LAST NIGHT'S DISPATCHES

EASTERN.

BOSTON, 27.—The fourth annual gathering of the New England Woman Suffrage Association, in Tremont Temple, attracts less attention in point of numbers than usual. Julia Ward Howe presides. The speakers include many veterans in the cause.

The Boston *Daily Times* has been purchased by the proprietors of the *Daily News*. The *Times* will be discontinued from and after to-day.

ALBANY, 27th.—The new Local Option bill was defeated to-day in the Assembly; fifty to forty-seven.

NEW YORK, 27.—A private cable dispatch announces the death, at London, of Charles A. Page, formerly the *Tribune* army correspondent, and late U. S. consul at Zurich.

There is no regularly organized strike among the carpenters. A number of society men met this a. m., but said they were not acting in an official capacity. This a. m. a number of men asked their employers to adopt the eight-hour rule, and upon their refusal, the men left the shops. Those thus thrown out of employment have been wandering through the city to-day, making applications for work at the eight-hour establishments, but on account of the dullness of the season, they were unsuccessful. Notwithstanding the action of these society men last night, all the large planing mills were in operation to-day. The mill owners are unanimous in the determination to resist any attempt to enforce the eight-hour rule, and they think there is little danger.

The question of striking is still agitated by the painters. Another meeting is called for Friday night.

The office of the Consul of Japan was formally opened yesterday, at No. 45, Exchange Place, by Tetsanske Tomita, Vice Consul of Japan. The only other representative of the Japanese empire in America is Horace D. Dunn, acting consul at San Francisco. Several representatives of foreign consulates in this city called to welcome Mr. Tomita, and to congratulate him upon his establishment in this city.

The body of Jas. L. Orr, late Minister to Russia, will be in state in this city before it is taken to South Carolina for interment.

ALBANY, 28.—A convention, consisting of one youth from the young men's christian association and temperance organization, and other organized bodies in favor of observing the Christian Sabbath and the suppression of the liquor traffic, is called to meet here the 24th and 25th of June.

The Senate concurred in the assembly bill to divide the crime of murder into two degrees.

The New York international exhibition bill was killed in the Senate to-night.

NEW YORK.—The boss carpenters met to-night, but failed to agree on any concerted action. It was reported at the meeting that three of the principal employers had yielded to the demands of the men for eight hours a day.

The *Tribune* will publish, to-morrow, an alleged singular revelation concerning the East River bridge. It says it has obtained a transcript of the transfer book of the company, from which it appears that William C. Kingsley has transferred one hundred shares to other parties, that only four of these transfers are genuine, and these are made as gifts to A. A. Tracy, Wm. A. Fowler, Hassen H. Wheeler, and Cortland Dixon, all of whom are connected with the Brooklyn ring. The first two of these are stated to be at Albany, in the interest of the bill for relieving Kingsley and partners from the payment of any more money. Wm. Goodrich and Wm. Schwarz Waldo, to whom it was alleged the stock was sold, deny that they ever paid for it.

PHILADELPHIA.—Jno. B. Gallagher, alderman, was to-day convicted of extorting an illegal fee, and fined $100 and sentenced to imprisonment for nine months.

BALTIMORE.—The association of the medical superintendents of the American Institution for the insane, met to-day in convention. Forty-three members were present, representing forty-one institutions. Dr. J. S. Butler presided.

PROVIDENCE.—The Rhode Island legislature to-day counted votes for State officers, and, there being no choice for Lieut. Governor by the people, elected C. C. Vanzandt, the republican candidate.

LANCASTER, 27.—At Guildhall, Conn., six miles from here, this p.m., five men in a boat on the river were attempting to pass over the rapids, when it capsized; three escaped, the others, Joseph Chase and B. F. Pearle, were drowned.

WESTERN.

SAN FRANCISCO, 27.—The Board of Supervisors, last night, adopted strong anti-Coolie resolutions, and passed to print an ordinance directing that the queues of all Chinese prisoners sent to the county jail shall be cut off; also to require all Chinese laundrymen to pay a license of $15 per quarter for every Chinaman in their employ.

Another order was introduced, prohibiting the removal of dead Chinamen by their friends.

George Fisher, the Greek consul in this city, is lying at the point of death, at his residence in Minna street, of erysipelas.

The heads of the six Chinese companies have sent a telegram to Hong Kong, warning their countrymen of the danger of further immigration to California.

Charles A. Russell, the convicted murderer of James Crotty, was brought before the 15th district court, to-day, to have the time for his execution fixed; the court set the 20th of July. Russell said nothing, he bowed his head, and appeared to be in a calm state. Clergymen and others are getting up a petition to the Governor for a commutation of the sentence.

To-day a Chinaman reported to Macondral & Co., consignees of the steamer *Lord of the Isles*, that there were three cases of small pox concealed on board the steamer. The quarantine officer was informed and and went on board the steamer at North Point Dock, and found three Chinamen, sick of variola, stowed away in a box on the casing covering the pump pipes. They were removed and the ship ordered at once to haul off into quarantine ground, which was done. The officers of the ship say they did not know of the presence of the sick men. All her passengers landed yesterday except the nineteen men who were picked up on the wrecked junk in the China sea. Some of the Chinamen say that one of their countrymen, ill of the small pox, was thrown overboard by them during the voyage.

ELKO, Nev. 27.—Reliable dispatches from Humboldt Wells report that the recent Indian trouble at Spruce Mountains was a scare. The Indians who were demonstrative, were under the influence of liquor furnished by the whites. The herders alluded to two days since were mixed up in the drunken row with the Indians, and had no grounds for circulating the report about being warned to leave. The Indians at Spruce and the Wells have returned from the Deep Creek council and resumed their former occupations, and are as peaceable and as quiet as ever.

SAN FRANCISCO, 27.—At the annual meeting of the chamber of commerce this p.m., the following officers were elected: President, W. T. Coleman; first Vice-President, W. F. Babcock; second Vice-President, J. Friedenlander; Trustees, T. E. Christiason, A. Dibblee, O. Eldridge, H. P. Blanchard, James Otis, Thos. H. Selby, J. W. Stow, John H. Wise, G. F. Bragg, Jas. De Fremery, Jas. Patrick, and J. C. Merrill.

A. B. Meacham, one of the survivors of the massacre of the peace commissioners by the Modocs, is in this city. He is going east soon.

LOS ANGELES, Cal., 27.—At sundown last evening a duel took place between two young clerks, on the river bank, near the bridge, within the limits of the city. They were armed with pistols, and were accompanied by friends. The ground was measured off, at the word "fire," only one pistol was discharged. The party with the other fled. No arrest.

Gregoric Tapio, a noted horse thief, has been captured with stolen horses in the Soledad mountains, forty miles from this city; he was brought in this p.m.

PORTLAND, Oregon, 27.—The publication of the daily *Herald* was discontinued to-day. Messrs. Bellinger, Curry & Co. will begin the publication of a daily and weekly Independent democrat newspaper, to be called the *News*. The daily *News* will be an evening paper.

Active steps are being taken for the celebration of the 4th of July.

Gen. Jas. A. Hardie, inspector general, arrived last night. His object is to make an inspection of all the military posts in the department of the Columbia.

The epizootic has reached here and is causing a suspension of street and road business to some extent. The disease is of the mildest type.

NOVA SCOTIA.

HALIFAX.—The Prince Edward Island legislature, to-day passed a resolution accepting the terms of union.

EUROPEAN.

LONDON, 27.—In the Commons, to-day, the usual motion was offered to adjourn over the 5th of June, the Derby Day. Thos. Hughes protested against the practice, and denounced as a public humiliation such action of Parliament in deference to what was called a national sport. He believed the example was injurious in the highest degree to public morals, and he hoped the government would extend the operation of the betting houses' act to Scotland, where English sportsmen were still able to evade the law. The English papers were filled with betting advertisements, purporting to emanate from Scotland. The police there were powerless against the gross scandal, which daily increased, because the local law sanctioned it. After further debate, in the course of which the government promised to extend the act to Scotland, the motion to adjourn on the 6th proximo was carried.

The West India mail steamer *Moselle*, which arrived to day, brought from Havana the bank forger Austin Bidwell, who has reached London and has been conveyed to Newgate. Another hearing of the forgery case will be had at the Guild-Hall to-morrow. Bidwell will appear.

MADRID, 27.—Captain General Pieltain has been officially notified to carry into effect the order of March 24th, directing the emancipation of 10,000 slaves.

PARIS.—The President took his seat in the Assembly to-day.

Prince Pierre Bonapart is in Paris.

BERLIN.—The Paris correspondents of the German press assert that the movement for the removal of Thiers originated in Rome and Florence.

ROME.—The Pope, in a speech yesterday, declared that he had prayed for France, but that he would now pray with greater confidence, for the election of Marshal MacMahon to be the head of that country was a guarantee of order and justice to civilization, which was menaced on all sides.

The chamber of deputies has finally passed a bill for the abolition of religious corporations.

Parliament has adjourned as a mark of respect to the memory of the late Count Manzoni. The royal princes and the members of both houses have gone to Florence to attend the poet's funeral. The ceremonies will be of the most imposing character.

EGYPT.

ALEXANDRIA, 29.—The pioneer party of the oriental topographical corps, from New York, engaged in explorations of Bible lands, have gone from Egypt to Syria and Asia Minor. A scale photograph of the Hilometer, devised by one of the corps, has been taken, which it is claimed will definitely settle the vexed exhibit question. The plan of rapidly taking the altitudes of the ruins of the Pyramids, etc., invented by one of the party, is said to work admirably.
