THE MAYOR'S VETO.

The Mayor returned the appropriation ordinance and last week's minutes of the Council disapproved, the ordinance containing the item of $500 in favor of John Sullivan for the purchase of real estate in Farley's magon, which the Mayor says "was made secretly" and without having been submitted to him for approval, and to the item of $300 in favor of W. S. Berry, which was in settlement of a claim for damages, to which the Mayor was also ignorant, the called attention to the act which provides that every contract approved by the City Council involving the expenditure of money shall be submitted to the Mayor for his approval."

Small, the appropriation referred to, was withdrawn, the objections of the Mayor notwithstanding.

Young included the Council had done a good thing in purchasing the land from Sullivan as it had been Farley's custom entirely from encroachment by the present owner, while the public right enclosed by the purchase was worth the money paid for the land. He stated that Sullivan had been guilty of any dishonesty.

Sullivan's counsel contesting the veto, while Cohn, Clawson and Sheetz urged that the appropriation be passed over the veto, as the most course and thus save the Mayor's face. Lewis and Young spoke in favor of sustaining the veto.

The question was put and all the councilors present voted to pass the appropriation over the Mayor's veto.
