

POPE'S ENCYCICAL AROUSES INTEREST

All France Discusses it But Discussion is Largely Polemical.

NO TROUBLE IS ANTICIPATED.

Assumption Day Observed as National Holiday, Which Causes Much Comment.

Paris, Aug. 15.—The pope's encyclical letter to the French archbishops and bishops regarding the separation law continues to be the topic of absorbing interest, but the discussion is largely polemical, as the law, not taking effect until December, gives ample time for reflection. Moreover, the absence of all high personages, official or parliamentary, defers an exact determination of the government's course. Nothing similar to the inventory riots has occurred or is expected to occur either in Paris or the provinces, although the actual application of the law in December probably will accentuate the situation.

M. Briand, the minister of public worship, is absent from Paris, but the Senate today gathered the views of several high officials who point out that the encyclical is merely negative in form, condemning the cultural associations provided by the law, but giving no real instructions relative to the bishop's future course.

The pope's intention is regarded in government circles as leaving the bishops free to act in the way which to them seems best, without exciting a violent conflict between the civil and religious powers. The pope, threatened by his repeated references to rejection of the associations provided for by the law, entertained the afterthought that the government might possibly be induced to assent to the formation of associations which, while carrying out the spirit of the law, would recognize the divine constitution of the church, the unchangeable rights of the pontiff and the hierarchy's complete control of sacred offices.

However, this hypothesis, if true, has not, according to the semi-official view, any great chance of realization, such a project not being considered acceptable by the government, which regards the law as it exists as incapable of modification. Unless there is a marked change of views before the law goes into effect in December, both sides will tend to exercise the most extreme moderation, for otherwise religious strife is inevitable.

The Assumption day services at the churches today were attended by great crowds. The day was observed as a national holiday, all of the government officers, the banks and the houses being closed. The governmental observance of a church holiday is commented upon as an anomaly in connection with the present controversy between the nation and the French government.

BANK CASHIER IN JAIL.

Parkersburg, W. Va., Aug. 15.—The Bank of Smithville, Ritchie county, was closed today by a state bank examiner, and Cashier George C. Shallenberger is in jail, charged with falsifying the accounts of the bank. The shortage is alleged to be \$20,000.

NEBRASKA DEMOCRATS NAME STATE TICKET.

Lincoln, Neb., Aug. 15.—Harmonious fusion between the Democrats and Populists of Nebraska was threatened by the action of the Democratic convention, which at an early hour this morning nominated A. C. Shallenberger for governor instead of George W. Berge, whom the Populists had confidently counted upon as the choice of both conventions. Furthermore, the Democrats showed a disposition to select a straight party ticket without Populist representation upon it.

There was a debate of over an hour in the Democratic convention on the question of nominating a United States senator, and it was decided in the affirmative.

United States Senator—William H. Thompson, Grand Island.

Governor—Ashton C. Shallenberger, Alma.

Lieutenant Governor—William H. Greene, Creighton.

Secretary of State—Carl R. Coucher, Wabeno.

Treasurer—Frank C. Babcock, Hastings.

At 2 a. m. a motion was made to adjourn until after breakfast and that a straight Democratic ticket, but it was voted down.

S. S. S. STANDARD TONIC

The ingredients of which S. S. S. is composed, and the method of combining and preparing them so that they gently and pleasantly build up and strengthen every part of the body, make it the ideal tonic for a disordered condition of the system. Every one feels the need of a tonic sometimes. The system seems to get "out of gear," the appetite becomes fickle, the energies are depressed, sleep is not restful or refreshing, and the entire body has a nervous, worn-out feeling. When the system is in this depleted, run-down condition it must be aided by a tonic, and S. S. S. is recognized everywhere as the standard. Being made entirely of roots, herbs and barks selected for their gentle action as well as their invigorating effect on the system, it will not disagreeably affect any of the delicate members or tissues as do most of the so-called tonics on the market which contain potash or some other harmful mineral ingredient. These derange the stomach and digestion, unfavorably affect the bowels or otherwise damage the health. S. S. S. tones up the stomach and digestion, improves the appetite, produces refreshing sleep, rids the body of that tired, run-down feeling, and supplies tone and vigor to the entire system. It re-establishes the healthy circulation of the blood, acts more promptly and gives better and more lasting results than any other tonic, and because of its vegetable purity is an absolutely safe medicine for young or old. S. S. S. acts admirably in cases of dyspepsia, indigestion and other stomach troubles, and after using it that uncomfortable feeling of fullness, dizziness or drowsiness, after eating, are no longer felt. Not only is S. S. S. the greatest of all tonics but possesses purifying and alternative properties, and if there is a taint in the blood it will promptly remove every trace and restore perfect health. In selecting your tonic for this year do not forget S. S. S., the recognized standard.

MAY BE CASE OF MURDER.

Chicago, Ill., Aug. 15.—An investigation of the death yesterday of Mrs. Mary Tobias, 21 years old, 156 Huron street, is being made by the police who believe the case may prove to be a murder. David R. Tobias, the husband, was arrested and is being held.

Neighbors early in the day heard loud voices from the Tobias rooms. Some time after the husband left as all was quiet in the place. The rooms were entered and Mrs. Tobias was found dead with the gas turned on at a jet. A search for Tobias was begun, but he was not found until evening when he returned to the house.

A small bottle labeled poison and containing several tablets was in one of Tobias' pockets. This led the police to decide that a post mortem examination of the victim should be made.

Two Suits Brought Against Vermont Central for It.

Montpelier, Vt., Aug. 15.—Two suits against the Central Vermont Railroad company have been brought by Atty. Gen. C. C. New York, Aug. 15.—J. W. Beatty, director of fine arts in the Carnegie Institute, Pittsburgh, who went abroad several months ago to purchase casts and other art objects for the institute, arrived last night from Liverpool on the White Star liner Teutonic.

Mr. Beatty arranged for the shipment of a number of important casts to adorn the hall of architecture in the institute. The most important object to be brought over is a cast of the porch of the church of St. Gilles, in southern France. The cast, which will constitute the gateway to the hall of architecture, is 55 feet long and 15 feet high.

While abroad Mr. Beatty visited Rodin, the sculptor. He said that Rodin, who is president of the International Society of Painters, Gravers and Sculptors, succeeded Whistler, has accepted the invitation of the institute to attend the dedication on April 10, 1907.

Mr. Beatty also visited many prominent European painters to arrange for the exhibition of their pictures at the dedication. Many have accepted invitations to be guests of the institute on that occasion.

Renard secreted himself in a doorway, and when the young couple entered, he fired five shots at them, one of which took effect in the girl's shoulder, he turned the weapon on himself and blew out his brains. Renard had boarded with the girl's family for several years and was insanely jealous of the attentions recently paid her by Robert Corey.

POACHERS MAY BE TREATED AS PIRATES

E. W. Sims Says Grand Jury May Indict Japanese for Piracy.

WILL MAKE REPORT ON CASE.

He Tells How the Raiders Landed and Engaged in Shooting Scals.

Seattle, Wash., Aug. 15.—E. W. Sims, solicitor for the department of commerce and labor, sent to the St. Paul rookeries to investigate conditions there, and who arrived two days after the killing of five Japanese pirates, returned here today on the steamer Jefferson. Telling of the situation in the rookeries, he said:

"There were two days of active raiding by the Japanese, who had four schooners, and possibly five. The guards heard firing at various points around the island, indicating that the raiders were shooting seals in a boat as they landed to kill seals with clubs. These surrendered without a fight. Later in the afternoon continuous firing was heard around the island. Tuesday two native guards found three Japanese landing in a boat. Two of the raiders were killed. The native guards ordered the Japanese to surrender, but instead they jumped into their boats and started to pull off shore at a rapid rate.

"One shot of warning was fired, but the Japanese continued to fire. Two of the Japanese being killed outright and one wounded. The boat drifted to shore and the wounded man was carried for. The same afternoon surprised five a party of 15 guards. The men started to row away, carrying their plunder with them, when the guards fired, killing two outright. One was dead in the boat, another was seen to float away in the surf and a third was thrown aboard from the schooner. Twelve were captured. The schooners then weighed anchor and got away.

"I will make a full report to the secretary of the department. The 12 captured were brought over to the grand jury and imprisoned at Juneau. They may be indicted for piracy."
