DESERFT EVENING NEWS SATURDAY MARCH 30 1907

WOOL SEASON

1

2

### Harvest of Fleece Crop Beginning In Utah and Surrounding States.

BUMPER CLIP ANTICIPATED.

#### Railroads Putting Their Corrals Into Shape to Shear the Sheep-Output Will be Large.

The wool season opens April 1, and all the railroads are busy placing their shearing corrals in shipe to receive the thousands of sheep to be deprived of their fleecy coverings during the next two months. The first corrais to be put into operation are those of Cisco and Verde, on the Rio Graude Western, the first named camp opening on the 1st of April and the last named on the 3rd, About 45,000 1bs, will be sheared at Cisco and perhaps 50,000 pounds at Verde. The outlook seems to be that about an even amount of wool will be produced this year as was contained in last year's clip, of which the Rio Grande anticipates a haul of about 6,000,000 pounds.

The Salt Lake Route also has a number of corrals ready to put into commission next week between this point and Nevada, among them being those located at Lehi, Fairfield, Fofgreen, Jericho, Blackrock, Modena, Ford and Jereno, Hackrock, Modela, Ford and Milford. The prospects are that the Clark road will handle more than 1,009,-600 pounds of wool during the next two or three weeks. The western Utah clip appears to be somewhat heavier this year than last, according to the estimates of meh who have been almong the estimates

The Short Line corrals, extending through northern Utah, idaho and Monthrough northern Ulah, Idaho and Mon-tana, also promise heavy yields of wool. The shearing season in the northern camps will not begin, however, until the middle of May, on account of the colder climate and later season gen-erally prevailing in that section of the country. Altogether, according to es-timates and comparisons with the clip of former years, from 10,000,000 to 12,-000,000 pounds of wool will be handled during the present season by the railduring the present season by the rail-

roads centering in Salt Lake. A great deal of the clip has already been contracted at prices ranging from 18 to 23 cents per pound, while that which is not contracted will no doubt sell for just as much and in some cases more than the contracted output. But these figures will give some idea of the extent of the wool growing industry in Utah, and the benefit that is derived from it by the people of the state,

#### SPIKE AND RATE.

Mr. R. H. Cox leaves today over the Overland limited for Liverpool, Eng-land, whither he goes on a pleasure trip.

General Superintendent Welby of the Rio Grande road returned east to Den-ver this affernoon, traveling as fay as Grand Junction on a special. Vital statistics for the week follow:

Adams, western representative of Nickel Plate railroad, with headquarters in San Francisco, passed through Salt Lake today on his regular tour of the Northwestern agencies of his line.

The dancing season at Saltair opens Friday next, April 5th, when the em-ployes of Z. C. M. I. give their first ball. The week following, on April 12, the employes of the Walker store will

## **Took the Spring Medicine Just in Time**

What a wonderful change is wrought in the people who take Hood's Sarsaparilla as their Spring medicine!

It makes the weak strong. It purifies, vitalizes and enriches the blood. It creates a good appetite. It restores the nerves to their natural functions.

Thousands to whom it has given perfect health tell from their own experience it cures when all else fails.

We give below a letter recently received from Mrs. Tyler of Burlington, Vt., which is just in point. "C. I. HOOD CO., Lowell, Mass .---

"Gentlemen :-- I can never express too strongly, and I can never be too thankful for the good Hood's Sarsaparilla did me.

"Living on a large farm, the responsibilities and cares, so much to be done and so little health to do it with, caused almost a complete break-down. My blood seemed thin, poor and without any sustaining strength. I was all worn out.

"Sleep did not seem healthful or restful, for in the morning I felt as tired as when I went to bed at night.

"It was in the spring season that I was led to take Hood's Sarsaparilla by hearing it so well recommended.

"I soon felt I was taking the right medicine. It gave me the strength and appetite I greatly needed. I relished my food, and it seemed to do me good. My sleep also became more natural and healthful.

"I continued taking the Sarsaparilla with Hood's Pills occasionally, and was soon restored to perfect It is not what we say, but what Hood's Sarsapa- health, I have continued in this good condition ever rilla does, that has made it the Standard Spring since, and am able to do my work with nine in the family." MRS. C. K. TYLER.

# Hood's Sarsaparilla **Best Spring Medicine**

Now is the time to take it, because now is the time it will do you the most good.

Sarsatabs To meet the wishes of those who pre-Sarsatabs for medicine in tablet form, we are now putting up Hood's Sarsaparilla in chocolated tab-lets called Sarsatabs as well as in the usual liquid form. Saratabs are prepared from Hood's Sarsaparilla itself by a process of evaporation and distillation, and

Master Plumbers and Difficulty Is Soon Adjusted.

The plumbers' strike is past history. The strikers began to see that with so many shops in town already non-union. and with the remainder in good shape to follow suit, it would be but the matter of a short time before Salt Lake would become an open shop town as far as union labor for plumbers was concerned. So the plumbers met the other evening, and concluding that it would be best to make terms with the master plumbers, sent a committee to hold a medicine talk yesterday. The strikers found the bosses in a conciliatory frame of mind, ready to meet them on a com-promise.

promise. As a result of the conference, both sides compromised on a slight advance, viz., \$5.20 per day as the minimum rate, and the men today are all back to rate, and the men today are all back to work, and no unkindly feelings between the parties to the agreement. The ad-vance is nothing very large, but the fact that the strike is setiled, means much to the building interests of the city, as the belief is current that the other trades were merely waiting for the strikers to win their contention to make demands themselves for such a further raise in wages as might largely paralyze local building. That danger is now avoided, and the labor sky is clear of cloud as far as can now be seen.

## RECORD BREAKER.

#### Building Permits Issued During March Represent Valuation of \$604,300.

Fine Tomorrow—The weather map promises good weather for Easter Sunday. The entire United States is covered by a high barometer, so that not only Salt Lake, but everywhere the ladies will be able to wear their Easter hats, and the church auditori-ums for the time being will resemble hanging flower gardens. In the ex-treme northwest and southeast there are low areas butting in from the ocean as forerunners of possible ap-proaching storms; but there is no likelihood of stormy weather until Monday, and perhaps Tuesday. Equable temperatures seem to be gen-eral over the country. City Building Inspector Gamble has closed his books for March, and they show that the month was a record breaker in the matter of building. There were 69 permits issued for new buildings In his message says, "A Technical Education is a Decided Advantage." During the past 16 years 200,000 stu-dents have sent us testimonials tell-ing of their PROMOTIONS, advances in ing of their PROMOTIONS, advances in SALARY and BETTER POSITIONS. We can QUALIFY you and SECURE you a better position, while you are at work in your spare time. Call at local office No. 78 west Second South, and see what our 2,300 Salt Lake students are learning. Experience.

Easter Festival at Waterloo-An Easter festival was held last evening by the various classes of the Waterloo A certain member of the Pittsburg Stock exchange has set his nephew up in business three times, but the young man lacks something essential to sac-cess in the line selected for him and has failed with each effort. When he recently appeared before the uncle with his fourth request, the latter sold: by the various classes of the Waterloo Sunday school. A large audience was present, and the efforts of the young singers were much appreciated. Sec-ond intermediate "B" carried off first honors, while the first intermediate came in second. The adjudicators were Messrs. James T. Dunbar of For-est Dale, Mr. Robinson of Murray and P. J. Jensen of the L. D. S. U. The decisions of the judges were approved by the singers as well as by the audi-ence

latter said: "You must learn to lean on yourself

"You must learn to lean on yourself. I can't carry you all my life. I'll ten you what I'll do. You owe me a great deal as the result of your last failur. Pitch in on your own hook and go it alone till you pay off those debt. When you've done that, I'll give you a check for what they amount to. Such an experience will do you more good than all the money I could give you now." now

Two months later the nephew walk-ed in with every claim receipted in full, and the uncle was so delighted that he gave the promised check. "How did you manage it, Howard" he asked after an expression of con-gratulation.

gratulation.

"I borrowed the money," replied Howard,-Harper's Weekly.

give an excursion and dance at Salt

No. 1 on the Salt Lake Route tonight will go right through to Caliente, as information has been received that the road has been put in shape for the running of trains through to this point this morning.

The belief is being strengthened in local Rio Grande circles that fresh bids will be called for the new Union passenger station, as nothing has been heard from Chicago about the bids that were opened some time ago. It is also believed that the intention now is to spend less on the structure than was originally intended.

The Irish international exhibition will be held at Dublin this year, and special low rates are being made over the Ore-gon Short Line, Union Pacific and the gon Short Line, Union Pacific and the steamship companies for this event, which lasts from May until Novem-ber. Much interest is being mani-feseid in this excursion, and more people are making the trip to the old country than ever before. City Pas-senger and Ticket Agent Kyes of the Oregon Short Line has already booked in number of Salt Lake people for this trip, and he says advices have been received that some of the largest steamers alloat are now entirely booked for June, so that people who contem-plate going to Europe this summer would better make arrangements for their bookings at an early date.

## LATE AMUSEMENT NOTES.

The date of the final Symphony Orchestra concert this season is fixed for Friday afternoon, April 26th. The pro-gram will present several novelties, among them being the first rendition of Mr. Shepherds "Suite," the rendition

Phillips sang several solos last night, and was warmly applauded.

Ned Royle's "Squawman" interpreted by company No. I, with Wm. Faver-sham at its head, is to be seen in Salt Lake next fall. While the booking is not yet made. Mr. Royle writes to his family here that the western trip has been arranged. Unfortunately he ex-pects to be in London at the time, or he would accompany the pay to this city. city.

Summer theatricals will be made a heavy feature in Salt Lake this year. Not only will the Leighton players at the Grand extend their season into July, but it is reported that the Or-pheum, whose management was well pleased with last year's experiment will install a strong company to follow the regular vaudeville season at that house. . . .

#### SOCIAL AND PERSONAL.

Mr. and Mrs. Henry W. Owen andaughter Ida M. to Gavin C. F. An-

G. G. Wright manager of the Con-solidated Wagon and Machine com-pany at Idaho Falls, will spend Sun-day and Monday in Salt Lake.

Robert C. Haskins, assistant general International Chicago, acsiles manager of the International Harvester company at Chicago, ac-companied by his wife, has been spending soveral days in Sait Lake. It is 12 years since Mr. Huskins was last here, and he expressed himself as greatly impressed by the improve-ments which have taken place in that manager of the

time. Miss Sigrid Pedersen gave an en-loyable reception to her vocal pupils last Wednesday evening, in her Com-mercial club block studio. The pu-plis were Misses Vera Bernheiser, Katherino Rhondes, H. Johnson, Lucy Williams, Nellie Hobrook, Ruth Bel-mere, Nellie Rogawkid, Mrs. Holbrook, elocutionist, and Robert Birkin assist-ed. The decorations were in carna-tions and lillies of the valley.

Choirs Entertain—The feeling of weisting between the Forest Dale and twentieth ward choirs was consider-able attraction of the evening of able attraction of the students. Between the Forest Dale and twentieth ward choirs was consider-able attractions for the Stunday weight of the latter choir last Wednes. Between the twentieth ward, by invita-tion, journeyed to Forest Dale and weight of a return re-union. The Socieck the Forest Dale and twentesday's affair was, therefore, in the twentieth ward, by invita-tion, journeyed to Forest Dale and weight of a return re-union. The Socieck the Forest Dale and better thank. My Soul "Housley: "God Israel," Stephens, Their ef-forts were received with vociferous to by D. J. Watts, then took the tand, rendering, "In Our Redeemer's and, Stephens, "Dear to the Heart of Mortals," Stephens, led by James of Mortals, Stephens, led by the past winter.
