

Next followed a selection from the Union Brass Band.

Supt. Wm. Asper made a few interesting remarks relative to the progress made in the Sunday School cause since the Union was first organized.

The "Children's Song of Prayer" was very beautifully sung by a number of little boys and girls.

Elder John Q. Cannon, lately returned from a mission to Germany, gave a brief and interesting address on the life and training of the youth of Germany from childhood to youth and manhood to womanhood. He thought that notwithstanding many of the national weaknesses of the German people, they were one of the mightiest nations on the earth, possessing many sterling qualities worthy of honor and respect. He anticipated that at an early day the rigorous laws which now excluded the Elders proclaiming the Gospel in many parts of Germany, would be modified, when that country would yield her thousands of honest in heart to swell the ranks of the people of God.

Bro. Jos. J. Daynes gave an excellent selection on the grand organ, which was very highly appreciated.

Adjourned till the first Monday in September, at 7:30 p.m.

The singing "Daughter of Zion" by the school choir was most excellently rendered.

Benediction by Elder A. H. Cannon. J. H. PARRY, Secy.

WEBER'S BUDGET.

VOTING IN THE JUNCTION CITY.

OGDEN CITY, Utah,
August 4th, 1884.

Editor Deseret News:

This is our election day for county and precinct officers. The morning dawned bright, clear, calm and serene. At the hour appointed the judges were in their places in the new city building, and after the usual preliminaries the polls were opened and

VOTING COMMENCED

by those who still hold the franchise for the men of their choice to fill the official positions for the next two years in Weber County.

There were two tickets in the field—one presented by the People's Party, representing the vast majority of legal voters in the county—the other the "Liberal" ticket, the adherents of which represent the small opposition to the best interests of those who have made and built up the country. Following is the

PEOPLE'S TICKET,

for which has been cast a large majority: For Probate Judge, Lewis W. Shurtliff; for Selectman, Geo. Halls; for Clerk of the County Court, Charles C. Richards; for Assessor and Collector, Hyrum Belnap; for County Treasurer, Robert P. Harris; for Prosecuting Attorney, Charles C. Richards; for Sheriff, Gilbert R. Belnap; for Surveyor, Washington Jenkins; for Coroner, Mark Hall. Ogden Precinct—For Constable, Moroni F. Brown.

These are all good men, tried, true, able, who have served the community in various capacities, and are still willing to devote their labors and talents to promote the material welfare of those by whose suffrages they have been placed in their several responsible positions.

"LIBERAL" TICKET

contained the following names: Probate Judge, James N. Kimball; County Clerk, William V. Helfrich; Selectman, Pierce Quirk; Assessor and Collector, Joseph B. Sewall; Prosecuting Attorney, Ransford Smith; Sheriff, William M. Chapman; Treasurer, Thomas Slater; Surveyor, T. A. Perkins; Coroner, Paul P. Schaefer.

There was not a great deal of enthusiasm and no rowdiness during the proceedings, but from the beginning, balloting continued steadily throughout the day. At 9:30 a.m. 195 ballots were deposited; at 11:30, 447 votes were polled; at 4 o'clock p.m. 760 persons had exercised their rights of franchise, and at the close of the day the total votes polled were for the People's Ticket 931, for the "Liberal" Ticket 157. I did not see, neither have I heard of one name being scratched or substituted. There were few scattering votes.

The weather during the day was
EXTREMELY HOT

but the People's Party had their teams and carriages running all the time to bring to the polls the aged, the infirm and many others who live at a long distance from the city building.

Everything passed off quietly, peaceably and orderly. No intoxication, and but little boisterous talk, no boasting, defiance or railings from either party. No accidents occurred. The highest vote cast at the last Municipal election in this city was 1,072 for the People's ticket. There may be a slight difference when the details are more particularly ascertained, but the above numbers were furnished me at 10:30 to-night, by one of the judges. From the reports received from parties in from the settlements the indications are that the People's ticket has been elected by an

OVERWHELMING MAJORITY.

Of course the opposition did all they could to slip their ticket into the hands of the unwary, but our committees were vigilant, on the alert and prevented imposition from being practiced on the people.

To-day Mr. M. H. Beardsley transferred all his interest at the Union Depot hotel to Mr. Chas. A. Clawson of Los Angeles, Cal.; and Mr. W. H. Peterson transferred all his interests in the bar at the same place to the same gentleman. The new proprietor will take possession and commence to run the establishments on the 5th inst.

PUBLIC LAND LAWS.

We are informed by T. C. Bailey & Bro., Land Attorneys of this city, that the late bill before Congress for the repeal of the Pre-emption, Timber Culture and Desert Land laws, passed the House, but failed to pass the Senate; therefore these laws still stand the same as heretofore, but they will very likely be repealed at the next session of Congress, and so we advise all our patrons who wish to avail themselves of the privileges of those laws, to hurry up and make their filings and entries without delay, or they will be too late.

When these three laws are repealed, nothing but the homestead law will be left by which to secure titles to public land.

We are also informed by the above named firm that all persons whose homestead entries have ever been canceled, or set aside on account of any illegality, or conflict with other legal entries, or because the entries were within reservations of any kind, whether military, or Indian, or withdrawn by railroad grants, can obtain the repayment of the fees and commissions paid at date of entry, less a reasonable charge for collecting the same. By addressing the above named firm enclosing a stamp, and giving the number or date of the entry, and a description of the land, they will answer promptly, and inform the writer whether his case comes within the law granting the said repayment, and if it does, a proper application will be sent the claimant to sign and execute, with full instructions.

Many persons write directly to the land office for information, thinking, no doubt, that the officers will give them better and more detailed and reliable information than anyone else. This is a mistaken idea, for these officers have not the time to answer inquiries in detail, hunt up locations, construct diagrams and explain questions at length; their official duties, if well attended to, will not allow it. It is true they are instructed to answer correspondents, but from the very nature of the case, their replies must be very brief and often delayed no doubt, when pressed with business. They are not allowed to receive any pay for this work. While on the other hand the land attorney makes it his special care to answer all letters by return mail, giving all details, law, instructions, information and even diagrams, with a view of obtaining the good will and confidence of his correspondents, and thus "Make business."

T. C. Bailey & Brother answer these questions free. Persons who made homesteads prior to June 15, 1880, can make direct cash entries of their claims, without residence, cultivation, publication or using any witnesses.

UTAH'S UNIVERSITY.

TO COMMENCE ITS SCHOOL YEAR IN ITS OWN NEW BUILDING.

The announcement of Dr. John R. Park, president of the Deseret University, regarding the opening of that institution on the 18th inst., will be found in another column. Since its beginning under the present management, on the 8th of March, 1883, the University has enjoyed a continuous and prosperous existence, reflecting credit upon its teachers and upon the Territory, and proving itself a mighty power in educational matters in this whole region. Moved from the Council House some years ago to the quieter and more commodious quarters found in the old Union Academy building, it has now transferred its location to the new and handsome structure built specially for it on University Square. The public are familiar with the causes of the failure to get an appropriation to finish the building at the last session of the Legislature, and will therefore be no less delighted than surprised to hear that, notwithstanding this defeat those interested in the growth and well being of the institution have succeeded in getting the building so far completed that at least a portion of it can be used. Some temporary makeshifts have had to be resorted to, and the parts which will be occupied are not perhaps as finely finished as might be wished. Still, Dr. Park assures us that the new quarters are far ahead in point of room and convenience of any the University ever occupied, while the new surroundings and facilities are certainly incomparably superior to those which have been at its service in the past. With these external advantages to encourage its well wishers and patrons, are also coupled new and marked improvements in the courses of instruction and in the widened scope and enlarged sphere of usefulness which the University is enabled to assume. The Faculty comprises the names of well known instructors and specialists in all departments of study, and the institution is one in every way worthy the heartiest patronage, being one of which the Territory may justly feel proud.

TUTT'S PILLS

TORPID BOWELS and DISORDERED LIVER.

From these sources arise three-fourths of the diseases of the human race. These symptoms indicate their existence: Loss of Appetite, Bowels costive, Sick Headache, fullness after eating, aversion to exertion of body or mind, Eructation of food, Irritability of temper, Low spirits, a feeling of having neglected some duty, Dizziness, Fluttering at the Heart, Dots before the eyes, highly colored Urine, CONSTIPATION, and demand the use of a remedy that acts directly on the Liver. As a Liver medicine TUTT'S PILLS have no equal. Their action on the Kidneys and Skin is also prompt; removing all impurities through these three "scavengers of the system," producing appetite, sound digestion, regular stools, a clear skin and a vigorous body. TUTT'S PILLS cause no nausea or griping nor interfere with daily work, and are a perfect ANTIDOTE to MALARIA.
