### HOME ITEMS.

**COMING HOME.**—From the *Millennial Star*, March 30, not received till now, we learn that the following Elders have been released to return home: G. W. Gee, E. T. Williams, G. J. Linford, A. V. Call, J. Hubbard, F. Platt, R. N. Russell, G. B. Spencer, J. Ure, E. Frost, J. Weiler, W. P. Nebeker, G. Sangiovani, A. Hatch, E. Taylor, W. Gibson, R. R. Birkbeck, J. G. Brown, A. N. Hill, S. Hales, L. G. Rice and A. Simmonds.

**TO PRESIDE.**—From the same paper we learn of the following appointments to preside: Joseph Lawson over the Herefordshire Conference, with which Worcestershire is now combined; Isaac Kimball over that of Leicestershire, with which Derbyshire is now combined; Nicholas Groesbeck over that of Nottingham, with which Lincolnshire is combined; Marius Ensign over that of Southampton, with which Dorsetshire is combined; Aurelius Miner over the Manchester District, and in charge of that Conference; H. H. Cluff over the Scottish District, and in charge of the Glasgow Conference; F. C. Anderson over the Bristol Conference; W. A. McMaster over that of Edinburgh; James McGaw over the Nottingham District; S. Southwick over the Norwich Conference; I. Alldredge over that of Staffordshire; C. P. Liston over Essex; James Smith over that of Durham and Newcastle-on-Tyne; E. Walker over that of Sheffield; Ezra J. Clark over that of Kent; Moses Thatcher over that of Birmingham; J. Stegell over that of Liverpool; R. Benson over that of Preston; Edward Petty over that of Cheltenham; John E. Pace over that of Bedfordshire; Edgar Dalrymple over that of the Channel Islands; Francis A. Brown over the Holland Mission.

**TO TRAVEL.**—N. R. Fawcett in the Sheffield Conference; James Stewart in that of Birmingham; W. S. Grant in that of Nottingham; E. A. Noble in that of Southampton.

**MORE INDIAN OUTRAGES.**—We are indebted to C. E. Pomeroy, Esq., for the following:—

June 8, 1867.

On Thursday, Plum Creek Station, 150 miles east of Julesburg, was attacked by 25 Indians. The operator fought them three hours, when the Indians were driven off. They returned on Friday morning, and it is reported that the operator and another man were killed and scalped. The Indians also drove off all the stock at that point.

Three companies of volunteers will probably leave Denver to-morrow for the head of the Republican, on an Indian hunt. Central City has raised \$5,000 to be paid for Indian scalps, at the rate of \$20 per scalp, with ears attached. Several other companies are organizing in Colorado, to go for Indians.

Division Superintendent Conway reports the Indians very bad on his Division, between Denver and Julesburg. They have cut the line in eight places east of Julesburg. The stages are being taken off east of there; and there is no chance to get the line up at present.

**TRAINS EN ROUTE EAST.**—Elder Zebulon Jacobs writes that David P. Kimball's, Charles Crisman's, Heber P. Kimball's, T. Swartout's and A. Howe's trains were at Bear River on the 1st inst., organized and traveling together, and numbering about 60 well-armed men, with David P. Kimball, Captain; W. R. Judd and Chas. Crisman his assistants; Henry Woodmansee, Chaplain, and Z. Jacobs, Sergeant-of-the-Guard. The health of the company was good, and their animals in good condition. They have had mud and water in abundance, and more or less rain every day but one. Bear River was low, and they expected to reach Bridger on the 3d.

**A PAIR** of mules are waiting for the owner at Faust and Horst's stable.

MAJOR JOHN STRATMAN, Publisher, Stationer and news Agent, San Francisco, has our thanks for a very liberal package of magazines, pictorials and newspapers. If the mails from the east do not bring printed matter with more regularity and certainty than they have for a long time past, some may find it more satisfactory to order from Stratman, who is certainly a Major in his line. The western mail is very reliable, and brings its matter clean, without having been reduced to pulp through reckless handling and exposure.

WALKER BROS are now open in the whole-sale business, and offer a large stock to traders. They want 300 gallons of tar. See their advertisements.

**CORRECTION.**—In the present number of the News, page 186, fourth column, and ninth line from the top, in "Remarks by Elder Geo. A. Smith," for "the mansions, mineral," read "the noxious mineral."

### MILITARY MOVEMENTS IN CACHE COUNTY.

EDITOR DESERET NEWS:

After the pressing labors of the spring, Gen. E. T. Benson issued orders for a drill and inspection of the cavalry and infantry in every settlement of this county, to take place on the 1st and 3d inst. Accordingly, at 10 a.m., the General, escorted by Maj. W. Budge and Capt. W. K. Robinson and the Logan brass band, reviewed the troops at Smithfield, the cavalry under Maj. Winn and the infantry under Maj. Barbor; at Richmond, at 3 p.m., the cavalry under Maj. Hyers and the infantry under Maj. Merrill; and at Franklin, at 6 p.m., the cavalry under Capt. Head and the infantry under Maj. Hatch. There was a good turn out at each place, and a spirit of earnestness in the drill evinced by both officers and men truly encouraging.

The arms inspected at each place were generally in good condition, especially at Richmond. Many are armed with the improved breech-loaders, and those who were not, seemed anxious to get them as soon as possible.

Returning through Hyde Park, the General was there met by Col. Hyde and Brig. Adjutant Martineau, who had just returned from a tour of inspection in the southern part of the county, and by Col. Crockett, Majs. Farrell, Robbins and Lewis, Regt. Surgeon Cranney and a detachment of cavalry from Logan. After receiving the General and escort, the cavalry under Maj. Farrell and the infantry under Lt. Col. Molen performed a series of evolutions in the skirmish drill in a highly creditable manner. Gen. Benson and escort then returned to Logan, having had a very pleasant and interesting tour. The willing escorts from place to place manifested the good feeling prevailing towards their General.

At Logan the cavalry under Maj. Farrell and the infantry under Col. Crockett were reviewed and inspected by P. Maughan, Brigade Quartermaster, assisted by Col. Crockett and Lt. Col. Molen.

At Providence and Millville the troops under Capt. Munro (acting Major) were inspected at 10 a.m. by Col. Hyde and Adj. Martineau; at Hyrum, at 2 p.m. the cavalry under Maj. Weaver and infantry under Maj. Liljenquist; and at Wellsville at 5 p.m., the cavalry under Maj. Baxter and infantry under Col. Maughan. The inspecting officers found the men well armed, and steadily improving in discipline and general efficiency.

The troops at Paradise, Petersburg, Clackston, Weston and Oxford were inspected by their several commanding officers. The whole Brigade, comprising one regiment of cavalry and two of infantry were found in a highly creditable condition, possessing many able and efficient officers.

We have several good bands in this county; an excellent brass band at Logan, seldom surpassed in the Territory,

also a good brass band at Wellsville. There is, besides, a good martial band at Wellsville, one at Smithfield and one at Logan. The bands were all out on the day of inspection enlivening the troops with their spirit-stirring music. J. H. MARTINEAU.

### SCANDINAVIAN MISSION.

Munkedanesveien, No. 17,  
Christiania, Norway, April, 23.  
President B. Young, jun.

Dear Brother,—Thinking that a few items of news from this country would be interesting to you, I will endeavor to give you a brief account of the present state of affairs in Norway.

Your short, but to us very pleasant visit here last summer, is still in dear remembrance, and, no doubt, you sometimes think of us. We have been striving to magnify our callings as Elders of Israel and messengers from God with good tidings to all men, although we have many obstacles in our way—the prejudice raised by lying reports not being the least. Traveling also has many difficulties, and in winter time is almost impossible to any great extent, on account of the country being cut up with mountains, valleys, rivers, lakes, and long bays, our traveling, therefore, is done mostly by water. As the people are scattered on the few tillable places among the rocks, we are in deed performing the mission of "hunting" Israel from among the rocks, &c., and gathering them when we get them emigrated.

The Saints here being, as in all other places, mostly from the poor, have a very poor chance to raise means for their emigration, although the Norwegians, as a people, are anxious to get out from here, and are emigrating by thousands every year to the States. I think one small family will emigrate to Zion this year, and a few more would have esteemed it a privilege to emigrate to the States this season, to work for their deliverance from Babylon, where they would have a fairer chance than here. I have more trouble to keep them from going than anything else.

Norway constitutes but one Conference, called Christiania Conference, and we, three Elders from the Valley, have been laboring here, viz., C. O. Falkmann in the north, and Sven Larsen in the south, as Traveling Elders. Last winter Elder Falkmann was tried by the courts at Thronheim for preaching "Mormonism," and was fined; he appealed to higher courts, but to no avail, and will shortly atone for the crime of preaching, by being imprisoned four or five days on bread and water, this being our usual mode of paying for that offence.

At present Elder S. Larsen is in prison for preaching in Frederickschal, and will, according to law, be fined and treated to bread and water.

As Elder Larsen is released to go home to Zion this season, and Elder Falkmann is called to preside over Gothenborg Conference, in Sweden, I shall be left alone with the native Elders, to enjoy all the blessings that our Christian (?) brethren will bestow upon us according to law; but thinking a great deal more of those blessings that always are the fruits of righteousness in time and eternity, our aim is to obtain them by doing the will of God.

Lest I shall be too lengthy, I will draw to a close, begging you to give our kind love to our highly esteemed brethren, O. Pratt, F. D. Richards, John W. Young, and W. B. Preston, and should I have no other opportunity, please receive my best wishes for your safe return to our mountain home.

Most respectfully, your brother and co-worker,

C. C. A. CHRISTENSEN.

Julesburg reports that both lines have been down 100 miles east for five days, from Indians and heavy storms. Gen. Sherman is at Julesburg, and has recommended that the stage company transfer their passengers at Julesburg, or at the end of the track, as that will save his guarding both sides of the Platte River when one side is sufficient for all. The stage company have complied, by bringing their boats and stock up to the end of the track, about 80 miles east of Julesburg, where they will begin transferring to-day or to-morrow. Gen. Stevenson and Gen. Gibbons are moving with a force up Pole Creek, and Gen. Augur, with another force, is moving to the South Fork. There is a great number of small bands of Indians stealing horses and scalping all through the country, but no large bands or villages that the troops can strike. Gen.
