THE Home Dramatic Company in the matinee and evening performance of "Fettered," at the Theatre to-morrow, will be sure to draw large audiences, as they always do.

WE had a pleasant call to-day from Mr. J. Richardson, an eminent engineer of Manchester, Eng., and Mr. J. W. Park of Laporte, Ind., the latter of whom is a cousin of Dr. J. R. Park of this city.

RELIGIOUS services of the Church of Jesus Christ of Latter-day Saints will be held in the tabernacle on Sunday, commencing at 2 p. m. In the various ward meeting houses in the evening. Services in German will be conducted at the City Hall, and in Scandinavian at the Social Hall, on Sunday morning, commencing at 10 o'clock.

THE holiday to-morrow will be spent by the majority of the citizens at home, as the outside excursions will not draw many away, and a large number will go to Faller's Hill Gardens to spend the day, where the Salt Lake City brass band, which gave general satisfaction on Decoration Day, their first appearance since their reorganization, will be in attendance, as well as Auden's string band in the evening. In addition to the many other attractions of that popular resort.

## LOCAL NEWS.

NO Paper to-morrow.—To-morrow being Independence Day, and the employees of this office being among the truly "old" who delight in observing the national holiday, there will be no issue of the NEWS again until Monday evening.

F. A. BROWN'S Plea.—There having been considerable demand for copies of the paper containing the noble and timely declaration of motives and testimony delivered by Brother F. A. Brown, of Ogden, on his arraignment before the court on the charge of cohabiting with his wives, it has been decided to issue copies of the document in lead form, and they can be had at this office at the rate of fifteen cents per dozen. It will be a good thing for the Saints to buy and send off to their friends.

Opera House.—Another slim audience was at the Opera House last evening to witness Frederick Warde in "The Merchant of Venice" and "Katherine and Petruchio." It is painfully evident that at the present time there is in this city an enthusiasm for the legitimate such as has existed in the past. Mr. Warde's "Shylock" called forth frequent bursts of well merited applause, but is not in any way equal to his impersonation of "Virginius." The support given by the company was fair, some of the gentlemen being affected with hysteresis. Last evening's performance gave further evidence of the fine ability of Mr. Warde as an actor, who is destined to take his place in the front rank. This evening he will appear in "Damon and Pythias," and for to-morrow, "Ingomar," will be given at a matinee and "Richard III" in the evening.

## SUICIDE.

A WOMAN TAKES POISON IN A FIT OF INSANITY.

Yesterday morning there arrived on the D. & R. G. W. train in this city, from San Francisco, Mr. C. H. Cannon and wife. They went to the Metropolitan Hotel, and Mrs. Cannon, who was very weak and emaciated, was taken to a room. She requested her husband to go out and see that their dokeys were all right, as they were going to Colorado, and she would take a little rest. Mr. Cannon went out and attended to some correspondence, returning in about an hour to his wife's room, to find her in great agony from some unknown cause. Dr. Bart was immediately summoned, but when he arrived Mrs. Cannon was in the throes of death, and passed away in a very short time. The Doctor discovered, by the odor in the room and upon the body of the deceased, that a violent poison, evanid of potassium, was the fatal cause, and so informed her husband. Mr. Cannon then explained the circumstances connected with the travel of himself and wife since last April. In that month they lost their only child by death, the sad event affecting Mrs. Cannon so seriously that her mind became impaired. Her husband, who is a landowner, had been taking her to San Francisco for her health. It was supposed that the day prior to leaving for the east she obtained and seized the deadly drug until an opportunity was afforded yesterday for her to take it. No inquiry was held, the county coroner meeting at the residence of the deceased. The body was placed in a coffin and sent east by the D. & R. G. W. train this morning.

## APOSTLE J. H. SMITH DISCHARGED.

THE WITNESSES ARE TO APPEAR BEFORE THE GRAND JURY.

The examination of witnesses in the case of Apostle John Henry Smith, charged with a breach of the Edmunds law, before Commissioner McKay, was continued at 4 o'clock yesterday afternoon.

Sheriff John A. Groesbeck was the first witness. Josephine Groesbeck was his sister; she lived about a block north of witness' residence, and had three children, the youngest about seven months old. She was married to the defendant about seven years ago; presumed defendant was the father of Josephine's children; had occasionally met defendant at his sister's house; had never heard him speak of the youngest child as being, or heard Josephine call him his father; defendant had always been received with favor by witness' mother; had never heard him assert or deny that Josephine was his wife. Judged from conversations that she was; had never heard his sister call defendant her husband, she called him John Henry; witness regarded defendant as her husband; this impression was not gained from any statement made by defendant, but from the association of the latter with witness' sister.

In answer to questions by the Commissioner, the witness stated that the defendant had gone to England about three years since, and returned three or four months ago; witness' sister did not go away with him, but was absent part of the time that he was.

Miss Sarah Arnold was recalled. She had met defendant at Josephine Groesbeck's house several times during the last three or four months; had never heard defendant speak of her as his wife, nor introduce her as such; did not know whether he treated her as his wife or not; there had always been a number of persons present when defendant came to the house.

Judge Harkness asked that the charge against the defendant be dismissed, and the Commissioner stated that there was no objection to the dismissal of the charge against the defendant, but the evidence relating to the past three or four months being a little mixed, the defendant would be discharged.

A COLLISION.

A BUGGY OVERTURNED AND A LADY SEVERELY INJURED.

About noon to-day Mr. Henry Dinwoodey's buggy was standing alongside of the water sect, in front of Barnes & Davis' store, the occupants being Mr. Ellen Dinwoodey and a boy five or six years old, Lee Dinwoodey. They were awaiting the return of a lady who had just stepped into the store to make some purchases when a buggy containing Miss Hattie White and a lady companion came along, the former driving, and ran into the stationary vehicle. The animals attached to both buggies became frightened, and the vehicle in which Mrs. Dinwoodey was seated was overturned, throwing the unfortunate lady to the ground, and falling upon her.

Several gentlemen who were passing and a number of the clerks from the stores near by, sprang forward, some seizing the frantic animals while others rescued the occupants of the buggies from their dangerous predicament. Mrs. Dinwoodey, who is an aged lady and an invalid, was assisted into the Wasatch Drug Store, and shortly afterward Mr. Dinwoodey arrived and removed her to her residence. She is severely bruised about the back and head, and has received a serious shock from the excitement and her injuries. The result of which cannot be stated at present. The little boy who accompanied her was also thrown from the vehicle, but was unhurt. The occupants of the other vehicle were assisted out, and escaped serious injury. Miss Martha Gledhill, who with a little girl of ten years of age, jumped from another buggy, was thrown into hysterics by the fright.

The horse attached to Mr. Dinwoodey's buggy was so easily handled, and kept on plunging and kicking in a frightful manner, smashing the front of the vehicle and freeing itself after quite a struggle the harness was removed and the animal became more docile.

The accident seems to have been the result of careless driving, shown with out any wrong intention on the part of any one concerned. There was plenty of room for the vehicle to pass in safety, and there seems to be no other reason for the collision than that sufficient attention was not paid to where the horse was going.

## A CLOSE CALL.

THREE YOUNG MEN NARROWLY ESCAPE DROWNING.

Yesterday four young gentlemen from this city, Wm. Wood, D. J. Davis, Wm. Gulver and Finley Brooks, went bathing in Jordan River, a short distance north of the White Bridge. The three named had been swimming around, and had crossed to the other side of the river, leaving Mr. Brooks behind, he being unable to swim. The support given by the company was fair, some of the gentlemen being affected with hysteresis. Last evening's performance gave further evidence of the fine ability of Mr. Warde as an actor, who is destined to take his place in the front rank. This evening he will appear in "Damon and Pythias," and for to-morrow, "Ingomar," will be given at a matinee and "Richard III" in the evening.

THEY called to him, and he was in the middle of the stream, calling for help. Wood and Davis started to assist him, though they felt that they were almost gone themselves—the former reaching him first. Before this, however, Gulver had sunk once, and when Wood caught him, he was compelled to let go, when Gulver went under the second time, remaining under for some time. When he arose again, Davis and Woods took hold of him, one on either side, and started for the shore. The three floated down the river in this position for some time, getting very close to the bank, and being entirely under water a considerable portion of the time. Mr. Davis, being the best swimmer, fared better than the other two, who thought all was over with them, but still struggled feebly, occasionally touching bottom with their feet, then washing off into deep water. Finally Mr. Brooks, feeling in danger, ran down the stream and waded out until the water was up to his chin, as far as he was able, and when the other came along, succeeded in grasping one of them by the hand, and all three were rescued.

Gulver, when he reached the bank, was stiffened, and gradually recovered strength. The others felt quite sick from the trial they had just passed through, and a quantity of water they had swallowed. They all returned to their homes, feeling more thankful after their hair-bread escape than for anything else they have ever experienced.

Scandinavian Picnic.—The Scandinavians of the county will congregate for a day's enjoyment at Lovendahl's, 309 South Cottonwood, to-morrow, about 10 a. m., going by the Utah Central train, which starts at 7.30. If any, however, should fall no on that train, they will have another chance on the train that leaves the U. C. at 10 a. m. The picnic is the evening of the 6th, and the train will leave Lovendahl's at 10.30.

## POSTPONEMENT.

DESERET SUNDAY SCHOOL UNION MEETING.

Monday night, July 5th, will be the usual time for our monthly Union Meeting to be held, but owing to the announcement of Belva A. Lockwood's lecture coming off on the same evening in the Theatre, and by request of the student authorities, the meeting is postponed to the 12th inst. Our monthly meeting, to give the general public an opportunity of attending the lecture in the Theatre of a lady of such rare talents and noble principles, we cheerfully comply, and have no doubt but many will avail themselves of the privilege.

The regular Monthly Union Meeting will therefore be postponed until the following evening (Tuesday) instead of Monday. The regular programme will be published in the Monday's issue of the News, and the Tuesday morning's Herald.

GEORGE GODDARD, Ass't Gen'l Supt. S. S. Union.

One of the Banished Coming Home.—As will be seen by the following extract from a letter written to us by Elder August Valentine, lately banished from Denmark, he is coming home with the company en route:

"As you are aware I have labored in Barmaholm but some of the ministers and some of my pretended friends got tired of having me preach the gospel, so they took it into their heads to have me banished, which they succeeded in doing. They put my message to Denmark, not, however, until I had tried every way to get the privilege of staying until I had fulfilled my mission. However, I am gone, as four others of our brethren have been banished from that country during the last two weeks. It seems strange that peaceable old Denmark should be guilty of such a bad act, but such is the case, and I am now released from further missionary labors in Denmark, and am permitted to go home with the company that leaves Liverpool on the 25th of June.

The Fourth on Washington Square.—To-morrow the Athletic Association will present attractions on Washington Square fully equal in interest, if not surpassing, anything of the kind hitherto furnished by that organization. The bicycle race for the gold medal and Championship of the Territory between the two swiftest riders west of the Mississippi, who are so nearly matched that on last Decoration Day the victor was only won by inches, ought in itself to prove a great attraction, and when it is considered that there are three other races for gold and silver medals and one handicap, as well as an unusually interesting baseball game between the Red boys and a new nine organized by the redoubtable Barker, it will be seen that the association has provided a programme that will be exceptionally excellent. The base-ball contestants are Barker's J. Deustler, C. A. Barker, p.; Andrew J. Bart, 1st b.; A. D. Bart, 2d b.; T. Spier, 3d b.; J. Platt, s. c.; B. Barney, 1st f.; Tom Babby, c. s.; A. Watson, r. f.; W. Watson, alternate. Red Boys: Bonnett, c.; West, p.; Larsen, 1st b.; Hall, 2d b.; D. Watson, 3d b.; Golding, s. c.; Peck, 1st f.; Bass, c. f.; Groesbeck, r. f. A procession consisting of the Fireman's Brass Band, the Salt Lake Bicycle Club, and the competing nines will leave the Deseret National Bank for the square at 1 p. m. to-morrow.

The Half Holiday.—As announced, the meeting of employees interested in the half holiday movement was held in the City Hall last evening. Mr. Yearley was elected chairman. Messrs. Naibitt and Barney of the committee appointed at the first meeting, reported that they had visited a great many of the merchants, and had been kindly received, their proposals generally meeting with favor. All of the business men had not been visited owing to circumstances which prevented three of the committee acting. There had been some diversity of opinion among those visited as to the most suitable day, but to the majority Thursday seemed preferable to any other; the committee also suggested that if the matter was promptly acted upon, it might be probable that the rule could go into effect next Thursday, July 9. The committee's report was accepted with thanks to the gentlemen for their labors.

On motion, the committee of five were retained as an executive committee to direct operations, and a committee of twelve appointed to prepare and obtain the signatures of business men to the necessary petition; this committee were: Messrs. John M. Young, Harry Field, Walter J. Healy, David Yearsley, James H. Patten, Samuel Brown, Henry Heath, Geo. Arubuck, John S. Lewis, Walter Farrell, J. B. Bean and W. A. Needham.

On motion, the committee were instructed to ask for Thursday afternoon, from 1 o'clock, as a weekly half holiday, until the last of September, and the meeting adjourned until Tuesday evening next, at 8 o'clock, at the same place.

A vote of thanks was given the city newspapers for the encouragement they had given to the movement. The committee were then discharged. The Phillips for the use of the hall.
