

THE SEMI-WEEKLY NEWS

Issued Mondays and Thursdays
and Contains All the Cream of
the Daily and Saturday News.

LOCAL BRIEFS.

Self-Denial Week.—The Salvation Army will conclude next Sunday, the week of self-denial, with appropriate services.

Will Reside in Salt Lake.—Former State Senator W. H. Frazer, of the week of self-denial, with appropriate services.

Strikers Return to Work.—The strikers at the Utah Fire Clay yards have returned to work, after enjoying a day's rest.

Amended Articles.—An amendment to the articles of incorporation of the Eclipse Grocery and Meat company has been filed with the county clerk by which its capital stock is increased to \$20,000.

Purse Picked Up.—William M. Brown, of Z. C. M. I. found a purse yesterday near the City and County building belonging to Miss Edith Sawyer who can recover her property by calling on him.

Healty Deal on First Avenue.—A. Richter reports the sale to John E. Austin of Heber City to A. B. Kline of this city, the \$85,000 lot at T street and First avenue, with a nine room, modern house, for \$19,300.

Lake Rises One Foot a Month.—The level of the Great Salt Lake is 2 1/2 feet above the zero mark, an increase of 4 feet above, one year ago. The rise in the last two weeks is 6 inches, or at the rate of one foot per month.

Hewlett Arrives in Japan.—A cablegram was received in Salt Lake today from Frank J. Hewlett, dated at Yokohama, Japan, stating that the steamship Minnesota, on which were several Utah people headed by Hewlett, had arrived safely after a pleasant voyage from Seattle.

Lady Missionary's Farewell.—A largely attended entertainment was given last evening, in Farmers ward meetinghouse, in honor of Miss Joseph Russell who is to leave on a mission through the northern states with headquarters in Chicago. The evening was a success in every way.

Examinations Under Way.—A civil service examination is being held today at the federal building, the candidates being, one for apprentice, eight for departmental clerk, six for stenographer-type writer, 16 for railway clerk and two for a naval appointment.

Bids for Paving.—A special meeting of the board of public works will be held tomorrow afternoon for the purpose of opening bids for the paving of east Sixth street from T street to the military reservation and also for paving West Temple from Fourth to Fifth South street.

Jefferson Day Banquet.—Thursday, April 25, is the date set for the Jefferson day banquet by the Democratic committee in charge of arrangements. The Commercial club has been selected as the place for the gathering, and a program is now under preparation, to consist of musical selections, instrumental music, and singing.

Nurse Graduates at St. Mark's.—The twelfth annual commencement of St. Mark's training school for nurses will be held tomorrow evening, at the cathedral, following the reception at the Ladies' Literary club from 9 to 11 p. m. There will be three graduates this year, Dahlia H. Youngberg, Clara V. Boreman and Luella Francis.

Parade at High School.—The high school campus has been cleaned and cleared up, and a parade will be held Friday next, when a flag pole will be erected on the parade ground. The junior class has decided to give a banquet in honor of the parade, and the Salt Lake where there will be refreshments and dancing.

To Open New Quarries.—The Spring hollow stone quarries, four miles from the city, will be brought within easy reach shortly by local building operations by an electric road to be run from the east end of Second South street by Judge Le Grand Young. It is hoped that this will make good use of the Red Butte quarries, which in years past have furnished so much valuable building stone for Salt Lake.

Loan for Millard County.—The state board of land commissioners will probably make a loan of \$50,000 of state money toward the completion of a reservoir in Millard county. Appropriations were made by the legislature for the promotion of such projects, and the Millard county people will doubtless succeed in securing a loan. The members of the board, Chairman Lynch excepted, have just returned from a trip to that county.

Books for the Children.—Mrs. H. J. Hayward has presented the children's department of the public library, 46 attractively illustrated books, which were selected by Miss Ward, now in the training school at Pittsburg, Pa. The books are now on exhibition in the children's room at the library, and include illustrated editions of Lamb's "Tales from Shakespeare," Dickens' "Children's History of England," Kingsley's "Greek Heroes," and the Grimm and Andersen "Fairy Tales."

Johnson Goes With Opera Company.—When the opera company was standing in the local railroad yards, Charlie Johnson photographed the cars, inside and out, and the charges of the manager so much that he invited Mr. Johnson to go with the company to Denver, where photos of the entire organization will be taken before returning home. Mr. Johnson will secure pictures of the Garden of the Gods and other noted scenes along the Rio Grande valley.

Painter's Unique Experience.—A narrow escape from perhaps serious injury was had yesterday by Nels O. Soderberg, a painter employed at the City and County building. He was working in the bottom of the elevator shaft, when he took hold of one of the moving cables. Unable to loose his hold, owing to the charge of responsibility in the wire rope, Soderberg was being drawn upward when a bystander happened to see the predicament and shouted to the elevator men to stop. Soderberg fell about 10 feet, but was not injured.

Zion's Saving Bank & Trust Co.—Pays 4 per cent on deposits, safety deposit boxes for rent.
JOSEPH F. SMITH, Pres.
O. C. DEEBE, Cashier.

UTAH ASPHALTUM FOR CITY STREET

Black Hung Out Against It But

Council Majority Votes for

Home Product.

RIGHT OF WAY FOR ITS CARS.

Utah Light & Railway Co. Claims It Is

Not Liable for Damages to

City Flusher.

The contracts for sidewalks and sewers for this year and the question of paving east First South street with Utah asphaltum were the principal matters under consideration at the city council meeting last night. The contract matter is still undetermined because of the failure of the city attorney to give the council an opinion as to whether or not it will have to reimburse the contractors from their contracts owing to the change in the scrip law in regard to the payment for the improvements by scrip instead of warrants paid by the city. The entire matter was again referred to the city attorney for an opinion. After a somewhat lengthy argument as to the merits of Utah asphaltum and as to whether or not there is any asphaltum on the city's claim at Thistle, it was finally decided to give the residents on east First South street a pavement of the Utah material as they requested at the committee meeting last Friday night.

CONTRACT RELEASES.

The board of public works, by its chairman, sent in a communication recommending that the Utah Fireproofing company be not released from its contract for sidewalks entered into in 1905. The board also recommended that the contractor be compelled to complete its work for the reason that it has already completed about two-thirds of the work on its original contract. Notwithstanding the attorney's opinion, the board was of the opinion that the company could be held and it asked the council to go into the matter. Several of the councilmen expressed the belief that it would be wise to release the company and let the contractors over again instead of having the matter drag through the courts for several years and in the meantime neglect the improvement. Black took issue with the city attorney in the matter and thought the company could be held to its contract.

TUDDENHAM'S POINT.

Tuddenham raised a good point when he asked the council to release the sidewalk taxes already paid in by the property owners for sidewalks under the 1905 contract. He said that the people had been guaranteed a sidewalk and that if the city failed to build it, the tax had been paid into the treasury and if the company should be released it would be impossible to get the money back. He also pointed out that the city had already released the company and wanted to know who would stand the expense of readjusting the improvement as the property owners had already been taxed for that cost and would certainly object to paying it again.

DAVIS CUTS THEM SHORT.

President Davis cut the arguments short by ruling that there was nothing before the council as the communication was signed by the chairman of the board only and not by the council. He said in this connection that hereafter he will not recognize a communication from the board unless it is signed by a majority of its members.

The committee of the whole, which was held over from last week, was read again and discussed. The committee recommended that S. J. Kennedy, sewer contractor be released from their contracts for this year and their certified checks which acknowledged the release of the city. There was some objection to taking action in the matter until the city attorney had had an opportunity to give his opinion on the matter. Therefore it was referred to the city attorney with a request to submit an opinion at the next meeting. The report also recommended that the city attorney draw up a form of notice for advertising public improvements and a contract which will comply with the terms of the new scrip law.

PAVING FIRST SOUTH.

The streets committee reported in favor of paving First South street from Second to Thirtieth East street with Utah asphaltum. From Second to Fourth East the paving will be 10 feet wide and from Fourth to Thirtieth East it will be 20 feet wide. When the report was read Black immediately suggested that an amendment be made permitting the use of other materials instead of Utah asphaltum. He declared that the city could get no asphaltum from its claim at Thistle for some time to come, and that the streets which had been paved with that material were the worst streets in the city.

Fernstrom took issue with Black on that subject and declared that the city could get asphaltum from its claims and plenty of it inside of two weeks. He also contended that the chemists had analyzed the asphaltum from the Utah material as the best that can be found anywhere. Further than that the people on First South street requested the use of Utah material and their wishes should be respected.

Carter and several other councilmen were of the same opinion as Fernstrom and he said that the "black" against the use of Utah asphaltum by Black was overcome and the report of the committee was adopted unanimously.

FLUSHER WAS IN THE WAY.

Street Supervisor Raleigh notified the council that on Sunday night, March 27, one of the street flushers was run into by a street car, and that he had presented a claim for damages to the Utah Light and Railway company and had been refused to pay. He asked that the council look into the matter and determine whether or not the street cars have the right in the hooded car as he was leaning over the gate on the car talking to a woman on the sidewalk when the accident occurred. Several members of the council expressed themselves rather forcibly against the action of the company in regard to the matter and it was referred to the city attorney and the council was compelled to put the bridge over the canal at once. The matter was referred to the streets committee with power to act.

An appropriation of \$1,000 was made to defray the expenses of repairing the

heavy damages done by the recent flood. The work was done by the street department.

A resolution by Hobday was adopted authorizing the city engineer to negotiate with the canal companies to induce them to carry off the surplus water in the Jordan river through their canals so as to relieve the flooded condition of the city.

Ordinances were introduced by the public grounds committee creating park district No. 1 in the city and also providing for the improvement of a park commission. They were laid over for one week.

IMPROVEMENTS ESTIMATE.

City Engineer Kelsey sent in an estimate of the cost of public improvements to be made in the city during this year which he states will amount to \$1,481,510.61. Of this amount only \$336,526.57 had been expended on improvements up to March 15, 1907. The estimate is as follows:

Completed previous to March 15 (1907 bond fund).....	\$ 25,734.42
City's portion.....	3,390.93
Abutters' portion.....	5,697.76
Total.....	\$ 34,823.11
Contracts awarded before March 15 (1907 bond fund).....	\$ 122,400.00
City's portion.....	381,476.49
Abutters' portion.....	463,295.67
Total.....	\$ 865,172.16
Contemplated work on March 15 (1907 bond issue).....	\$ 253,477.34
City's portion.....	767,217.93
Abutters' portion.....	850,818.34
Total.....	\$1,618,036.27
Additional expense of city engineer.....	\$ 42,000.00

PROBATION OFFICERS.

Judge E. G. Gowan of the juvenile court, sent in a communication with reference to the appointment of probation officers in the city and asked permission to appear before the proper committee when the matter is considered. His communication was spoken very highly of by the committee. Probation Officers C. B. Hahn and Mrs. Young, and also of the good work of Police Officer Carlson, but made no recommendation for appointments. In view of the fact that there are 600 boys and girls now under probation in the court the judge asks that the proposition be taken up as soon as possible. The municipal law committee will consider the matter.

TWO PROTESTS.

Hoffman Bros. and 29 other property owners submitted a protest against the pavement of State street with asphaltum from Seventh to Tenth South streets. The protest was signed by the engineer to check up the total frontage owned by the protesters and determine whether it is sufficient to defeat the plan to pave the street. A protest against the swampy condition of Ninth South street between Eighth and Ninth West streets, was submitted by Ed Sudbury and a number of other property owners. They claim that the street is continually filled with stagnant water from which comes a most disagreeable odor, and that the health of the residents is thereby affected. The matter was referred to the streets committee to attend to.

ROUTINE ITEMS.

Health Commissioner Stewart was authorized to employ not more than 15 extra men to clean up the city during the spring rush.

Fire Chief Vail sent in the appointments of S. J. Walker and William Hoffman as drivers and James Anderson as pumper at fire station No. 5 and they were confirmed.

The council approved the contract awarded by public works for the new band stand at Liberty park for \$3,327.

Raleigh again petitioned the council to advertise for bids for gathering, hauling and loading on cars the garbage of the city for the next three years and promised to make the city a bid for the same. When the bid is received, the city will be required to pay \$2,000 per year if awarded the contract. The matter was referred to the sanitary committee.

W. R. Foster and the five other foremen in the street department petitioned the council to increase their wages from \$2.50 per day to \$100 per month each. The finance and streets committee will handle the petition.

City Auditor Alf submitted the departmental payrolls of the city for the first half of April amounting in all to \$8,482.22 and the same were referred for approval.

CHAMBERLAIN'S COUGH REMEDY AIDS NATURE.

Medicines that aid nature are always most effective. Chamberlain's Cough Remedy acts on the lungs, loosens the phlegm, opens the secretions, and aids nature in its work. Thousands have testified to its superior excellence. For sale by all druggists.

VIA NIAGARA FALLS AND LEHIGH VALLEY R. R.

To New York.

A delightful trip at any season. The route of the Lehigh Valley is famed for its scenic beauty and its comfortable service on its vestibuled trains. Its double track is stone ballasted throughout, and trains are protected by automatic electric block signals. Your local ticket agent will sell you tickets reading over the Lehigh Valley from Niagara Falls or Buffalo to New York or Philadelphia.

Descriptive matter mailed on request to Chas. S. Lee, G. P. A., 143 Liberty St., New York.

JUDGE GOWAN'S BUSY DAY.

Eight Boys Appear in the Juvenile Court and Explain.

Judge Gowan of the juvenile court had a busy session yesterday afternoon. Five boys, Arlo Koye, Charles Gilbert, Carl Descher, Ror and Robert Edgar, who had run away from the orphanage, where they had been placed, and who were now in the hands of the court, appeared before his honor and told why they left those institutions. The only reason given by the boys was that they were homesick. All admitted that they had received the most kind treatment. The boys were committed to the city hall for the closing of the Morris home on Monday. With a promise that they would return to the places that had been temporarily provided for them, the five were allowed to depart.

Two boys were before the court for buying liquor, but it was decided to let the lads go, and to prosecute the West End saloon keeper who had sold them the beverage.

Gilbert Bradfield was made a ward of the court, and will be kept in the detention house. Young Gilbert was one of the "tunnel gang" that was recently broken up.

A WOMAN TELLS HOW TO RELIEVE RHEUMATIC PAINS.

I have been a very great sufferer from the dreadful disease, rheumatism, for a number of years. I have tried many medicines but never got much relief from any of them until two years ago, when I bought a bottle of Chamberlain's Pain Balm. I found relief before I had used all of one bottle, but kept on applying it and soon felt like a different woman. Through my own fault, my friends have tried it and can tell you how wonderfully it has worked. Mrs. Sarah A. Cook, 130 S. Dowd, Salt Lake City.

BOOSTER TRIP TO LOGAN.

Indications Are That Salt Lake's Invasion of Cache Will Be Great.

The booster trip to Logan, scheduled for a week from today, is growing in dimensions with each report from those in charge of arrangements. The Murray, Sandy, West Jordan, Bountiful, Kaysville, Layton, Farmington and Ogden associations demand space for delegations while an order for 5,000 buttons has been placed, the buttons to be given out along the route.

Manager Harris of the M. and M. leaves today for a tour of the north to perfect arrangements for the visit, and prepare accommodations for members of the excursion party.

Another booster excursion is possible this spring, to be headed for Richfield, on the south, and to consume two days. Devised by Van Hook, the excursion to Richfield Commercial club came to Salt Lake yesterday to extend an invitation from his city to the M. and M. association for them to make an early southern trip.

DON'T PUT OFF.

For tomorrow you can do today. If you put off buying a bottle of Ballard's Snow Liniment, when that pain comes you won't have any. Buy a bottle today. It will cure you of Rheumatism, Burns, Cuts, Sprains, Contracted Muscles, T. S. Graham, Prairie Grove, Ark. Write to him for the good results I received from Snow Liniment. It positively cured me of Rheumatism after I had been laid up for 10 months. Drug Dept., 112 and 114 South Main Street.

DISMISSED FROM ARMY.

First Lieutenant E. P. Crowne of 29th

Infantry Comes to Grief.

First Lieut. Eugene P. Crowne of M. company, Twenty-ninth infantry, has been dismissed from the army for embezzlement and duplication of his pay accounts. The offenses charged occurred in this city and at Fort DuChesne, and he was tried at Fort Douglas by the same court-martial that tried Capt. Haight of the Fifth cavalry. Ex-Lieut. Crowne was appointed from Portland, Ore., where his family still resides. He was in the army for the next year as a captain in the Second Oregon infantry, in 1888, served in the Spanish war, and was promoted to the rank of lieutenant in the Twenty-ninth infantry four years ago, after graduating from the Infantry and Cavalry school.

EXPOSURE.

To cold draughts of air, to keen and cutting winds, sudden changes of the weather, to the colds, coughs, and sore throat, to the chest and neck after public speaking and singing, bring on coughs and colds, no one is more liable than the best cure. Mrs. A. Barr, Houston, Tex., writes, Jan. 31, 1907: "One bottle of Ballard's Horehound Syrup cured me of a very bad cough. It is very pleasant to take. Sold by Z. C. M. I. Drug Dept., 112 and 114 South Main Street."

BODY DID NOT ARRIVE.

Funeral of William Cashin Delayed Indefinitely Owing to Tunnel Slide.

Several Salt Lake people who went to Evanston, Wyo., to attend the funeral of William Cashin have returned home, as the obsequies have not yet been held, owing to the non-arrival of the body at its destination.

Young Cashin was killed at Bisbee, Ariz., April 7, and the remains were shipped to his parents' home for interment. The funeral was set for last Sunday, but for some reason the casket did not arrive, much to the disappointment and sorrow of the already distressed family.

W. R. Foster and the five other foremen in the street department petitioned the council to increase their wages from \$2.50 per day to \$100 per month each. The finance and streets committee will handle the petition.

City Auditor Alf submitted the departmental payrolls of the city for the first half of April amounting in all to \$8,482.22 and the same were referred for approval.

JUST BECAUSE.

Your cough is only in the throat and does not trouble you now, don't think that it needs no medicine. When it has not had much of a start is the time to check it. The slightest cough easily leads to pneumonia. Chamberlain's Cough Remedy will cure that cough. The price puts it within the reach of all. Write to Dr. J. C. Lee, Drug Dept., 112 and 114 South Main Street.

Catarth.

Called an American disease, is cured by an American medicine, originated and prepared in the most catarrhal of America. It is the most reliable medicine for the cure of catarrh of the bladder. That medicine is Hood's Sarsaparilla.

It cures radically and permanently. It removes the cause, cleanses the blood of scrofulous and all other impurities. It overcomes all the effects of catarrh, too, and builds up the whole system.
