.

BARN BURNED.

Last evening a barn on Second street, near the Oregon Short Line track, belonging to Charles Price, was burned to the ground, together with most of its contents. The owner succeeded in getting out a wagon and calf. The damage amounted to \$200.

FOR STEALING A BICYCLE.

Will Irwin of West Twelfth street was arrested this morning on the charge of stealing a bicycle belonging to J. A. Hassell, the tailor. After stealing the wheel, it is alleged, Irwin painted it green in order to destroy its identity, but it was discovered by the number and other private marks which had been made by its owner.

DOG CATCHER ASSAULTED.

A brutal assault was made this morning on George Johnson, the aged dog tax collector, by W. Sherman, the barber. The old man had gone to the barber's place of business to collect a dog tax, when he claims, without provocation, the barber beat him with a severely and threw him out of his establishment. The old gentleman then wended his way to the police station and swore out a complaint against his assailant charging him with assault and battery.

GOES TO SALT LAKE.

Mr. W. C. Foster, organizer and leader of Foster's military band, has gone to Salt Lake City to reside for several months, leaving the band without a leader. At present the band is being led by band members Ralph Baker was elected temporary leader. When Mr. Foster returns to Ogden, which he expects to do in a few months, he will resume the leadership of the organization.

SENT UP FOR VAGRANCY.

J. W. Perkins was arrested last night for vagrancy and inducing a small boy to go with him behind some stores for immoral purposes. The evidence was not sufficient to hold him on the latter part of the charge, but he was found guilty of vagrancy and sentenced to 30 days in jail.

PHILADELPHIA MINT.

Coinage for Last Fiscal Year Was Record Breaker.

Philadelphia, July 2.—The fiscal year of the United States mint, which ended, was a record breaker in the number of coins, medals and dies struck and the increase in the production was accompanied without any material decrease in expenses. According to the report made by Supt. Landis to the treasury department at Washington, the coinage was 19,575,766 pieces greater than the previous year, an increase of 1,932 pieces, and an increase of 209 dies.

Gold coin \$56,000,000
Gold dollar 45,000,000
Silver dollars 52,000,000
Silver bullion 23,500,000

Besides this, there was a large amount of subsidiary silver, nickel and bronze.

For the United States government, 161,942,255 pieces were coined; for the provincial government of the Philippines, 14,758,896 pieces; for the Cuban government, 16,667 pieces and for the Venezuelan government, 750,000 pieces.

American Apparatus Inaugurated.

Rome, July 2.—Signor Galimberti, the minister of posts and telegraphs, accompanied by the local authorities, today inaugurated an American telegraphic apparatus between Rome and Naples. King Victor Emmanuel intended to be present, but was unable to do so, as he is leaving Rome this afternoon. The trials were directed by American engineers, Henry M. Wiegand, at Rome, and Thomas K. Paniman, at Naples. The inauguration was a great success.

Austria-Hungarian Troubles.

Vienna, July 2.—As the deputations have been unable to agree on the proportions to be respectively contributed by Austria and Hungary toward their joint expenditure, Emperor Francis Joseph has prolonged the present arrangement until June 30, 1924.

German Ambassador to Washington.

Berlin, July 2.—The semi-official North German Gazette today announced that Baron Speck von Sternburg had been appointed ambassador of Germany at Washington.

Japanese Naval Maneuvers.

Yokohama, July 2.—It is rumored here that the Japanese naval maneuvers, which are being held at the island of Korea, will be followed by a Japanese demonstration in Chinese waters.

Utah Actress In Copper Cast.

Suggested at Meeting of Commissioners Today That Maude Adams Thus Represent the Beehive State at Louisiana Purchase Exposition—May Also Have Concentrating Mill in Full Operation at the Fair.

One of the principal attractions in the Utah mining exhibit at the Louisiana Purchase exposition at St. Louis will probably be a life sized copper statue of some noted person. Mr. Newhouse advanced that idea at the meeting of the Utah commission held in Gov. Wells' office this morning. It is the intention to induce some of the smelters to furnish the copper for the statue, the same to be from Utah mines. The names of a number of subjects for the figure were mentioned, among them being that of Maude Adams, the noted actress who holds from this state, but it was decided to leave that matter to the smelter which supplies the metal.

Another idea which will probably be carried into effect in the mining exhibit is to make the full and complete workings of a concentrating mill, the same to be as large as the space allotted to Utah will permit and not interfere with the mineral exhibit.

The mill will be entirely of metal and will be run automatically. Director General Whitaker submitted specifications for the agricultural, horticulture and honey exhibits, which were adopted, and those who wish to make exhibits are asked to conform to the specifications. S. S. Lorey and L. N. Elliott are now out in the state looking after the bee-keepers' exhibit. Upon their return they will report to Mr. Whitaker and will then work under his direction.

The board authorized Mr. Whitaker to make a trip to St. Louis as soon as convenient and confer with the exposition officials in regard to Utah's exhibit and then report to the board. He will probably go to St. Louis in a few days and be ready to report at the next meeting of the board, two weeks from today. Owing to the absence of Gov. Wells and Secy. John Q. Cannon, Mr. Shurtliff presided at the meeting of the commission today and Mr. Whitaker was chosen as temporary secretary. The other members of the board present are Mr. Newhouse and Mr. Sherman.

J. GORDON BENNETT CUP RACE.

Fourth Annual Event Started at Bally Shannon—All Automobile Clubs Recognized by English Are Eligible—Twelve Starters—Distance Three Hundred and Sixty Miles.

Bally Shannon, Ireland, July 2.—The fourth annual race for the international cup offered by James Gordon Bennett, which may be competed for by every foreign automobile club recognized by the English Automobile club, was started at 7 o'clock sharp this morning in fine weather. S. F. Edge, English, holder of the cup, was the first starter.

The contestants were S. F. Edge, R. De Knyff, A. W. Winston, Baron de Caters, C. J. Rott, M. Farman, P. Owen, Foxhall Keene, J. W. Stocks, Gabriel, L. P. Moers and Jenatzy.

The total distance of the course is 368 miles and 765 yards as measured by a surveyor. It is laid out principally in County Kildare, the start and finish being at Bally Shannon cross roads, about 25 miles southwest of Dublin. In outline the course somewhat resembles a map of Africa, traversed divided into two parts which are known as the major and the minor loop. The distance around the smaller loop is about 45 miles and 1025 yards around both and there is a dividing stretch of about 15 miles that must be covered six times in going three times around the combined loops. The small loop is covered first and then the racers go three times around the combined loops. Winston, Owen and Moers are the American competitors.

Long before dawn hundreds of police patrolled the usually quiet country roads, which in the day were alive with a continuous stream of motor cars.

When the pilot car left shortly after 6 a. m. the 30 starters surrounding Bally Shannon were becoming crowded with gaily dressed people, many of whom had spent the night in tents, erected in all directions.

Complaints were made, notably by Moers regarding the over-crowding of sections of the road.

At 7 o'clock of the second Jorjolly, the starter, fired a pistol. Edge pressed the lever of his car and the vehicle sprang forward and the race began amid cheers.

The Americans all got off badly and Winston, who had the day were alive with a continuous stream of motor cars.

NELS MURDOCK COMMITS SUICIDE

Respected Resident of Heber Takes Carbolic Acid.

IN A FIT OF DESPONDENCY.

Heber, Utah, July 2.—Last night Nels Murdock, a respected resident of this city and a member of the pioneer family of that name, committed suicide by taking carbolic acid. He was a bartender in the Glen salmon and his insatiable appetite for drink so worked upon him that he became despondent and carried out a threat that he had been making for a long time. It appears that last evening he went to the saloon in a much disturbed frame of mind and was followed by his wife, who immediately took him back home. While Mrs. Murdock was lighting a lamp her husband went into another room, at which time he took the dose which finally terminated in his death. As soon as his act had been discovered a physician was summoned, but he could do nothing for him and he passed away in about twenty minutes. He was a native of Iowa and had been married for five years. This is one of the first of such cases that has ever occurred in this section, and the community is sorely shocked over the sad affair.

DESTROYED BY FIRE.

The Jeffs creamery at Midway was burned down yesterday morning, amounting to a loss of \$5,000, on which there is \$1,700 insurance. How it started no one knows, but there are two theories about it, one being that the fire originated in the kitchen and the other that it was the work of incendiaries. The loss comes the more heavily from the fact that Mark Jeffs, the owner, is now filling a military hospital, having left here a short time ago.

CHARLESTON CO-OP BURGLARIZED.

On Tuesday night the Co-op store at Charleston was entered by burglars and \$80 in cash and an amount of merchandise, including a gun, stolen. It was at first supposed that the culprit, whoever he was, went to Provo on a handcar, but that theory has been dispelled with the arrest here of Pat Mahoney, a transient, who has been taken on suspicion. He denies the charge but his statements are very conflicting.

Early this morning the store of D. C. Banks of Heber was entered by burglars and a small quantity of goods stolen. It is supposed to have been the work of transients.

NAVAL TREATY WITH CUBA SIGNED.

Havana, July 2.—The treaty covering the naval and coaling stations and the treaty placing the Isle of Pines under Cuban sovereignty were signed today at noon.

The two treaties, which are the last of the long negotiations between the United States and Cuba, were signed in duplicate at the secretary of state's office. The signers were Minister Squires, Senator Garcia, secretary of state, and Secretary of the Navy, Mr. Squires' eldest son.

The Isle of Pines treaty was signed last night. While turning over the island to the Cuban government, the treaty safeguards the rights and privileges of the American residents on the island as though they were on American territory. Property, judicial and educational rights are especially guaranteed and with the registration of property and other building business.

It is noted that the American landholders are better off in respect to taxation than they would be under United States sovereignty.

There was no difficulty or delay in reaching an agreement upon the subject of the Isle of Pines treaty, but the naval station's lease was the subject of long and arduous negotiations.

President Palma and Mr. Squires could easily have reached an agreement, but the president consulted numerous senators, congressmen and others, the concessions asked are granted. Nine of the minor firms have accepted the terms of the woodworkers and made a peace agreement.

Sitting Hungarian Diet Peaceful.

Buda Pest, Hungary, July 2.—The action of Franz Kosuth in resigning the presidency of the party of independence, has had a steadying effect on his opponents and has caused them to cease their attacks on the government. The sitting of the lower house of the diet yesterday was peaceful. There is a prospect of the proposed bill passing rapidly and that the house may adjourn in a fortnight.

A DEAR LITTLE DOG.

Jumps From a Trap Causing Flight Between Owner and Coachman.

New York, July 2.—David Lamar, the Wall street operator, has had a severe personal encounter with his coachman, James McCann, at his summer home, Seabright, N. J. Lamar was knocked down twice and asserts he was badly bruised. His face was lacerated and swollen and the coachman's blouse was torn. The trouble arose over Mrs. Lamar's lap dog. While she was driving the dog leaped from the trap and she ordered the driver to get it. He refused, stating that he was not a dog catcher.

Finally she jumped to the ground and with the aid of a gardener captured her pet. Learning of the affair Lamar visited the coachman in his quarters and quickly came to blows. The coachman declares Lamar struck first. The broker denies this. At least he was felled by a rapid succession of blows and the coachman fled. He was arrested soon afterward and held to the grand jury.

S. F. B. Morse Resigns.

New Orleans, La., July 2.—S. F. B. Morse, assistant passenger traffic manager of the Southern Pacific railway, with headquarters at Houston, Tex., has tendered his resignation to become effective Aug. 1. He was reputed to have made financial connections in the east.

Two Carloads Of Coffins.

Received at Hanna for Use of Victims of Mine Disaster—Men Are Digging Graves—Carpenter Shop Turned Into a Morgue—Remains of Some Recovered and Those of Others Encountered—Town in Deepest Gloom.

(Special to the "News.") Hanna, Wyo., July 2.—Two carloads of coffins were received last night and a force of men is digging graves in the little cemetery. The mine carpenter shop has been turned into a morgue and as bodies are recovered are embalmed. The victims will be gotten out by way of the rear air shaft about a quarter of a mile from the mouth of the mine. They will be hauled to the mine carpenter shop, where they will be washed and dressed in clean clothing, the company having ordered over 300 suits of clothing from Denver for this purpose. From the carpenter shop the remains will be taken to Flinn hall, where the victims will be laid out in rows on the floor. The widows and orphans and other relatives will then be permitted to enter the hall, where the bodies are and pick out those that belong to them. Guards are stationed at all approaches to the mines and women and children are not permitted to approach. The rear shaft will be guarded during the time that the bodies are being taken out and the women and children will not be permitted to come near.

ONLY FIVE BODIES RECOVERED.

Hanna, Wyo., July 2.—Of the 234 men now known to have been entombed by the mine explosion on Tuesday, the bodies of only five have been recovered and all hope that any of the others are alive has been abandoned. Fire and smoke are preventing exploration of the lower workings and it is feared that many, if not all, of the bodies now in the mine will be consumed.

Union Labor Leaders Sentenced.

Chicago, July 2.—Jail sentences have been imposed on two union labor leaders by Judge John Holman and two others are required to pay heavy fines. The men were adjudged in contempt of court for failure to respect the injunction restraining them from interfering with the business of the Kellogg Switchboard and Supply company.

Arthur A. Hopkins, business agent of the Brass Molders' union was sent to the county jail for 30 days, and with him went William Lynch, to serve 30 days. John O'Brien and Thomas Quackenbush were fined \$100 each. The court said it was necessary to punish the men to prove by their conduct that there will be no further violations of the injunction on their part.

Lynde and Koons spent the night in jail. Judge Holman refused to grant them an appeal.

Altering Uncle Sam's Guns.

New York, July 2.—A dispatch from the Herald's correspondent at Montevideo, says 70 guns have been removed from the United States South Atlantic squadron at anchor there and taken to the Cero establishment for important alterations.

Aultman & Miller Buckeye Co.

Cleveland, Ohio, July 2.—The sale of the property of the Aultman-Miller company of Akron, manufacturers of harvesting machinery, has been approved by United States Judge Wing. The plant was sold to Judge William A. Vincent of Chicago for \$400,000 cash.

The company will hereafter be known as the Aultman and Miller Buckeye company. The capitalization is \$750,000.

Mrs. Carina Jordan Dead.

New York, July 2.—Mrs. Carina Jordan, a playmate of the late John D. Rockefeller, who was a noted social figure in Mount Vernon from heart disease.

Woodworkers Go on Strike.

Chicago, July 2.—Two thousand woodworkers have gone on strike upon receiving notice that their employers would not grant their demands for a minimum wage scale of approximately 28 cents an hour.

Twenty-one of the large factories of Chicago are affected and the men announce that they will not return until the concessions asked are granted. Nine of the minor firms have accepted the terms of the woodworkers and made a peace agreement.

Sitting Hungarian Diet Peaceful.

Buda Pest, Hungary, July 2.—The action of Franz Kosuth in resigning the presidency of the party of independence, has had a steadying effect on his opponents and has caused them to cease their attacks on the government. The sitting of the lower house of the diet yesterday was peaceful. There is a prospect of the proposed bill passing rapidly and that the house may adjourn in a fortnight.

New Mexico Smelter Burned.

Silver City, N. M., July 2.—The smelter plant of the Silver City reduction works company, located south of the city, has been totally destroyed by fire. It is supposed the fire started from a spark from the engine of the train. The plant is a total wreck with its expensive machinery and thorough equipment valued at \$100,000. Only \$15,000 insurance was carried.

It was owned by the Hearst estate.

China Pays Up Promptly.

Peking, June 2.—The bankers' commission has informed the ministers that the semi-annual installment of the Chinese indemnity was paid Tuesday in silver at Shanghai and was received under the usual protest on account of being tendered at a rate of 22 cents below the current exchange. This has increased the dissatisfaction at China's contempt of the protocol and her refusal to accept the advance for the most competent foreigners here and depend on the generosity of the powers for relief from the decline in silver.

The throne announces that two cities in Yunnan province have been recaptured from rebel rule and the rebel leader there has been beheaded.

Pope Again Indisposed.

Paris, July 2.—The correspondent of the Temps at Rome telegraphed to his paper today that he had learned from an authoritative source that the pope was indisposed this morning.

McCray Back in Peoria.

Peoria, Ill., July 2.—John McCray, who a week ago Tuesday night shot and instantly killed Detective Murphy and who was removed to Chicago to prevent being lynched, was quietly brought back early this morning by order of Judge Green, of the principal courts here. The special grand jury will consider his case at once and if he is indicted Judge Green will appoint an attorney to defend him immediately. It is not believed that any further attempt will be made to lynch him.
