WEATHER REPORT.

Record at the local office of the weather bureau for the 24 hours ending at 6 a. m. today: Barometer reading at 6 a. m., 25,68 inches. Temperature at 6 a. m., 45 de-grees; maximum, 55; minimum, 42; mean, 48; which is 1 deg. above nor-

Excess of daily mean temperature since the first of the month, 106 deg.

Accumulated excess of daily mean temperature since January 1st, 550 deg. Precipitation since first of month, .98 inch, which is .48 inch below the nor-

Accumulated excess in precipitation since January 1st, .88 inch. FORECASTS TILL: 6 P. M. THURS-DAY.

Local forecast for Salt Lake City and Fair tonight and Thursday; cooler to-Forecasts for Utah, made at Den-

ver. Colorado Fair tonight and Thursday. WEATHER CONDITIONS.

A storm of great energy is central over Manitoba. The crest of an area of high pressure extends from the north Pacific coast southeastward to Precipitation has occurred over Washington, Oregon, Idaho, western Montana and central Arizona. cooler over Arizona and western Colo rado; and generally warmer over the Missouri and upper Mississippi valleys, L. H. MURDOCH, Section Director.

TODAY'S TEMPERATURE.

10 a. m., 48; 11 a. m., 49; 12 o'clock noon, 50, 1 p. m., 50; 2 p. m., 51. 

### THE **CHRISTMAS NEWS**

FOR 1901.

A UTAH-COLORADO EDITION.

The Christmas edition of the "News" this year will be printed on Saturday, December 21st, 1901, It will contain an exhaustive review of the year's developments in business, mining, commerce, real estate, building, and all other branches of business, and will form the most elaborate compliation of the resources and attractions of Utah which has ever been issued.

Our sister state, Colorado, and its industries and attractions will be well represented in the issue, many beautiful views of Denver and Colorado scenery being given. A big part of the edition will be circulated in Denver, and Colorado's principal

Especially attractive articles will be prepared by a corps of selected writers, and leading men of the community will contribute timely articles on current topics.

As the holiday number will be issued several days ahead of Christmas, it will form an invaluable advertising medium to local dealers for the Christmas trade. The general advertiser could find no better means for reaching the people of the great west. The "News" will pledge a circulation of at least 20,-000 copies for the Christmas issue. Special rates will be accorded advertisers who wish their notices printed in the Semi-Weekly News as well, giving them a total ciircution of nearly 45,000 copies.

To-day's Metals. SILVER, Bar. 57 5-8 cents IEAD, \$3.90 CASTING COPPER 15 3.4 cents o M.

### LOCAL BRIEFS.

There will be a parents' meeting in the east school at Mill Creek tonight. A course of lectures will be given at Draper this winter commencing about the middle of November.

I. L. McPherson of the California Fish company was looking through a pail of oysters yesterday afternoon when he discovered a pearl, which the jeweiers say is worth \$122. L. Engberg, an employe of the same firm, also found one worth \$10. The oysters came from New York, and Mr. McPherson says that the dealers there inspect their oysters so closely that a pearl seldom escapes them,

In the case of L. M. Bailey against the State of Utah, with Seymour B. Young as intervenor, Register Hobbs of the land office has decided in favor of Mr. Balley. The state had selected forty acres of land near the mouth of Parley's canyon, claiming it as agricultural, but Mr. Bailey located the land as a placer claim. The register held that the land was worthless for agricultural purposes and therefore decided in favor of Mr. Bailey,

Governor Wells has appointed Joseph M. Jensen of Brigham City, B. F. Sanders of Salt Lake and E. J. Kearnes of Gunnison as delegates from Utah to the fifth annual convention of the National Livestock association, to be held in Chicago the first week in December. The Governor has also appointed O. D. Allen to supervise the expenditure of \$3,900 for construction and improvement of roads in Wasatch and Uintah counties, and F. D. Gifford to supervise the expenditure of the \$1,800 that was appropriated for the construction and improvement of roads in Washington

The cases of tardiness at the High school have become so numerous that Principal Eaton has become consider-ably exercised over the situation. He ascribes the tardiness for the most part to the Consolidated Railway company who, he says, does not make an effort to get the pupils to school by 9 o'clock even when they are given ample time. He says he knows of cases where pu-plls have started to school at fifteen minutes to eight and were unable to get there by nine o'clock because of the failure of the cars to connect. Last Monday there were 100 cases of This is alarming, as tardi-

ness is very demoralizing to a school. There was no quorum at the Council meeting last night, and after waiting for twenty-five minutes, the five memwho were present gave it up as a had job and went home or elsew Yesterday was the last day of registra-tion for the election to be held next Tuesday, and probably most of the city fathers were too busy seeing that all possible voters got their names on the register to attend to regular rou-tine matters. There may be a special meeting of the Council tomorrow evening to approve the pay rolls and appoint judges of election to fill vacancies. If not, there will be no meeting till Wednesday, Tuesday being election

# FOR SALT LAKE

Rumors Are Again Revived Regarding Pioneer Square.

SHORT LINE OFFICIALS BUSY

Said to be Going Carefully Over the To Bear Fruit.

Rumors to the effect that Salt Lake City is to have a union depot have once more been revived. During the visit of the Gould party here a few days ago George J. Gould made the statement that the Rio Grande Western was to have a new depot commensurate with the size and importance of the railroad center of this inter-mountain region. At that time the statement was taken to mean that a new building would be erected, upon, or adjacent to, the site of the barnlike lumber structure that does duty for a depot for the Western

that the new depot will be in the form of the long debated Union depot and that an effort will be made to again secure Pioneer square for that pur pose. What would add color to the Superintendent J. H. Young of the Utah division of the Oregon Snort Line accompanied by another gentleman, were seen going carefully over the blue prints.

official confirmation can be a well known fact that the Rio Grande Western has always been strongly in favor of the proposition and it is now thought that the Harriman interests will also fall into line, even if it is only for the purpose of outplaying the San

Pedro promoters.

The matter of the lake cut-off for the Southern Pacific is to be settled definitely at an early date and in the advent of its coming to Salt Lake, which not a single railroad man in this city doubts. for a moment, the Union depot proposition is assured, even if it were not for the San Pedro feature in the big game in progress on the railroad chess board of the West.

Assistant Engineer of San Pedro Re turns Tonight from Los Angeles.

Now that Chief Engineer Hawgood and Assistant Chief Engineer McCart-ney of the San Pedro, Los Angeles & Salt Lake road have finished their trip across the proposed route to be by the Clark road from Salt Lake to San Pedro, the affairs of the new road are coming to a focus.

return from Los Angeles this evening and within a very few days the reports of the trip will be in the hands of the directors, together with the recom-mendation of the best route to be taken. This will hinge, however, upon th outcome of the pending lawsuits which are to be heard in Carson City November 11 and 12. Both the Oregon Short Line and the San Pedro are striking new lines, so that whichever way the decision goes both companies will be in a position to start work. Both of them want to go through Meadow Valley wash and it will remain with the court decide which road has the prior

right-of-way through that pass. Engineer Hawgood is quoted in a special dispatch from Los Angeles Is saying that conditions are very favornear future.

in wagons was practically over the dis-puted survey, which touches all the vailable springs to be encountered in the line across the desert in southern

# PENSION PLAN ABANDONED.

way will be abandoned and in acci dental and death insurance system substituted.

When the idea of pensioning the 15 000 or 20,000 employes of this road was conceived it was submitted to the men but did not receive their approval.

The plan had no provision for pay ments in cases of accidents except tha employes would be placed on the pen-

sion list of totally incapacitated by ac-cident or otherwise. This was one of the strongest objections to the original plan. To overcome this it is now pro-posed to abandon the pension plan and substitute death and accidental insur-

#### DIVISION OF FREIGHT. Santa Fe and Southern Pacific

Divide Citrus Fruit Shipments.

Los Angeles, Cal., Oct.30.-The citrus and the Santa Fe and Southern Pacific will renew the agreement now existing between the two systems on the sub ject. This treaty is arranged from yetr to year and provides for an equal div-ision of the traffic, which is worth close to \$15,000 for both lines.

### RECORD INSURANCE.

terday received from the Railway Underwriters one of the largest insuran fund a large amount of property, the total being about \$6,000,000, making a insurance just provided of \$20,-

The insurance covers all property which is destroyable by fire, and includes rolling stock, merchandise in transit, warehouses, depot buildings, shops, roundhouses, etc. Insurance on railroad property is considered a good risk, consequently the amount paid in premiums was comparatively low.

### MORE CHANGES.

pointments Are to Be Made.

Thought in Denver that Other Ap-The Denvet Times last evening said:

lines no longer avail. The series of changes that have started were deter-mined upon after the trip of Mr. Gould and President Jeffery over the road last week. It is believed that the changes will extend to the freight and passenger departments of the Denver A Rio Grande, now also in charge of the Rio Grande Western. The new men who will be at the helm in the operation of the roads are the special representatives of Mr. Gould on inter-ests that are identified with him. The road will now be operated in perfect harmony with the management of the Gould roads at St. Louis. Indeed, it is reported that the Colorado roads will be operated from St. Louis as general headquarters. The president's offices may be removed to that city.

#### License for Burlington.

Chicago, Oct. 30 .- The Chicago, Burlington and Quincy railroad, formerly a corporation under the Illinois laws, out now incorporated in the state Iowa, with a capital stock of \$100,000,000 took out a license yesterday with the secretary of state in Springfield to operate in this state, but without capital stock as an Illinois corporation.

This action is a sequence to the reincorporation with headquarters in Paulington Laws. Burlington, Iowa.

#### GIBBS REINSTATED.

Meeting at University Today.

George Snow Gibbs, the young University student who as editor of the Chronicle, the University paper, offended the faculty and regents, was today reinstated as a student of that institution and retained as editor of the Chronicle.

This action was taken at a meeting in room 32 of the normal building this afternoon, at which was present Presi-dent James Sharp of the board of re-gents, every member of the faculty and about six hundred students. The meeting was presided over by President Sharp, who, in calling the session to order, stated that the latter was a peace meeting. His remarks were in a conciliatory vein but he impressively urged the necessity of unity of action on the part of the regents, teachers and students, else the work of the institu-tion would be impaired.

Mr. Gibbs, who was invited to speak in his own behalf, expressed regret that his remarks had been construed as an arraignment of the faculty and the regents; that such was not his intention and was sorry that he had giv-

en offense.
President Kingsbury followed with a few remarks. He told frankly how the faculty had taken the matter but that Gibbs had made the amende honorable and the former were pleased to welcome him back to the institution.

The meeting was then concluded after Mr. Gibbs had shaken hands with the teachers and as many of the students as could crowd around.

### BUSINESS NOTES.

Today's clearings amounted to \$577,-164.79, as compared with \$359,503.89 for the corresponding day of last year.

Bayd Park, the jeweler, has swung into line with the noticeable improve-ments being made in the stores of Solt Lake, and has made an entire charge in the appearance of his establishment Two show windows with a center entrance and a thorough remodeling of the interior gives the place a real upto-date appearance.

The Deserct Savings bank has conveyed by warranty deed to Hugh Kilkenny, of Scranton, Pa., but former of Park City, a house and 404x247½ feet of ground facing east on Second East street from 124½ feet south of South Temple street. The consideration was \$4,500.

Plans are being prepared of a new girl's dormitory to be erected by the Gordon academy on the corner of Third South and Third East on the academy's ground adjoining the present building The new addition will have accommo dations for forty pupils; it will be con-nected with the present building and will cost \$10,000. The trustees of the Gordon academy were recently advised by Secretary Tead, of the Congregational society, of Boston, to increas the capacity of the girl's dormitory and the trustees took immediate action with the above stated result

Charles Read, executor of the estate of the late Richard Mackintosh, was granted an order yesterday by Judge Hall authorizing the estate to borrow \$25,000, for the purpose of restocking the runch of the Salina Stock company formerly the Ireland Land and Cattle company. The rauch is capable of sus-taining 5,000 head of cattle and there are now only 1,200 head there. The executor believes that by making the additional outlay the value of the estate's holdings in the company will be greatly enhanced in value.

The Wilson-Sherman company has filed the amendments to its articles o incorporation recently adopted with the county clerk. The new amendments provide for the reduction of the capital stock to \$10,000. To declare it fully paid up: to permit the buying, selling and loaning of money on personal property in addition to real estate, to thorize the transaction of corporation business in any state or country, to provide for the adoption of by-laws or the regulation of the company ternal affairs and to provide for the holding of two offices by one person.

"I had long suffered from indigestion," writes G. A. LeDeis, Cedar City, Mo. "Like others I tried many preparations but never found anything that did me good until I took Kodol Dyspepsia Cure. One bottle cured me. A friend who had suffered similarly I put on the use of Kodol Dyspepsia Cure. Me i gaining fast and will soon be able twork. Before he used Kodol Dyspepsis. Cure indigestion had made him a total wreck,-Godbe-Pitts Drug Co., corner First South and Main streets,

#### AMUSEMENTS.

Business at the Theater took a bis bound upward last night when the Nelll company presented Charles Coghlan's play of "The Royal Box." The drama There is no longer any doubt that the Gould interests are in full control of the Rio Grande roads, and that the influences which have long been potent in the operation of the is something on the "David Garrick"

formed a most enjoyable evening's en-tertainment. The ensemble was again admirable and if any individual were to be selected for special mention we would say that the first honors should go to Mr. Burton as the constable, to Miss Andrews as the landlady, and Miss Chapman as Cella, though their parts were not all of the first importance in the play.

the play.

Mr. Neill, hard working as ever, cannot be said to have been at his very best; the more one sees of him, the more one inclines to the notion that he is at his best in character work. Mr. MacVicars as the Prince of Wales and Miss Spinney as the countess were thoroughly capable, and in the scene representing the theater, where they took their seats in one of the boxes, they presented a rare picture of the old times in which the play is laid. The applause here, where the actor, torn jealousy on seeing the woman he loves in the box with the Prince of Wales, tries in vain to read the lines of Romeo, any finally throws the role to the winds, and denounces the prince to his face.

was of the most generous sort.

The engagement closes tonight with the presentation of what should be the choicest play in the company's reper-toire, "Rosemary." with Julia Dean in the part of Dorothy Cruickshank.

At the theater tonight something of scenery from the first to the second act. Mr. Neill has tried this plan elsewhere and it has always caused the warmest curiosity and interest on the part of the public.

"Quo Vadis" closes its engagement at the Grand this evening. The advance sale for "A Home Spun Heart," which opens tomorrow night, is now on.

The sale for Mrs. Lemoyne is now going on at the Theater.

#### HOSPITAL ITEMS.

Charles Christensen of Houston, Idano, is at St. Mark's, suffering from broken arm and other injuries received in an accident. . . .

Mrs. Peter Sanger, wife of the chief of the fire department of Butte, is at the Holy Cross hospital under treat-Mat Nygard, a miner, was operated

upon at St. Mark's today for a fracture of the knee cap.

Mrs. Charles O. Du Mar of Idaho is recovering from the operation per-formed upon her by Dr. Worthington

durunununun unnnunununun

#### POLITICAL POINTERS. mountainment

The McKinley club, (colored), will hold a rally tonight at St. Mark's school house. The speakers will be George L. Nye, J. O. Nystrom, Albert S. Reiser, A. A. Robertson, A. J. Davis and J. S. Daveler.

The Woman's Republican club gave a card party this afternoon at the home of Mrs. Joseph Young, 849 east First South street. The hostesses were Mrs. Young and Mrs. W. W. Rivers.

### CHAMBERLAIN'S COUGH REMEDY

"I believe I saved my (nine-year-old) boy's life this winter with Chamber-lain's Cough Remedy," says A. M. Hoppe, Rio Creek, Wis. "He was so choked up with croup that he could not speak. I gave it to him freely until he vomited and in a short time he was all right." For sale by all druggists.

#### LIST OF POLLING PLACES. The following list of polling places
