OGDEN, DEC. 8, 1930.

POLICE COURT HEARINGS.

Prof. Gullighu Will Test the Validity of Medical License Law.

E. N. Williams Tried for a Misdemeanor—Board of Education Meeting—Death of Mrs. J. Hastings.

In police court, before Justice Hall, E. N. Williams was given a hearing on the charge of preventing stray cattle from being taken to the estray pound. On Thursday Joseph Wilson was driving some animals that had been annoying him, to the estray pound, when Williams came along and struck Wilson and took the animals away from him. The defendant pleaded not guilty, but the testimony of the prosecution was direct and convincing. The court took the matter under advisement.

John Reed, Wm. Rowe and Mark Doody were given a hearing on the charge of disturbing the peace of lower 25th street, by fighting; each paid \$5 into the city treasury.

Walter Reed was arraigned on the charge of stealing a pair of pants from Theodore, the 24th street merchant. When arrested he had the pants in his possession, and pleaded guilty to the charge. He was fined \$10, which he paid.

WILL TEST MEDICAL LICENSE LAW.

Prof. J. K. Gullighu, the phenologist and magnetic healer, was arraigned yesterday afternoon before Justice Hall on the charge of practicing medicine without a license. He demurred to the complaint, but the court overruled the demurrer, and hearing was set for Monday morning.

BATES MURDER TRIAL.

Beet Growers' Meeting—G. A. R. Election—Todd-Nelson Nuptials.

Special Correspondence.

Provo, Dec. 8.—In the Bates case, yesterday, the following witnesses were examined for the State: John Nordquist, Mrs. Ellen Nordquist Davis, Alvert Nordquist, and Emma Nordquist, all children of the deceased. They testified to the acts and conversation between Nordquist, the deceased, and Geo. M. Bates on the day the fatal wound was inflicted on Mr. Nordquist, and to the acts of the parties at the time of the encounter.

Their testimony was very much alike, and corroborative of the testimony of Mrs. Johnson given on the previous day.

The testimony of Dr. D. A. Sykes, given at the previous trial, was read. It was to the effect that the wound inflicted on Nordquist was the cause of his death.

Frank Lee, of Montpelier, Idaho, testified that he formerly resided at Tooele and was at Nordquist's ranch on the evening of the encounter between Nordquist and Bates, after Nordquist had been struck. He had been requested to go by Mrs. Bates, wife of the defendant. About half past nine or ten o'clock, Bates came to the ranch outside of the house and called to Nordquist, asking him to come out, and he (Bates) would "fix" or "finish" Nord-

quist, whom he called a Swedish ——. He remained about fifteen minutes. Witness then went out and found Bates on his hands and knees, and Bates asked witness where John (meaning Lindberg) was. Witness said he had gone home, and then Bates said he would go home. Witness said, "Wait a minute, and I'll go with you." They went away together, and on the way home Bates told witness he had brought the hatchet to defend himself. Mr. Lee testified that Mr. Bates was a half-brother of his, witness, mother.

On cross-examination he testified that in his opinion Bates was under the influence of liquor. He was within about seventy-five yards of the house, when he was calling Nordquist.

Wm. King, of American Fork, was arraigned on a charge of grand larceny. He took till Tuesday at 2 o'clock to plead.

BEET GROWERS' MEETING.

A large meeting of the beet growers of Provo and Lake View districts was held last evening.

The committee appointed a week ago to visit the beet growers for the purpose of obtaining an estimate of the number of acres of beets that would be raised if the Utah Sugar company would build a rasping station in this vicinity reported that about 700 acres had been promised. The report was not complete, and the belief was expressed that a large acreage could be obtained.

Secretary Burnell reported that he had written Manager Cutler, asking him in regard to how many acres of beets the company would require to be cultivated before building a rasping station. Manager Cutler had acknowledged the receipt of the letter and promised to write again and give the desired information, but no other letter had been received. Messrs. Andrew Knudsen and John Johnson were appointed a committee to confer with Manager Cutler on this question and report at the next meeting, a week from last night.

In the meantime the canvassing committee will continue their work and secure as large an acreage as possible.

The advantage of a rasping station were discussed, and some ideas were expressed as to its location in order to be most convenient for all parties who expect to supply beets. Judging from the general trend of opinion on this question a point on the Provo river, near the railroad crossing, will probably be favored.

that had just been bought. From there they were shipped into southern Utah. Last Thursday a telegram was received from Cedar City, Utah, that he was very low with pneumonia, his father and one brother left at once for his bedside, reaching there only a few hours before he expired. They left for home immediately with the remains, reaching here Tuesday morning. He was an honest, industrious young man who has always been ready to assist in the support of his parents and the family, who are nearly heart broken over the sad occurrence. A very large procession followed the remains to the grave, a group of young men and ladies, companions of deceased, marching two abreast.

Mental Depression

is a frequent and natural result of physical weakness. If health and buoyant spirits cannot dwell in the same body. One of the most distressing of ailments is stomach trouble, but thousands of dyspeptics might be spared their misery if they but profited by the experience of Mrs. Amelia Allen which is here given in her own words.

"For five and a half years I was afflicted with nervous dyspepsia, was compelled to diet myself rigidly and could scarcely keep anything on my stomach. Population of the heart set in and I soon became so thin and weak that I was a mere shadow. I was unable to do any kind of work in this section of the state, but without permanent benefit. I was so discouraged that I had no faith in any doctor or medicine.

"When a friend, Mrs. George Mott, recommended Dr. Williams' Pink Pills for Pale People, I had no idea of receiving any benefit from them. I tried them however, and today I am well, have regained my weight, and am strong and vigorous.

"I regret to see the good effect of the pills while I was still taking the first box. Altogether I took them about a year and a half and was entirely cured. I cannot say too much in praise of Dr. Williams' Pink Pills for Pale People.
