

NO ELECTRIC FRANCHISE YET.
Salt Lake-Ogden Line Matter Goes Over for Two Weeks.

CITIZENS ENTER PROTEST.

Council Committee Defers Action—Continuation of Water Main by City.

The council joint committee on streets and municipal laws again considered the franchise for the Salt Lake-Ogden electric line last night. The protesters occupied most of the time and presented their objections to granting the franchise. Messrs. J. P. McCarron and G. A. Gibbs were there in the interest of the franchise. After considerable discussion, the matter was continued for two weeks, upon motion of Fernstrom, and the promoters of the scheme are still wondering what the outcome will be.

ARE INCORPORATING.

Mr. McCarron, who, with F. E. Platt and G. A. Gibbs, are the applicants for the franchise, stated that the only objection he had heard to granting the same was because they had not incorporated, and in answer to that objection he had been drawn up and sent back to the other parties interested and, upon their acceptance, would be ready for incorporation. He was surprised that the city should make objections as the road would be the means of bringing a great many people to the city by having direct connection with the main railroad line that runs through Ogden. He argued that the people of Ogden should be the ones to object, as it would undoubtedly cause great money to come into the city and considerable money away from there. He pointed out the advantages of suburban roads as experienced by many eastern cities and for further incentive to the citizens. He stated that the road would cost between \$50,000 and \$80,000, and that the money would be spent here by employing local labor. Robertson suggested that action on the matter be continued indefinitely.

PROTESTS OF RESIDENTS.

A. P. Barnes presented the protest of 42 residents on First West, along which the new line will run. He argued that it would greatly depreciate the value of the property on that street. Furthermore, he said that another track in the street would be dangerous to the lives of the many high school pupils who would be compelled to cross them in going to and from the school. Joseph Paul, Jr., and J. K. Shaw argued along the same lines. They contended that the street is now a nice residence street and they didn't want an electric line to come along and spoil it and depreciate the value of their property. They thought that on some parts of the street the cars would be a nuisance and that if any more were put in it would be an obstruction to the street. Mr. Shaw stated that he didn't believe the parties intended to build the line, but they simply wanted the franchise to sell again to eastern parties.

Mr. Gibbs in support of the proposition stated that the road would be the means of building up the northern part of the city beyond the Warm Springs, as at present they had no car service at all. He answered many questions as to what was meant by light freight, how it would be carried and where it would be loaded. Robertson moved that the committee make an adverse report on the franchise. But upon motion of Fernstrom the committee went into executive session and decided to lay the matter over for two weeks.

CITY TO PAY FOR WATER MAINS.

The ordinance providing for the issuance of water scrip was the subject of much discussion by the municipal law committee. On motion of Fernstrom the committee decided to report adversely on the ordinance and then moved that all ordinances relating to the issuance of water scrip be repealed, and that an ordinance be prepared providing for the issuance of scrip to be made at the direction and expense of the city. This motion was carried also. Robertson gave notice that he would send a memorial to the council and the matter will be brought out on the council floor.

CITY CANYON PARK.

The matter of opening up a street between State street and Canyon road and improving the park plot as set apart by the council in 1897 was discussed at some length. The condition of the ground was furnished by the city engineer, and Douglas Swan, on behalf of the petitioners, explained how the park plot was improved at a very small cost to the city. The matter was referred to City Engineer Kelsey and Street Supervisor Connelley with instructions to prepare an estimate of the cost.

CHERRIES IN DANGER.

Crops in Utah Likely to be Ruined by Late Frost.

Alwood Brown of Centerville, owner of one of the largest cherry orchards in the state, notifies the weather bureau that unless great care is exercised by orchard owners for the next week or 10 days, the cherry crop is likely to be ruined. "The recent warm spring weather has swelled the buds so that they are on the point of bursting, and as frosts are liable to occur at any time the consequences would be disastrous. Mr. Brown told Section Director Murgess to be careful with weather forecasts and to know if there were any other and perhaps more effective methods. Mr. Murgess told him that there were none, unless it be the erection of fabric screens, and Mr. Brown did not see his way clear to avail himself of this agent. Mr. Brown has an eight years old orchard of over 1,000 trees, and if no accident happens, he figures that this season's yield ought to amount to \$5,000.

DILLON'S SUSPENSION.

Scene in the Commons Was Quite Unprecedented.

New York, March 21.—The scene in the house of commons which ended in the suspension of John Dillon, was one quite unprecedented, says the Tribune's London correspondent. The expression of feeling never has been so unrestrained, even on the historical occasion when Parnell shook his fist at Disraeli, severely outraged. Colonial Secretary Chamberlain is a man of polished sarcasm, and a remark that Mr. Dillon was "a good judge of traitors" referred to the fact that a few nights ago, an Irish nationalist, George, the Nationalist member called for cheers for Delaney.

Wise Women Use the Great Spring Medicine.

Paine's Celery Compound.

It is the Only Remedy That Can Provide for the Increase of Red Corpuscles in the Blood.

From every section of the land, from Maine to California, strong and well attested reports of women, bloodless, nervous, dyspeptic, neuragic, rheumatic, and run down, and in many cases so weak as to be bedridden, who have been enabled to resume their places in the family and in social life, enjoying health, vigor, and true happiness, all through the aid of that great blood purifier, blood maker, and health giver, Paine's Celery Compound.

When Paine's Celery Compound is used, the rapid change in color, flesh, and expression of the face is so marked and observable, that repair of the wasted tissues might well be called a renewal of life.

Paine's Celery Compound is the only medicine that can effectively increase the proportion of red corpuscles in the blood; this is a source of power over all blood diseases, rheumatism, neuragic, kidney and liver troubles, dyspepsia, indigestion, and general rundown condition.

Mrs. Martha P. Lunceford, a well known and popular lady of Crawfordsville, Ga., grateful for her cure by Paine's Celery Compound, sends the following letter for the benefit of all suffering women:

"I think it is my duty to let you know about the wonderful work Paine's Celery Compound has done for me. I have been sick for the past fifteen or twenty years with dyspepsia, heart and stomach trouble, and rheumatism, and many other diseases that I can't mention them all.

"As for sleep, I didn't know what it was to have a good night's sleep, and I didn't know what it was to get up in the morning. The second night I took Paine's Celery Compound, I went to bed and slept all night. You don't know how much better I felt in the morning. I have not lost a night's sleep since I have been taking Paine's Celery Compound. I don't know in what words to tell you how much it has done for me. It is worth its weight in gold."

BASKET-BALL GAME

THIS AFTERNOON

B. Y. A. of Provo to Try Conclusions With L. D. S. U. Team.

CONTEST BEGINS AT 4 P. M.

After the Game There Will be a Dance at Christensen's in Honor of the Visitors.

At 4 o'clock this afternoon in the L. D. S. gymnasium, the B. Y. A. basketball team of Provo will try conclusions with the championship L. D. S. U. team of this city, and judging from the reports of the visiting team's prowess in the game, the contest will be lively and interesting.

The team arrived here this morning over the Rio Grande with a large crowd from Provo who came to attend the Christensen-Dance contest tonight.

After the basketball game, there will be a dance given at Christensen's in honor of the visiting basketballers, and who will enjoy themselves, whether they win or lose, goes without saying. Both teams are in fine shape for the struggle, and the B. Y. A. is said to be able to give the local champs a hard fight.

The line up will be as follows:

Tonight's Preliminaries.

The preliminary bouts for this evening's contest between Christie and Bean, and between the B. Y. A. and the L. D. S. U. team, will be held at 7:30 o'clock. The B. Y. A. team is led by "Kid" Barney, and Young Abe Bresnan, and a youth from Pocatello or Pull Green.

CHRISTIE-BEAN CONTEST.

Large Crowd Expected to be on Hand for the Event.

All is ready for the 29 round boxing contest between Jack Christie and Willie Bean, tonight at the Salt Lake Athletic club, and it is expected one of the largest crowds of the season will be on hand to witness the bout. The men are in the bout in keen and both men have scores of friends who will cheer them on to victory.

Christie will enter the ring a couple of pounds heavier than Bean. He weighs 157. He has an advantage in reach, while Willie is 75 by actual measurement. He is taller than Bean, standing 5 feet 11½ inches in his stockinged feet. What Bean lacks in height, reach and weight, he makes up in experience and a profound knowledge of ring generalship.

JERRY MCCARTHY WON.

Required but Three Rounds to Defeat Lee Williams.

In the fight at Eureka last night between Jerry McCarthy of Walkerville, Mont., and Lee Williams of Colorado, there were cries of fake, and the contest ended under conditions anything but satisfactory.

The referee gave three rounds to it, and Williams was given the worst of it. The first round was rather tame, but in the second Jerry went after Williams with a determination to finish him. Williams was hit hard, and the referee stopped the fight at the end of the third round. Williams was all but out. In the third, McCarthy repeated the performance and landed on Williams at will. Finally he knocked him down with a hard right to the jaw, and he remained in that position until counted out. There were immediately cries of fake, and it was freely claimed that McCarthy fouled Williams in the second round.

Both principals, after their seconds and Referee Steife were placed under arrest by Sheriff Cronin, but were immediately released. The officer would not say what McCarthy told him to do. The officers, he said, wanted to see McCarthy and he was willing to go. McCarthy refused.

New McCarthy wants a fight with Clifford, but it is not likely he will get one unless he can take off about 12 or 15 pounds of weight. Wade considered McCarthy too heavy for him, and it is said that Clifford will consent to meet him, good chance for McCarthy is to take on Ray Barney, who sent a challenge to fight the winner.

CHANCES FOR CLIFFORD.

Montana Sports Begin to Think Well of Wade's Conqueror.

As was expected there are all kinds of chances opened to Clifford since his defeat of Jack Wade, and already there are bets being made on the new comers.

The next match that will be tried for will be a go between Clifford and Kid Lavigne. Negotiations are on for this, and it is expected that word will be received from Lavigne in a few days stating when the match can be pulled off.

Freddie Bogan's challenge for a fight between Howard, Ope and Clifford is likely to be snatched up at once. The offer is for \$500 a side, and James Murphy, who is looking after Clifford's interests in Idaho, has announced that as soon as he can communicate with Clifford he will be ready to accept the challenge, and to let the attention now to pull off the Lavigne bout first if possible.

If that is the case the fight should be a good one, as neither Rubin nor Maher is satisfied with the result of their previous bouts.
