

SPECIAL BUSINESS NOTICES

SAN FRANCISCO EXCURSION.

Tickets for the Grand San Francisco Excursion will be on sale at the office of H. W. Cole, Goddard Drug Store, on and after Wednesday, August 21st. Parties who have spoken and partly paid for tickets can call after that time and receive them. Owing to the limit in the number of tickets to be sold, parties who contemplate going should call at once, leave their names and secure their tickets. Full particulars concerning the Excursion will be given on application to

COLE & TRUMBO,
Contractors for Charter.
P. O. Box 499,
Salt Lake City, Utah.

A Feature of Superiority.

The superiority of WHITE'S PRIMAINE FLOWER for diseases of the Stomach, Liver and Blood consists in its uniting harmoniously with the gastric juice, strengthening and enabling it at once to dissolve the food. If the gastric juice is weak the food ferments, giving rise to our stomach, sick headache, burning in the pit of the stomach, the patient also suffering from insufficient nutrition. It aids the Liver, over which it has a specific power, in filtering impurities from the blood. Its action on the kidneys is likewise salutary, increasing the secretions. As a blood purifier, by enriching the chyle, it is without a peer, curing some of the most obstinate and long-standing cases on record. It is pronounced by one and all The Great Blood and Liver Purifier. Price 25 cts. and 75 cts.

For sale, wholesale and retail, by the Z. C. M. Drug Department and Moore Allen & Co., Salt Lake City. d25 w29

PERSONAL.—If this should meet the eyes of Anna A. Jarvis, who left a verified Confession, England, May, 1896, she will address her brother, James Thomas, at Smithton, Pettis county, Missouri.

Apply to N. G. HOBBS.

ANTED.

Immediately, two good Quarrymen.

MACDUFF BROS.

WHY SUBMIT TO THE DISCOMFORT and humiliation entailed by a local disease, of the skin, when GLENN'S SULPHUR SOAP will rid you of it with certainty and dispatch? It is a remedy which never fails to relieve cutaneous disease, as a means of banishing defects of the complexion, it is equally reliable. The benefits arising from the use of Sulphur Baths, in cases of skin disease, and of rheumatism, and gout, are well known; but the cost is too heavy to be incurred by many persons who would otherwise take advantage of them. GLENN'S SULPHUR SOAP answers the same purpose, and is both inexpensive and convenient. No one need stir abroad in search of a sulphur bath, who has this admirable means of providing one in-door. It is incomparably the best deodorizer and disinfectant of clothing and bed linen in use, and prevents disease of an obnoxious nature caused by contact. Sores, ulcers, bruises, scalds, cuts and sprains are promptly remedied by it; and its cleanliness, healing and soothing properties constitute it a far more desirable remedy for scrofulic ailments than ointments of any description, since such greasy compounds soil the clothing, often aggravate, and very rarely indeed do any permanent good. Sold by all druggists.

Hill's Hair and Whisker Dye, Black or Brown, 50c. d-w

When the Lips of Beauty

are parted in a smile, they disclose a row of pearls rivaling in purity those which the diver brings up from the bottom of the Persian Sea. What will best preserve these gems of the mouth? SOZODONT, the celebrated beautifier and preservative of the teeth.

GILLET'S YEAST POWDER.

The best never fails to please. d-w

It is admitted by the Ladies that the Flannels from the Provo Mills, for sale at the agency, Old Constitution Building, keep their color, wear better, and are cheaper than eastern goods. A lot of D. & L. Cotton Flannel just arrived.

W. Walker, Second Hand Store.

When you want to buy or sell household goods, call on Walker, opposite the Walker House.

PRICE OF COIN.

Overvalued today by Deseret National Bank.

SALT LAKE CITY, AUGUST 21, 1896.

GOLD.

Quoted at 100.00 Selling at 100.00.

SILVER.

Quoted at 100.00 Selling at 100.00.

LOCAL AND OTHER MATTERS.

Thermometer.

To-day, 1 o'clock p.m., the thermometer noted 83 degrees F. in the shade. Cloudy.

For Scandinavia.

Elder Ole Ellingson left yesterday morning, on a mission to Scandinavia.

Firemen.—

Brigade meeting tomorrow evening, August 22, at 7 p.m. sharp.

R. H. HARDY, Secy.

Returned.—

Elder Wilfred Woodruff, who has been attending the Quarterly Conference at Manila, has returned to the city. Elder Ernest Sawyer, who was also at the Conference, has gone on to his home in St. George.

Cloud Burst.

About the time of our going to press, yesterday afternoon, the sky was obscured with clouds, followed by a brief fall of rain. It was noticed about two hours afterward, that the waters of City Creek were rising. The cause was a cloud burst in the cañon.

Earthquake.

About 5 o'clock this morning, a tremor of the earth was experienced in the northern part of the city, accompanied by a distinct rumbling noise, which many supposed to be the rumbling of the sea. This rumbling, however, was fired forward, and the reasonable supposition is that the rumbling tremor was a slight shock of earthquake.

Water Heater.—

Engine No. 5, of the Utah Central, is in the railroad repair shop, under process of having attached to it, a new kind of water heater, the invention of S. H. Goodwin, Dayton, Ohio, which utilizes the exhaust steam, by heating the water fed to the boiler, up to near boiling point, before it enters the boiler. If it does this it will evidently cause a great economy of fuel, over and above the old method of supplying the boiler with cold water. It is claimed that the use of one of these heaters, on an engine drawing a passenger train of four cars, on an eastern road, effected a saving of 20 tons of coal, within a period of 60 days.

Diphtheria.

It has been repeatedly demonstrated that this malady is contagious. A prominent physician of this city is now suffering from an attack of the disease, caught while attending to his little child, who had the same complaint. We learn that in the 29th Ward, a child afflicted with diphtheria, was permitted by its mother to attend school in that condition, thereby endangering the health of all its young companions. This should not be. Great care ought to be exercised in the prevention of any contagion, to prevent the lives of others being jeopardized. If parents and guardians will not use discretion, the matter should be under the notice of those who are authorized to act in such matters.

"Junction" Items.—

On Saturday last, Fred Brown, while wrestling with a friend, had his left ankle dislocated and severely sprained.

On Sunday, Lovel Gibson, a boy about 16, while walking along the sidewalk, tripped over some object and fell to the ground, dislocating his wrist and breaking the large bone of his left arm. Dr. P. L. Anderson attended both patients, who are now getting along nicely.

Mr. C. L. Peabody, the druggist, is having an asphaltum pavement put down in front of his establishment, on Main Street.

The C. P. R. R. company continue running occasional trains to Bonanza, on the lake shore, where they have constructed a platform, extending into the lake, for the accommodation of bathers. The trains are well patronized, and a good investment is here presented for some man of enterprise and capital.

The Teacher's Institute commenced Monday morning and is now in progress.

City Council.—

Proceedings of the City Council, August 20, 1896.

A petition was received from

John N. Fine, asking that a ditch near his premises, which was filled with stagnant water, be cleaned out. The prayer of the petitioner was granted, and the Supervisor of Streets was instructed to remedy the evil complained of.

John S. Barnes petitioned for the privilege of using a portion of the sidewalk in front of his residence on East Temple Street, for the purpose of placing building material thereon for the period of sixty days. Petition granted under the usual restrictions.

A petition was received from Jeremiah Gibson, asking the privilege of taking out rock near the Hot Springs for a lime quarry. The petition was received and laid on the table.

The committee on streets and alleys, to whom was referred the petition of Carl A. Amundson, asking the privilege of planting trees opposite his place of business on Main Street, reported adversely for reasons set forth in the report. The report was adopted.

The committee on irrigation, to whom was referred the verbal request of Geo. B. Wallace, who represented a number of inhabitants in the western portion of the city, asking for assistance to secure the conveyance of water from the Jordan River to a western portion of the city by means of a canal, reported recommending the appropriation of \$500, or so much thereof as will be necessary to defray one-third of the expense of such a canal with headgate, providing those persons beneficially thereby relinquish all claims to the waters of City Creek, and under certain other conditions specified in the report. The report was adopted.

The committee on waterworks, to whom was referred the petition of J. M. Williamson and R. B. Starnes, asking for the extension of the water mains in the respective localities, reported that in view of the fact that no water pipes of a proper size are now in the possession of the city, it was deemed inexpedient to comply with the petitions at once; but recommended that the prayer of the petitioners be granted as soon as such an extension became practicable. Council adjourned till 7 o'clock next Tuesday evening.

The Stabbing.—

The examination in the Wyatt stabbing case continued yesterday afternoon, with the testimony of Nightwatchman Jas. Watson; the substance of which went to show that he, being on the corner opposite the Deseret Bank, west, at the time of the altercation, was attracted to the scene by hearing loud voices, and that he saw two men scuffling, saw them roll over, Wyatt going into the gutter. He (Watson), on arriving, helped Wyatt out of the gutter, arrested Wilson, and finding that Wyatt was bleeding, ordered him to be taken into Godbe's Drug Store.

On motion of the prosecuting attorney, a note was entered in the case of Alfred Brown, and he was placed upon the stand as a witness, for the prosecution. His testimony corroborated Watson's. He also claimed that Wyatt was the aggressor from the first; heard him order Wilson away and use abusive language toward him; saw Wilson standing some little distance away, getting his pipe ready to smoke, when Wyatt assaulted him and they both fell to the pavement. When Wyatt rolled into the gutter, Wilson walked to the Bank steps, where he was arrested by Watson.

A note was also entered in the case of Ward and Holland, and they placed as witnesses for the prosecution. Ward's testimony corroborated the foregoing. Holland has not yet testified. Several knives were produced as belonging to the defendants. Wilson's had a small speck on one of the blades, which the prosecuting attorney claims to be blood, but which the defense alleges to be a tobacco stain. It is claimed that if Wilson did the stabbing, it was in self defense. It is believed by many, however, that Wilson did not do the stabbing at all. The examination is still in progress.

Toole's Mandamus Case.—

Yesterday afternoon, before the Third District Court, Mr. Bashkin closed the opening argument in support of the demurrer. In addition to the point, which we stated last evening, he took the grounds that the election bill reported at the last session of the legislature did not become a law because the Journal does not state that it passed both houses after the amendments to it were made. But the bill, with its amendments, was referred to a conference committee, composed of members of both House and Council; and the favorable report of that committee on the same was adopted by both houses.

Mr. Rawlins, attorney for the plaintiff, followed in an able speech. He cited numerous authorities in support of his argument, that a law so made was valid; also that the mere acceptance of the labor of the completion committee could not make nugatory a law which, even if passed previously, was clearly intended by the legislature to pass into effect.

Judge Tilford closed the argument on the part of the defense, this morning. His address was new considerations, and when he closed, the case was submitted to his honor Judge Schaeffer, who took it under advisement.

A decision will be rendered tomorrow morning, at 10 o'clock.

Games of Chance.—

We understand that parties in the 11th Ward of this city are engaged in carrying on petty systems of lottery or chance, in connection with their more legitimate business, in which tickets are sold, for a small sum, to young boys and girls, or persons equally unsophisticated, with an assurance of a forthcoming prize, of much higher value. A lot of bogus jewelry is mixed with some claimed to be genuine, a clock or some other large prize, numbered with smaller and nearly worthless ones, and the holder of the ticket must trust to chance either to win his money back, or that which is worth comparatively nothing. Of course, the holder of the ticket is sold, but is still led to purchase more tickets with the hope of eventually getting even. This is a species of gambling, and should be prohibited. There is a law on this subject, and in all kindness, we warn not only the youthful victims of the trickery, against it, but the proprietors of such concerns, also, against indulging on the ordinance, making this matter an offense against public order and morality.

Base Ball Challenge.

SALT LAKE CITY, August 21, 1896.

To William Traherne, Captain of Lab. B. C. C.

We, the undersigned, members of the firm of Morris & Evans, challenge you to play a friendly match game of base ball at Lake Point, on Friday, August 22nd.

John Isaac, Captain; Hyrum Evans, Ed. Ashpin, Tom. Morris, William Add. Zooker, Wm. Davis, Jay Barlow, and Jack West.

S. L. EVANS, Business Manager.

INQUIRY.

Justice of the Peace for the said precinct.

EXCOMMUNICATION AND WARNING.

This is to certify that Robert William Herald was this day cut off from the Church of Jesus Christ of Latter-day Saints for unchristianlike conduct.

We deem it necessary to publish this notice, as the individual alluded to has not only proven himself unworthy of the fellowship, but of the confidence of the Latter-day Saints, and we warn others to beware of him.

GEORGE W. WARD, Bishop GEORGE FACHE, ABRAHAM ZOOKER, Counselors. JAMES J. CHANDLER, Clerk.

Willard, Box Elder County, August 16, 1896.

Ogden Junction, please copy.

Correspondence.

The Fatal Accident at Farmington.

FARMINGTON, August 20th, 1896.

Editors Deseret News:

With much grief I request the insertion of the following:

Last evening, about 8.30 p.m., my son Calvin, having arrived late from Salt Lake City, and taken his supper, lay on the porch to rest. My daughter Adelaide, 12 years old, the 21st May, let the lamp to light her sister to bed, and passing from the kitchen across the porch, she stumbled over her brother. The lamp, striking the side of the heavy curtain, and the burning oil flew over her head, face and clothes, and she fell with her hands, face and breast in the burning oil that spread over the floor, inhaled the flames and was fatally burned. Her mother endeavored to smother the flames with her own clothes. Tearing her away, I threw my daughter on the grass, rolled her over, and with the aid of some carpet, extinguished the flames. Her clothes were mostly burned off. She lived about eight hours, suffering much, and expired at about 4.40 this morning.

My hands are badly burned, and my son Calvin is considerably burned on his side, head and neck.

Funeral to-morrow, 21st, at my residence.

Respectfully, WM. O. MAYFIELD.

Meetings at Morgan.

MORGAN CITY, Utah, August 20th, 1896.

Editors Deseret News:

The people of this State have had a genuine intellectual feast during our Quarterly Conference, held Saturday and Sunday last. Brothers D. H. Will, Joseph F. Smith, John F. Wadsworth and Milton H. Hardy were the speakers. Brother Wells and Hardy being here for the purpose of perfecting the organization of the M. M. L. Association in this State, presiding W. G. Brough President, and W. B. Parkinson secretary for the State. Sisters E. R. Snow, Horne and Davis are at the head of the P. R. Societies and Y. L. M. L. Societies. Sister Lida Rich and Sarah L. Rawls have been elected presidents for these societies; and their lives are a lesson to be followed. A good spirit having prevailed in all our gatherings, we have been truly blessed by their instructions. Respectfully, etc. P.

NOTICE.—\$25 Reward.

STOLEN at York, on the night of Friday the 18th of August, one HAT, 10 years old, branded on right shoulder with circle and double S inside, mainly, was clearly intended by the legislature to pass into effect. Some few white hairs on left hip. We give the above reward for the delivery of said hat to me at Payson City. d-w JOHN T. MONTAGUE.

Mrs. ELLIS R. SHIPP,

Physician and Surgeon.

OFFICE: Main Street, in the Old Constitution Building, opposite E. C. B. L. RESIDENCE: Eleventh Ward, on 7th East Street, between South and 1st South Sts. Special attention given to Obstetrics and Diseases of Women. d18
