CAMPING OUT PLANS. In relation to the general criticism that the Republican managers have been slow in getting the campaign started, Chairman Hitchcock said that the plans being followed were agreed upon several weeks ago at which time it was announced that the general speaking campaign would not begin until Oct. 1. We declared that all of the members of the executive commit-tee in the east and west had agreed that this was a wise polley, and that that this was a wise policy, and that they had seen no reason to change their plans. GOVERNOR CUTLER'S ADRESS.

Utah and Sait Lake City are getting an enviable reputation in the way of securing and caring for various con-ventions. It is a reputation we are proud of. For we take great credit to ourselves for our hospitality and the uniform courtesy with which we treat the visitors who come among us. This reputation we desire always to live up to. On this account, and because of the high regard we have for the men who ply your ancient and honorable trade, we welcome most heartly the convention of the United Brotherhood of Carpenters and Joiners of America. There has been no time in the history of the world when your calling has not been held in high esteem. From the time when men first began to fasten together the twigs and branches of the sun and the rain, till the present time, when by your skill you are able to make from wood the most beautiful works of ar the carpenter has been benefactor to mankind. Attempt Made to Kill Joseph Ganster

A Grocer, and Family. Reading, Pa., Sept. 21 .- An attempt was made today to kill Joseph Ganster, a grocer, and his family, when a quantity of dynamite was exploded against a wall of his home. Mr. Ganster and members of his family were thrown out of bed but no one was injured. The front of the building was shattered, the side wall was forced out of plumb and the foundations weak-

ened. There is no clue to the perpetrators of the outrage. Some weeks ago Mr. Ganster received an anonymous letter stating that his house would be blywn up, and he reported the matter to the authorities. A policeman has had the place under special surveillance ever since.

So violent was the shock of the explosion that houses for several blocks were shaken while nearby dwellings had their windows broken.

Mrs. Margaret Walder, Sole Client and Attraction, Arrested for Fraud.

Fresno, Cal., Sept. 21.-The arrest of Mrs. Margaret Walder, a young woman who recently came from Minnesota, on a charge of using the mails to defraud, is said to be due to the charge that she conducted a matrimonial agency with herself as the sole client and attraction. Mrs. Walder is said to have obtained money from various correspondents of domestic tendencies who wished her to join them in various parts of the coun-try. Her arrest, it is said, followed the investigation of a mistake made by S. R. Johnson, Jr. of Guthrie, Okla, who, it is said, had arranged to marry Mrs. Walder and purchase for her an \$18,000 ranch as a guaranty of his sincerity. Chicago, Sept. 21.—Stories to the ef-fect that there has been a change, or is to be a change, in the management of the Republican national campaign appear to be without the slightest foundation. The Associated Press has caused inquiries to be made in every place that could be expected to supply reliable information on the subject and it is declared that the campaign is be-ing conducted along the lines originally planned and that the program will

continue without alteration. Apparently the story that there is to be a change in the management of he campaign and that Chairman Hitchcock is to be subordinated in authority although remaining nominal-ly at the head of the committee, orignated from the statement that Senator Crane would visit western headquarters in this city, and the fact that he had been in communication with Mr. Taft Communication with Mr. Taft in Cincinnatl. The truth of the case is that Senator Crane arrived in Chi-cago today because he was requested by Mr. Hitchcock to meet him here at this time. The real purpose of the senator's visit is the financial end of the campaign work. Senator Crane is a member of the advisory committee which was appointed by Chairman Hitchcock to consider ways and means. Funds for campaign purposes have been coming in slowly from the west and middle west region, and Senato Crane was asked to visit Chicago and confer with Fred W. Upham, the as-sistant treasurer of the national com-mittee. At the same time Mr. Hitchmittee. At the same time Mr. Hitch-cock desired to meet him in conference. as he has met him several times in the past to consider phases of the campaign work.

MEETING CRITICISMS

Chairman Hitchcock arrived in Chicago at 8:39 o'clock today and went to the Auditorium-Annex where he met to the Author of men identified with the management of the western campaign. Ever since the campaign opened, Mr. Hitchcock has been con-fronted with complaints that there has not been sufficient activity. These criticisms have been difficult to meet for the reason, he said, that he could not take the public into his confidence not take the public into his confidence concerning all matters being handled at national headquarters. It has been Mr. Hitchcock's belief that nothing could be accomplished by pouring into a state ammunition directed at the national campaign when there is con-flict going on in the state over some local issue that entirely over-shadow-ed the national issues. Practically all of Mr. Hitchcock's advisers agreed that it would be the proper policy to settle the quarrels in the state before settle the quarrels in the state before opening the national campaign, and it so happened that it was in the states regarded as doubtful that the conflicts were carried on
