

FROM THE MADDER CROWD

President Will be in the Wilderness Sixteen Days.

ALL TRAILS ARE GUARDED.

Even a Rumor Can Get Into Yellowstone Park—Mr. Roosevelt is in Happy Frame of Mind.

Cinnabar, Mont., April 8.—President Roosevelt is in the Yellowstone Park, and for the next 16 days he expects to enjoy complete rest and cessation of public duties. He will be in almost constant communication with Sec. Loeb at Cinnabar, but nothing, except of the utmost importance will be referred to him.

In company with John Burroughs, the naturalist, who accompanied him to Washington, the president will study the nature of the various plants that inhabit the park. The president has looked forward to this outing for some time, and he was particularly happy frame of mind when he led the cavalcade into the park. Every trail leading into the park is closely guarded and no one is allowed to disturb the president's solitude.

The special bearing the president and party arrived at Gardiner, the entrance to the park, at 12:30 o'clock this morning, and were met by a detachment of the Third cavalry and a number of cowboys. Maj. Pitcher also was present to welcome the president.

Mr. Burroughs rode in an army car, after which the president proceeded to St. Louis and the Park. The train returned to Cinnabar, where Sec. Loeb and the remainder of the party will live while the president is absent.

On April 24 the president will start his trip to St. Louis and the Park. The weather here is very good and reports from the park are to the effect that there is little snow in vicinity of the president's headquarters.

From Basket Ball Injuries
Indianapolis, Ind., April 8.—Miss Friepp, an 18-year-old girl senior at high school, is at the point of death as a result of injuries received in a basketball game at Crawfordsville between Indianapolis girls and the girls' team from that city. Miss Friepp went down in a basketball game, which was a championship battle, and was kicked in the side.

Kansas Favors Prohibition.
Topeka, Kan., April 8.—Returns from the towns in Kansas which held the vote in favor of enforcing the prohibition law in the most overwhelming manner in the history of the state. A special election was made by the opponents of prohibition, and thus gave the way to prohibition at the campaign two years from now. Only six towns of any size in the state voted in favor of liberal policy toward the saloons.

Turbine Propelled Warships.
Washington, April 8.—Admiral Melancon, in chief of the navy, has been in store for sailors which permit him to be as revolutionary in his naval construction as was his triple screw. For more than a year his bureau has been making plans for turbine-propelled warships. The best results have been secured and the navy has advanced to a point where thought satisfactory results are

assured. Details of the novel arrangement of this ship are withheld for the present, but it is expected they will soon be made public.

"SPIT" AND "EXPECTORATE."
Mr. Roosevelt, as Commissioner, Urged Use of the Former.

Chicago, April 8.—A dispatch to the Tribune from New York says:

In a statement given out by Commissioner Lederer of the board of health it is set forth that letters have been received objecting to the use of the word "spit" in the board of health ordinances, and asking that the word "expectorate" be substituted. In this connection Commissioner Lederer makes public a letter received by the health department from Theodore Roosevelt, when the latter was police commissioner, asking that the word "spit" be used instead of "expectorate."

The letter follows:

"Police Headquarters, N. Y., March 21, 1895.—The Hon. Charles E. Wilson, commissioner. Dear Sir:—I have your letter of the 17th inst. regarding the word 'spit' in the board of health ordinances, and I am glad to hear that the word 'expectorate' is being considered. I am sure that the word 'spit' is a vulgar word and should be dropped from the ordinances. I am, Sir, very respectfully, yours, THEODORE ROOSEVELT."

THEODORE ROOSEVELT.

THEODORE ROOSEVELT.

Kickapoo Oil

A Popular Minneapolis Musician Lays His Recovery from a Terrible Accident to Kickapoo Oil.

J. C. BLAIR, President of the Minneapolis Glee Club.

"About eleven months ago my whole left side was burned through an explosion. I came near losing my life, but escaped. Fortunately I had a part of a bottle of Kickapoo Oil in the house, which was at once applied, and it gave great relief from the agony I endured. I was matted in cloths dipped in the Oil, and soon the wounds began to heal. I used fourteen bottles in five weeks, but thanks to the grand medicine my recovery was perfect and comparatively painless.

"This remarkable recovery against odds has secured hundreds of friends for Kickapoo Oil, and I feel it deserves richly all the high praise it gets."

J. C. BLAIR,
1214 14th St., South, Minneapolis, Minn.

25 Cents a Bottle at all Druggists.

DEATH AND DESTRUCTION.

They Follow in the Wake of an Arkansas Tornado.

NINE PERSONS ARE DEAD.

Some Dying, Others Badly Injured—Homes Blown Away—A Town Wiped Off the Map.

Little Rock, Ark., April 8.—Specials from several towns in White and Cleburne counties, Ark., tell of a tornado which swept through that section Tuesday night, leaving death and destruction in its path. The major portion of the country through which the storm plowed its way is remote from railroads, telegraph or telephone lines. A correspondent wires from Searcy, Ark., tonight that he had gone over a portion of the track of the storm and that trees were twisted from their trunks and houses demolished.

Thus far it has been impossible to ascertain where the storm began, but it is known that it raged in those two counties. The latest reports are that nine persons are dead, three dying and three badly injured. The towns of Little Rock, Alibon, Bradford, Heber and Pangburn have been heard from thus far.

DEAD.

Jim Leggett, Little Red.
Tom King and wife, Little Red.
Three King children.
Young lady schoolteacher who was boarding at King's.
A. C. Williams, near Heber.

INJURED.

Infant child of King family.
Mrs. Williams, not expected to live.
Buck Neely, serious.
Robert Kline, Little Red.
Walker Pollard, Little Red.
Two of Pollard family, near Alibon.
Mrs. J. Overton and children, Pangburn, not expected to live.
Miss Barkerhouse, Little Red, leg broken and skull fractured.
Walter Fuller, Pangburn, leg broken.
Miss Henry, injured internally, fatally.
Unknown woman, Pangburn, both legs broken.
Tom Houston, near Heber, both arms broken.
Unknown man, at Bradford.
Bradford, which is on the Iron Mountain railroad, was the first point heard from. Several houses were blown down and one man was seriously injured. The tornado came from the west and had spent its force by the time it reached Bradford.

It is feared the little town of Hiram, with a population of 150, has been wiped off the map. It is near Heber, and in the storm's track. Nothing has been heard from it. It probably will be several days before the names of all who were killed by the tornado are known. A special to the Gazette from Heber says:

"At the tornado which swept across this section last night A. C. Williams, living 10 miles south of Heber, was killed. He was 70 years old and lived with his wife on one of the mountains near this town. His little home was caught up by the wind and thrown down the mountain side, he being killed. His wife was badly injured and is not expected to live. A white man named Houston, living near Williams, had both arms broken."

At Pangburn six residences were blown down and a flock of sheep and number of cattle, hogs and horses were killed.

Buck Neely of Searcy was in the storm and was caught under a small tree which was blown down. He is not seriously hurt.

A large church near Pangburn was blown half a mile. At Little Red costliest Albert Kline, Albert Derle, Walter Pollard, Mrs. Pollard and Tom King lost their houses, barns and other buildings.

Forty-three residences and sixteen barns destroyed and other wreckage is the record of the damage reported to 8 o'clock tonight. The tornado swept everything in a path a mile wide.

At Pangburn Mrs. Hoverton and one child were badly hurt and are not expected to live. Two of the Pollards, near Alibon, were badly hurt. A number of others were hurt, but not seriously.

Valuable Horse Dead.

New York, April 8.—Heros, a valuable stallion, is dead. The horse had been sick for several days. He was valuable not only because of his exceptional training, but also on account of his pedigree. He was a pure Fredericksburg. This is the royal Danish breed, and is almost extinct. According to one of his owners, there are none in the royal stables of Denmark, and the only stallions are owned by a few wealthy farmers. The animal was five years old and born perfectly white. He was brought over from France last fall. He died from an affection of the throat.

Chicago Retail Clerks Strike.

Chicago, April 8.—The first strike of retail clerks in Chicago occurred last night, when Business Agent Conway of the Federated Clerks' council called out on strike the 200 clerks employed by five of the largest retail clothing stores in the northwest portion of the city, all belonging to the proprietors of the stores. The clerks kept their stores closed on Wednesday and Friday nights.

SELECTED BY CARNEGIE INST.

Prof. Eross to be Assistant in Research in Astronomy.

Berkeley, Cal., April 8.—Prof. Frank Eross, a graduate of the University of California, has been appointed by the Carnegie Institute at Washington to the position of research assistant in astronomy. His special study will be the motions of the moon. He will pursue his research in the capacity of assistant to Prof. Simon Newcomb.

If you need a medicine to tone up the system, purify the blood, or strengthen the stomach, we urge you to try the Bitters. It never fails, it also cures.

Nausea, Indigestion, Dyspepsia, Biliousness, La Grippe and Malaria. Try it.

STOMACH BITTERS

STOMACH BITTERS

The practice of taking a tonic in the Springtime is too time-honored to need justification. The herb tea brewed by our grandmothers, and administered to young and old alike, was a homely effort to combat the humors which poison the blood at the end of the winter season. The decoction had a nauseous taste but the effect was beneficial. The same need exists today and medical science has improved upon the treatment.

The feeling of weakness, depression and feebleness from which you suffer is debilitating and dangerous. It affects you both mentally and physically, for the blood feeds the brain as well as the body. You cannot think clearly nor act vigorously. Your blood is sluggish, impure, vitiated. You need a renovation of the entire system—you need

Dr. Williams' Pink Pills for Pale People

It is none too early to begin now. Get a box from your druggist today. Take one pill after each meal. Be sure you don't forget, have the box placed at your plate at table. Remember that the pills are NOT A CATHARTIC. If you need a laxative buy five cents' worth of compound licorice powder and take a teaspoonful at bed time to stir up your liver, but don't take, regularly, for a tonic, any preparation that physics and weakens you. Dr. Williams' Pink Pills give strength from the first dose. You begin to feel vigorous, the dull lassitude disappears, your step becomes elastic and your eyes brighten, pimples and eruptions disappear and you know that your veins are filling with good, red blood. For your encouragement, we print a few statements of cures that we have personally investigated and know to be trustworthy:

Impure Blood.
"Last spring," says Walter Holmes, of No. 1968 Broad street, Providence, R. I., "I was made miserable by the appearance of boils all over my body. They pained me a great deal and nothing I took did me any good until I tried Dr. Williams' Pink Pills for Pale People. I suffered with these eruptions for months, and the doctors did not seem able to help me. They said my trouble was caused by impurities in the blood. Then Dr. Williams' Pink Pills were recommended to me and I tried them with the result that in a short time the boils were all driven away and I was cured. I am glad to recommend this remedy to all whose blood is not as it should be."

Nervous and Sleepless.
Mrs. Mary Lee, of No. 226 Water street, Eau Claire, Wis., says: "In the spring of 1890 the effects of overwork, which had been telling upon me for some time, caused a general breaking down of my health. I became very nervous, with severe headaches and dizzy spells and had such agonizing pains across the chest that I could not raise my arms without undergoing horrible tortures. I could not sleep for more than an hour at a time. I felt worn out and all my ambition was gone. After I had been in this condition for five years, my mother, who lives in Alibon, Ont., recommended that I try Dr. Williams' Pink Pills for Pale People. I began taking them and in a short time I was better, and in four months I was entirely cured. It always gives me pleasure to recommend Dr. Williams' Pink Pills for Pale People to any who suffer as I did for I know this medicine will help them."

Feared Consumption.
"I was going into an unnatural decline," says Mrs. Charles Lavigne, of No. 1317 Third avenue, Detroit, Mich. "I was weak and thin, nervous and without appetite, took cold easily and was afraid of consumption. I could not sleep. I was always tired and worn out. My color all went away and I felt miserable. Good doctors treated me but failed to cure me. I was told to try Dr. Williams' Pink Pills for Pale People and I could notice a change for the better by the time I had taken the first box. Five boxes cured me and I have had no return of the trouble since. I can work and am as good as new. I am now over seventy years of age, and I firmly believe that Dr. Williams' Pink Pills for Pale People are the cause of my being so well."

Rheumatism Cured.
After suffering nearly half her lifetime with rheumatism, Mrs. Jennet E. Hart, of Sea Bright, Calif., now past seventy years of age, was cured by Dr. Williams' Pink Pills for Pale People. She says:

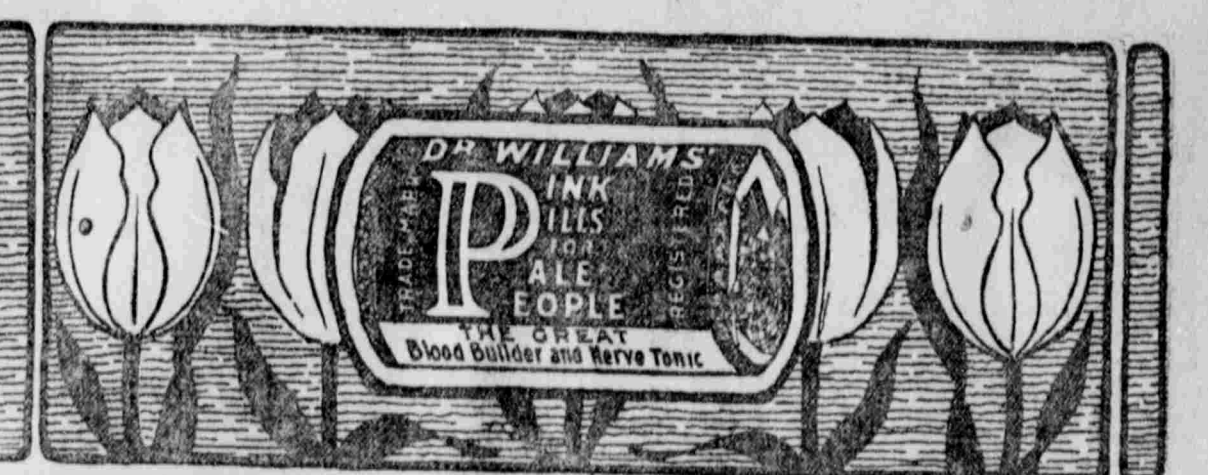

"I began to suffer with rheumatism thirty-five years ago and nothing that I tried seemed to help me. It grew worse and worse until I was badly crippled. Sometimes it was so severe that I had to take to my bed. About a year ago an article in the paper induced me to try Dr. Williams' Pink Pills for Pale People and I could notice a change for the better by the time I had taken the first box. Five boxes cured me and I have had no return of the trouble since. I can work and am as good as new. I am now over seventy years of age, and I firmly believe that Dr. Williams' Pink Pills for Pale People are the cause of my being so well."

A Tonic that is also a Specific.

Dr. Williams' Pink Pills for Pale People are a powerful blood builder and spinal tonic and they embody Dr. Williams' wonderful discovery—a principle in medicine that attacks the root of disease, not the symptoms. They have cured cases of rheumatism, anemia, indigestion, nervousness and partial paralysis that have not yielded to ordinary treatment. If you are suffering from any disease of the blood or nerves, write us and we will convince you, by the most absolute proof, that Dr. Williams' Pink Pills for Pale People are

Not Like Ordinary Medicines.

The genuine are sold only in boxes bearing the full name "Dr. Williams' Pink Pills for Pale People" on the wrapper around every box. At all druggists, or sent postpaid at 50 cents a box or six boxes for \$2.50, by the Dr. Williams Medicine Co., Schenectady, N. Y.

Constipation Cured

Those who have used salts, castor oil, and the many home and manufactured purgatives, know that in such treatment there is no possibility of cure from constipation. These remedies are at most physics and do absolutely no good. In fact they frequently provoke piles, fistula, female disorders and many cases of appendicitis are traceable to their use. The ordinary doses of these physics fail to have any effect upon the bowels.

There never was a case of temporary or obstinate constipation that

would not cure. First, Mull's Grape Tonic is unlike any other treatment for constipation. It is the greatest and most positive laxative known. But that isn't what cures. It is the tonic properties of the grape and other fruits that strengthens the worn-out muscles of the intestinal tract. Mull's Grape Tonic builds flesh, makes strength and creates rich, red blood. Mull's Grape Tonic is the finest thing ever known for constipation. It is guaranteed to cure you. Large sample bottle sent free to any address on receipt of 10 cents. For postage by

Lighting Medicine Co., Rock Island, Ill. Send your druggist's name. All druggists sell Mull's Grape Tonic at 50 cents a bottle.
