

# MINING, BUSINESS AND STOCKS.

## MARKET SHOWS IMPROVEMENT.

Yankee and Con. Mercur Were the Centers of Interest.

## DAILY-WEST BOOM CONTINUES

Stocks Were Wanted at \$21.00, With No Sales—May Day and California Were Stronger.

Some improvement was shown by the mining share market this morning. In several instances large buying orders were in evidence and prices advanced considerably. There was a general improvement throughout the list though in a few instances had slumps were recorded. Of these, Con. Mercur was the most conspicuous selling down to 1.76 from 1.81 early in the call and 1.80 at the close yesterday. There is considerable speculation as to what the company intends to do concerning dividends. That a dividend will be declared this month no one doubts, but it is stated that it may be only 5 cents a share to be followed each month by other 5 cent dividends. However others think that the regular quarterly amount of \$125,000 will be distributed on April 1, and will be followed with a monthly dividend of 5 cents a share thereafter. May Day developed some strength this morning, and with a dividend coming day after tomorrow and excellent reports from the property in circulation, it is being held stronger, in the face of covering by shorts.

Uncle Sam was weak between 21 and 24, and California took a spurt from 21 1/2 to 24 on rumors that the industrial of the company would soon be discharged in some satisfactory manner. The rumors could not be affirmed. Yankee caused considerable of a flurry among the brokers. Opening at 2.40 the stock was rapidly forced up to 2.52 at which the last sale was made and at the close 2.56 was bid with 2.60 asked. It is rumored that the stock will soon be listed in Boston and that Dr. Franklin and the insiders wish it to start out at a fixed price above \$3.00.

The call closed this morning with the following quotations recorded:
