

# INVESTIGATING MURPHY CHARGES

Grand Jury Hears Him and Francis F. Shober, Independence And Democratic Candidate.

SUBPOENAS FOR OTHERS.

Tammany Leader Says That Allegations Will Not Affect Hearst's Candidacy.

New York, Oct. 19.—An investigation of the charges made yesterday by Charles F. Murphy, leader of the Tammany Hall, that attempts had been made by the managers of the independence league in this city to secure the nomination of Hearst for governor from Democratic nominees for Congress, Senate and Assembly, was begun before the grand jury today.

Mr. Murphy and Francis F. Shober, independence league and Democratic candidates for Congress in the seventh district, were admitted to the grand jury room. Mr. Murphy was accompanied by City Magistrate Moss.

Mr. Murphy remained in the grand jury room about a minute, and a few minutes after he emerged it was said that several additional subpoenas had been issued as a result of his testimony. It was understood that the three men subpoenaed are Congressman Joseph E. Tamm, William A. Shober and Joseph J. Shober.

When Mr. Shober came out of the grand jury room, he said: "Mr. Shober asked me if I knew anything about the charges made yesterday. I told him that I did not know anything about it, but that I had heard of it through rumors."

Mr. Shober, who went before the grand jury immediately after Mr. Shober, remained only a few minutes. He said the grand jury asked him if he had at any time made any money for contribution or offered any money for contribution to the independence league. He told the grand jury that he had not. The endorsement came to him unsolicited.

Mr. Shober, some time after he had been in the grand jury room, said that a certain Tammany candidate came to him and asked him how he could get an endorsement of his candidacy by the independence league. Mr. Shober said he was willing to pay all the expenses of getting out the petition. The candidate was told that the matter, which could be done in the matter, was not to be done in the matter.

Mr. Shober said today that he had been asked to add to his charges of yesterday. He said his charges would not have the slightest effect on W. R. Hearst's candidacy.

"Tammany Hall" will support Mr. Hearst, said Mr. Murphy. "I learned this afternoon that in addition to the three men named earlier today, several others have been subpoenaed to appear before the grand jury today. These persons will be questioned concerning an alleged attempt to obtain money from Charles F. Murphy, Democrat, for Congress in the Eleventh district."

CHAMBER'S INVESTIGATION.

Saratoga, N. Y., Oct. 19.—Louis Stuyvesant Chamberlain, Democratic independence league candidate for lieutenant governor, said today regarding the charges that he and his brother conspired largely to the independence league and Democratic campaign.

"I am glad of this opportunity to nail another cheap campaign lie to the country. I was not asked by any one to subscribe or pledge before I received the nomination from the independence league or Democratic party. Last week I sent a check for \$100 to the treasurer of the league and a check for the same amount to the treasurer of the Democratic state committee. That is all that I or any one acting as he has subscribed directly or indirectly to any person or party. I ask that Mr. Hearst subpoena me to appear before the grand jury that I may state the truth under oath. I was subpoenaed by the subpoena by telephone and went to New York at once."

"NEARER, MY GOD, TO THEE"

Must Not Be Sung in Any Catholic Church in Newark, N. J. Diocese.

Newark, N. J., Oct. 19.—Bishop John J. O'Connor has warned all the Roman Catholic pastors in the diocese of Newark that the hymn "Nearer, My God, to Thee" must not be sung hereafter in any Catholic church in the diocese, and that the hymn "Lead, Kindly Light," may only be sung in a church after the service is over, provided the pastor has given his permission. The latter hymn was written by Cardinal Newman before his conversion to Catholicism.

EMPLOYERS' LIABILITY.

Atty. Gen. Moody Will Intervene in First Case to Uphold Act's Validity.

Washington, Oct. 19.—Atty. Gen. Moody today made a statement announcing with the president's approval that when the first case under the employers' liability act is tried he intends to ask leave to intervene in the case to support the constitutionality, validity and interpretation of the law.

This law was passed by Congress last winter, by which a remedy is afforded to all employees of interstate railroads in case of death or injury incurred in their service through the negligence of interstate railroads or any of its employees. It is understood that when the attorney general decided to intervene in the case he was in possession of information that many of the railroads had decided to enter upon a systematic effort to break down the law. This contention is said to have been reached at a meeting of railroad attorneys held in Louisville, Ky., a month ago. It is expected that a test suit will be brought soon in Kentucky and another in New Jersey.

He was kept under a shade tree there a day or so, and then was run into Randolph county on a special at night. At first the railroad company provided for his wants until the county and state authorities took charge of him. Later a nurse came from New York to look after him, but he circulated freely the streets of Parkersburg and was assaulted and later shot at several times at the shanty.

VATICAN IS INDIFFERENT.

Rome, Oct. 19.—The Vatican is showing great indifference in the matter of the anti-clerical threats of the Spanish government, declaring that nothing serious will be done in this direction as any real attempt to injure Catholic interests in Spain might be answered by the prohibition to the Carlists to move against the present government. This, it is declared, would mean civil war.

Bp. Tuttle Gives List of Figures on Missionary District Contributions.

Minneapolis, Oct. 19.—At today's session of the Episcopal conference Bishop Tuttle read a list of figures on the contributions by the 30 missionary districts and the 32 dioceses in the United States.

Bishop Tuttle said that the sum of \$500,000 was raised last year for the missionary cause.

Mr. Sherman, who is chairman of the Republican conference committee, did not attend through the entire conference, but discussed with the president and the cabinet officials the subject of campaign speeches by Messrs. Taft and Moody. Mr. Sherman will arrange an itinerary for them which may be announced in a day or two.

Secy. Wilson also expects to make two or three public speeches in Iowa just preceding the election.

SANTA FE REBATES.

Government Machinery to Be Set in Motion for an Investigation.

Los Angeles, Oct. 17.—United States Dist. Atty. Oscar Lawler in an investigation of the Santa Fe rebate situation in southern California. He would not discuss the situation, but it is known that Mr. Lawler had the United States marshal's office send out subpoenas for certain Santa Fe railroad officials, local truck company officials and officials of the local furniture concern.

These officials are directed to appear before the United States grand jury with books and papers as exhibits bearing on freight rate charges, agreements and arrangements.

HALL WAS PACKED TO HEAR HEARST.

Saratoga, N. Y., Oct. 19.—Convention hall was crowded to its capacity tonight with people from all this part of Saratoga county, who came to hear William Randolph Hearst, Democratic and independence league candidate for governor. Large delegations were present from Ballston Spa, Glens Falls, Schuylerville and other neighboring places. At tonight's meeting here Lewis Stuyvesant Chamberlain, candidate for lieutenant-governor, spoke briefly. Mr. Hearst's appearance was the signal for tumultuous demonstration. He was continually interrupted by applause.

Mr. Hearst's speech was largely devoted to the gas legislation and litigation affecting New York City and the allegation of Charles E. Hughes that Mr. Hearst's newspapers were misrepresenting the decision of the court of appeals on the 50-cent gas law.

"There is no occasion for deceiving the public," said Mr. Hearst, "and I have no intention even of attempting to influence the public mind one way or the other on the question of gas light and the courts' decisions."

Mr. Hearst then dwelt at great length on the history of the gas case.

A considerable number of people left the hall after Mr. Hearst had been speaking a short time, but the great majority remained, listening with close attention and evidence of enthusiastic sympathy.

Mr. Hearst will speak at Glens Falls and Schenectady tomorrow. From the latter place he will return to New York.

HUGHES CAMPAIGNING IN UP STATE DISTRICTS.

Oneonta, N. Y., Oct. 19.—Charles E. Hughes, candidate of the Republican party for governor of New York, spent the greater part of today amid the cheering throngs in the up-state country which brought back reminiscences of his youth. This afternoon he spoke at Delhi, a picturesque little village tucked away in the Catskill mountains,

where some 20 years ago Mr. Hughes was an instructor in languages in the Delaware academy. After an address in the Opera House, Mr. Hughes visited the academy.

Earlier in the day, on the way into the mountain country from Albany there had been stops at Cobleskill, in Schoharie county, and Delanson, in Schenectady county. In each place Mr. Hughes spoke briefly.

Returning from Delhi this evening, Mr. Hughes addressed a large crowd. There is a considerable labor element employed in railroad shops. Mr. Hughes renewed his pledges of interest in labor and in clean government, with reform in the state departments wherever needed. He also devoted much of his speeches today to a more direct plea for Democratic support. At Delhi he said in part:

"It is particularly gratifying that the Republican party, in the good work that has been done in recent years, has had the support and has largely been able to accomplish what it set out to do. The state has been gratified through the support of patriotic members of the Democratic party, who respond quickly and enthusiastically to a call upon good citizens. And through the state making has been gratified through the support of patriotic members of the Democratic party, who respond quickly and enthusiastically to a call upon good citizens. New York, Oct. 20.—With the return of Samuel Untermyer, its counsel, on the America today, the international policyholders' committee announced that summary action would be taken for its criminal charges filed with Supr. Kelsey against the New York Life. Whether it will be the attorney general's office that will take action or whether the committee, impatient of further delay, itself will begin action, will not be announced until Mr. Untermyer shall have arrived and put himself in touch with the situation. It was hinted, however, that George R. Serughian, the committee's organization manager, might go before a police magistrate and apply for a warrant for the arrest of certain of the company's officers and agents on charges of insurance law violations.

BANKERS' ASSOCIATION.

Currency Resolution Referred and the Convention Adjourned.

St. Louis, Oct. 19.—The American Bankers' association adjourned today. The convention adopted a resolution to refer to the consideration and formulation of a currency reform plan to a committee to be appointed by the executive council, which shall confer with the New York chamber of commerce committee and submit a plan for enactment into laws by Congress.

The assembly listened to the report of the banking legislative committee, read by Chairman Arthur Reynolds, president of the Des Moines National bank, introducing the currency subject and setting forth the plan formulated by the committee for a creditor currency clearance. The plan comprised 10 sections, and Chairman Reynolds stated that it was prepared with consideration as to the condition of the country, its necessities, the temperament of the people, and the best interests of the citizens as a whole, aiming to protect the interests of the humblest citizens, as well as those of the wealthy.

The moment the reading of the committee's report was concluded, the convention was in an uproar. Resolutions were offered to adopt the report as a whole, another to refer it back to the legislative council without recommendation, another to consider the sections ad seriatim, and all the while delegates wildly clamoring to discuss the subject and give expression to individually formulated plans. An hour's discussion was finally agreed upon and the discussion was without definite conclusion. At the expiration of the time limit a resolution to refer the report of the legislative council to a special committee was adopted and ended the matter.

Officers were installed and the convention adjourned.

A W. C. T. U. WOMAN ASSAILS THE MORMONS.

Boston, Oct. 19.—An impressive memorial service for members who have died during the past three years was one of the leading events of the second day of the triennial convention of the world's W. C. T. U. in Tremont temple.

In an address on Mormonism at the afternoon session Mrs. Mary C. Weed said: "There can be but one interpretation of the treacherous attitude of the Mormons in this country and their audacity, and that is their estimate of their influence with political leaders. The Mormons look upon themselves as a special committee was adopted and ended the matter."

Officers were installed and the convention adjourned.

CONSTITUTIONAL AMENDMENT WILL ELIMINATE THIS AWFUL CONDITION, AND WE SHALL HAVE A CONSTITUTIONAL AMENDMENT WHEN YOU WILL IT."

A strong resolution against Mormonism was introduced by Mrs. Emily Martin, and was unanimously adopted. This evening there was a public meeting in Tremont temple.

TOM REED'S ESTATE.

Since Speaker's Demise It Has Trebled In Value.

New York, Oct. 20.—The estate of Thomas Brackett Reed, ex-speaker of the house of representatives, has nearly trebled in value since the death of Mr. Reed, in December, 1902. At that time the approximate value of the estate was about \$200,000. This week Augustus G. Paine, who was an intimate friend of the ex-speaker, sent to Mrs. Susan C. Reed the widow, over \$500,000, which represented the original investment holdings of the estate and the profits from these and other investments in the last four years.
