AMERICAN.

WASHINGTON, 16.—At 5 o'clock counsel were sent for. They had been waiting for the summons in a private room of the Supreme Court, and when advised that the commission were prepared to receive them they entered the court room in a body. Some time elapsed before the doors were opened to members of Congress and those who had tickets of admission, and when they were opened a frantic rush was made for the interior, which was soon uncomfortably filled.

The following are the resolutions acted upon by the commission in their secret session, and afterwards reported to the counsel:

Hoar submitted the following:

Ordered, That the evidence be not received.

Abbott offered the following as a substitute:

Resolved, That the evidence be received to show that so much of the act of Louisiana establishing the returning board for that State is unconstitutional, and the acts of said returning board are void.

This was rejected by the following vote:

Yeas—Abbott, Bayard, Clifford, Field, Hunton, Payne, and Thurman—7.

Nays—Bradley, Edmunds, Frelinghuysen, Garfield, Hoar, Miller, Morton, and Strong—8.

Mr. Abbott offered another substitute as follows:

Resolved, That evidence will be received to show that the returning board, at the time of canvassing and compiling the vote of that State at the last election in that State, was not legally constituted under the law establishing it, in this that it was composed of four persons of one political party instead of five persons of different parties.

Rejected by the same vote.

Abbott then offered another substitute:

Resolved, That the commission will receive testimony on the subject of alleged frauds in the specification of counsel for objectors to certificates one and three.

Rejected by the same vote.

Abbott then offered the fourth substitute:

Resolved, That the testimony tending to show that the so-called returning board of Louisiana had no jurisdiction to canvass the votes for electors for President and Vice-President is admissible.

Rejected by the same vote.

Abbott offered a fifth, which was rejected by the same vote.

Resolved, That evidence is admissible that the statement of affidavits purporting to have been made and forwarded to the said returning board in pursuance of the provisions of section 26 of the election law of 1872, alleging riot, tumult, intimidation, and violence at or near certain polls, and in certain parishes were false and fabricated, and forged by certain disreputable persons under the direction and knowledge of said returning board; that said returning board, knowing said statements and affidavits to be false and forged, and that none of such statements and affidavits were made in the manner or form or within the time required by law, did knowingly, wilfully and fraudulently fail and refused to canvass or compile more than 10,000 votes cast, as is shown by the commissioners of election.

Hunton offered the sixth substitute as follows:

Resolved, That evidence be received to prove that the votes cast and given at said election, on the 7th of November last, as shown by the return made by the commissioners of election for said polls and voting places in said State, have never been compiled nor canvassed, and said returning board never even pretended to compile or canvass the returns by said commissioners of election, but only pretended to canvass the returns made by the State supervisors of registration.

Rejected by the same vote.

A seventh substitute was offered by Bayard, as follows:

Resolved, That no person holding an office of trust or profit under the United States is eligible to be an elector, and this commission will receive evidence tending to prove said ineligibility as offered by the counsel for the objectors to certificates numbered one and three.

Rejected by the same vote.

Justice Field offered the eighth substitute as follows:

Resolved, That in the opinion of the commission evidence is admissible upon the several matters which counsel for objectors to number one and three offered to prove.

Rejected by the same vote, and question on the original order, submitted by Hoar, came up, viz.: That the evidence offered be not received.

Payne moved to strike out the word not.

Rejected by the same vote.

The vote on the original order was then taken, and was adopted by the following vote:

Yeas—Bradley, Edmunds, Frelinghuysen, Garfield, Hoar, Miller, Morton and Strong—8.

Nays—Abbott, Bayard, Clifford, Field, Hunton, Payne and Thurman—7.

After a conclusion had been reached by the commission, counsel were admitted and the above resolutions were read by the secretary. As soon as the final vote had been taken, Justice Field moved that the injunction of secrecy be removed from the proceedings. Adopted unanimously.

Hoar inquired of the Chair whether any of the time to which counsel were entitled under the order of the commission remained, or whether it had been exhausted?

The court replied that the time for the objectors to numbers one and three was exhausted on the part of the objectors to certificate number two. He believed ten minutes remained, but the time had been substantially exhausted.

Payne moved that an hour be given to each side for the respective counsel to sum up the case.

Garfield said an order had already been made that each should have four and one half hours, and that time should be used as they chose in interlocutory questions. He considered that he ought to stand on the order, and should vote against the motion. The counsel themselves had not yet asked it.

Judge Clifford inquired if they were satisfied to rest their case.

Evarts said they were satisfied with the case as it stood.

Justice Clifford asked if the opposing counsel also agreed to it.

Judge Campbell said they had nothing to add under the circumstances.

Commissioner Abbott—I understand you, Judge Campbell, to say that the commission having ruled on the evidence you offered you have nothing further to urge?

Judge Campbell—Yes, sir.

Justice Clifford said the motion was withdrawn.

Commissioner Morton moved that three members of the commission be appointed to prepare a report in the Louisiana case, and that a recess of one hour be taken.

Strong said the question that had been passed upon was the question of the admissibility of evidence, and he thought they now ought to go into the merits of the case.

On motion of Hoar, the commission at 5.30 went into secret session for consultation.

Payne moved that one hour be allowed each side in which to make arguments.

Garfield objected, saying the whole question had already been discussed by taking extra time.

Morton said unless counsel desired he should vote against the proposition. He would not invite counsel to argue the question further.

Evarts said his side had argued the whole question fully, and covered the whole merits of the case as they had so considered it during the time allowed them.

The motion was withdrawn.

Hoar then moved that the commission go into secret session for the purpose of consultation on the question. Adopted, and the crowd was directed to leave the room.

Immediately after the doors were closed Senator Morton offered the following:

Resolved, that the persons named as electors in certificates number one were the lawful electors of the State of Louisiana, and their votes are the votes provided for by the constitution of the United States, and should be counted for President and Vice President.

This resolution was adopted by a vote of eight to seven, as follows: Yeas—Bradley, Garfield, Morton, Edmunds, Hoar, Frelinghuysen, Miller, and Strong—8.

Nays—Abbott, Bayard, Clifford, Field, Hunton, Payne, and Thurman—7.

Justices Miller and Bradley and Representative Hoar were then ap-

pointed a committee to draft a report of the decision, with a brief statement of the reasons therefor, to be signed by the members agreeing therein, and to be transmitted to the joint session of the two houses.

A recess of about an hour was then taken to afford time for drafting a report, which, upon the re-assembling of the commission, was presented, and after being read, was signed by Miller, Strong, Bradley, Edmunds, Morton, Frelinghuysen, Garfield and Hoar.

The report is to the following effect:

The electoral commission having received certain certificates and papers purporting to be certificates of the electoral votes of Louisiana, and certain papers accompanying the same, and objections thereto, report that it has duly considered the same, and has decided and does hereby decide the votes of William Pitt Kellogg, O. H. Brewster, A. B. Levissee, Oscar Jaffroin, Peter Joseph, J. H. Birch, L. A. Sheldon and Morris Marks, named in the certificate of William P. Kellogg, Governor of said State, which votes are certified to by said persons as appears by the certificates submitted to the commission as aforesaid, and marked number one, are the votes provided for by the constitution of the United States, and that the same are lawfully to be counted as therein certified, namely, eight votes for Rutherford B. Hayes for President and eight votes for William A. Wheeler for Vice-President. The commission also decides and reports that the eight persons first before named were the duly appointed electors, in and by said State. The ground of this decision stated briefly is that it is not competent to go into evidence *alundi*, as to the papers opened by the President of the Senate in the presence of the two houses, to prove that other persons than those regularly certified to by the Governor of Louisiana in and according to the determination of their appointment; in other words, to go behind the certificate of the Governor, so far as it is founded upon the action of the returning board. The report will also state that the commission could not receive any evidence to show that any elector was ineligible on the 7th of November, on the ground that it was not essential to show that an elector was eligible on that day, so long as he was eligible when he cast his vote in the electoral college, and the fact appears that the alleged ineligible electors, Brewster and Levissee, were chosen to fill the vacancies caused by their own absence from the college, and there was no allegation of ineligibility at the time they cast their votes.

The commission remained in session until nine o'clock when an adjournment to four p. m. to-morrow was ordered. While the commission was in secret session remarks were made by Morton, Thurman, Garfield, Bayard, Edmunds, Hunton, Hoar, and Bradley, the last named closing the discussion. The President has approved the bill providing for the deficiency in the appropriation for public printing and binding.
