

Oct. 29, 1880.

LOCAL AND OTHER MATTERS.

Term Closed.—The Deseret University closed the first term of its present academic year to-day. The second term will be on Monday next Nov. 1st.

Tabernacle Choir.—The members of the Tabernacle choir are requested to meet in the Assembly Hall at 7 o'clock this evening.

Back.—Dr. J. M. Benedict, who has been on a visit to Paris, Salt Lake, as medical attendant to the C. C. Rich, returned yesterday.

Meetings Resumed.—The Sevens' and Eiders of the Salt Lake Stake will resume their meetings on Saturday evening, at 7 o'clock, in the Tabernacle.

Stage Robbed.—The Pioche Road of a recent date says:

Thursday evening, about one mile from the other side of Bristol, as the stage was on its way to Ward, it was stopped by a man who demanded money to throw out the treasure chest. The chest was opened and the box contained only \$700.

Farewell Party.—A farewell party was given last evening, at the residence of Sister Lucy D. Young, in honor of her son, Elmer Young, who is about to start on a mission to Mexico. A number of the friends of the young man assembled and were very happy to see him. We wish Elmer Young a pleasant and successful experience on his mission, and an eventual safe return to his home in the mountains of Utah. Good bye.

Still Better.—Apostle C. C. Rich continues to improve. He feels a great deal and his speech is rapidly returning. One of his prevailing symptoms is an almost unquenchable thirst. This, Dr. Benedict states, is a natural result of his paralytic attack, and is not doubt increased by the patient's breathing principally through the mouth. The Doctor prescribes for him regularly, by telegraph, says he can alleviate the thirst, and altogether considers his condition quite favorable.

Silver Wedding.—Brother Edward Stevenson and his wife Elizabeth, of the 14th Ward, last evening celebrated their silver wedding, that is, the twenty-fifth anniversary of their marriage day. A goodly assemblage of friends and relatives met at the residence of the worthy couple and all had a splendid time. The feast was truly elegant, and in fact, the entire occasion was a grand success. Among the things deserving of remark, is that Sister Stevenson wore her original wedding dress, a beautiful robe, 25 years old.

Watermaster's Notice.—The people of the 15th, 20th, 21st, 12th, 13th and 14th Wards, using water out of the ditch known as the 20th ditch, will please remember to meet Watermaster Wilken, on Monday next at 7 o'clock a.m., at the residence of Mr. Barton, 18th Ward, to clean out said ditch, for water use.

Also all those living in the 17th and 18th Wards, drawing water out of what is called the 19th Ward ditch, will meet him on the same day and hour, for the same purpose.

The Utah Eastern.—Work on the Utah Eastern is progressing nicely. The ties are bedded, bridges all built, from Coalville to the Park, and the laying of the rails commenced yesterday. Thirty-five car loads of iron have reached Coalville, some is at Ogden and the balance is coming from the West. Two engines and 11 cars have been purchased from the Nevada Central, and one of the engines has been shipped and was expected to reach Ogden to-day. Already \$120,000 has been paid on the iron and rolling stock. It is to be hoped that the interest in the work will not lag, but that all subscriptions will be paid up, new ones entered and the enterprise pushed forward to completion. With their present machinery the Utah Eastern Company can take out 10,000 tons of coal per day from the Coalville mines, and this can be taken to or beyond Kimball's, and laid down for about \$3.50 per ton. Salt Lake consumes about 70,000 tons of coal annually. It is therefore quite a consideration to obtain it at easier rates than at present. Help the Utah Eastern along.

This Morning's Fire.—This morning at about twenty minutes after five o'clock, the several bells of this city began pealing the fire alarm with such vehemence that the slumbering community was soon aroused. The fire was located in the southwestern part of the city. The brickyard of Messrs. Morris & Evans in the Fifth Ward, had taken fire, and the sheds were flaming up, wildly. The blaze must have broken out about four o'clock. It was first discovered by nightwatchman James Watson, who was on his way home some time after dark. He at once awoke the neighborhood and a messenger was immediately dispatched to the City Hall to sound the alarm. The firemen were out soon afterward and rendered good service, there being plenty of water at hand in the canal. The flames were suppressed by 7 o'clock, and the workmen were busily engaged making fire brick three hours afterward. Considerable bedding was destroyed, but most of the machinery escaped and of course the fire brick would not burn. A couple of railroad cars, on a branch track from the main line, near by, were slightly scorched. The entire loss will be covered by \$1,000. Altogether the outcome is fortunate, and the loss not so heavy as at first supposed. The cause of the fire is unknown, but it is supposed to have been communicated to the sheds, from the fires beneath, used for brick drying.

Pleasant Valley Railroad and Coal Mines.

It is reported, on good authority, that the Utah and Pleasant Valley Railroad from Spanish Fork Canyon to Provo, with the coal mines situated in the former locality, will soon be in the possession of Jay Gould, Esq., who already, it seems, exercises over them almost entire control. The company that built the road were indebted to Messrs. Smith and Doremus, surveyors, of this city, to the amount of 1,300 or 1,500 tons of coal, about half of which has been paid and is at present stored at Provo. According to contract, the remainder should be furnished by the middle of November. It is said that Mr. Gould is waiting for this contract to be fulfilled before he takes possession of the new road. There is doubt, however, as to the contract's being filled by the appointed time, as the Pleasant Valley coal is becoming very popular and is being diverted in other directions. Should bad weather set in soon, the usual blockades will be experienced on the route through the canyon, and the fulfillment of the contract will not only make coke, but contains more resin than other Utah coals, and consequently produces more heat. It will doubtless, ere long, be used, to the exclusion of all others, on the railroads of the Territory, and perhaps those east and west of here. Superintendent John Sharp states that two tons of the Pleasant Valley coal in the furnaces of the engines of the Utah Southern, go as far as three tons of any other kind previously used. This fact speaks loudly in its favor. Corroboration of the reports mentioned above, with relation to Mr. Gould and the Pleasant Valley road and mines, we append a clipping from the *Enterprise* of Wednesday:

It is now generally understood that (with the exception of a few hundred tons) the coal previously contracted for in Springville and Provo all the coal hereafter brought from Pleasant Valley, over the new narrow gauge, will be consigned to Jay Gould and his agents, it being claimed by persons knowing to the facts, that the illustrious railroad and coal manipulator has recently bought all the coal of the U. and P. V. railway company can bring into Provo.

Under these circumstances we are unable to see wherein the people of this city are going to be much benefited by the advent of the narrow gauge in our midst, at least after the coal that is to be furnished to the Provo Lumber Manufacturing and Building Co., and which has been very wisely contracted for, is exhausted.

To be Repeated.—The performance of the "Rent Day," is to be repeated by the 10th Ward Dramatic Association on Saturday night, with the funny farce of "Nothing Like Paste." The performance is attractive and should draw well. Remember, at the 10th Ward Assembly Rooms on Saturday at 8 o'clock p. m.

Correspondence.

"Liberal" Gathering.

BRIGHAM CITY,
Oct. 26, 1880.
Editor Deseret News:
On Saturday evening a veritable "Liberal" meeting, the first in the history of Brigham City, was held at the Court House, and was addressed by Judge Higbee, Gen. Bane and Mr. E. P. Johnson, on what was termed "the questions of the day." It was only a small meeting, the greater portion of the audience were from Corinne and other places outside the town. The lectures followed in the usual strain of campaign speeches emanating from the "Liberal" leaders of late, they were opposed to the priesthood using an influence in political and state affairs, notwithstanding they had sworn in a priest, the Rev. S. L. Gillespie, to preside over the meeting, which he opened with singing. Polygamy was denounced in a particular manner, however, it can hardly be so bad on the other side, as one of the "Liberal" vice-presidents of the meeting was a well known bigamist, and he is all right, since he has joined the "Liberal" cause. Mr. Bane knew well that no inspiration was given to the leaders of the Saints, hence there is no theory in our government, but it must be a hierarchy, he said; he declared that God never anointed kings, although sacred history says he did. Mr. Bane must have had a revelation himself, without which he could never know such things so positively as he declared he did. The impropriety and danger of unity in ideas and action were held forth prominently.

E PLURIBUS UNUM.

WASHINGTON, D. C.,
October, 23, 1880.

Editor Deseret News:

The political campaign can not be said to have lost its interest to Washingtonians, but active effort in connection with it has ceased so far as they are concerned. In the last two months they have sent numberless documents to doubtful States, and have contributed money liberally. The *Baltimore Sun* says the democrats of this city have raised more money for campaign purposes than those of Baltimore have. That the republicans, office-holders, and otherwise, have paid their full share is certain. This has all ceased now, in view of the nearness of the election. A large proportion of the clerks are, however, on their way home to vote. The older citizens of Washington are generally, and the larger portion of her business men, but nearly all the Government employees, and perhaps ten per cent. of other white citizens, and all the negroes are regulars. A loss of position consequent upon the election of Hancock would be a great hardship to the Government clerks, many of whom have bought and partially are unfitted by long continuance in their present work for more active outside employment.

President Hayes writes that he will not be here before the 5th of November. He will be in Ohio in time to vote.

SPECIAL BUSINESS NOTICES.

Select Oysters 50 Cents.

At Smith's, First South Street, two doors East of Main Street. The only house that receives fresh every day. SOLE AGENT for Booth's select oysters.

The Best I Ever Knew Of.
J. C. Starkey, a prominent and influential citizen of Iowa City, says: "I have had the Dyspepsia and Liver Complaint for several years, and have used every remedy I could hear of, without any relief whatever, until I saw your Shiloh's Vitalizer advertised to try it. I am happy to state that it has entirely cured me. It is certainly the Best Remedy I ever knew of. Price 75 cents. Sold by Z. C. M. L. Drug Department, wholesale and retail, Salt Lake City, Utah."

Too Horrible to Think Of.
STARTLING DISCLOSURES AND IMPORTANT INFORMATION.

The attention of the people of this city and county is specially called to the number of deaths reported in the papers from that dreadful disease, CONSUMPTION. In fact, this disease is reported to be constantly increasing, as can be seen by examining the mortality list, and all caused by not breaking up a slight cough or cold as soon as it appears, which can be easily done by using HALE'S HONEY OF HOREHOUND AND TAR, an article which was discovered by the late Dr. Hale, a celebrated physician of Europe, and used in his private practice for many years with great success. The present proprietor, believing this market required just such an article, has purchased the same at a large outlay, and is now preparing it according to the original recipe. And those who have used the article (which are thousands) consider it a certain cure for all Coughs, Colds, Hoarseness, Sore Throat, Bronchitis, and all affections of the Throat, Bronchial Tubes and Lungs leading to Consumption. Sold by all druggists, and at Crittenton's Patent Medicine Depot, 17 Sixth Avenue, New York City. Prices 50 cents and \$1. Great saving by buying large size.

Fike's Toothache Drops cure in one minute.

SHILOH'S CATARRH REMEDY.

A marvelous Cure for Catarrh of the Diphtheria, Canker mouth, and Headache. With each bottle there is an ingenious nasal injector for the more successful treatment of the complaint, without extra charge. Price 50 cents. Sold by Z. C. M. L. Drug Department, wholesale and retail, Salt Lake City, Utah.

Or old or young, or grave or gay, Those who now let their teeth decay, With breath we can't endure; The thought their after life will haunt, That they neglected SOZODONT, That would have kept all pure, dead saw

German Catarrh Cure

Cures Catarrh; Try it. d & w

IT IS TRULY WONDERFUL

To SEE what improvements now exist as compared with railway travel only a few years ago. To become convinced of this, one has only to select for his route East, the popular and well-known CHICAGO & NORTHWESTERN RAILROAD.

You are landed by the Union Pacific R.R. in the Union Depot at Council Bluffs, where stands the C. and N.W. Palace train, composed of Pullman Hotel Cars, Pullman Sleeping Cars, elegant Day Coaches, Smoking Baggage, Postal Cars, etc., ready to convey its passengers through Iowa and Illinois, and into Chicago. Gliding smoothly along over the superb track of steel rail through thriving cities and villages, comfortably seated in this train, one scarcely discovers the high rate of speed which he is riding. Trains of this road are always on time, connections sure, and passengers seeking pleasure, comfort, safety and ease in traveling will find the "North-Western" in excess of their expectations, and the greatest of all routes to Chicago and the East. Insist upon Ticket Agents selling you Tickets via this road; all Agents sell them. Examine your Tickets, and refuse to buy if they do not read over this Road. If you wish the best Traveling Accommodations, you will buy your Tickets by this Route, AND WILL TAKE NO OTHER.

By Universal Accord, AVER'S CATHARTIC PILLS are the best of all purgatives for family use. They are the product of long, laborious, and successful chemical investigation, and their extensive use, by Physicians in their practice, and by all civilized nations, proves them the best and most effective purgative pill that medical science can devise. Mild, searching, and harmless can arise from their use. In intrinsic value and curative powers no other pills can be compared with them, and every person, knowing their virtues, will employ them, when needed. They keep the system in perfect order, and maintain in healthy action the whole machinery of life. Mild, searching and effective, they are specially adapted to the needs of the digestive apparatus, derangements of which they prevent and cure, if timely taken. They are the best and safest, physic to employ for children and weakened constitutions, where a mild, but effectual cathartic is required.
