SHOOTING SCRAPE DOWN AT SALINA

George Long Wounds Sheriff Clark in the Breast—Officer Was Game and Arrested His Man.

(Special to the "News.")

Salina, Utah, Nov. 22.—Last night at 7 o'clock, George Long shot Sheriff Clark here. Long had been drinking all day. Clark met him on the sidewalk when Long turned and shot him. The bullet entered his right breast, two inches from the nipple. A button deflected the bullet, causing only a flesh wound. Clark promptly jumped behind a tree and ordered Long to throw

down his gun. Long complied, and then Clark marched him to jail. Long shot a man five or six years ago and is considered dangerous when he is drinking. He has served two years for a former offense. The sheriff is about the coolest man in town and exhibited great nerve. Long is a saloonkeeper at Gold Mountain and came in to settle some trouble about a woman here. He is married and has a family.

TRAVELING PASSENGER AGENTS' TRIP.

Railroad Hustlers Late in Arriving in Salt Lake, Owing to a Collision With a Freight Train at Boca, Nevada—Several Received a Severe Shaking Up.

The passenger men did not arrive in Salt Lake on time today by a heavy margin. At noon it was given out that they would not be here before 3:30, and it might be 4 o'clock. The cause of all this was a little misunderstanding with a freight train at Boca, Nevada, yesterday afternoon. The freight was taking water at the Boca tank when the special came bowling along. The grade is heavy and the track seemed slippery, and the special's brakes failed to hold. The freight couldn't get out of the way, and the special wouldn't, so there was a head-on collision. Both engines were disabled, two flat cars broken in two and the platforms of the coach broken. The trucking wrecking train was three hours in clearing away the wreck. The engine men jumped and saved themselves. Of the people on the special, Mr. and Mrs. C. A. Parker of Chicago were slightly bruised; Mrs. H. N. Butterfield of Milwaukee received bruises on the neck and back, and Mrs. L. W. Price of Kansas City had a rib broken. Many other passengers sustained slight injuries, but refused to give names.

The accident has upset the Salt Lake program so carefully arranged, according to advices from the Rio Grande offices this noon, the best that can be done will be to rush the visitors around town first thing, and after showing the attractions, give them an early dinner at the Knottford, and then take them to the Tabernacle for the recital. The proposed lake trip has of course gone glimmering, as the passenger men must leave for the East on schedule time. Quite an elaborate program has been laid out for them in Colorado, and it cannot very well be abbreviated. The visitors were met at Ogden by the two Heavenly Twins of the local railroad management, Chas. Cushing and Ridd, the "only Mormon traveling passenger agent in the world." At this city, Assistant General Passenger Agent Heintz of the Rio Grande lines, aided by a large and enthusiastic assemblage of local railroad talent, was at the depot to welcome the boys and express a hope that they would enjoy the fraction of the day that was left to them. He will accompany the passenger men to Denver.

The organ recital at the Tabernacle is tendered by the Presidency of the Church, with J. J. McClellan organist. Harvard Gets another Building.

Boston, Nov. 22.—The Transcript says: Through the generosity of a Boston man and a Harvard graduate whose name is withheld from the public, Harvard is to have another building added to its collection. The new structure will be built on the land now occupied by the Fiske-Hall. The original amount intended to be given was \$50,000, but the sum has been nearly doubled.

THEY TAKE A HAND.

Utah Machinists Interested in Ship Builders' Strike on Coast.

The members of local union No. 106 of the International Association of Machinists held a meeting last night at which the situation among the shipbuilding strikers at San Francisco was discussed. The Fulton Iron works, one of the shipbuilding firms, has conceded to the machinists to the extent of allowing them a nine-hour day and a gradual increase of compensation. The machinists heretofore worked ten hours a day for the average wage of \$3.25. They will now receive \$3.25 and work one hour less.

It was learned that the Union and Russian workers were still holding out and in relation to that fact the following resolutions were adopted: "Resolved, That this association in a body most respectfully and earnestly request of the officers who have the matter in charge that the employees of the government engaged in the navy yards, and particularly on the Pacific coast, be kept at work and given steady employment in preference to private corporations, and that such employees shall have work to the exclusion of strikers of the latter."

"Resolved, That the sentiment here expressed be communicated to those in authority to that end, and that a copy of these resolutions signed by the directors of the latter be previously sent attached, be sent to his excellency, the President of the United States, and to our representatives in both branches of Congress."
