EVENING NEWS.

Wednesday, September 27, 1878.

PRICE OF GOLD.
Covered daily by Deposit National Bank, SALT LAKE CITY, September 27, 1878. Buying at \$1.05. Selling at \$1.10.

Local and Other Matters.

Thermometer 57 degrees F. in the shade at 1 p.m. today. Fire.

Arrived Home.—Mr. Spencer Clawson arrived from New York last night.

Hotter.—The mercury, the last day or two, has been trying to get close on 90 in the shade. Pretty warm for the last days of September.

Artistic.—Mr. Dan Wegeland has presented President Joseph Young with his fine painting of the "Crucifixion."

Information Wanted.—Christina Millin, of Paxton, Illinois, desires to hear from her father, Peter Millin, formerly of Kuttan, Sweden. She has been informed that he has been lately engaged in some of the mines in this Territory.

Seventies' Meetings.—We are requested, by President Joseph Young, to announce that in future the general meetings of the Seventies, held on the evening of the first Wednesday of each month, will convene in the Council House Building, instead of in the City Hall, as heretofore.

Fish Culture.—This morning Hon. A. P. Rockwood received, by express, 50,000 salmon eggs.

The small fry will be ready for distribution on or about the 1st of November, and we are requested to remind the various Counties of the Territory that they should make note of this fact and be ready to receive their proportion, for placing in the public waters.

Precinct Primary.—At the primary held in Big Cottonwood, at 4 p.m., on Monday, William G. Young was elected chairman and John Neff secretary, and the following were elected delegates to the approaching Salt Lake County Convention: William G. Young, Wm. Taylor, and W. H. Walker. The alternates appointed were John Neff, Amos H. Neff and H. B. Skidmore.

In the East.—A professor of an eastern college writes thus concerning the NEWS, which he receives regularly and places on file in the reading room of the college: "The paper is to me an agreeable surprise for the fulness and freshness of its intelligence and as an interesting exposition of the Mormon faith, intelligence, and zeal."

Sweet Potatoes.—We have additional positive proof of the fact that sweet potatoes can be easily and profitably raised in Utah. This morning Elder A. M. Cannon exhibited specimens to us, of the Bermuda kind, from his garden. They are pink in color and of good size. He has also raised some of the Brazilian yam and the southern yellow yam, but he thinks the Bermuda are the most prolific and best adapted to the soil of Utah. From three, one of each kind named, of a quantity brought from Texas by Brother Richard Greer, he raised about one hundred sprouts, from which he obtained his crop.

Why shouldn't the sweet potato be more extensively cultivated hereabout?

City Council.—The Council met last evening, Alderman Spiers in the Chair. Petition of McDuff Brothers, representing that their limestone quarry is situated only about twenty-seven rods from the location of the power magazines, and that in blasting rock fragments are frequently propelled over double that distance, rendering the danger of exploding the magazines very great, as they contained a large amount of powder liable to explode by concussion. The petitioners, for this cause, desired that the magazines be removed or emptied of their contents; referred to committee on improvements.

Petition of Joseph Warburton and others, for the privilege of cutting a ditch and running a small stream of water sufficient to supply power for a molasses mill, from 6th South Street to a designated point on 7th South Street, south-east portion of the City; referred to committee on improvements.

The ordinance on waterworks was repealed and the matter of drafting a new one referred to the committee on municipal laws. Bills of Salt Lake City Gas Company, for labor and materials supplied the waterworks, amounting in the aggregate to \$216.75, were allowed and amount appropriated. Bill of J. L. Rawlings, for salary as city attorney, \$168.65, allowed and appropriated.

The sum of \$1,000 was appropriated for the use of the supervisor of streets.

Indisposed.—We regret to have to state that Mayor Little is confined to his room with a severe attack of chills and fever.

Matrimonial.—The marriage of Mr. Bradley Clawson, son of H. B. Clawson, Esq., and Miss Claire Little, daughter of Mayor F. Little, was to take place to-day. Peace, felicity and prosperity comprise our warm wishes for the young and happy couple.

After Them Yet.—The police still are after the noisy nuisances who are in the too frequent habit of creating disturbances at the railroad depot, on the arrival of trains. Abe Meekin, a huckster, was arrested for that kind of offense last evening, and Justice Pyper fined him \$5.

Terminated Fatally.—We learn from Brother William Reeves, of Centerville, that the boy, William Brandon, who was thrown from a horse at that place, last Sunday, expired, from his injuries, last night. He never uttered a word from the time of the accident until his death. Much sympathy is felt for the parents and friends of the deceased.

Stumpage.—Register Patton, of the U. S. Land Office in this city, in his zeal to annoy and perplex President D. H. Wells, had all the lumber at that gentleman's mill attached and advertised for sale, in the name of the United States, some time since. President Wells replenished the property, giving a bond for \$9,000, Register Patton being allowed five days, by the Court, to file a counter bond, of \$18,000, if he chose so to do. In the event of his not doing so within the specified time, as a matter of course the lumber was to be released to its owner. The counter-bond was not filed and President Wells commenced to haul away the property. Yesterday the Register resorted to the extraordinary foolish proceeding of making application to the military for troops to prevent the taking away of the property, receiving, in reply, however, from the commandant, that he had better first exhaust civil process before making application for military aid, and that there were no troops to spare from the garrison for the purpose for which they were desired by the Register. We have a few facts relating to the course of the latter that will do to keep for a while.

Last evening Register Patton swore out a complaint against President Wells, charging him with cutting timber on the public lands, and a warrant having been served upon him, he appeared before U. S. Commissioner Sprague to-day, and waiving an examination, was released on \$1,000 bonds, to answer to the grand jury.

Even an upright clergyman, when he is digging garden for exercise, and throws two hundred pounds weight into his rake for the purpose of sending the spade into the earth into its own, may not strike an old best at the depth of one inch and wrench his leg so that he is obliged to use a few words to be found in Webster's Dictionary.—Northern Herald.
