EASTERN.

Jumped the Track.

CHICAGO, 3.—A local passenger train, between Des Moines and Keokuk, jumped the track yesterday, near Ottumwa, killing a tramp who was stealing a ride and more or less injuring the thirty passengers aboard.

$35,000 Fire.

NEW HAMBURG, N. Y., 3.—Several buildings were burned to-night; loss $35,000.

Bank Failure.

BETHLEHEM, Pa., 3.—The Sancon Savings Bank of Hellertown, Pa., suspended, to-day. Deposits $75,000; the assets exceed $100,000.

Railroad Accident.

PHILADELPHIA, 3.—Three men were killed and four badly hurt by the construction train jumping the track at Williamstown, N. Y.

A Negro Shot Dead.

JEFFERSON CITY, 3.—Henry McAuliss, to-day, shot a negro named Jack Graves, dead, as the officers were conveying him to the jail, at Canton, Missouri. Graves had, the day before, raped Mrs. McAuliss, forcibly and violently, as she was returning from a visit to a sick neighbor. McAuliss has not yet been arrested.

Silver Coin as Legal Tenders.

CHICAGO, 3. — The *Journal's* Washington special says some treasury officials are a good deal disturbed over the action by the Ohio and Illinois legislatures on making the silver coin of the United States a legal tender to any amount for debts, public and private, within those States. They do not believe this law is constitutional, but they are chiefly concerned because they regard the action taken by the legislatures of these two States as indicative of a change in public sentiment, the existence of which will be felt at the extra session.

A prominent treasury official, who is very decided in his opposition to the silver movement, said to-day, that he was very much afraid its advocates would press their action at the extra session of Congress, and that they would succeed in getting some measures through in direct antagonism to the policy laid down by the Treasury Department.

The Whiskey Thieves.

Charles H. Reed, of Chicago, filed an argument in the Treasury Department to establish that his clients, the whiskey thieves of Chicago, known as the first batch, received full immunity and are not liable in the civil suits to be brought by the government.

Social and Pleasant.

NATCHEZ, 3.—The return of the United States steamer *Plymouth* has been the occasion of a remarkably social and pleasant interchange of hospitalities and courtesies between the officers and citizens. Illuminations, entertainments, etc., have marked the occasion. The ship sails for Baton Rouge and New Orleans.

Railroad Bonds Void.

LITTLE ROCK, 3.—Judge Martin, of the circuit court, to-day, held that the railroad aid bonds of the act of the legislature of 1869, under which $6,000,000 worth of bonds were issued, was unconstitutional, and the bonds were void. An appeal was taken to the Supreme Court.

President Hayes Will Visit the South.

WASHINGTON, 3.—The President said to a gentleman from Petersburg, Va., who, on behalf of the the citizens of his place, solicited the President to visit that city on his contemplated southern tour, that he should with pleasure visit Peter-burg, Richmond, and other cities, and become acquainted with the citizens of these places and throughout the South, after the special session.

Soldiers' Homestead Scrip.

The Commissioner of the General Land Office, in response to a request by the agent of the California Associated Press has, to-day, telegraphed the local land officers at Sacramento full authority to make public all the facts concerning the fraudulent entries of soldiers' homestead scrip. He says he is not only willing, but desires, that complete publicity be given to all matters of this nature.

The Desert Land Law.

Commissioner Williamson expresses much surprise at the sensational statements of the New York *World's* Washington dispatch that the Desert Land law was smuggled through Congress, &c. He says the bill was carefully considered by the public land committee of both houses, and elaborately discussed in open Senate, so that its provisions were fully understood. It was reported from the Senate committee by Gov. Booth, and was heartily approved and advocated by the entire Pacific Coast delegation in both houses, and of both political parties. He also says there is no reason to apprehend that the law will be abused to the detriment of public interests, as its provisions are very guarded, and the regulations of the department are amply sufficient to prevent the acquirement of a title under it to any lands except such as are not susceptible of cultivation without irrigation, and are also destitute of timber and minerals. The experience of the Department has been that such land cannot be sold or even given away as homesteads, and it is, therefore, considered wise policy to sell them in sections at $1.25 per acre as the only means of inducing the investment of capital to reclaim them. The *World's* dispatch is undoubtedly mistaken in allusion to what he said regarding the timber land bill and not in reference to this measure.

Extravagance in the Custom House —Indicted.

NEW YORK, 3.—Before the Custom-house committee to-day, Wentworth, paymaster, testified that only laborers are on the pay rolls, which amount to $300,000 now, and might, with business management, be reduced $75,000. Superfluous men are hired on account of political pressure; $30,000 could easily be saved.

Joseph Southward, of the statistical bureau, thought that five out of the twenty-four of his employees might be dispensed with.

Assistant Auditor Jacobs testified that there was a general reduction of salaries of ten per cent. in March, 1875, but they were put back again the next year.

The grand jury, to-day, indicted three men for circulating false rumors on Wall Street about the Hudson and Delaware Canal Company.

Injunction.

LEAVENWORTH, Ks., 3.—The Kansas Central Railroad Company national gauge, to-day, obtained an injunction against the Pacific Railroad, restraining the latter road from the election of officers, which was to have taken place to-day, in Lawrence, Kansas. The plaintiffs claim that a quarter of a million dollars worth of stock in the Kansas Pacific Railroad, issued to the county of Leavenworth and by the county assigned to the Kansas Central, is the only legitimate stock ever issued. The injunction commands the road to account for all lands, bonds, and other property received for construction.

FOREIGN.

GREAT BRITAIN.

Blockade Not Yet Established.

LONDON, 3.—In the House of Commons, Bourke said the blockade of the Black Sea, the Bosphorus and Dardanelles had not yet been established.

England's Neutrality.

Lord Elcho offered the following amendment to Gladstone's resolutions: That the House, while anxious to promote the well-being of the Christian subjects of the Sultan and all the races under his rule, condemns the interference of foreign powers by force of arms in the internal administration of the Ottoman Empire, and this House is satisfied that Her Majesty's government, while maintaining neutrality as long as our interests are not affected by the war which Russia is waging against Turkey, will not fail to take such a step as would enable them, should occasion arise, promptly to protect our interests and maintain our empire in the east.

Bullion Decrease.

The bullion in the Bank of England decreased £1,200,000 the past week.

Eastern War News.

A son of Schamyl, the famous Circassian chieftain, was expected to take command of the Circassians, who, however, refused to submit to a military organization.

Mukhtar Pasha's army was at Zenikay, forty miles west of Kars. A Russian division is also operating there.

The damage to Ibrail by the Turkish bombardment is unimportant. Only one of the Turkish monitors appeared. The Russians were speedily compelled to withdraw.

The Roumanian deputies express confidence that the government will protect the country from any conflict with neighboring States, and yet defend the Roumanian territory, and preserve the country from the horrors of a Turkish invasion.

Official intelligence from the Caucasian frontier gives an account of military operations from April 28th, being mostly cavalry reconnaisances, one of which succeeded in destroying the telegraphic communication from Kars to Erzeroum, a distance of ten versts.

Relative to the operations before Kars, the official report says Gen. Milikoff, with the object of supporting his cavalry, left his camp on April 29th, accompanied by twelve battalions, forty pieces of artillery, and a large force of Cossacks. His cavalry reached Vizinkeff on the evening of the 30th, and after a two hours' artillery engagement, eight Turkish battalions, with field artillery, issued forth from the fortress of Kars, and occupied a position protected by the fortifications. The Russian artillery fire dismounted one Turkish gun. Gen. Milikoff, on May 1st, leaving the body of the cavalry at Vizinkeff, returned with the remainder of his forces to Camp Ziomi. The Russians took over 100 Turks prisoners. The population of the occupied territory is so friendly that Milikoff is about to form a cavalry regiment of native volunteers.

Count Andrassy has positively assured the Turkish ambassador of the Pacific intentions of Austria, and declared that Austria was not mobilizing her troops.

Several Austrian superior officers, including some commanders of brigades, have received furloughs to travel abroad.

Four Russian infantry regiments, with thirty-two cannon and 2,000 Cossacks have arrived in camp at Barboski.

Fifteen engines and 200 railway carriages from Warsaw for Roumania, with troops, have been stopped by flood.

The frontier of Persia has been entirely closed on account of the plague at Reshd and Fabriz.

The Porte has issued a circular declaring that Roumania, by her convention with Russia, is betraying the interests of the country and the confidence of the Sultan's government. The Porte, henceforward, considers Roumania as in the power of the enemy, and therefore the acts issuing during Russian occupation are in usurpation of the Sultan's authority.

The Roumanians have taken military possession of Kalafat. The occupying force numbers 9,000 men with twenty-four Krupp guns. They will fortify and defend their position against any attempt the Turks may make to occupy it.

The Roumanian Government is deliberating upon steps to be taken in consequence of the Turks firing upon any fortified town.

The Russian batteries at Barboschi fired upon a gunboat and compelled it to return.

The English declaration of neutrality has plunged the Greeks into despair. They say if Turkey is victorious they will gain nothing, and if Russia is they will lose all chances of gaining Macedonia and Thrace. A military company has been organized, and unless resolutely opposed by the government, will cross the frontier in a day or two, not so much to fight as to exasperate the Turks and provoke a collision between Greece and the Porte. The nation does not approve of this course. The idea is broached of sending to the powers, stating that the conditions of neutrality have been abandoned.

At a secret session of the chambers at Bucharest, dispatches from the Roumanian representatives abroad were read alleging that an agreement certainly exists between Germany, Austria and Russia relative to the eastern question. The information given by the representatives must be taken for what it is worth, but those dispatches have materially affected opinions in the chambers. Prince Charles is working hard to effect an alliance with Russia. This idea is opposed at the Russian headquarters, the generals being unwilling to allow the Roumanian forces to make a separate corps under command of the Prince or any other general who is not a Russian. It is said there is some disagreement between Prince Charles and the Grand Duke Nicholas on this account. If this difficulty can be overcome, Roumania will make common cause with Russia, but not otherwise.

The Bucharest official journal suggests that the bombardment of Ibrail is a *casus belli*.

Roumanians are making extraordinary preparations. The militia has been called out. It musters thirty-four infantry and twelve cavalry battalions. Even the heads of families are obliged to serve.

Thirty radical deputies desire to introduce a motion for the independence of Roumania. It is rumored that the Turks have abandoned Tultscha, roads becoming very bad.

A Sure Cure for the Piles.

A sure cure for the Blind, Bleeding, Itching and Ulcerated Piles has been discovered by Dr. William (an Indian remedy), called Dr. Williams' Indian Ointment. A single box has cured the worst old chronic cases of 25 and 30 years standing. No one need suffer five minutes after applying this wonderful soothing medicine. Lotions, instruments and electuaries do more harm than good. Williams' ointment supports the tumors, gives instant and painless relief, and is prepared exclusively for Piles, and nothing else. Over 20,000 cured Patients attest its virtues and Physicians of all schools pronounce it the greatest contribution to medicine of the age.

WENT TO THE NOTED HOT SPRINGS.

Cleveland, O., Dec. 27, 1876.

DEAR SIR:—I suffered more or less for years with the itching or ulcerated Piles. I tried remedy after remedy advertised in the newspapers, and consulted physicians in Philadelphia, Louisville, Cincinnati, Indianapolis, and this city, and spent hundreds of dollars, but found no relief and comfort until I obtained a box of Williams' Indian Ointment some four months ago, and it has cured me completely. I had a part of the box left which I gave to a friend of mine who had doctored with many physicians without relief, and as a last resort went to the noted Hot Springs, of Arkansas, for treatment. He informs me that the Indian Ointment has also cured him of the piles. It is certainly a wonderful discovery and should be used by the many thousands who are now suffering with that dread disease.

JOSEPH M. RYDER.

☞ For more certificates of cures see large circular around each box of ointment.

Contested Land Cases, Private Land Claims, Mining, Pre-emption and Homestead Cases, prosecuted before the General Land Office and Department of the Interior.

Old Bounty Land Warrants.

The last Report of the Commissioner of the General Land Office shows 2,497,600 acres of Bounty Land Warrants outstanding. These were issued under act of 1855 and prior acts. We pay cash for them. Send by registered letter. Where assignments are imperfect we give instructions to perfect them.

Each department of our business is conducted in a separate bureau, under the charge of experienced lawyers and clerks. By reason of error or fraud many attorneys are suspended from practice before the Pension and other offices each year. Claimants whose attorneys have been thus suspended will be gratuitously furnished with full information and proper papers on application to us.

As we charge no fee unless successful, stamps for return postage should be sent us.

Liberal arrangements made with attorneys in all classes of business.
