MINISTER PAYS DEATH PENALTY

J. G. Rawlings and Alf Moore Hanged for the Murder of Two Children.

MOUNTED SCAFFOLD BRAVELY

In First Instance Trouble Arose Over Division Line, Then Came Bad Blood and Ambuscades.

Valdosta, Ga., Dec. 4 .- J. G. Rawlings and Aif Moore, a negro, were hanged here today for the murder of Willie and Carrie Carter, in July, 1905. Both stepped on the scaffold without a tremor. They stood upon the trap together and fell together.

Rawlings in his last statement declared that he had told the truth and that his sons had no connection with the crime.

The crime for which J. G. Rawlings

and Alf Moore were hanged today presents unusual features.
Rawlings and W. L. Carter were neighbors, 12 miles from here. Both were Baptist ministers. Several years ago a dispute arose as to the line between their respective tween their respective farms. Litigawounded by a shot from ambush and Rawlings errested on a charge of attempted murder.

A few days later, on June 13, 1905, a night attack was made on the Carter home. Two of the children, Willie and Carrie Carter, were shot just outside the house, and shots were fired at Carter and his wife and another

A coroner's just found that the crime had been committed by Milton and Jesse Rawlings and Alf Moore, a negro. The latter confessed, telling of a plot which had been planned by the elder Rawlins for the murder of the entire Carter family and the burning of their

house.

The trial, which lasted two weeks, resulted in a verdict of death for the elder Rawlinss, his sons, Milton and Jesse, and Alf Moore. A third son, Leonard Rawlings, was

given a life sentence as an accomplice. Then began a fight for life. Every legal expedient was resorted to, causing the date of execution to be postponed from time to time.

Gov. Terrell's refusal on Monday to interfere with the execution of the death sentence today destroyed their The case of the two Rawlings boys,

who are under sentence to be hanged Friday, will come before the board of pardons Thursday.

COMPANY PAID ALL LAND FRAUD EXPENSES.

Omaha, Neb., Dec. 4.—"I was paid by the Nebraska Land & Feeding company, by check signed by Mr. Jameson, for the ivery teams furnished by me to take the old soldiers out to their claims from Gordon. The descriptions of the land were furnished by Tom Huntington, and he told me where to find the lands, near some windmills and in certain valleys. He also gave me the number of the lands."

He also gave me the number of the lands."

Such was the testimony given by Ira Trueblood, the Gordon diveryman, who took several old soldiers out at different intervals to see their claims. The statement was made at loday's hearing in the united States district court of the trial of Richards and Comstock, millionaire cattemen, and their alleged co-conspirators in the land frand cases involving hyndreds at thousands of acres of public land in Nebraska.

This witness was followed by his brother, Ben Trueblood, who gave similar testimony, and who was associated in the livery business at Gordon with the first witness.

livery business at Gordon with the first witness.

Francis J. Porter, a banker of Woodbine, la., and an old soldier, had no intention of defrauding the government, he said. He distinctly understood and behave, he said, that the offer of 300 for the land after final proof was a legitime transaction, and that no one would ne wronged by the transaction.

The other witnesses of the day made their filings at the Alliance land office at the solicitation of Aguila Triplett, another of the defendants.

Clayton F. Greene of Alliance, a soldier of the Spanish-American war, testified that Triplett told him he did not have to live on his land, and that after final proof he could sell it to Richards and Comstock for \$500. His land was a part of the Spade ranch, the great \$40,000 mas, enclosure which comprised the greater part of the defendant's holdings.

Walter O. Barnes, an Alliance machinist, already had a 120-acre claim, and he filed on 430 acres under the Kinkaid law, for which Triplett said he would receive \$150.

George F. Gebhardt, a telegraph operator of Alliance, and George Ditlin of Alliance, filed at the solicitation of Triplett, Ditlin said Triplett told him he had only to stay all night on the land once in six months, and promised him 3,00 for it when title was completed. All these claims were inside the Spade ranch inclosure.

these claims were inside the Spade ranch inclosure.

John B. Kennedy, a Burlington operator at Alliance, was a Triplett homesteader, and he said he never saw the land he filed on. He never intended to live on it nor improve it. Triplett told him "the company would attend to that for him."

John H. Catlin and Eben Stewart, Burlington railway conductors, living at Alliance, were among those who filed under the Kinkald law, the latter declaring that he never saw the land.

OKLAHOMA CONSTITUTION.

Guthrie. Okla. Dec. 4.—From the standpoint of the gallery today was probably
the most interesing of the assetons of
the constitutional convention. By far the
most sensational feature was the resolution presented by an Oklahoma delegate calling on the convention to draft
a law mat aining the individuality of the
church an. state. The original resolution
was a practical embodiment of a similar
memorial from the Seventh Day Adventiets. The latter is signed by 5.000 voters
and asks that no reference be made in
the constitution to any day to be set
asde for public worship. These resolutions were referred to committees.

In Search of Relief.

The world is full of disordered stomachs and 90 per cent of the money spent upon physicians and drugs goes in an attempt to cure the stomach. People are made to believe that in order to gain health they must doctor order to gain health they must doctor their stomachs and use catharties. So the doctor gets his fee for the stomach treatment and the druggist for the physic, until the savings of a life time are exhausted and yet no cure.

Let's be reasonable. Let's be reasonable.

The sick stomach is in every case the result of over-eating, hurried mastication and improper choice of foods. The mucous lining all the way down the food tract loses its sensitiveness, and when food is forced down the muscles fail to respond. They do not churn the food as they should. The glands no longer give out gastric juice to dissolve the food and render it capable of assimilation. The man has become a dyspeptic. ome a dyspeptic. There is one sure way and only

The healthy stomach centains these elements. The dyspeptic stomach lacks part or all of them. Stuart's Dyspepsia Tablet is made up of just what the dyspeptic stomach lacks nature's digestives.

CONVICTED MURDERER FREED. Kansas City, Dec. 4.—Austin Francis, a switchman, found guilty of murder in the sfirst degree at Kansas City in November, 1905, after a trial for the murder of Winona Newton, his sweetheart, aged 15 years, was freed today by the supreme court of Missouri, wrach reversed the verdict of the trial court. Francis is 21 years old. The girl's body, weighted down with heavy stone, was found in a dry creek upon the southern outskirts of the city. She was in a delicate condition and it was shown that after having met Francis at the bridge over the creek where the body was found, she had drunk carbolic acid. The state tried to prove that Francis forced her to drink the acid.

GEN. BARRY'S REPORT.

Praises Army, Which Needs More Officers and More Pay.

Washington, Dec. 4.—In his annual report, made public today, Brig. Gen. Thomas H. Barry, acting chief of staff, calls to mind the fact that the government is without water transportation facilities in cases of emergency in the movement of troops. He cites the case of the army of pacification in Cuba, and says that the lack of such transporta-tion facilities was severely feit. "Had

there been a small fleet of transports in reserve on the Atlantic coast the movement could have been accomplished much sooner."

The hill speaks for itself. It was not introduced for buncombe. My purpose is to give the Congress of the United States an opportunity to purge the ment. To say that the negroes are brave is not an argument against this measure. Many men have been brave, in fact, most men are in the matter of fighting. The Comanche and Sloux Indians are as brave as men can be, but no one would seriously suggest that we ultimately recruit regiments from them, put guns into their hands and station them near companies of white troops toward whom they entertain inherent race hostility. The Twenty-fifth in-fantry is manifestly imbued with the same race hostility and events have shown it to be quite as dangerous as the Sloux or Comanche would be.

CUBANS HAVE LITTLE TO SAY ABOUT MESSAGE.

Havana, Dec. 4.—The message of President Roosevelt to the American Congress was published in the local press this afternoon. No editorial com-ment on it was made. Liberal and Modopinion of the president's declaration regarding a Cuban policy, but the general view is that it does not differ materially from the statements made in the letter to Senor Quesada, the Cuban minister, last September, and that the final determination of the policy of the United States rests in the hands of Congress. The Diario de la Marina tomorrow will say:

"While President Roosevelt's declarations resisters

tions relative to Cuba are in fact a paraphrase of his letter to Senor Quesada, the message contains the additional statement that if Cuba acquires the revolutionary habit it is impossible that the island's higher than the revolutions of the contained the statement of the contained the statement of the contained the statement of the contained the island's independence be maintained, for since the United States is standing in the position of a guarantor as the protector of life and property it would then be compelled to intervene anew. Although this sentiment already has been expressed by Senator Bever-idge and Secy. Root, its reiteration by President Roosevelt gives it the final

stamp of authority."

Commenting on the message the Post tomorrow will say: "That part of the message was expected by those who thought that the present opposition call forth an appeal stronger than usual for the prompt evacuation of the island and the restoration of the Cuban re-public. Is the president getting luke-warm regarding Cuba? Possibly not, whether or not, there is certainly not that ring of enthusiasm in his words regarding Cuba always notice-able in his utterances."

CHICAGO TRACTION CO.

Sixty Million Dollars Value Placed on Its Properties.

Chicago, Dec. 5.—Sixty million dol-lars is the approximate value placed on the tangible and intangible properties of the Union traction company and the Chicago City Railway company by the Chicago City Railway company by the city's commission of engineers.

Upon this basis the negotiations for franchises for both companies will be included, it is confidently believed, within a few weeks. The hope is that the settlement will be made by Jan, I, and that the company's can prepare plans, order material and start the contracts for rehabilitating the lines. pare plans, order material and start the contracts for rehabilitating the lines.
