

APPEAL FROM FATHER GOPON.

It is to Old Comrades to Cut
Loose from Revolutionary
Agitators.

HE IS ACCUSED OF TREASON.

Since His Residence Abroad He Has
Become Convinced Russia is Not
Ready for a Republic.

St. Petersburg, Dec. 4, Monday evening, via Edytukhnen, East Prussia, Dec. 5.—Although there appears to be no foundation for the prevailing fears that an outbreak is imminent, the population continues in a state of anxious suspense.

The garrison has now been reinforced by 42 battalions of infantry, 15 squadrons of cavalry and 12 machine gun batteries. The city is divided into four districts under Gen. Osovski, Dubouche, Strumsk and Trotski, respectively.

The government, it is reported, narrowly frustrated a plot whereby a band of armed men had planned to hold the state treasury. One of the conspirators, it is said, betrayed his fellows, whereupon the leaders, knowing that their attack could be repulsed by the troops with great slaughter, abandoned it.

The existence of this conspiracy led to a report that martial law would be proclaimed tomorrow (Tuesday), but this is authoritatively denied.

The extension of the strike of the telegraphers to the postal system is complete, and the paralysis of business is increasing the danger of a financial crisis. The strike of the Moscow telephone operators, who cut the wires and tore up the poles, has been the last means of communication with the ancient capital.

The present conditions are unbearable. Sympathy with the poorly paid post and telegraph employees is now turning into indignation against the strikers, and the public is supporting a formidable movement which has been started by all classes to throw off the yoke of the revolutionaries.

The government is undoubtedly encouraging the organizing of the forces. The "Law and Order" party took the lead, which is now being followed by the "Society of Strike Breakers," but the most important movement has been started under the leadership of Father Gapon, the former idol of the workmen, who since his residence abroad has become convinced that Russia is not prepared for a republic, and is appealing to his old comrades to cut loose from the revolutionary agitators.

The latter already charge that Father Gapon has been bought, and that he is a traitor to the cause of the people. Father Gapon, however, is sincere, and his influence is undoubtedly great. This being a holiday, Father Gapon attended meetings of 11 of the organizations which he controlled before Jan. 22 ("Red Sunday"), at which his words were cheered to the echo. At these meetings, it will prove of immeasurable service to the government in tiding things over until the meeting of the duma.

M. Petronkevitch and M. Kokoshkin, members of the delegation from the zemstvo congress, informed the Associated Press today that they were ready to accept universal suffrage, direct in the cities and indirect in the country districts.

THE BALLAST SHIFTED.

Astoria, Or., Dec. 5.—A series of misfortunes overtook the French bark La Roche Jaquelin, which arrived in this port in ballast yesterday from San Francisco, Nov. 16. The vessel encountered heavy head winds, which drove her as far south as the Mexican line. During this time the gravel ballast

A MINER RESCUED.

From the Terrible Agonies of
Rheumatism.

Almost Hopeless Until He Used Dr.
Williams' Pink Pills and Found
A Permanent Cure.

"In the lead mines I was at work on my knees with my elbows pressed against rocks. All day I was drenched and encased in mud," said Mr. J. G. Meikel, of 2915 Jackson avenue, Dubuque, Iowa, in describing his experience to a reporter, "and it is not surprising that I contracted rheumatism. For three years I had attacks affecting the joints of my ankles, knees and elbows. My walk became so painful that I could scarcely walk on uneven ground and a little pressure from a stone under my feet would cause me so much pain that I was obliged to lie in bed for several days at a time. My friends who were similarly troubled were getting no relief from doctors and I did not feel encouraged to throw money away for nothing. By chance I read the story of Robert Yates, of the Klauer Manufacturing Co., of Dubuque, who had a very bad case of rheumatism. I decided to try Dr. Williams' Pink Pills for Pale People, the remedy he had used. In three or four weeks after commencing to use the pills, I was much better and in three months I was well. The swelling of the joints and the tenderness disappeared. I could work steadily and for eight years I have had no return of the trouble. My whole family believe in Dr. Williams' Pink Pills. Both my sons use them. We consider them a household remedy that we are sure about."

What Dr. Williams' Pink Pills did for Mr. Meikel they are doing for hundreds of others. Every day sends out a box of the pills, and the boxes are being sent out to the sick and suffering. Dr. Williams' Pink Pills actually make new blood. They don't act on the bowels or the stomach, but on the blood itself. They root out the cause of disease. They root out the cause of disease from the blood itself. It is through the blood that Dr. Williams' Pink Pills cure indigestion, anorexia, indigestion, headache, neuralgia, rheumatism, lumbago, sciatica, neuralgia, paralysis, locomotor ataxia, falling power, and the irregularities in the health of growing girls and women. Get the genuine Dr. Williams' Pink Pills for Pale People at your druggist's or direct from the Dr. Williams Medicine Co., Schenectady, N. Y.

shifted, several seams were loosened, and water poured into the vessel's hold. The captain ordered the pumps started, but they were choked by the gravel, and one was broken. The ballast was then moved toward the bow and the crew began to bail out the water. The shifting of the ballast caused the bark to list heavily to starboard.

CONSUL GENERAL

PARSONS KILLED.

Mexico City, Dec. 5.—American Consul General Parsons was killed by an electric car shortly after 9 o'clock tonight.

Washington, Dec. 5.—James R. Parsons, Jr., the American consul general at Mexico City, who was killed at that post, had been appointed to that office in 1888 and continued until June 1, 1890.

A FIVE WEEKS STORMY VOYAGE.

New York, Dec. 6.—The steamship Certy of the Austro American line, from Venice, Trieste, Messina and Palermo, arrived yesterday with 79 immigrants who told a story of a five weeks' voyage through storms and terrors which none cares to experience again. For the better part of a month they were shut between decks because of rough weather. They had been frightened into at least one panic, a woman had gone insane from terror, her fellow passengers said; fire had started down in the engine space at night, the ship had been in total darkness, the drinking water got rusty, a passenger was choked and robbed, and death had

claimed three victims during the five weeks' trip. The deaths were those of a mother and her new born infant, and a boy of 10, who died of meningitis.

SCRIP LOCATIONS ON MT. FOREST RESERVE.

Washington, Dec. 5.—A resolution offered in the house of representatives by Stephens of Texas requires the secretary of the interior to furnish full information concerning the San Francisco Mountain forest reserve in Arizona. The resolution seeks especially to find out who asked for the establishment of the reserve and how many acres of scrip were located by J. J. Hagerman.

RESTRICTION OF IMMIGRATION.

New York, Dec. 6.—Count R. Massigli, the Italian consul general at New York, declared in an interview last night that further restriction on immigration would react on the nation. He based his opinion on the fact that the immense development of the United States, as compared with the relative limitation of the Australian continent, is due to the way in which immigration has been dealt with in the two countries.

As to what should be done in order to give practical effect to the existing laws, Count Massigli said, "The law is characterized by Count Massigli as 'preventive cure,' he said, he thought that question must form the subject of an international agreement. He felt that there is no reason for uneasiness. 'This is a grand country,' he said, 'where the individual does his own thinking and contributes to a national conscience which has no rival in the world for practical common sense.'

GIRL HANGS HERSELF.

New York, Dec. 6.—After aiding her young sister Lillian to prepare for a reception and wishing her a pleasant journey, Miss Evelyn A. Walker, daughter of a rich manufacturer in Brooklyn, went to her room in her father's house last night and hanged herself.

The rope she used was made of three strands of wrapping twine. She threw one end over the door and made it secure by forcing the door shut. The other end she noosed about her neck as she stood on a chair, from which she stepped to strangle herself. She recently gave up her work as a school teacher because of ill health.

POLYGAMY PROHIBITED.

Washington, Dec. 5.—Representative Hamilton of Michigan today introduced a joint resolution bill, providing for the admission of Oklahoma and Indian Territory to the Union as the state of Oklahoma, and the admission of New Mexico and Arizona as Arizona. With slight changes the bill is the same as it was after being amended by the senate at the last session.

Polygamous or plural marriages are forever prohibited in both of the proposed amendments, and the prohibition amendment of the senate for the new state of Oklahoma is cut out. As it now stands the bill prohibits the sale of liquor to Indians in both of the proposed states, but places no further restriction upon the liquor traffic.

PRIVATE SAM ROSS KILLED.

Great Falls, Mont., Dec. 5.—A special from Havre to the Tribune says:

Private Sam Ross, colored, of company F, Twenty-fourth infantry, was tonight killed because Private Wm. Giles of company G, of the same regiment, and also a negro, insisted that "straight" beat two pair, according to table rules of Havre. Giles severed the jugular vein of Ross after a quarrel over a card game on this point was supposed to have been amicably settled by the proprietor of the soldier's saloon in which the fracas occurred, and it is said that the stabbing was without warning other than the presumably settled quarrel.

JOB FOR COL. CODY.

London, Dec. 5.—Col. W. F. Cody has been officially appointed structural engineer to the balloon companies of the Royal Engineers at Aldershot.

THEATER TICKET DECISION.

Albany, N. Y., Dec. 5.—The right of a theater manager to refuse tickets sold by a sidewalk speculator was upheld today by the court of appeals. The action was brought by Wm. H. Collier, a ticket speculator, against Al Hayman and others composing the firm of Al Hayman & Co., who conduct the Knickerbocker theater in New York.

RUSSIAN JEWS.

Secy. Root Thinks It Bad Time to Make
Representations in Their Behalf.

New York, Dec. 6.—That this would be an unfavorable time for representations in behalf of the Jews in Russia was the opinion of Secy. Root, who was made public yesterday. Mr. Root expresses his sympathy with the sufferers, and says in part:

"With the hoped-for establishment of a more liberal form of government and the restoration of administrative control over the remote scenes of the occurrences which are so greatly to be deplored, this government may look for a practical response to its repeated solicitations of freer treatment of American Hebrews, and may be in a position to exert efficient good influence toward the liberal treatment of all Jews in Russia and the better protection from the consequences of deep-seated racial antipathies. The problem is one which strongly attracts the sympathetic attention of this government."

The second million-dollar relief fund being raised by the United States for their Russian brethren was increased yesterday by \$14,110.

GEN. CHAFFEE PREDICTS WAR.

Says Many of Those Whom He Addressed Will See It.

Chicago, Dec. 6.—A dispatch to the Chronicle from Los Angeles says:

At a public reception in his honor last night, Lieut. Gen. and Chief of Staff Adna H. Chaffee of the United States army predicted that the United States will again go to war. This prediction was made in Gen. Chaffee's address regarding the work of the army.

He said: "Gentlemen, war will come again. There are plenty of men in this room who will see our country at war again. Not on our own soil, perhaps, but must remember that we have now become one of the nations of the earth. We have great interests to defend."

"When that war comes we must be intelligently prepared for it. 'Modern war is not what war used to be. No one is now fitted to command troops who is not a scientific and well trained man. Modern war must be scientifically treated to save human life.'

"The Japanese are a military people, but we do not get on with military preparations as they do, but we should be ready for conflicts."

AFFAIRS IN GUAM.

Big Demonstration on the Opening of
The Susanna Hospital.

Agana, Guam, Oct. 21, via San Francisco, Dec. 6.—On Oct. 27, the navy collier Nausha, Capt. Predeaux, arrived from Manila to replace the supply during her absence.

Several Japanese schooners of the Hiki and Murlana Trading companies have visited the port during the month. A number of earthquakes, the first for several months have shaken the island recently. None, however, was sufficiently intense to do damage.

Progress on the wireless telegraphy station at this place has been very slow due to the difficulty of transporting the heavy masts and building materials during the rainy season.

The Susanna hospital for women and children has been formally opened. The opening marks a step in the progress of Guam and was made the occasion of a popular demonstration.

STOLEN JEWELRY RECOVERED.

New York, Dec. 6.—Isaac F. Lloyd, a second vice president of the Mutual Life Insurance company, at the custom house yesterday identified diamonds, jewelry and silverware to the value of \$22,000 as his property and all were delivered to him.

Early in the year Mr. Lloyd's house was robbed, and Eva Werner, who had been a servant there, was arrested in Chicago with her brother-in-law. She is

under indictment, a prisoner in this city. The customs authorities in Chicago learned that a man and woman were trying to dispose of diamonds in that city, representing them as smuggled. Special agents seized the gems and arrested the couple. The facts about the robbery here then came out.

ANNIVERSARY OF FIRST THANKSGIVING CELEBRATED

Chicago, Dec. 6.—The 25th anniversary of the first Thanksgiving day was celebrated last night by the New England society of Chicago with a banquet. Gov. C. Q. Bell of Vermont and Gov. George H. Uiter of Rhode Island were the guests of honor. The turkey were served in the orthodox New England manner—with the feathers and head in as lifelike a fashion as possible.

While Gov. Bell was seated at the banquet table he was presented with a petition pleading for the life of the condemned Mrs. Mary Rogers. Mrs. Almona Fitzgones, representing the Henry George association, brought the petition, which was different from other petitions received by Gov. Bell in Chicago in that it demanded that he "show how he gained by not showing mercy for the poor woman condemned to death upon the gallows."

A short time before reaching the banquet hall the governor had been presented with a set of resolutions drawn up by the Chicago Spiritualists league, praying that he show leniency towards Mrs. Rogers.

The banquet was attended by more than 200 members of the society. A previous engagement prevented the attendance of Gov. Denison, and he was represented by Lieut. Gov. Lawrence Y. Sherman. George R. Peck acted as toastmaster.

FRANKLIN SYNDICATE SWINDLE.

New York, Dec. 6.—Search for the assets of the Franklin syndicate has been concluded and within the next few days creditors of the 520 per cent swindle of which William H. Miller was the organizer will know how much they can recover.

John B. Lord, trustee for the creditors, has filed his final report with the United States district court in Brooklyn and yesterday Judge Thomas ordered it placed in the hands of Referee in Bankruptcy Robert F. Tilney who has set Dec. 13 for the hearing.

About 15 per cent of the claims has been recovered.
