J. Spencer Turner, }  
Henry D. Polhemus, }

These goods can be obtained at Z. C.  
M. I. w15

## Local and Other Matters.

FROM WEDNESDAY'S DAILY, JUNE 7.

**Going Out.**—We understand that five drinking saloons closed last week for want of business. Our feelings wouldn't be hurt at all if the balance should close this week, and not open any more.

**Book of Mormon.**—We are pleased to be able to state that we are now in a position to meet the demand for the Book of Mormon, which is again on sale at this office.

**Patents.**—Patents for the under-mentioned townsites have been received at the Land Office in this city—

Goshen—Certificate 1,008—Geo. W. Bean, probate judge.

Peoa—Certificate 907—Arza Hinkley, probate judge.

Providence—Certificate 632—Wm. Hyde, probate judge.

Scipio—Certificate 1,176—Edw'd Partridge, probate judge.

**Not Now.**—In an article in yesterday's NEWS, relating to Mr. Ira Pfoutz calling at the City Hall, on Monday, to re-examine the corporation accounts, we stated that that gentleman was "known as the agent for the Weed Sewing Machine Company." We learn that he has not been connected with that Company since the 1st of May last.

**Industrial Association.**—The Fifteenth Ward Industrial Association, tailoring, dressmaking, &c., is erecting a new building, north of the Ward store, which will be ready for occupancy in about a week. The structure is thirty feet by sixteen feet, and the cause of its erection is that the increasing business of the enterprise requires more room. So much for local industry in the Fifteenth Ward.

**Arrival of Immigrants.**—The company of immigrating Saints, numbering one hundred and thirty souls, who left Liverpool on the 24th ult, arrived in New York on Monday, and resumed their westward journey yesterday. Elders J. Woodhouse, John Hopkins, Edw'd Hanham, William Nelson and Robert Hogg, who have been laboring in the European Mission, are traveling with this company. The company may be expected in this city on or about June 14, possibly June 13.

**That Norwich Party.**—Notwithstanding the cold and heavy wind-storm yesterday, we are informed that a large number of old associates from the Norwich Conference and their friends assembled at Fuller's Hill Gardens, and spent a very agreeable time. When the wind abated in the afternoon the tables were spread and an old fashioned time was enjoyed in the pretty bowery. After refreshments a social dance was indulged in.

The late members of the Scottish conferences are talking of a similar reunion there in a few days.

**Brighton.**—The people of Brighton settlement, over Jordan, are rejoicing over the completion of four and a half miles of excellent canal, which is sixteen feet wide at the bottom, and in which there will be a body of water four feet deep, the present week. This canal has been constructed principally by the County, and has a splendid headgate, capable of regulating a body of water much larger than the capacity of the present canal.

Under these propitious circumstances not a few people are looking toward Brighton for places whereon to locate, and others, non-residents, who own land thereabout, are thinking of moving out there. With plenty of water, and no prospect of the Jordan overflowing upon the land in that locality, Brighton will now have a fair opportunity of showing what she can produce.

**Fast Meetings.**—Some of the city Bishops are endeavoring to impress upon the members of the church in their wards the necessity of a more general attendance at fast meetings, on the first Thursday of each month, and the more punctual payment of fast offerings, for the support of the poor. There are

some of the people who could not without difficulty attend fast meetings, which are held in the day time, because, for instance, of being in the employ of persons who are not willing that those working for them should leave their labor for an hour or two for that purpose, but there appears to be no reason for those unable to attend not remembering the poor in due season. The work on the Temple Block closes in order to allow the workmen to attend fast meetings. In one Ward an evening prayer meeting on the first Thursday of each month, has been instituted, for the benefit of those unable to attend in the day time. Some of the proprietors of stores, members of the church, we understand, are willing to close their places of business for an hour or two, at the required time, to enable themselves and employees to attend those meetings.

**After the Loafers.**—It will be seen by a petition from leading business men, presented to the City Council, last evening, and referred by that body to the Marshal, that there is a growing determination to rid East Temple Street of that most intolerable nuisance, the "loafers' brigade," a subject to which the NEWS has lately devoted several paragraphs. As the objectionable character of the evil complained of is pretty generally understood, and is clearly described in the petition already referred to, published in the City Council minutes to-day, we will merely state that it is the intention of the Marshal to enforce the ordinance relating to loafers or vagrants strictly, and, to enable him to do so thoroughly the merchants in the locality designated, and others interested should co-operate with him in that direction, that the disgraceful nuisance may be abated.

We here quote from section 35, page 68, of the "Salt Lake City Ordinances," bearing upon the subject—

"Persons within the limits of said city, not having visible means of support, living idly, or who are found loitering about the streets or public places, &c.; and further on the ordinance states that such persons as the foregoing quotation describes "shall, for each offence, be liable to a fine not exceeding fifty dollars, or to imprisonment not exceeding thirty days, or to both fine and imprisonment."

In the same ordinance there is a clause relating to "malicious mischief," and another relating to profanity, with penalties attached, which can be brought to bear in some instances.

**City Council.**—The Council met last evening, Mayor Little presiding.

The following petition was read, and, after considerable discussion, referred to the Marshal—

SALT LAKE CITY,  
May 29th, 1876.

To the Honorable, the Mayor  
and Members of the City Council:

Gentlemen,—Your petitioners would respectfully represent that, *Whereas*, the gathering of numbers of men on East Temple Street, especially at the corners and under awnings—many of them indulging in indecent language, obstructing the sidewalks so that ladies find it difficult to pass, and causing them to avoid the street as much as possible, cutting to pieces posts, steps, signs, awnings, etc., causing the late serious accident to Mr. Richards; lounging around the store doors, preventing the ingress and egress of customers; or sitting for hours on the steps and curbs of buildings—has become an intolerable nuisance, resulting, in at least the instance referred to, in serious personal injury, and on another occasion setting fire to one of the principal buildings from a lighted match or cigar—all of which is greatly detrimental to business interests generally, and is fast converting East Temple Street into one of the least respectable of the city.

We therefore ask your honorable body to enact such ordinance as in your wisdom will most effectually correct these evils; and, as in duty bound, your petitioners will ever pray.

George Dunford, Godbe, Pitts & Co., Wm. Jennings, Sons & Sadler, Watters and Bro., J. C. Little, Day & Co., S. P. Teasdel, Taylor & Cutler, Louis Cohn, Geo. M. Scott & Co., Joslin & Park, W. F. Raybould, Hugh Anderson, Walker Brothers, Calder & Careless, G. W. Davis, H. B. Clawson, Supt. Z. C. M. I., Kimball & Lawrence, L. S. Hills, W. H. Hooper.

Petition of the Hook and Ladder Fire Company asking the City to refund to them \$29, which they had expended in the purchase of firemen's accoutrements, &c.; referred to committee on claims.

The bill of Jesse W. Fox, \$17, was reported correct by the committee to whom it was referred, who recommended that the amount be appropriated; report adopted.

The committee on fire department recommended the organizing of another hose company, the purchasing of an additional 500 feet of hose and another hose cart, and that a tower for drying the hose be erected; also that a proposition from Taylor & Cutler, who had offered a suitable place, at the rear of their business premises, wherein to locate a hose cart, be accepted. It was also recommended that the hose companies be strengthened and made more efficient, by the enrollment of members residing on or near East Temple Street. The recommendations were adopted.

In the same connection it was stated that the employees of Z. C. M. I. were about to be organized into a hose company, with suitable apparatus.

The committee to whom was referred the petition of Luke and Trescott for the privilege of being allowed to sell a certain fire kindler, reported that the ingredients of which the combustible is composed are of a dangerous character, and it would therefore be an infringement of a city ordinance to accede to the prayer, and they recommended that it be not granted; report adopted.

The Mayor presented his report of expenditures, for April and May, from the contingent fund appropriated to enable him to meet current or contingent expenses. It showed \$244.65 had been expended in the former month and \$479.39 in the latter; report approved.

Petition of Sanders and Sprague, for the cancellation of licence from the 30th of April, having been out of business from that date; granted.

Alderman Pyper's report, which was presented and adopted, showed that sixty-four cases had been disposed of by him during May and that \$282.60 had been collected in cash fines and \$205 in labor.

The Marshal's bill of expenditures for May, \$117.15, allowed and appropriated.

Bill of S. B. Young for medical services to city prison department, \$87; referred to committee on claims.

The following bills for May were allowed and the respective amounts appropriated—

W. Hyde, for boarding City prisoners, \$229.65; expenditures of fire department, \$244.75; salary of Paul A. Schettler, \$200; Captain A. Burt, City marshal and chief of police, salary \$155; salaries of seven policemen, \$368. J. W. Burt, janitor of City Hall, salary \$54; W. Hyde, watermaster, jailor and supervisor of streets, salary \$150; W. E. Hyde, for guarding waterworks tanks and lighting street lamps, salary \$80; Dr. S. B. Young, for boarding and caring for four insane asylum patients, \$143.50; Gas Company, \$1,122.20; Davis, Howe and Company, for materials supplied the waterworks, \$338.59; nails for Bath-house pasture fence and grass seed for Union Square, \$28.15; W. R. Adkins, for one year's salary for labor done on Union Square, \$625, less \$126 previously appropriated; for assistant to W. R. Adkins, \$30; to cover the redemption of City currency for the last three months, \$247.50.

The committee on finance were authorized to destroy the redeemed currency.

A bill of Dr. S. B. Young, for care and burial expenses of Minnie Plum, an insane patient of the asylum, from Tooele, \$70, was referred to the committee on insane asylum.

The sum of \$1,500 was appropriated as a contingent fund to be drawn against by the Mayor, and \$1,000 to be drawn against by the supervisor of streets.

FROM THURSDAY'S DAILY, JUNE 8.

**Now it is the Scotch.**—An advertisement in the NEWS announces that arrangements have been made for a party composed of the Saints from the Scottish Conferences, and their friends, on Tuesday, June 20th, at Fuller's Hill Gardens. Those desirous of participating can know where and of whom to purchase tickets by reading the advertisement, in another column.

**Morality.**—The police business has been remarkably dull lately, which is an evidence that the moral tone of the City has considerably improved, owing, doubtless, to considerable of the scum of society floating off to the Black Hills. Should Sitting Bull or any of his adherents get after members of the disreputable class alluded to with the scalping knife society will be none the worse off.

**Going Again.**—The other day we stated that the dam of the paper mill, on Cañon creek, had been carried away by high water, and that operations in that useful institution had been consequently suspended. We are pleased to be able now to state that the necessary repairs having been promptly made; the mill commenced running again yesterday as usual.

**Man Drowned.**—On Tuesday afternoon, while Mr. William Casper was at work on Big Cottonwood Creek, he discovered the body of a man floating down the stream. He made an attempt to take it out of the water, but was unable to do so, owing to the strength of the current, which carried it down swiftly. It is supposed to be the body of Daniel Caine, a miner, who left Argenta for Silver Springs on the day mentioned.

**The Old Folks.**—A very large crowd of people gathered this morning for the purpose of viewing the departure of the "old folks" on their excursion to Provo, and consequently the railroad depot presented a gay and lively scene. The excursionists numbered probably something over five hundred, and all of them appeared smiling and cheerful this morning. They occupied eight regular passenger cars, and there was one flat besides, which was gaily decorated with flags and evergreens, and occupied by the Smith Brothers' (7th Ward) band, who kindly give their services, in the musical line, for the occasion. The engine was also neatly decorated.

**An Unlawful Act.**—The members of the Salt Lake bar are nearly unanimous in the opinion that the giving to the public of the grand jury report was a breach of the law, rendering those who did it liable for divulging the secrets of the grand jury. However, the object was evidently to manufacture political capital, which object, however, owing to the glaringly misrepresentative, and grossly erroneous character of the report, has failed in accomplishment. We cannot say that we regret the publication of the document, which is of such an evidently unfair and one-sided character as to rather injure its authors than those whom it was intended to hurt.

**Another Nuisance.**—The loafing nuisance is now in a fair way for being abated, there having been a visible improvement on the streets in that regard yesterday. There is another that requires attention; fast driving. There is quite a number of persons that drive through the streets at a speed and with a recklessness that leads one to suppose that, because they can own a fast horse, or hire one from a livery stable, they are "somebody in particular." Such persons should be taught to pay some regard for the lives and limbs of citizens who have more sense than they, and that they are not the owners of the city. This latter nuisance is one of daily, not to say almost hourly occurrence, and is most prevalent on Sabbath days.
