

## WORK OF STATE FISH AND GAME WARDEN.

## PREPARATIONS UNDER WAY FOR LOCAL HATCHERY.

THE report of State Fish and Game Commissioner John Sharp for the year 1903 shows that there were 1,578,000 eastern brook and native trout fry distributed among the streams in the various counties of the state during the year. Of that number 961,000 were eastern brook trout and 1,017,000 were native trout. The distribution

this year was 251,100 short of that of last year, which was due principally to the difficulty of securing the eggs from the east. Notwithstanding this shortage, Commissioner Sharp reports that angling has been remarkably good this season, especially in the early part of the season when a number of anglers reported as having caught the limit in a day.

With the improvements contemplated for next year, the establishment of a nursery for hatching trout eggs at the state hatchery, it will only be a question of a few years before the state will be able to hatch all of its own eggs and, beside saving the cost of importing the eggs, a source of revenue will be established by the sale of eggs to other western states and to private parties. The total cost this year of planting the fry, not including the salaries of the department, was \$2,679.03. There was \$230 worth of fry sold to private parties during the year, leaving the net cost of hatching and distributing \$1,869.03.

The distribution of fry this year among the streams of the various counties of the state is as follows:

**Don't Respect Old Age**  
It's shameful when youth fails to show proper respect for old age, but just the contrary in the case of Dr. King's New Life Pills. They cut off maladies no matter how severe and irrespective of old age. Dyspepsia, Jaundice, Fever, Constipation all yield to this perfect pill. 25c at Z. C. M. I. Drug Store.

I just do the best I can where the good Lord put me at, and it looks like I got happy feelin' in me 'most all the time.  
It looks like ever' thing in the world comes right if we just wait long enough. I hold that it's wrong to keep ever' thing bottled up inside you. Yer feelin' is like ras-berry vinegar. If you're skered to use 'em an' keep on savin' 'em, first thing you know they've done 'vaporated'.  
I've made it a practise to put all my

worries down in the bottom of my heart, then set on the lid an' smile.  
It's sinful to fuss.  
Some folks goes right under when trouble comes, but I carry mine fur an' easy.  
Somehow, I never feel like good things b'long to me till I pass 'em on to somebody else.  
Oh, Lord, whatever comes, keep us from gittin' sour.
