

SIX KILLED IN A COLLISION.

Fast Electric Passenger Car and
Package Freight Car Come
Together.

BOTH ARE SMASHED TO PIECES.

Accident Occurred at Wells Corners,
A Few Miles East of Nor-
walk, Ohio.

Norwalk, O., June 2.—Six persons were killed and a dozen or more hurt late this afternoon as a result of the collision on the Lake Shore electric railway between an east-bound fast electric passenger car and a west-bound-bound "package freight" car at Wells Corners, a few miles east of this city.

All those killed were in the smoking compartment of the passenger car. The cars were suburban electric cars of the largest type, and were smashed to pieces. They met in collision at full speed.

DEAD.

Charles Peck, Lorain, O.
W. W. Sherwood, Garrettsville, O.
Neil Sullivan, inspector of safety appliances for the Interstate Commerce Commission, Binghamton, N. Y.
Clarence Ketcham, Lorain, O.
Ralph Williams (colored), Indianapolis, Ind.
Unidentified man; in his pocket was a key ring with the name George Judd Taylor, Alliance, O.

SERIOUSLY INJURED.

Steve Watergo, body crushed, terribly cut about head.
Frank Libling, Cleveland, head badly cut, teeth knocked out.
Mrs. W. R. Ensign, Toledo; leg broken.
George Struelsen, motorman on package car; badly crushed.

The accident occurred at a point quite distant from any immediate source of communication and assistance was sent from Norwalk, where every physician and nurse in the city was hurried to the place. When the injured had been attended to they were brought to this city.

GEO. W. POWERS DEAD.

He Once Knocked Gen. Mansfield
Down in a Washington Hotel.

Midletown, Ohio, June 2.—George W. Powers, an aged lawyer, is dead at his home here after having borne during 40 years the disgrace of a dishonorable discharge from the army because he knocked down Gen. Mansfield in a Washington hotel while the general was in command of the District of Columbia, then under partial law. The intervention of Secy. Stanton saved Powers from court martial.

DEAD IN THE PHILIPPINES.

Names of Those Killed in Amb-
bush at Cottabato.

Washington, June 2.—Maj.-Gen. Ainsworth, the military secretary, today received from Gen. Wade, commanding the division of the Philippines, a cable report of the recent attack upon American troops in Mindanao. The following is an extract from the dispatch: Maj.-Gen. Leonard Wood returned May 31 from an expedition to Lake Linao. The remains of officers and men killed in action May 8 were brought to Cottabato and interred. All's outfit, a small aggregation of outlaws, is now in hiding and was pursued until captured or destroyed. No casualties whatever in Cottabato. No casualties in expedition. Following is a complete list of casualties among enlisted men, May 8:

DEAD.

George Waichter.
Ewing Quillen.
Benjamin B. Nolde.
Elbert W. Osborne.
Martin Elmer.
Amos J. Gilliam.
Owen Hughes.
William Luitgens.
John O'Connors.
Leonard C. Smith.
William A. Williams.
Charles C. Merrell. Last named having transferred from Company E, Seventeenth Infantry.

WOUNDED.

Thomas H. Beckett.
George R. Humphreys.
Henry D. Shaddeau.
John L. Barnhouse.
Francis M. Davis.
John F. Delonge.
All wounded doing well. These belonged to company F, Seventeenth Infantry.

Foreman Louis F. Chemin Dead.

Portland, Ore., June 2.—Louis F. Chemin, foreman of the Oregonian press room and one of the widest known men in the newspaper business on the Pacific coast died suddenly and unexpectedly early this morning, aged 55 years. He had been in the employ of the Oregonian for 42 years. Mr. Chemin had been in poor health for the past two years and was critically ill about a year ago. Recently, however, he had recovered his health sufficiently to attend to business. Mr. Chemin put up the first press room on the Pacific coast. He was a thorough master of his business. He was one of the best liked men in this city and leaves a considerable fortune.

A BETRAYED SHOT.

A Mother Puts Four Bullets into
Her Daughter's Seducer.

Seattle, Wash., June 2.—Mrs. Gertrude Robb shot and fatally wounded George Robb on the Colman dock here this afternoon. She fired five shots at Robb, striking him four times. Two of the bullets entered his back and two the abdomen. She gave herself up to a policeman immediately after the shooting. Robb was said by Mrs. Robb to be the seducer of her 16-year-old daughter, Cornelia Colman.

LYNCHED.

Masked Mob Takes T. M. Meyers
From Officers and Kill Him.

Spokane, Wash., June 2.—Special to the Spokane-Review from Grangeville, Ida., says:

T. M. Meyers, who killed George Brownlee and wounded Wallace Janett near Crook's corral three weeks ago, was taken from a party of officers when near White Bird this morning and lynched. The lynchers were masked

NO MAN IS STRONGER THAN STOMACH

When Sandow poses and the muscles ridge his back and knot his arms, we think we have before us the very secret of strength in those magnificent muscles. But we haven't. Starve Sandow, or what is practically the same thing, let him be dyspeptic, and his muscle would soon fall. Strength is made from food properly digested and assimilated, and no man is stronger than his stomach, because when the stomach is diseased digestion and assimilation are imperfect.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It enables the perfect digestion and assimilation of food so that the body is nourished into perfect health and strength.

"I had what my physician called indigestion. He gave me medicine for the trouble but it did me no good," writes Mr. W. J. Wells, of Willard, O. "I wrote to Dr. Pierce and stated my case. He sent me a descriptive list and I bought six bottles of his 'Golden Medical Discovery' and commenced taking it. A few days later I noticed a great change. I felt like a new man. Before I began the use of the 'Golden Medical Discovery' I suffered greatly with pain in stomach, my nerves seemed all 'run-down,' I was very thin in flesh, but now can eat heartily and sleep good at night."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send twenty-one one-cent stamps for the paper-covered book, or thirty-one stamps for the cloth-bound volume. Address Dr. R. V. Pierce, Buffalo, N. Y.

and outnumbered the officers three to one. The officers rode on to Grangeville. The method of death is not known. Meyers was being taken to the county jail when the lynching party overtook the officers.

C. T. Saylor Suicide.

Omaha, June 2.—C. T. Saylor, general manager of the Armour packing house interests in South Omaha, shot and killed himself in Grangeville park late this afternoon. Beyond the fact that Mr. Saylor had been suffering from nervous depression, no reason is known.

Mutinous Infantrymen Executed.

London, June 3.—A dispatch from Odessa to the Daily Mail says that five infantrymen have been court-martialed and shot at Kremenchuk and seven at Poltava for having led mutinous demonstrations among troops going toward the front.

Held for Murder.

Chicago, June 3.—Mrs. Elizabeth Keil, aged 45, has been found dead in the kitchen in the rear of her store by the police. In an adjoining room Emil Sakreviski, an employee of Mrs. Keil, was found asleep. He was arrested and at the coroner's inquest was held to the grand jury for further investigation. He was charged with being directly responsible for the aged woman's death. A post mortem examination by the coroner's physician showed the presence of a quantity of arsenic poison in her stomach.

Great Spread of Consumption.

New York, June 3.—As the result of the discovery that a number of street sweepers have contracted consumption by inhaling germ-laden dusts, Commissioner Woodbury has begun a medical examination of every employee in his department. Returns thus far indicate that the number afflicted will be about 2,000, or considerably less than one-third of the total force. Plans are being made to send the sick men to the Adirondacks when the cases are not too far advanced.

To Prevent Tuberculosis.

New York, June 3.—Extraordinary precautions are being taken by the health department to prevent the communication to tuberculosis through milk from diseased cows. Extra inspectors have been appointed and a strict examination will be made of the milk herds produced in the bulk of the city's milk supply. New rules are being formulated for the regulation of the traffic and the meat supply will be closely watched.

Some physicians have been quoted to the effect that thousands of children are now suffering from tuberculosis contracted through milk from infected cows, but the health department officials declare no unusual number of cases have been found and say they are merely taking every possible precaution.

New Microbe Discovered.

Naples, June 2.—Prof. Schron, the discoverer of life in a crystal, gave a public demonstration today that he had

Your Heart

May Be Weak. One
Person in Four Has
a Weak Heart.

One of the surest signs of a weak heart is shortness of breath after exercise. Your heart is not able to pump the blood fast enough to your lungs.

Some of the other symptoms of Heart Trouble are: Pains in the Side, Back and Shoulder; Fainting or Weak Spells; Dry Cough; Swelling of Feet and Ankles; Cold Feet or Hands.

No one can afford to allow a weak heart to go without medicine, because weak heart means poor circulation, and poor circulation means weak lungs, stomach, liver, kidneys, etc.

If, therefore, you suspect heart trouble, begin taking Dr. Miles' New Heart Cure. The Heart Cure will do you good, as it is a splendid tonic for the blood and nerves, and will revitalize your entire system.

Finally, remember, Dr. Miles' New Heart Cure is sold under a guarantee that the first bottle will do you good. If it doesn't—your money back.

It was afflicted with heart trouble for three years. I would be apparently all right, and without a moment's warning would fall as though shot. The attacks were frequent, and a terrible dread possessed me, as I never knew when or where I would be attacked, and whether I would survive them. I consulted and was treated by some of the most eminent physicians of the state. Not finding relief from this source, I began taking Dr. Miles' New Heart Cure, and began to improve at once. I used ten bottles, which entirely cured me, as I have not had an attack for five years. —MRS. JOHN DRESSBACK, Leipsic, O.

FREE Write to us for Free Trial Package of Dr. Miles' Anti-Pain Pills, No New Scientific Remedy for Pain. Also Symptom Blank. Our Special will diagnose your case, tell you what is wrong, and how to fight it. Free. DR. MILES MEDICAL CO., SAGINAW, MICHIGAN, U.S.A.

MAJOR GENERAL RENNENKAMPF, COMMANDING THE
COSSACK CAVALRY IN THE EAST.

Major General Rennenkampf, who commands the entire Cossack cavalry contingent in the east, is not only a capable officer, but a mighty good soldier as well. Indeed, he is one of the best riders in the Russian army. After serving several years on the general staff at St. Petersburg, Rennenkampf was assigned to the command of the Cossacks of the Don.

found a new microbe which causes phthisis, a microbe quite different from that causing tuberculosis. Prof. Schron affirms that this discovery explains why Dr. Koch's serum not only did not cure phthisis, but aggravated it.

Leg Cut off in Mid Air.

New York, June 3.—While at work on a 20-story building in lower Broadway, John Sullivan, a laborer, fell seven stories and lost one of his legs in mid-air. As he dropped down an open shaft Sullivan struck an iron girder with great force. It cut off one of his limbs above the knee like a knife. Sullivan will probably die.

Severe Cases of Whisky Nose.

Niagara Falls, N. Y., June 3.—The first session of the Dermatological association convention has been held here. John Ziemer of Chicago presided, and about 50 members of the association were present. Several papers were read bearing on severe cases of what is known as the "whisky nose."

Young Girl Arrested for Forgery.

New York, June 3.—Kate H. Schmidt, aged 14 years, has been arrested on a charge of forgery. A ladies' tailoring firm, by whom the girl was employed, claims that on several occasions she raised checks so cleverly that bank officials were deceived. Previous employers accuse the girl of larceny, and a few months ago she figured as a suspect in an incendiary fire. The magistrate held her for further examination.

WOMEN THIEVES.

Chicago Police Are Looking for
Two Clever Ones.

Chicago, June 3.—Two women who dress stylishly and are experts in the handling of an automobile, are being sought by the police, who declare them to be the cleverest thieves that have visited Chicago in years.

Articles valued at \$1,200 were stolen from a furrier's establishment at night, following a visit from the two women in the afternoon, when they had requested the goods "to be laid aside until morning."

Both women were automobile costs and their machine was left standing at the curb while they were in the store. The police are of the opinion that the women are working under the instructions of men. In the day time the men locate places to be robbed and the women perform the work of burglary at night.

A LEARNED LADY.

Bessie Allen to Be Made a Doctor
of Philosophy.

Chicago, June 3.—By experimenting for a year with a guinea pig and writing a thesis of 5,000 words on her studies, Miss Bessie Allen, a student at the University of Chicago, has passed the cross-examination by the faculty and will next week receive her degree of doctor of philosophy. Her thesis on "The Psychology of the Guinea Pig" was her final test.

The result of Miss Allen's experiment is that she has learned the guinea pig among the animals of the mediated nervous system. Her experiments are another proof that animals of the lowest or mediated nervous systems are born with their mental faculties well developed. Their memory is perfect almost from birth.

Miss Allen graduated from the University of Washington in 1899 and received her master's degree from that institution in 1901.

Marquis of Anglesey's Creditors.

New York, June 3.—Creditors of the Marquis of Anglesey have held a meeting to discuss plans for securing a settlement, says a Herald dispatch from London. It was agreed ultimately that there should be a deed of assignment to the trustees for the benefit of the creditors who would get practically an immediate payment of 15 cents on the dollar.

Lord Anglesey succeeded in 1888 to the title and estates and within six years has incurred liabilities amounting to more than \$2,750,000, but was fully insured for \$1,250,000.

One of the creditors announced that the reason for convening the meeting was because writs had been issued against the marquis. Judgment had been obtained against him, but Anglesey was abroad and out of the jurisdiction of the court.

Advertising to such figures as had been supplied, the speaker said it appeared that the unsecured liabilities were somewhere about \$1,250,000. He said he was sorry to say that out of an income of \$500,000 a very small margin was left from which to liquidate the liabilities. Among other things he declared the marquis had spent \$1,065,000 for jewelry.

A WOULD-BE BITER BIT.

Wealthy Australian Loses \$25,000
In New York.

New York, June 3.—A wealthy Australian who arrived in New York 10 days ago from London was swindled a week ago out of \$25,000 by men pretending to be wire tappers. The story has just become public. On account of his large business connections and also because of the fact that he was equally guilty with the swindlers, the Aus-

tralian made no report of the matter to the police, but called on the following day for London.

Requisition for Disbrow Dand ed

Lincoln, Neb., June 2.—Gov. Mickey today denied the requisition from the governor of Washington for the return from Creighton, Neb., of W. H. Disbrow, accused of obtaining money under false pretenses.

Sugar Importers Lose.

New York, June 2.—The United States circuit court of appeals today handed down a decision in favor of the government in the case of the United States vs. Bartram Brothers, Benjamin Howell, Son & Co., and the American Sugar Refining company, holding that sugar imported into this country was assessable on a scale based on the potential test made in a temperature of 25 degrees centigrade. The decision reversed the circuit court's ruling and sustained the opinion of the board of

United States general appraisers. In importance the case ranks second to none in customs laws and involves directly over 15,000 protests of importers throughout the country.

The significance of assessing sugar for duty under the conditions of a test made at 25 degrees centigrade is that duty is levied on sugar according to the number of degrees shown under the test.

VAN COTT RESIGNED.

Son of New York Postmaster Had
To Get Out.

Washington, June 2.—Postmaster General Payne has received and accepted the resignation of Richard Van Cott, superintendent of delivery at the New York postoffice, to take effect May 31. The resignation is the direct result of the recent report of Asst. Atty.-Gen. Robb on his investigation of the affairs of the New York postoffice.

Michigan Prohibits Name Ticket.

Lansing, Mich., June 2.—At the prohibition state convention today 63 uninstructed delegates to the national convention were elected. A state ticket, headed by Samuel Dickie of Albion, for governor, was nominated.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out.

You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years.

"About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have since had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."

Two Sizes, 50 Cents and \$1.00.
