SAVE YOUR HAIR | TO LEARN HOW TO DO IT READ AND HEED WHAT FOLLOWS.

SAVE YOUR HAIR.—The laws of Health and Longevity demand it, the customs of social life require it. The matter is of great importance in every way.

BEAUTIFY YOUR HAIR.—It is the surpassing crown of glory, and for the loss of it there is no compensation.

CULTIVATE YOUR HAIR.—For by no other means can it be saved and beautified.

LYON'S

KATHAIRON,

Discovered thirty-five years ago by Prof. Lyon, of Yale, is the most perfect preparation in the world for preserving and beautifying the hair.

Besides being the best hair dressing ever produced, Lyon's Kathairon will positively prevent grayness, and will restore new hair to bald heads, if the roots and follicles are not destroyed.

It actually performs these seeming miracles, of which the following is

A FAIR SPECIMEN

I had been entirely bald for several years, constitutional, I suppose. I used a few bottles of Kathairon, and, to my great surprise, I have a thick growth of young hair.

COL. JOHN L. DORRANCE, U. S. A.

In every important respect the Kathairon is absolutely incomparable. It is unequaled.

1. To Cure Baldness.
2. To Restore Gray Hair.
3. To Remove Dandruff.
4. To Dress and Beautify the Hair.

BEAR IN MIND.—The Kathairon is no sticky paste of sulphur and sugar-of-lead, to paint and daub the hair and paralyze the brain. It is a pure and limpid vegetable lotion, intended to restore the hair by natural growth and reinvigoration. It is splendidly perfumed, and the most delightful toilet dressing known. No lady's or gentleman's toilet outfit is complete without Lyon's Kathairon.

EXTRA SESSION.

SENATE.

WASHINGTON, 20.—Saunders read a short speech in opposition to the bill that the military is necessary to secure fair elections in the South.

Whyte said the political clauses of the bill were not extensive enough to meet his views, which were opposed to all federal interference, civil or military, in a State.

A debate ensued between Whyte, Hoar, Dawes, Windom, Conkling, Edmunds and others.

Jones reviewed the rise of military power in his State (Louisiana) and declared the White League in 1874, was an organization to protect, and not destroy the ballot. The negro emigration was mostly from two parishes where the republicans have had overwhelming majorities; so it could not be caused by democratic oppression. The negroes have been deceived into believing they could live without work in Kansas. He hoped that Louisiana would be filled up with good citizens regardless of politics, so that the State might fulfil its glorious destiny.

Kellogg said if he had time he could refute all the statements made by Jones. He referred to the terrorism of 1868.

Edmund's motion to strike out the clauses repealing the statutes relating to the test oath was lost, 38 to 26.

Edmunds moved to strike out the clause establishing the mode of drawing United States jurors; lost 37 to 27.

His amendments to strike out the clauses repealing the statutes relating to deputy marshals and supervisors, and the clause repealing the law for the punishment of persons interfering with the deputies and supervisors, were lost by the same vote.

The bill was then read a third time and passed; 37 to 28, a party vote. Adjourned till Thursday.

HOUSE.

WASHINGTON, 20.—The business of the morning hour was a bill to amend the laws relating to the transfer of cases from the State to federal court, and Urner concluded his argument against it.

Frye moved to lay the bill on the table.

The motion was defeated, yeas 98, nays 112. The vote was a strict party one, with the exception of Conger, who voted in the negative for the purpose of moving a reconsideration. Of the Greenbackers, Jones, Ladd and Ford voted in the affirmative, and Lowe, Murch, Stevenson, Weaver, De LaMatyr and Gillette in the negative.

The motion to reconsider was agreed to, yeas 117, nays 97.

Consideration was then resumed of Warner's silver bill. The question being on the third section allowing the deposit of bullion at any mint and its being coined for the benefit of the owner.

Conger moved to lay the section on the table; defeated, yeas 112, nays 116.

The affect of the adoption of the motion would have been to kill the bill.

Warner refused to allow a vote on an amendment offered by Fort, as it was excluded by the previous question. Consequently, when the vote was taken, the republicans refrained from voting, and no quorum appeared. In a colloquy which ensued, Clymer said he understood that when Fort's amendment was offered it should be voted on.

Garfield said the republicans so understood it.

Warner protested that there was no such understanding, but he agreed in the interest of harmony to allow a vote. Fort's amendment was acted on. It provides as a substitute for the third section of the bill, a provision that the owner of any silver bullion may deposit it in quantities of 20 ounces and over at any mint at its actual market value in the United States not exceeding par, which value shall be ascertained by the means prescribed by the director of the mint and approved by the Secretary of the Treasury; such owner to be entitled to receive standard silver dollars therefor, and such bullion shall be coined into standard dollars.

The amendment was rejected; 118 to 104. Warner and Ewing actively canvassed for negative votes, while Garfield and others electioneered for the other side.

At the conclusion of roll call the vote stood yeas 93, nays 96; then from an unexpected quarter the ayes began to come in and Chittenden, Dwight, Elnsein, McCook, Morton, O'Neil, Smith, (Pa.) Hawley and Miles voted no until with other changes the vote stood as recorded. The third section was then agreed to 103 to 110.

The fourth section provides that the director of the mint shall fix the charges for smelting and refining.

Marsh submitted an amendment that the charges be the difference between the market value of bullion and the legal tender of coin; agreed to, 117 to 105.

The republicans applauded this vote, as it is substantially the adoption of Fort's amendment, except it does not involve the opponents of the silver coinage in any inconsistency. The motion to reconsider was tabled—116 to 105.

The final settlement was greeted with applause, and when Warner moved to adjourn the republicans laughed triumphantly. Adjourned.

EASTERN.

Doings of Congressional Committees.

WASHINGTON, 20.—The ways and means committee to-day, after passing upon two bills of a private character and discussing without result the propositions relative to duty on quinine, indefinitely postponed the resolution introduced by chairman Wood regarding the adjournment of the present session. The committee agreed to the following resolution.

Resolved, that this committee will not consider at this session any bills or joint resolutions affecting revenues and that all such measures shall be laid over until the regular session in December.

The motion to reconsider was laid upon the table.

The select committee of the Senate appointed to investigate all matters pertaining to the Freedmen's Saving and Trust Company, met this morning. Every member was present, Senator Bruce presiding. Cresswell, Leopold and Purvis, commissioners appointed under the act of congress to close up the affairs of the institution, made a statement of their operations to date, presenting a schedule and showing the condition of the company, and making suggestions as to the course that should be pursued in the future, they said: with reference to the two principal items in the assets, viz., real estate and notes, that the latter were in process of collection, but, as to the real estate, they doubted whether it would be possible to realize upon it at present without suffering heavy loss. They stated that a dividend of 30 per cent. had already been paid and that they hoped before long to be able to pay another dividend of 20 per cent., making 50 per cent. in all. They urged that as a means of enabling them to do this, the government should purchase the Freedmen's Bank building in Washington, the greater part of which is now rented for the use of the Department of Justice. Two drafts of bills were submitted by the commissioners, designed to transfer the affairs of the company to the Comptroller of Currency or such other officer of the government as Congress might direct. The commissioners have heretofore asked to be relieved of the duties imposed, and on submitting these bills reiterated that request.

The House committee on Indian affairs has agreed to report favorably Gen. Hooker's propositions referring to the Court of Claims all questions of difference arising out of the treaty stipulations with the Choctaw nation.

Congressional Actions.

As foreshadowed last night, the Senate this afternoon passed the legislative appropriation bill by a strict party vote, without any amendment to its political sections, and adjourned till Thursday. The motion providing for this holiday was made by Don Cameron, who has arranged to convey a large number of senators to the Baltimore races to-morrow as his guests, in a private car. It is expected that the House will promptly concur to all the Senate amendments to the bill, but even if sent to a conference committee, it will doubtless be finally passed and sent to the President before the close of the present week. The veto will probably be received about Tuesday, and the democrats will then hold a caucus to determine their future line of action. It was with a view to this caucus that the ways and means committee to-day indefinitely postponed making any recommendation to fix a day for the final adjournment, and a similar reason has doubtless influenced Chairman Proctor Knott to defer submitting to the judiciary committee the answer which he has prepared to the President's last veto message. It was to have been laid before the committee this morning for the adoption of the majority as a report upon that message.

There are well defined rumors that that programme will be abandoned, and that an address to the country upon all branches of the controvery will be issued through the democratic national convention.

The Warner silver bill was practically defeated in the House by the adoption of Marsh's substitute for its third section, although its chief prompters hope to obtain a sufficient number of votes from absentees to strike out this new provision, which makes the bill so wholly unsatisfactory to them that they will otherwise prevent its absolute defeat. There seems to be no probability however that they can muster a majority to undo to-day's action, and therefore, it is not at all unlikely that they will to-morrow unite with the anti-silver men in laying the entire bill on the table.

Imprisoned for Life.

NORWICH, 20.—In the Superior Court the case of the State vs. Wesley W. Bishop, charged with the murder of his wife, and with complicity in the murder of Charles Cobb. Bishop pleaded guilty of murder in the second degree. The plea was accepted and the prisoner sentenced to the states prison for life.

$30,000 Fire.

NEW ORLEANS, 20.—A fire at Milneburg destroyed several buildings. Loss $30,000; insurance $10,000.

Sanitary Regulations.

The auxilliary Sanitary Association have commenced the important work of systematically flushing the street gutters with river water. This will be done daily the entire length of the city, six miles. They hope by this means to abate the nuisance of foul gutters. The French market and that quarter of the city will be supplied by powerful pumps, and the engine association are constructing nuisance boats, have ordered a number of sweeping machines, and are laboring faithfully in the interest of sanitary reforms throughout the city.

Execution.

OMAHA, 20.—Orlando Cassler, who in July last murdered and robbed George L. Munroe, was hanged to day at 1.30, at Seward, Nebraska. At 1 o'clock a mob suddenly tore down the enclosure around the scaffold and quietly witnessed the execution. Cassler asserted on the scaffold that he was innocent and that his life had been sworn away. He was cool and resigned throughout.

Railroad Dignitaries.

Jay Gould, Oliver and Sidney Dillon, with Theophilus French, the government auditor of the Pacific Railroad, reached here to-day, and leave on Friday for an extended trip over the Union Pacific Railroad to San Francisco on business in connection with the Central Pacific, which company has refused as yet to show up its books for government inspection.

WESTERN.

The remaining portion is about half excavated already, but only the completed excavation is reported. The work of laying the boxes is diligently being pushed as the excavation is prepared. Over 1,200 men are employed.
