DESERET EVENING NEWS.

TRUTH AND LIBERTY.

VOL. VI. SALT LAKE CITY, UTAH TERRITORY, MONDAY EVENING, OCTOBER 13, 1873. No. 274.

BY TELEGRAPH.

PER WESTERN UNION TELEGRAPH LINE.

EASTERN.

Absconding Defaulter.

NEW YORK, 11.—George A. Clark, son of ex-Mayor Clark, of this city, cashier of the agent of the Union Pacific Railroad here, is missing with $10,000, received for tickets sold last month; he has heretofore borne a respectable character, and is supposed to have been speculating in stocks.

Stokes' Trial.

The Stokes trial was resumed this a.m. The work of procuring the jury is progressing.

Cut his Throat.

Auguste E. Phillips, ex-U. S. Consul at Santiago de Cuba, cut his throat at the Crittenden house this a.m. He is supposed to have been rendered temporarily insane by financial troubles.

Yacht and Boat Races—Says he Didn't Steal anything.

The eighth juror was sworn in the Stokes case to-day.

A number of the American members of the Evangelical Alliance met after the adjournment of that body to-day, and formed an organization called the U. S. branch of the Evangelical Alliance.

The ocean yacht race from Sandy Hook to Cape May and return, for the Pennett cup, value $1,000, and three purses, amounting respectively to $1,000, $500, and $250, for schooner yachts, pilot boats, working schooners, and fishing schooners and smacks, terminated to-day. The *Enchantress* won the first prize, the pilot boat *Thomas S. Negus* the second, and the pilot boat *J. W. Jewett* the third. Considering the rough weather experienced the *Enchantress* made the quickest run on record, sailing ninety miles in 10 hours.

Ex-city treasurer Sprague, of Brooklyn, has brought a suit in the supreme court, against Rodman, the city of Brooklyn, the Brooklyn Trust Co., and others to recover money he refunded to the city. He holds Rodman responsible for the stealing, and makes charges of fraud against others. He contends that he stole nothing from the city treasury.

Steamer Wrecked.

NEW ORLEANS, 11.—A dispatch from Captain Pierson, dated Nashua, 6th, reports that the steamer *Missouri* was wrecked Oct. 1st, off the Bahamas. The ship was broken in two. The crew and passengers were all saved and landed at Bemeni. Loss from a quarter to half a million.

More Fever Victims.

LITTLE ROCK, Ark., 11.—There were three deaths from yellow fever at Argenta, on the opposite side of the river, yesterday. Quarantine will be established.

Full Currency Payments.

CINCINNATI, 11.—The Clearing House Association, to-day, resolved that the banks shall resume currency payments on Monday.

Horses Burned.

BOSTON, 11.—The large stables of Martin Hayes, corner of Beckley and Appleton streets, at the south end, were burned this morning, with eighty-six horses, valued at from three hundred to one thousand dollars each.

Gave Bail.

John N. Pierce, the alleged defaulting cashier of the Merchants' National Bank of Lowell, gave bail to-day, in $20,000 for trial.

Utes en route to Washington.

ST. LOUIS, 11.—A delegation of Ute Indian chiefs, in charge of Charles Brown, agent of the tribe at Los Pines, Colorado, have arrived here *en route* to Washington, where they go to consult with the Government authorities in relation to the recent cession of four million acres of their land reservation to the U. S., and the establishment of a military post, about one hundred miles west of Fort Garland.

Senator Conkling will not Accept—The Buddington Party Disturbed.

A Washington dispatch says, on the authority of Senator Cameron, that Senator Conkling will not accept the office of Chief Justice if tendered by the President; that he proposes to retire from political life at the end of his senatorial term, and to devote himself in future to the practice of the law, and to making a fortune by that.

There is said to be a good deal of ill feeling among the members of the *Polaris* party now at Washington, against Capt. Tyson and party. They seem to consider the reported poisoning of Hall as charges specially made by Tyson. The party are much disturbed by the idea that Tyson advanced that the separation from the party on the ice floe was intentional. This feeling has sprung up since the Buddington party learned of the statements made by the Tyson party.

Mills Stopping.

PATTERSON, N. J.—One silk mill in Patterson is running on full time. Several mills have entirely suspended, others are running only part time, with reduced forces.

Loss by Theft.

LOWELL, MASS., 11.—The national bank examiner reports the loss to the Merchants' National Bank, by the defalcations of the cashier, at $83,700, with possible liabilities of $37,000.

Killed.

ITHACA, N. Y. 11.—Mortimer M. Leggett, son of M. D. Leggett, U. S. Commissioner of patents, was killed by falling from a cliff on six mile creek, last night.

Deaths.

MONTGOMERY, ALA. 11.—There have been three deaths from yellow fever during the past 24 hours. The deaths to-day and Friday were old cases, and were attributed to the cold weather.

The Pomeroy Shooting Case—Confirmed.

WASHINGTON, 11.—Conway met Senator Pomeroy a few days ago for the first time in about two years and said abruptly, "I am out of money," to which Pomeroy replied, "I know it; then how to appreciate your situation, for I am nearly in that condition myself." This was all that passed between them at this interview, and to-day not a word was spoken before Conway commenced firing, surprising Pomeroy more than anything that ever happened to him before. Pomeroy is emphatic in stating that he never had any controversy or ground for difficulty with Conway; on the contrary, he says that about three years ago he and Senator Sumner got Conway's wife a clerkship in the treasury department, on her representation that her husband would not support her. Subsequently, says Pomeroy, Conway tried to trustee, or draw, her wages at the treasury department, and failed to accomplish it, but he, Pomeroy, had no controversy with him on that subject or any other. Conway is a native of Baltimore and a printer by trade. He studied law, went to Kansas, and took part in the early struggles of the territory as a free statesman. After serving as judge, he was elected to Congress as the first representative of Kansas. At the end of his term he was appointed, by President Johnson, consul to Marseilles, but was removed by President Grant, soon after the latter's inauguration. He has been living in this city several years.

The secretary of the Interior has received official dispatches confirming the press dispatches of the release of Santanta and Big Tree.

$10,000 Bail.

Conway has been released on $10,000 bail.

Examination Completed.

Colonel Moore, the National Bank examiner, has completed a thorough examination of the National Metropolitan Bank of Washington, and has made a report to the comptroller of the currency. The comptroller states that, from the report, it appears that the capital stock is unimpaired, and that the city bank has a considerable surplus of assets, at their cash value being more than sufficient to pay the creditors and stock holders.

A Fire.

DETROIT, 11.—A fire, this morning, destroyed twelve buildings, including Weber & Co.'s sash factory, where it originated, and Mann's brewery. Loss $50,000, insurance small.

Fever Deaths

SHREVEPORT, 11.—There were seven deaths from yellow fever to-day.

No Abatement.

MEMPHIS, 11. The yellow fever continues without abatement, and there are no immediate prospects of the cessation of the scourge. Sanitary measures are being pushed.

Fifty Deaths.

There have been fifty deaths from yellow fever the last twenty-four hours.

Effects of the Panic.

PHILADELPHIA, 11.—A number of Frankford cotton mills are running on half time in consequence of the failure of dealers and the difficulty of procuring currency to pay wages. Campbell's mill at Manayunk has been closed by a strike of operatives. At other manufactories work continues at a reduction. The Southwark foundry has closed, and six hundred men are idle, refusing to work at a reduction of wages.

FOREIGN.

FRANCE.

Don't Want Monarchy.

PARIS, 11.—Twenty-seven members of the municipal council of Paris have published an address, declaring that the Assembly has no right to declare national sovereignty, and affirming that the majority of the people reject the claim of the Count de Chambord to the throne of France; they request the deputies from the department of the Seine to declare frankly how their precincts vote, when the question of a change of government is brought up in the Assembly.

Continuation of the Court Martial.

VERSAILLES, 11.—The Bazaine court martial was resumed this morning. Several documents were submitted by the prosecution and read, the most important of which was one showing that Bazaine was responsible for not husbanding the provisions in Metz. He neglected to inform his officers of the situation, thus preventing them from taking the necessary precautions against scarcity. Riviere's report was then taken up, and its reading concluded. Riviere's says that in relinquishing the chief command of the army the Emperor gave his last order to Bazaine, which was to retreat to Chalons, and though this order was repeatedly insisted upon, Bazaine aimed to escape the Emperor's control. The deceived the Emperor and, coming as he did, by his false information, in the advance towards Montmedy, he greatly shared the responsibility for the disaster of Sedan. Alluding to the negotiations between Regnier and Bazaine, the report says that Bazaine never ought to have listened to a smuggler without credentials. It was his duty to take the field or, if unable to do so, to harass the enemy by repeated sorties, and as the obtaining of provisions for his army was the only hope of the nation while it existed nothing could be lost. Bazaine was anxious about the form of the government, but the Empress, when granting a farewell audience to General Bourbaki, advised him to proceed to Tours and offer his sword in the cause of the nation, rejecting a convention, the first condition which was the dismemberment of the Territory of the country. Upon the conclusion of the reading of the report the court adjourned for the day. Several officers censured in Riviere's report have announced their intention of demanding a court martial.

SPAIN.

Anchored.

MADRID, 11.—The government squadron has anchored four miles from Carthagenia.

Are to Recognize the Republic.

The ministers from Guatamala and Costa Rica have arrived. They have instructions to recognize the republic.

AUSTRIA.

Distressed Americans.

VIENNA, 11.—Jay, the American minister, has written to Washington recommending that provision be made for sending home from Vienna, a number of waiters, laborers and other Americans now in that city in a destitute condition. Many travelers who hold letters of credit from suspending banking houses in the U. S. find themselves without funds, and are compelled to accept friendly subscriptions to enable them to return home. A large number of English and French exhibitors at the Exposition have made application to Garretson, the American commissioner, to have their goods transported to Philadelphia, where they may remain in readiness for the exhibition in that city in 1876.

RUSSIA.

Troops Returning.

ST. PETERSBURG, 11.—Intelligence has been received from Central Asia that the Mangyschlak detachment of the Khiwan expedition evacuated Khiva on the 31st of August. The Orenburg detachment left Iman on the 11th of September and is expected at Orenburg on the 14th of this month.

GREAT BRITAIN.

Specie for America.

LONDON, 11.—Five hundred thousand dollars in specie were shipped from Liverpool to New York, today.

Funeral of Landseer.

The funeral services of the late Sir Edwin Landseer took place today at St. Paul's cathedral. The body was taken from Burlington House, accompanied by a procession consisting of members of the Royal Academy, including Earl Granville, Sir Francis Grant, Sir Robert Leslie and George Cruikshank. The Queen and Prince of Wales were represented at the funeral. The body was deposited in the crypt of the cathedral.
