ALABAMA CONFERENCE.

The Alabama Conference of the Church of Jesus Christ of Latter-day Saints was held at Laramie, Wyoming, on Friday, Saturday and Sunday, August 11th, 12th and 13th. There were present on the stand John Morgan, President of the Church, and John H. Roberts, President of the Alabama Conference; N. W. Haws, M. A. Empey, Z. K. Judd, B. L. Bowen, O. L. Mayhew, W. M. Rydahl, Geo. W. Bradwell, Jr., Traveling Elders in said conference, and E. W. McBride, President of the Missions Conference; Joseph S. Clarke, S. D. Moore and J. B. Fairbank, Traveling Elders in the Mississippi Conference.

Friday 10.30 a. m. After the usual opening exercises President Morgan explained that the object of the conference was to counsel together and strengthen each other, spoke on the principle of revelation and the work of the organization of the Church in the days of the Saviour. Elder Bowen read the 13th chapter of 1st Corinthians and it was necessary to have charity in order to serve God, spoke on the several principles of the Gospel and bore a faithful testimony. Pres. Morgan sp. on the power of Singing and benediction.

Saturday, 10 a. m. Meeting was opened in the usual manner. Elder Empey spoke concerning spiritual gifts, reading a portion of the 12th chapter of 1st Corinthians. Elder McBride spoke concerning the kingdom of God, showing what the plan and organization of the kingdom was, as laid down in the holy scriptures. Elder Judd spoke concerning the principle of revelation. Singing and benediction.

After the usual opening exercises Elder Morgan spoke on the plan of the organization of the Church of Christ in the days of the Saviour, and compared with the different denominations of the present age. Elder Mayhew bore a faithful testimony to the work of God, as revealed to the Prophet Joseph Smith. President Morgan delivered a powerful discourse on the Kingdom of God. Showed that it was taken from the Church after the death of the Apostles; quoted from the prophecies of Daniel in relation to the latter-day kingdom. Singing and benediction.

Sunday, 10.30 a. m. After the usual devotional exercises President Morgan presented the general authorities of the Church, as they were constituted at the last semi-annual conference of the Church, who were unanimously sustained.

Elder John Morgan was sustained as President of the Southern Mission. John H. Roberts was sustained as President of the Alabama Conference. The following were sustained as Traveling Elders in the Alabama Conference: N. W. Haws, M. A. Empey, J. B. Fairbank, B. L. Bowen and O. L. Mayhew. N. W. Haws was sustained as clerk of the conference.

Elder Bradwell spoke on the organization of the Church of Christ, and showed that the signs followed the believers. Elder Judd spoke of the position which the Elders occupied; showed that the Saints enjoyed the Spirit of God, and that the truth in all ages of the world was the same. President Morgan took up the organization of the Church; referred to the 12th chapter of 1st Corinthians, showing that the different offices spoken of there were necessary in the Church of Christ. Singing and benediction.

Sunday, 2.30 p. m. Meeting opened with the usual services.

Elder Clark bore his testimony to the truth of the work in which he was engaged. Elder J. B. Fairbank spoke on the principle of faith, showing that the faith enjoyed by the ancient Saints was the faith required in the present dispensation of the gospel.

Elder Haws read a portion of the 11th chapter of Hebrews, and commented on the same, and bore his testimony to the gospel. Pres. Morgan made a few closing remarks, thanked the people for their kind attention and good attendance during the Conference. Singing. Benediction was pronounced by Pres. Morgan.

N. W. Haws, clerk.

ITEMS FROM SUMMIT COUNTY.

COALVILLE, August 22nd, 1882. Editor Deseret News:

The black diamonds are not played out yet, although there is small demand for them; but this is the fault of the miners, who are content to wait for hard weather and turn out their attention to other matters. The principal one is our Stake House, which is up within a few feet of the surface, and will soon be ready for the roof, which we expect to get completed before a winter.

A very enjoyable affair took place here a few days ago which is worthy of mention, because they were so rare. The Coalville choir planned and carried to a happy success a surprise upon their leaders, Brothers J. W. Simister and Thomas B. Ord. Thursday evening was the regular time for the practice meeting. During the day everything had been prepared, and imagine Brother Simister's surprise on opening the door to see some 120 guests seated in the hall, and a bountiful supply of good things waiting for their leaders. After supper, the choir, by one of their number, presented Brother Simister with a music book with some beautiful songs therein. The evening was spent in free social chat, songs, games, and a little dancing. Brother Ord is leader of the Sunday School choir, and too much could be said of his energetic stork-like services in performing the duties assigned him.

The recent floods injured a little, washing away our irrigation dam, which cost about \$800 last spring, carrying away some stock, hay, etc., and leaving the debris on the field. The crop prospects are a little more than average. Since Apollo Moses Thacker took a vote at our Quarterly Conference to have the co-op. shut down on the 1st of September, we have been two weeks without having seen his help again very much.

O. K.

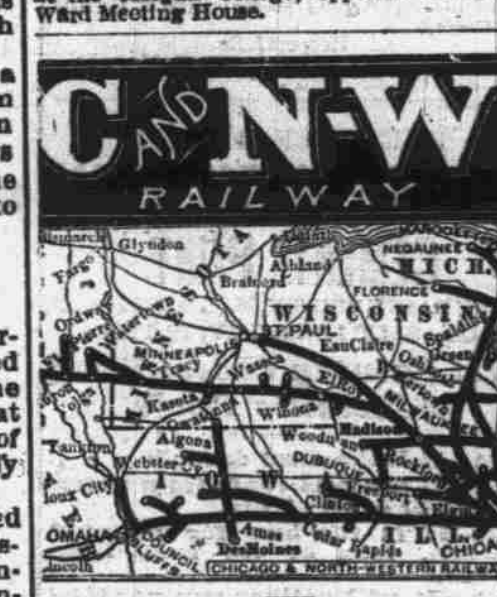

A Decided Agency.

A young man from the best class in Zion's Haven started out last evening to call on a friend, and a very proper and laudable exhibition of his gentlemanly qualities. He had taken exceeding pains with his toilet, wearing a fine suit of clothes, a new hat, and a new watch-fob of his father, and other appointments pertaining to what might be called the best style

of the day. It was the dreary, dusky hour of twilight that he came to the front gate of the residence of the "best girl," for it was she who was calling on him. With a sigh he was calling on her, and the sighs from his vest, put his hand on the gate, and with his most charming smile looked up the grave. There stood in the doorway a big black dog. The close cut of the young man's trousers precluded his going boldly past the dog. There was not enough "space" in the cloth to give free play to the animal's teeth. The young man was in a predicament. Some how he never knew the old man kept a dog before, and he thought it was the dog that had never picked him up in regard to the savage brute. However, he concluded to try the power of kindness and thought the dog might be a friend. He cautiously opened the gate, and advanced with his eye fixed steadily on the brute. "Boo, Boo, Boo, Boo," he called out; "Boo, Boo, Boo, Boo," but the dog remained imperturbable, not even showing recognition that he was there. Not exactly in love with the situation, and still being of courageous mold, "Boo, Boo, Boo, Boo," he called out; "Boo, Boo, Boo, Boo," but the dog remained imperturbable, not even showing recognition that he was there. Not exactly in love with the situation, and still being of courageous mold, "Boo, Boo, Boo, Boo," he called out; "Boo, Boo, Boo, Boo," but the dog remained imperturbable, not even showing recognition that he was there.

Mrs. Clara Alcott, of Mahwah, Bergen County, N. J., says: "I bruised my limb and it became greatly swollen and stiff. A physician treated it without any benefit. I procured a bottle of St. Jacobs Oil which cured me. It acted like magic."

THE CASE AGITATOR

Ahead of all Other Competitors!

SALT LAKE CITY, August 12th, 1882.

J. W. LOWELL, Esq., Dear Sir:—The J. I. Case Agitator we bought of you last season is the best machine we ever saw or used; it will thresh more grain and thresh it better and cleaner than any other machine we have ever seen, and we can confidently recommend it to any persons wishing to purchase a good Thresher.

Yours, etc., G. W. LUFKIN, W. A. BARROW.

ASHLEY'S FORK, UTAH CO., Feb. 25th, 1882.

John W. Lowell, Dear Sir:—The Agitator Separator and Woodbury Power that we bought of you, we can truly say give entire satisfaction. It beats anything that we ever saw to thresh and clean. We have run seven different kinds of machines, but this is the champion. The cleaning and the separating are perfect. We have not had a man find fault with it yet, and we believe that the people here will testify to our statement as being the truth. It comes as near being perfect as it is possible for a machine to be. We cannot tell you upon paper all its superior qualities or how much we think of it, but can say this, that could we not get another like it, no money would buy it.

Yours truly, GEORGE BROWN, S. J. CAMPBELL, WM. P. REYNOLDS, ROBERT BODDY.

Cedar City, Sep. 23rd, 1881.

John W. Lowell, Dear Sir:—Our machine, Agitator, is doing excellent work. Cleans the best and threshes faster than any Thresher we ever saw.

We remain, CORRY & HUNTER.

Lehi, Utah County, February 7th, 1882.

To John W. Lowell, Esq., Dear Sir:—As our opinions have often been asked about the merits of the Agitator Threshing Machine we purchased from you last fall, we take pleasure in sending you the following from our experience with it. To answer the numerous inquiries, and perhaps others who would like to know, we recommend the following points of superiority over all other machines we are acquainted with:—

1st.—Lightness of draft. Our team of five span of average native horses and mules, being fully equal to the work, and without crowding or hurrying them, they gave us all the speed and power we needed.

2nd.—Thorough threshing and cleaning, and that without extra effort on our part; such a thing as the "sieves" being clogged or clogged, or requiring the attendance of one person at the tail end of machine having never occurred or been needed.

3rd.—Lightness of wear. After having threshed 18000 bushels of grain, lucern seed, etc., the general wear on the machine being scarcely perceptible.

4th.—Lightness of running expenses. By comparing notes with our friends of other machines, we find ours have not exceeded half of theirs.

We also consider the capacity for threshing in quantity, superior to other makes of machines. Although the farms here are small, necessitating a great deal of moving, and often to distant points, yet we threshed as high as 800 bushels per day.

We also consider the Straw Stack, End Shaft, Elevator principle and many other points are all worthy of notice and examination of any and all persons who may contemplate purchasing a machine.

A. J. EVANS, M. T. WOODHOUSE, H. M. ROYAL, M. B. BUSHMAN.

I have helped wear out four machines of other kinds, and I heartily endorse all of the foregoing points.

A. D. RHODES, JR.

Cedar City, March 18th, 1882.

Mr. J. W. Lowell, We bought one of the J. I. Case Agitator threshers last year and consider it by far the best Thresher ever brought to this country. It runs very light, saves all the grain and is a very durable machine. We threshed grain at the rate 2 1/2 bushels per minute.

Yours, etc., CORRY & HUNTER.

I also take the liberty to refer to the men to the following reliable people who have purchased the Agitator Machines: Messrs. Robbins & Simmons, Kayville.

Bishop Peter Barton and others Kayville, Wootley, Lund & Judd, St. George, M. B. Wells, Nevada, S. A. Westington, Grantsville, Cummins & Matthews, Grouse Creek.

Brook H. Jensen, Mantle, H. S. Stevens, Kaysville, Bishop S. S. Smith, Mantle, Col. Jas. Larson and others, Maud City, Benmaria Co-op., Samaria, W. P. Cannon and others, Ogden, Laketown Co-op., Laketown, D. Woodward and others, Willard, Slater & Sons, Blatchford, Bishop Harper & Sons, Call's Fort and many others.

I now have orders for over Twenty of these famous Threshing Rigs, and those who want them should send in their orders at once to

JOHN W. LOWELL, SALT LAKE OR OGDEN.
