Mandamus Denied. own manufactured clothing and Judge Gilbert, of the Supreme Court of Brooklyn, to-day, rendered decision in the civil rights case wherein Wm. F. Johnson, colored, sought to compel the principal of a public school to admit his son, in-stead of sending him to a school provided for colored children. The court helds that the common schools are a public charity, that the benefits conferred by them are a free gift from the State and, like every other donor, the State may prescribe in what manner, and pen what terms and conditions the gift may be enjeyed. In con-clusion Judge Gilbert says that the statute, by guaranteeing an equal privilege, does not confer the right o enjoy them in common with any class of persons, or in any particular school, and that nothing has been shown from which it can be inferred that the relator has been deprived of the equality of privilege to which he is entitled. The motion for a mandamus was denied.
