From numerous cases of Dyspepsia and Constipation cured by the use of Follows' Compound Syrup of Hypophosphites, after every other known remedy had been used in vain, its efficacy in restoring the functions of Digestion and Evacuation is manifest.

It is asserted that the ordinary cosmetics used by ladies are productive of great mischief. We believe this is so, and that a better means of securing a beautiful complexion is to use good blood medicine like SCOVILL'S Blood and Liver Syrup, which cleanses the blood and gives permanent beauty to the skin. dttm

TO THE FARMING PUBLIC. We desire to inform you that we have opened a branch office and warehouse at 101 and 103 Main St., this city, to be conducted under our own supervision, for the sale of the "Osborne Harvesting" Machinery. In Utah, Idaho, Montana, northern Arizona, eastern Nevada, and western Wyoming.

During the past five years we have been indirectly identified with the interests of this country, and this step is taken with a view to bringing ourselves as manufacturers in closer relations with our customers, and we trust our efforts in this direction will be productive of good to our patrons as well as ourselves.

We have extensive wholesale and retail departments which will be filled with our Mowers, Reapers and Self-Binders, including a complete line of repairs for the same. These departments are conducted by competent and experienced operators, who will exhibit the various machines to farmers and agents and make them familiar with their operations.

We cordially invite you to call upon us and examine our stock, and whether you wish to purchase or not, we shall be glad to see you and have a pleasant talk.

EVENING NEWS.

Monday, January 19, 1880.

LOCAL AND OTHER MATTERS.

From Ogden.—F. S. Richards, Esq., of Ogden, is down to the city on a brief visit. Always glad to see our friends. dttm

A New Governor.—By reference to our dispatches, it will be found that Eli H. Murray, of Kentucky, has received the nomination for Governor of Utah. The customary "Who is he?" is now in order.

The Reason.—The reason our patrons in the eastern part of the city have not received their papers regularly of late is because the carrier has been and is still sick. A new one will be put out at once, and the matter remedied. dttm

Death from Paroxysm.—Brother Joseph Olphin, of Pleasant Grove, died on Saturday last from paroxysm. Just a few days ago he attended the funeral of his father, and on returning home was attacked himself by the destroyer. Brother Olphin was a good man, and highly respected. He leaves a family. The funeral was held today.

Another Sad Event.—We desire to express our earnest condolence with the family of Brother Geo. W. Davis, in the death of their little four year old boy George, who died this morning at five o'clock, from an attack of membranous croup. He was an unusually bright little fellow, strong and healthy, and endowed with precocious intelligence. He endured his sufferings like a little hero, never making a cry or the least complaint, until the hand of death was closing upon him. The funeral will be held tomorrow at noon. See notice elsewhere.

"Junction" Jots.—A man named Peter Lyon stole a watch from Ed. Morton, while the latter was lying wounded, after the shooting Friday night; but was afterward arrested, and on Saturday was taken before the police magistrate and fined \$25 and costs. On Friday morning, a young lady, engaged in the family of Mr. John Fowler, was walking along Fourth Street, just above the Court House, she was taken with a fit, and fell to the ground. Aid was soon at hand, however, and the young lady removed to her residence.

McMillan Dead.—Sam McMillan, who was so seriously wounded in the shooting affray in Ogden, Friday night, died from his injuries Saturday morning, at 4 o'clock. Morton, his opponent, is dangerously wounded, but may recover. He claims to have killed McMillan in self-defense. The woman, over whom the affray occurred, is said to have once been McMillan's wife, but was divorced two or three years ago. Morton was in her house when his assailant came to the door and (as the former says) began firing upon him. McMillan's body was interred in Stranger's Cemetery, Ogden, yesterday afternoon. So we learn from the Junction.

Shot in a Ball Room.—The following special was received this morning: SILVER CITY, January 18, 1880.

Editor's Dear Sir:—Quite a serious affair occurred at Silver City, last night. Two men from Provo, named M. M. Peck, Jr., and V. J. Thomas, had some trouble in a saloon kept by Peck, but Thomas across the head and breast with a knife, and ran out of doors. Thomas followed with a self-acting revolver in his hand. A short time after, the pistol was discharged and Thomas thinks that, in his excitement, he has pulled the trigger without realizing the fact. The ball passed through the side of the building, when the dance was going on, and shot a Miss Lydia Green. She was sitting on a bench, with her arm resting on her lap. The bullet passed through the fleshy part of the hip and entered her arm; it is supposed to be in the elbow joint. A doctor has been sent for to extract it. Thomas gave himself up, and regrets the affair very much. It seems that Peck was going on with a high hand in the saloon, when a small boy was temporarily left in charge, and when Thomas expected to see Peck, he was disappointed because of the man's absence. He was then leaning at him three or four times with the knife, and then ran.

Railroad Accident.—About five o'clock Saturday evening, as the freight train on the Utah Southern was entering the city, a cow was discovered on the track, a short distance ahead, and the engineer began blowing his whistle lustily, to frighten her out of the way. Instead of leaving the track, however, she only quickened her pace and kept right on ahead. The train was going at full speed in order to avoid the cow, which was considerably near the depot, and beside was so close to the ill-starred engine that it was not possible to throw her from the track, caught her hind feet in the cowcatcher, and pushed her along until the body fell to the ground and passed under the train, which latter circumstance caused the tender, a flat-car and a box-car to be thrown off the rails. In this plight the train was dragged along for a distance of about two blocks before it was brought to a standstill, just on the brink of a canal. The flat-car had lost two wheels, the box-car was badly smashed, and the tender on the east side of the track was somewhat damaged, where the upset car had knocked against it. The cow was scattered from Dan to Beersheba, not two bones of her entire anatomy being found together. She was the property of Mr. Wm. McLachlan, and unluckily had broken out of the pasture just before the train came along. Considering all, it was very fortunate that no harm was done, for if the train had proceeded two or three rods farther, a portion of it might have been plunged into the canal.

Superintendent Sharp and others were at the scene of the accident, yesterday morning, loading up the debris of the broken cars for removal, and otherwise putting the track in order.
