

SILOFF EARNED THE DECISION.

Won Over Jerry McCarthy in Twenty Round Contest For Championship.

JERRY WAITED TOO LONG.

Fighting Dutchman Did All the Leading For Seventeen Rounds—Grand Theater Packed by Fight Fans.

Before an audience that packed the Grand theater from stage and pit to the uppermost seat in the gallery last night, Jerry McCarthy of Salt Lake, and Otto Sieloff of Chicago, fought twenty rounds for the title of white waterweight champion of the world, and after the going had sounded once, the last round, referee Theodore Van Buskirk gave the decision to the Chicago fighter.

The bout was pulled over into the management of the Shamrock Athletic club, and the performance was voted a success in every particular by those present. The match demonstrated that there is a large element of Salt Lake citizens who are willing to part with their cash to see them when they are assured that the bouts are on the square. It was the first time since the Chicago Jack Daly was paid to "throw down" the club when he met McCarthy in the same ring last winter.

The crowd was orderly, and when Van Buskirk rendered his decision, it was received with cheer. Even some of McCarthy's most ardent supporters admitted that Sieloff earned the decision and was clearly entitled to it. It was the conclusion of opinion, however, that had the fight continued for a few more rounds, McCarthy would surely have won his opponent down and beaten him.

Sieloff, on many occasions, was the stronger of the two, and had the advantage that goes to youth and weight. He was several pounds heavier than McCarthy, and when the fight came to the afternoon, Jerry refused to take his weight down. Sieloff was in the position of the match required by the articles of agreement. Jerry admitted that he weighed 145 pounds, and Sieloff was in the pink of physical condition or they never could have gone the last four rounds.

From the top of the going in the first round to the seventeenth round Sieloff was the aggressor, and he jabbed with his left, swung right and left and uppercut, but Jerry blocked most cleverly and by his superior boxing skill, he kept McCarthy from coming out on his feet. McCarthy depended on counters entirely, and seldom came out of his own defense. Sieloff kept McCarthy on his feet, and at the end of the fight, McCarthy was exhausted, and Sieloff was still in the pink of physical condition.

Sieloff's main friends by his work and the crowd yelled in his favor repeatedly. He was apparently the victor in the last three rounds, and Sieloff got out of the fight with a clean conscience. McCarthy was simply amazed at the wonderful ability displayed by Sieloff to keep up the fight. He was not at all weary, and when the fight was over, Sieloff was still in the pink of physical condition.

RACES AT OAKLAND.

Main Attraction Was Six and a Half Furlong Handicap.

San Francisco, Jan. 29.—A six and a half furlong handicap was the main attraction at Oakland today. A field of five met with Futurity favorite and the Jennings colt leading, and the latter broke away to lead. The race was a close one, and the only lead that was drawn came from Otto von, who was in the lead in the first round. McCarthy was in the lead in the first round, and Sieloff was in the lead in the first round.

A CONVERSATION WITH A CLIMAX.

When a Professional Man Talks It's to the Point.

Several famous American physicians and surgeons were recently dining together at a session of a national meeting held in New York City. "I had a remarkable case this winter," remarked a surgeon present, whose name as a specialist in rectal diseases was well known. "My patient was a woman, a delicate, nerve-racked creature, who had suffered so fearfully from the ravages of hemorrhoids, that the knife seemed the only solution of the trouble, and yet her heart was weak and her strength so wasted by this fearful disease, that we dared not operate.

I had ceased my visits to her for a time and had given up all hope, when one morning she entered my office looking like a new woman; the pallor had disappeared and the lines of suffering were nearly eradicated from her face. She told me she had bought at a drug store for 50 cents a proprietary medicine in a box called 'Pile Cure' from the first insertion. I made an excellent condition, the inflammation entirely disappeared and the swollen veins in normal condition.

"I was so interested in the case that I had the remedy analyzed carefully, and was so pleased with the result of the analysis, finding a combination of the most healing and scientific remedies present in the Pile Cure, that I was in a more convenient form than I could secure there otherwise, that I Marshall, Mich., asking for their booklet on Piles, their Nature, Cause and Cure, which by the way is sent free, and which since used their Pile Cure extensively, and with best results in my practice. I do not hesitate to recommend it to you all. It will save your face from a painful surgical operation, which in many cases results fatally.

have defeated his opponent. But he kept waiting until it was too late. He gave Sieloff the worst of the last three rounds, and the latter had such a big lead that Van Buskirk could do nothing else than give him the decision. Jerry realized that he had made a mistake.

"This fight my feelings," said Jerry in his dressing room after the contest. "I know I can lick Otto, but I realize that I had not the courage to take him on aggressively from the twelfth round, and had I done so I would have knocked him out, because after that round he did not have a knock-out punch in him. The defeat makes me feel pretty sore, but I have the consolation of knowing that I lost to a top-notch."

Sieloff was nursing a badly sprained thumb when the sporting office for the "News" saw him in his dressing room. He said:

"Well, I feel pretty good. You people out here feel me right and it is evident that you want to do the square thing in meeting McCarthy. I gave away some weight. I knew he was playing a waiting game and that he had underestimated my ability to keep the fast pace. I had not the courage to take him on aggressively from the twelfth round, and had I done so I would have knocked him out, because after that round he did not have a knock-out punch in him. The defeat makes me feel pretty sore, but I have the consolation of knowing that I lost to a top-notch."

Both men were around as usual this morning and appeared none the worse for the hailing. Neither bears any particular mark of the battle and both said they felt all right and that they were ready to fight again.

The preliminaries were highly interesting to the crowd. The Jones youngsters went four rounds and got the decision. McCarthy and Ray Barney furnished one of the best four-round preliminaries ever seen in this city. They slugged for keeps all the time and both were well-nigh worn out when the end came.

Sieloff's second was Eddie Robinson and Joe Wadinski, while Ray Barney and Charles Ross were in McCarthy's corner. The winner was challenged by Jack Clifford, Mike Ward and Dave Barrie.

SILOFF LEAVES FOR HOME.

Sieloff and trainers settled up with the management of the fight carnival during the night and this morning took train for Chicago from where they came to Salt Lake for the contest, which closed so auspiciously for them last night.

HANLON EASY WINNER.

Had No Trouble in Scoring Over Kid Broad Last Night.

San Francisco, Jan. 29.—Exhausted at the end of the fourteenth round tonight, "Kid" Broad of Cleveland abandoned the contest with Eddie Hanlon of San Francisco, and the referee awarded the fight to the California Broad had had but a few days' preparation for the fight and was, according to his own claim, not in condition to continue. Hanlon required a terrible punching about the body. The winner fought a fast and aggressive battle and directed most of his blows against the body of his opponent, missing few of his shots.

Broad proved his capacity for absorbing punishment to a great extent by his showing against Hanlon was of an inferior order, and all through the fourteenth round Hanlon was in fine condition and rarely received a blow that either jarred or hurt him, with the exception of a few on the eye which did not lift the lid open, and for a few moments caused him confusion. Broad was apparently knocked out and was at no time able to penetrate the peculiar defense put up by Hanlon.

Ryan-O'Brien Match.

New York, Jan. 30.—Plans are under discussion for a match between Tommy Ryan and O'Brien for a 15 or 20 round fight and the middle weight championship. They fought six rounds Wednesday night in Philadelphia, and both are anxious to settle the question of superiority, having expressed a willingness to meet anywhere. The Yosemite Athletic club of San Francisco is understood to have already made an offer for the fight.

THE BILLIARD MATCH.

Championship Contest in Paris Was Won by Vignaux.

Paris, Jan. 29.—By the narrow margin of four points, Vignaux, the French player, defeated Sutton, the American, in a billiard contest of the century, and consequently retains the championship of the world.

MARRIAGE LICENSES.

Marriage licenses were issued the past week by the county clerk to the following persons:

Louis Binder, Chicago, Ill., to Mary E. Hocking, Chicago, Ill., \$4.
 William E. Barnett, Salt Lake, to Anna Simmons, Salt Lake, \$4.
 S. A. White, Fort Douglas, to Grace Jacobs, Salt Lake, \$4.
 John Sherman, Salt Lake, to Christina Jensen, Salt Lake, \$4.
 Henry Rippey, Hoxbury, Idaho, to Nora S. Gunnell, Wellsville, Utah, \$4.
 Alma Chase, Nephi, to Leah Ockey, Nephi, \$4.
 W. B. Erickson, Murray, to Estelle M. Young, Vermilion, \$4.
 C. Z. Olson, Sublette, to Jennie Cotton, Salt Lake, \$4.
 M. W. Wagstaff, Salt Lake, to M. Marie Carlson, Salt Lake, \$4.
 E. L. Hoyt, Murray, to Eliza M. Holden, West Jordan, \$4.
 John Backman, Juab, to Nellie Benson, Salt Lake, \$4.
 R. P. Tensdale, Salt Lake, to Bertha Tisco, Salt Lake, \$4.
 E. J. Stanley, Hamilton, Montana, to Rosetta Terpening, Arnold, Neb., \$4.
 A. J. W. Gardner, Murray, to Sophie Stecker, Murray, \$4.
 G. F. Sorenson, Salt Lake, to Mona Jensen, Salt Lake, \$4.
 W. H. Shafer, Salt Lake, to Mary Rogers, Salt Lake, \$4.
 A. F. White, Clifton, to Harriet R. Hittman, Salt Lake, \$4.
 J. M. Chantry, Salt Lake, to Bertha L. Kohler, Salt Lake, \$4.

Fast Automobileing.

Ormond, Fla., Jan. 29.—Racing of the American Automobile association began with the one-mile trial for gentlemen drivers in which the final heat was won by W. K. Vanderbilt, Jr. H. L. Bowden won the first heat in 51.4 seconds. The second heat was a victory for K. Vanderbilt, Jr. in 47.3 seconds. Third went to A. D. Proctor Smith. Smith's time was 1:07.5. Vanderbilt won the final in 51 seconds, with Bowden second in 51 seconds.

There were, but three entries in the 105 class, in which was won by Bowden in 52 seconds. F. A. Laroche was second in 54.5 seconds. J. Inley Blair was third in 1:06.5. The one-mile 55 seconds class, run in two heats and a final, was a fine race

SCHOOL COURSE TO BE REDUCED.

City Supt. Christensen Wants to Cut it Down to Eight Years.

DESIRES TO STRENGTHEN IT.

Committees Have Been Appointed to Work on the Proposition and Eliminate Certain Studies.

City Superintendent of Schools Christensen and several committees of principals and teachers of the city schools are now engaged in the serious consideration of a plan to reduce the present school course from eight and a half to eight years and at the same time strengthen the course instead of making it weaker. The plan will mean a lot of hard work and thought on the part of those having it in charge and will require several months perhaps to devise a suitable means of accomplishing the desired result.

Committees have been appointed by Superintendent Christensen to work on the proposition, and it is the intention to undertake to eliminate certain features in the various studies which can be dispensed with without interfering in any way with the thorough education of the pupil on such subjects. Since the financial condition of the schools has necessitated cutting down the term from 10 to nine months, the entire course has accordingly been reduced to eight and a half years. In order to meet the demands of an increased school population and at the same time keep within the limit of means provided by the board, it is absolutely necessary to shorten the entire course to eight years and thus relieve the crowded condition of the schools that much faster.

To do this without impairing the proficiency of the course, is a matter which will have to be studied out. It has been done in other cities, and it is believed by Superintendent Christensen that it can be done here and at the same time the course can be strengthened. The committees, which they have completed their work, will report to the board of education which, of course, will have to approve of any such change before it is made. It is expected that the work will be completed and a plan devised by the close of the present school year. In explaining the matter to the board, Superintendent Christensen said:

"It is an easy matter to cut the course down to eight years, but what I aim at is to make the reduction and at the same time strengthen the course, by eliminating features of certain studies. The eliminating of irrelevant matter from the fundamental subjects is where the care and study must be exerted. To secure the best results within the quickest time, I have given the matter of elimination to committees composed of principals and teachers who either teach that particular branch are very proficient in it. "To make myself perhaps a little clearer, let me cite you an example. Take arithmetic, for instance. In the regular course a certain amount of time and attention is paid to stocks and bonds. Now I contend, for an argument, that a knowledge of stocks and bonds, as derived from an arithmetic, is perhaps not essential to a pupil's mathematical education. Perhaps the book can be reduced to one day, or two, and the other days, or a part of them, given over to a further perfection in the more important of the rudiments of arithmetic.

"A banking institution, for instance, cares more for a man or woman who is exceptionally proficient in addition and subtraction and computing interest than a billiard club cares for a man who is a knowledge of stocks and bonds. I simply cite that as a point showing more clearly what I mean when I say eliminate irrelevant subjects and give more time to the subjects which will make the pupil's general education along mathematical lines more efficient. "By taking off a few days here in this study, and a few more there, we can, in a large and important way, desire to strengthen the course, we can, we hope, see our way clear to getting the old eight year course of ten months into an eight year course of nine months. In many of the larger cities eight years and less are prescribed. Take Kansas City, for instance. It has only a seven year course, still its system of education stands at the head of the parade. It is the aim of the board and a half more to attain the same educational degree of perfection. If they can do it in Kansas City in seven years, we surely ought to be able to do it in this country in eight years.

GOING TO MANILA.

Twelfth Infantry Stationed at Fort Douglas to Leave in March.

A message from the war department received at Fort Douglas last evening, read as follows: "Orders are in preparation for the Twelfth infantry to proceed to the Philippines about March 1." A subsequent dispatch stated that the Twelfth infantry would relieve the Twenty-ninth infantry which will leave the states as soon as the command can be got ready. The Twelfth infantry numbers 700 men with 47 officers. The first battalion, headquarters and band are at Fort Bliss, Tex., and the companies G and H at Fort Duchesne, E company at Whipple Barracks, and F company at Fort Apache. The first and second battalions are to re-enter foreign service, but the second battalion is to be sent to the Philippines. It is merely the difference twist twined and twined. With the return to the Philippines, the entire regiment will be together again. Members of the regiment who desire to be enlisted in six months will not accompany their regiment unless they re-enlist in the same command. Also, a few soldiers unit for island service will be sent to this country. The Twelfth infantry has been here since May 10, 1902.

The following letters from Morgan, Utah, are self-explanatory and are published that the parties referred to may be given a wide berth and treated with the contempt deserved: "To the Editor: Morgan, Utah, Jan. 29.—There was a patent medicine show here about the holidays which went into one of our outside small settlements and succeeded in swindling the people out of \$200 or \$300. But that was not all. The swindler who played the victim who is dearer to him than life, without his knowledge or consent, ruin her, leave her desolate and the law will protect him, citizen or not. Trusting you will find room for this in your paper, and that it will serve as a warning to others, I am yours in behalf of the people. "A CITIZEN OF MORGAN."

SMOOTH SCOUNDRELS.

ARTISTS NOT-SUITED.

Evans and Fairbanks Lose Case Against Utah Art Institute.

Judge Morse has sustained defendant's motion for non-suit in the mandamus case of Edwin Evans and John R. Fairbanks against the Utah Art Institute et al, and has ordered the case dismissed and the writ of mandamus denied. The action was brought to compel the institute to award to plaintiffs the \$300 state prize for their pictures, which were exhibited at the annual art exhibit held in this city last April. Defendants, in their answer, alleged that the pictures exhibited by plaintiffs were not worthy of the prize and further that plaintiffs were on the committee which selected the pictures to be entered in the contest and that they chose their own pictures to the exclusion of those of other artists. At the conclusion of plaintiff's testimony yesterday afternoon, the attorney for defendants moved for a non-suit on the grounds that the committee on exhibition, of which plaintiffs were members, acted illegally in admitting their pictures, and excluding other competitors and on the ground that one of the plaintiffs in question has been disposed of since the exhibit, which being contrary to the provisions of the statute which provides that the pictures securing the state prize shall be

Newbro's Herpicide

A "HAIR SAVER" THAT GROWS IN POPULARITY

GOING FOR HERPICIDE—BUT NONE TOO SOON.

WHY? Because dandruff is a contagious disease and one cannot get away from it too soon. It is owing to the highly contagious nature of dandruff that the disease is so easily acquired. Washing and scouring of the scalp will remove dandruff, but the cause of the disease can be removed only with a scalp germicide, and the original one is Newbro's Herpicide.

THE CHIEF reason for hair neglect and consequent hair loss is due to the extremely slow destructive action of the dandruff microbe, thus giving the impression that the hair is not in danger. The injury is to the hair bulbs, for when they are gone—as in chronic baldness—not even dandruff microbes remain in the scalp.

THE MERE fact that a tiny flake of dandruff—laden with dandruff contagion—finds its way into the healthy hair of a young person, does not cause immediate dandruff and falling hair. Dr. Carter, of Paris, has found that the dandruff microbe requires years of growth and development before it produces dandruff; but after this, the apparent destruction becomes more rapid, causing in time itching of the scalp and falling hair.

DISCRIMINATING PEOPLE now regard it a duty to employ a scalp antiseptic that will insure cleanliness and freedom from hair disease. This "duty" becomes a genuine pleasure in using Newbro's Herpicide, and on account of its refreshing quality and exquisite fragrance a pleasant habit is usually formed for its use.

THE HERPICIDE HABIT. A well known traveling man writes as follows: "A friend of mine exposed me to your delightful remedy and I promptly caught the herpicide habit." Ladies become enthusiastic over Herpicide for it overcomes excessive oiliness and makes the hair light and fluffy. It promptly corrects dryness and brittleness of the hair and never fails to cure dandruff and stop falling hair. It stops almost instantly.

ITS MERITS ARE ALWAYS NOTICED. "I have used your Herpicide, and think it is the best dandruff cure I have ever used." JOHN FARRELL, Eden, Utah. (Signed.) MRS. E. S. FOX, Park City, Utah.
