# EVENING NEWS.

Thursday, . . Dec. 2, 1880.

## LOCAL AND OTHER MATTERS.

**Thaw Wind.**—A strong wind from the south sprung up last night and lasted at intervals till morning. To-day has been quite breezy, also, and the snow has felt the effects of it.

**Two Weeks Ill.**—It is stated by the *Enquirer* that the wife of President Hatch, of Wasatch Stake, who died on Sunday last, had been seriously indisposed for two weeks previous to her demise.

**Attention Firemen.**—The regular meeting of the Wasatch Company No. 2 will be held at their engine House, 12th Ward, on Friday evening, December 3d, 1880, at 7:30, sharp. A full attendance desired.

WM. R. ADKINS, Sec'y.

**One More Departed.**—By telegram to President Taylor we learn that Bishop Thomas Callister, of Fillmore, expired last night at 9.20. He has been a prominent and useful man for many years, and is generally esteemed for his excellencies of character.

**Going to Provo.**—Professor Hamlin and his daughter will visit and give readings in Provo on the 13th and 14th insts. If satisfactory arrangements can be made, the people of that city will endeavor to keep the Professor in their midst long enough for a class to take a course of elocutionary lessons.

**Getting Costumes.**—Mr. John C. Graham, editor of the Territorial *Enquirer*, came up to the city last evening, and returned to Provo this morning. His visit was to procure suitable costumes for the production of the beautiful gypsy play, "Flowers of the Forest," to be played for his benefit, by the Provo Dramatic Company, on Saturday night.

**The Ice Yacht.**—Ice yachting on Utah Spring Lake is a newly inaugurated winter pastime. Messrs. D.L. Davis, M. M. Young and L. Hudson are our pioneers in this amusement, and made their first trip yesterday. The new yacht sped over the glassy surface at a speed to outvie that made on the liquid blue with ordinary boats. The sport will doubtless become popular. It is a wonder it has not been introduced here before.

**Commemorative Reunion.**—On Tuesday evening a grand ball took place in the Fireman's Hall, Ogden City, to commemorate the completion of the new bridge across the Weber River, which is probably the finest piece of work of the kind in the Territory, and is a credit to the officials of Ogden City and Weber County, under whose auspices it was erected. All passed off pleasantly. During the evening, dancing was agreeably interspersed with songs, speeches, etc., and a splendid repast was partaken of at the City Hall. The occasion was a big success.

**The Hamill Readings.**—On Saturday afternoon and evening the public are to be regaled with a couple more of readings by Professor and Miss Alice Hamill, who have been persuaded to give the additional entertainment by the earnest solicitations of many admirers of their ability, and others who have not yet had the opportunity of listening to their artistic and admirable renditions. We are assured from the wide spread interest in elocution awakened here since Mr. Hamill's arrival, that the coming readings will be as well, if not better patronized and appreciated than the preceding ones. Every lover of good reading and finished oratory should take this last chance to see the Hamills prior to their departure for the West, as these are their farewell appearances here before leaving, and be instructed and delighted by the most masterly exposition of the science of elocution that our city has ever witnessed. The matinee will commence at 2 p.m. on Saturday and the evening reading at 8. The admission in the afternoon will be 25 cents to all parts of the house; at night 50 cents and 25 cents.

**Missionary Work.**—Elder Wm. M. Palmer, who is laboring at present in the northern States, writes to President Jos. F. Smith and Apostle F. D. Richards, from Westville, Montcalm Co., Michigan, under date of the 18th ult. From his communication we are permitted to glean a few items concerning the work of the Lord in that region.

All the elders in Michigan report prospects as favorable. Prejudice and false tradition are slowly yielding to the light of truth.

The two elders in Wisconsin represent the people as badly prejudiced and very inhospitable. Elder Palmer expects to go there in the spring, if matters continue unpromising in that region. The work could be greatly facilitated if the elders had books and tracts to distribute. Brother Palmer at time of writing intended starting soon for Alligan County, to try to open a new field, and from there to Elyria, Lorain County, Ohio, where he hoped quite a number would join the Church. The latter will be his address until further notice.

The six Elders sent to the northern States last Conference arrived at Westville on the 16th of October, where they were met by Elder Palmer and assigned as follows:

Elder John Blackham, of Moroni, to labor with Elder S. G. Bunnel, in Oakland County, Michigan.

Elder Joseph Murdock, of Charleston, to labor with Elder Sanderson in Sylvester and vicinity.

Elder James Jensen, of Redmond, to labor with Elder Jackson, in Racine, Wisconsin, and neighborhood.

Elders S. B. Walker and D. Zundel, of Willard, to labor in Ottawa County, Michigan.

Elder Jacob Jaco sen, of Moroni, will join the Elders in Minnesota.

Elder D. E. Harris, of Monroe, will travel with Elder Palmer for the present.

**Fire in Mill Creek.**—On Tuesday evening between six and seven o'clock, an extensive blaze was noticeable from this city to the southward. Many surmises were afloat as to its exact location and identity, but the facts were not known until this morning when Brother John L. Blythe, of the 13th Ward, called in to inform us that the fire was at Mill Creek Ward and that his house and other buildings on his farm at that place, had been utterly consumed. As said, it started between six and seven o'clock and was the result of a defective flue in the attic of the main building. The room was used for storing corn and farm machinery, of which the place was nearly filled at the time. The flames were first discovered by Sister Blythe, who, while other members of the household were preparing for supper, was out in the milk room adjoining and heard the crackling of fire in the upper part of the house. She immediately alarmed the household, some of whom ran up the steps of the attic, and finding they could do nothing toward saving the machinery, returned to the lower part of the building, and with others carried out all the furniture they could. Most of this was saved, but nearly all of the machinery and utensils used upon the farm, ploughs, etc., and all the corn raised from a five-acre lot, were destroyed. No grain was saved excepting some wheat, about 300 bushels of which was rescued. Some lucern seed, also the stables, corrals, and stackyards were saved. Bro. Blythe was in this city at the time, but was immediately sent for and arrived on the scene yesterday morning. The farm hands and neighbors rendered every assistance to save the property and put out the smouldering embers which were worked at all that night and most of yesterday. Bro. Blythe extends his heartfelt thanks to all who rendered aid on the occasion, and especially to Brother Davis, of Mill Creek, who took Sister Blythe and her children to his house and extended to them the hospitality of his home until her husband's arrival. We sympathize with Brother Blythe in his loss, which is particularly unfortunate at this season of the year. It will aggregate from $800 to $1,000.

**A Fine Window.**—The new show window of Mr. G. W. Davis, the popular grocer, is one of the finest in the city. To add to its attraction, the proprietor has had it tastefully and beautifully filled up with the various wares to be found at his establishment. George has long been among the leading grocerymen of Salt Lake, and it takes but a casual glance to see he thoroughly understands his business and takes proper pride in making this a self evident fact. His show windows are second to none in appearance, and he is second to none in taste necessary to make that appearance. Go and take a look at his magnificent display of holiday groceries, fruits, sweetmeats, etc., and admire yourself, at the same time, in his gorgeous, brazen-framed and mirror-like show window.

**Fined for Assault.**—At noon today, Mr. H. A. Van Praag was before the Police Magistrate to answer a charge of assaulting Mr. John Taylor, yesterday, as told in last evening's paper. The evidence today showed that Mr. Taylor was sweeping out some rags and rubbish from his place, when Mr. Van Praag came up and accosted him, asked him if that was the way he did on Commercial Street (alluding to Taylor's former place of business) and told him he was not on Commercial Street and could not sweep his rubbish about in that way; or used words similar in nature and effect. Taylor replied, and one word bringing on another, Van Praag finally knocked the other down. For this he was fined $25 and costs.

**Woman's Exponent.**—The *Exponent* for December 1, is out and ready for sale. Its contents are a pleasing and well arranged variety of prose and verse articles from a number of popular writers. Among these are H. T. King, A. J. Crocheron, H. M. Whitney, E. B. W., E. F. F., Salome, A. Fellows, et al. Among the articles is the first part of a continued story entitled, "Jesse Burns, or Was it Fate," a sketch of the Exodus from Nauvoo, and the early settlement of Utah.

**Holiday Theatricals.**—The Home Dramatic Club are busily engaged, at present, rehearsing two new and excellent pieces for the holidays. Their next appearance will be about Christmas, and the next performance of the Careless Orchestra will also be at that time, in conjunction with the Club. New scenery, new music, new costumes and new plays.

**High Council.**—The members of the High Council are requested to meet in the Council House on Friday evening, December 3d, 1880, at 7 o'clock.

WILLIAM W. TAYLOR, Clerk.

**Fast Day.**—To-day, being the customary Fast Day of the Latter-day Saints, was appropriately observed in the various Wards of the City.

**The amnestied Communist Louis Michel** has been asked by the land league to show himself at their meetings in Galway.

**RESCUED FROM DEATH.**

The following statement of Wm. J. Coughlin, of Somerville, Mass., is so remarkable that we beg to ask for it the attention of our readers. He says: "In the fall of 1876 I was taken with a VIOLENT BLEEDING OF THE LUNGS followed by a severe cough. I soon began to lose my appetite and flesh. I was so weak at one time that I could not leave my bed. In the summer of 1877 I was admitted to the City Hospital. While there the doctors said I had a hole in my left lung as big as a half dollar. I expended over a hundred dollars in doctors and medicines. I was so far gone at one time a report went around that I was dead. I gave up hope, but a friend told me of DR. WM. HALL'S BALSAM FOR THE LUNGS. I laughed at my friends, thinking that my case was incurable, but I got a bottle to satisfy them, when to my surprise and gratification, I commenced to feel better. My hope, once dead, began to revive, and to-day I feel in better spirits than I have the past three years.

"I write this hoping you will publish it, so that every one afflicted with Diseased Lungs will be induced to take DR. WM. HALL'S BALSAM FOR THE LUNGS, and be convinced that CONSUMPTION CAN BE CURED. I have taken two bottles and can positively say that it has done more good than all other medicines I have taken since my sickness. My cough has almost entirely disappeared and I shall soon be able to go to work. Sold by all druggists.

**By Universal Accord,**

AYERS' CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative Pill that medical science can devise. Being purely vegetable, no harm can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effectual, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required. 4daw
