New York, Jan. 26 .- The Herald says: It was announced last night that the plans for providing working capital for the United States Flour Milling Co., were practically sure of success, and that A. C. Loring, manager of the Northwestern Milling Co., of Minneapolis, would return to his home, leaving this city this morning fully convinced that there will be no further difficulty in raising the \$1,250,000 required by the mills of Minneapolis under his control as a working capital. George Urban Jr., of Buffalo, presi-

look for any further difficulty, and he was convinced that the minority stockholders of the Northwestern Milling Co. would be satisfied with any arrang ment which the majority might make These statements were made by him in the presence of Jacob Ames, of Syra-cuse, and Thomas A. McIntyre, vice president and secretary, respectively, of the United States Flour Milling Co. Later, at a time when President Urban was not present, Mr. McIntyre said: "There is no minority interest in the Northwestern Milling Co. ### Pennsylvania for Bryan.

Harrisburg, Pa., Jan. 25,-The State Democratic committee set the pace for the Democracy of the other States today by making Col. William J. Bryan its choice for the presidency in 1900. This action was taken by the commit-tee while Col. Bryan was on his way to Harrisburg from New York to attend the meeting and confer with the party leaders. This is probably the first time in the party's history that the Democrats of Pennsylvania have indicated their choice for President in advance of the State convention, There was a large attendance of Democrats from over the State to meet Col. Bryan and hear him discuss the issues on which the coming campaign will be waged. The State convention will be held in this city on April 5th, and will adopt a platform along the lines laid down by the Nebraska orator in his speech tonight. The platform will indorse the Chicago declaration of principles, de-nounce the trusts and imperialism, advocate ballot reform and pure elections and condemn machine politics. The convention will also nominate candidates for auditor-general, congressman-at-large and presidential elec-tors, and elect eight delegates-at-large to the national convention.

## THE INSURRECTION IS OVER

Congressional Action Necessary to Avert Further Trouble-Statement from Manila.

New York, Jan. 26 .- A dispatch to the Herald from Manila says:

The war in the Philippines is over. No further surrender can be hoped for. The\* danger in the present situation is that a bloody feud may arise between the American army and the Fillpinos.

This danger can be greatly lessened by action by Congress, which is now imperative, outlining the policy of the government in the Philippines.

It is likely that many insurgents are still holding out for the very terms which Congress will be willing to give. The time is ripe for a conciliatory policy, allowing the Filipinos to have some cay as to the nature of the gov-ernment under which they will be obliged to live.

Instantly Relieved and Speedily Cured by CUTICURA.

The itching and burning I suffered in my feet and limbs for three years were terrible. At night they were worse and would keep me awake a greater part of the night. I consulted

doctor after doctor, as I was travelling on the road most of my time, also one of our city doctors. None of the doctors knew what the trouble was. I got a lot of the different samples of the medicines I had been using. I found them of so many different kinds that I concluded that I would have to go to a Cincinnati hospital before I would get relief. I had frequently been urged to try CUTICURA REMEDIES, but I had no faith in them. My wife finally prevailed upon me to try them. Presto! What a change! I am now cured, and it is a permanent cure. I feel like kicking some doctor or myself for suffering three years when I could have used CUTICURA REMEDIES. H. JENKINS, Middleboro, Ky.
