

DEPORTED MEN WANT INJUNCTION.

Those Driven Out of Cripple Creek
Will Appeal to the Federal
Court.

GOVERNOR PEABODY IS IGNORED.

He Will Not be Asked for Protection
—Teller County to be Sued
For Damages.

Denver, Aug. 22.—N. H. Heimrodinger and J. S. Hall, representatives of the Interstate Mercantile company, who were expelled from Cripple Creek Saturday by a mob, today had a consultation with former Gov. Charles S. Thomas and instructed him as their attorney to begin suit in the federal court for an injunction forbidding interference with them and their party in Cripple Creek. They will also seek compensation from Teller county for their losses.

Suits for damages will also be brought by the deportees against the leaders of the mob, who are all known. No appeal will be made to Gov. Peabody for protection as heretofore troops have been used both to deport men and to prevent deportees from returning to their homes.

Thomas Parrot, who was beaten by the mob, is preparing an affidavit to be forwarded to President Roosevelt with a request for federal protection. "As soon as action is taken by the federal court," said Harry Heimrodinger, the manager of the Montana corporation, "we will reopen the Cripple Creek store and continue business. I have no doubt but that the court will issue the restraining order, which we will ask for, and after that it will be a matter for the enforcement of a United States order."

The Interstate Mercantile company succeeded to the interests of the former owners of the union stores, and we were proceeding to do business without incurring injury to others or violating the rights of any one. Up to the time the mob took possession of the stock Saturday, the day's receipts had reached \$150, which makes it apparent that the stores are not opposed by the general public, but merely by the mine owners and Citizens' alliance."

"The application for injunction is based upon the affidavits of myself, John S. Hall, another of the stockholders; Frank Alkins, Stephen Leahy, William Blawie, and we will also endeavor to secure the affidavit of Deputy Sheriff Underwood, to show that the peace officers either failed to give us protection or were powerless to do so."

"Of the alleged mob of miners who forced me to leave Cripple Creek Saturday night, there were but 50 who were really active," said Atty. Hanks today. "The others who made up the big crowd were curious ones and spectators. The mob proper was made up of professional strike breakers and the so-called 'Cousin Alene' gang, imported for this particular job of dirty work by the Citizens' alliance. Big Daniel McCarthy, a notorious strike breaker, employed by the Citizens' committee, was one of the leaders who carried out the instructions of the alliance."

"I do not consider the disturbance in the Cripple Creek district of a serious nature," said Gov. Peabody today. "It

Dandruff

What is it? The beginning of gray hair, falling hair, baldness. Extremely untidy, and annoying, too. The remedy? Ayer's Hair Vigor. It keeps the scalp healthy, stops falling of the hair, and always restores color to gray hair. An elegant dressing.

"I am satisfied with Ayer's Hair Vigor. It restores the natural color to my hair, prevents it from falling out, and makes it moist."—Bersey A. Elder, E. Machias, Me.

Small Advertisers. J. C. AYER CO., Lowell, Mass.

was just a case of trouble between the people in the district and some outsiders who wanted to come in. There was a third party that got into trouble by 'butting in' where they should not, and they were told to leave the district. No one has appealed to me for protection, and I understand the civil officers of the country have the situation in control. I do not anticipate any request from the authorities, and without it I have no power in the district. Much excitement was created in the district this afternoon by shooting which took place in Victor and at Holly Wood, and a large crowd soon collected under the impression that a riot had begun. There was no serious trouble. Police officers fired several shots in Victor at two suspicious persons who did not leave when told to do so, and at Holly Wood several riflemen were practicing target-shooting.

Teller County Clerk Frank P. Mannix, who is on his ranch at Montrose, sent a telegram today commissioning J. Knox Burton as deputy county clerk. Vice Michael J. O'Neill, who was deported by the mob, Mr. Burton was under sheriff of Teller county at the time of the Independence depot explosion and Victor riot, and with Sheriff Henry Robertson, was deposed from office by the citizens. It is understood that no objection to Mr. Burton acting as deputy county clerk will be made. Mr. Mannix remains away in consequence of threats that have been made against him.

Six members of the Western Federation of Miners, who are charged with complicity in the Victor riot on June 6, were released from Cripple Creek jail on bonds of \$1,500 each today. A Pueblo business man signed the bonds. Thirteen union men, arrested under the same charge, are still confined in jail.

MRS. CORDELLA BOTKIN.

Sentence of Life Imprisonment
For Murder of Mrs. Dunning.

San Francisco, Aug. 22.—Mrs. Cordella Botkin was sentenced today by Superior Judge Carroll Cook to life imprisonment in the state prison at San Quentin for the murder of Mrs. John P. Dunning, in Dover, Del., by means of poisoned candy mailed from this city. In passing sentence on the condemned woman Judge Cook expressed regret that he could not impose the death penalty, as the jury in its verdict had fixed the punishment.

Mrs. Botkin received the sentence without any evidence of emotion. An appeal to the supreme court will be taken by her attorneys.

Passports for Naturalized Jews.

Washington, Aug. 22.—It appears that the representative of the state department to the government of Russia relative to recognition of passports issued to naturalized Russian Jews, was forwarded to Ambassador McCormick from Washington early last July, so that the ambassador probably has been holding it at the embassy awaiting a favorable moment for its presentation to the foreign office.

REVOLUTIONISTS SEIZE VILLA REYES.

Captured the Garrison of Two
Hundred Men and Arms
And Ammunition.

DESERTERS ARE JOINING THEM.

Government Troops on Limited Rations—Vice President Tominguez Resigns.

Buenos Ayres, Aug. 22.—The Paraguayan revolutionists have seized the town of Villa Reyes and have captured the garrison, consisting of 200 men, 1,700 rifles and one cannon, in addition to a quantity of ammunition for rifles and cannon.

The revolutionist general, Ferreira, is encamped near Villeta, where he is being joined by many deserters from the government troops, as well as recruits from the inhabitants of Asuncion. The Paraguayan capital is suffering from a scarcity of provisions. The rations of the government troops are limited to six biscuits daily. General discontent prevails.

Gen. Manuel Tominguez, vice president of Paraguay, has resigned. It is rumored in Formosa that Asuncion has surrendered, but the rumor cannot be confirmed.

The revolutionists have seized another steamer loaded with cannon, rifles and munition of war.

The Associated Press correspondent today interviewed Senor Viera, minister of Paraguay to the Argentine republic, who has just returned here. The minister confirms the general details of the progress of the revolution and admits that public opinion in Asuncion is on the side of the revolutionists.

Buenos Ayres, Aug. 22.—There has been further fighting in the republic of Uruguay. In a hand-to-hand fight between Uruguayan revolutionists and the government forces of Santa Rosa, held by the government forces, thirty-five men were killed and eighty-five were wounded. The town eventually surrendered and the government troops retired by water. Many of them were killed or drowned during the retreat, and others sought refuge on an island belonging to Argentina.

SHAMROCK IV.

Dennys May Construct Her If
Watson Makes the Design.

Glasgow, Aug. 22.—Sir Thomas Lipton has opened negotiations with the Dennys for the building of Shamrock IV provided George L. Watson accepts a commission to design another challenger for the America's cup.

HUNDREDS INJURED.

In the Great Storm at St. Paul
And Minneapolis Saturday.

St. Paul, Minn., Aug. 22.—The damage wrought by Saturday's storm in this city is \$1,750,000; Minneapolis, \$200,000; Stillwater, \$100,000; Waconia, \$75,000; country districts, \$100,000. In addition to the fatally injured nearly 200 persons sustained injuries of a minor character. The city government today had a force of 300 men at work clearing the streets of the vast amount of debris with

YOU CAN BRACE UP

Quicker and Better by the
Use of Munyon's

PAW PAW TONIC

Than in Any Other Way.

TRY IT TO-DAY.

If you feel the lassitude and depression which comes with the heated term you need tonic now. At no other season of the year is a tonic and strengthener more necessary than now. I want you to try my Paw-Paw Tonic and Paw-Paw Laxative Liver Pills—a combination that will give you strength and debility and make you feel strong and well. Paw-Paw Tonic tones up the stomach and nerves, cures dyspepsia, checks while it strengthens but does not intoxicate. It makes old folks feel young and weak folks strong.

My Paw-Paw Laxative Liver Pills are the best pill ever compounded. They cure constipation, biliousness and indigestion. You can't be sick. You can't feel all run down and aimless unless you use these remedies. MUNYON.

Munyon's Witch Hazel Soap, Talcum Powder, Face Cream and Skin Food are the finest possible aids to a clear skin and fine complexion. For sale everywhere.

which they had been striven; gangs of linemen were at work repairing damage to electric wires. The wholesale houses had their employees removing damaged goods and making temporary repairs to their warehouses.

The municipality, through the destruction of bridges, school buildings, parks and other public property, suffered the greatest loss, its damage closely approximating \$1,000,000. The other losses involve nearly 100 business firms and individuals.

In Minneapolis, where the work of clearing away the wreckage and repairing the damage done, has been proceeding rapidly, the extent of the injury done is not so great as at first reported. The largest individual loss was Donaldson's department store, \$100,000. The city government sustained considerable loss by the partial wrecking of school buildings, but the damage to the parkways and parks was not so severe as that inflicted upon St. Paul. In neither city is the loss adequately covered by tornado insurance.

At Waconia, a little village twenty miles west of Minneapolis, the tornado wrecked almost every house. The depot was blown away and many pleasure-seekers who had been spending the day at Coney island and had taken refuge from the storm in the station, narrowly escaped death. Three members of the Moyle family were crushed to death in the ruins of their home, which was totally destroyed. The fourth person killed was a farmer living north-east of town.

Much destruction was done to the adjacent country. Farm buildings were blown away and standing corn leveled to the earth and much other damage. The storm was also felt in various parts of northern Wisconsin, considerable damage being done to property and several persons injured.

Carlisle Visits Parker.

Esopus, N. Y., Aug. 22.—Former Secretary of the Treasury John G. Carlisle is passing the night at Rosemont, Judge Parker met him at the station. The judge said tonight that Mr. Car-

lisle had come at his request to talk over various things pertaining to the campaign. Mr. Carlisle said he did not know whether he would take an active part in the campaign, but was at the disposal of Judge Parker.

With former Representative R. W. Taylor of Ohio, who was in charge of the prosecution of Brigham H. Roberts of Utah, Mr. Carlisle is associated in a similar prosecution of Senator Reed Smoot, and it is supposed that the "Mormon" question was under discussion tonight.

SMALL ARMS SHOOTING.

Greatest Competition in Country's
History at Fort Riley.

Junction City, Kan., Aug. 22.—Today there began on the new national range of Fort Riley reservation the greatest small arms competition ever held in the United States. The plans for a national match which would bring together the expert shots of the army had their inception with Elithu Root, ex-secretary of war, who desired to stimulate interest in marksmanship. There are nearly 500 marksmen here, from 15 states, while the navy and marine corps each has a team here, and the army is represented by a team from the cavalry and one from the infantry. Each team is composed of 15 men, 12 on the team, three alternates, a captain, a coach and a spotter.

A heavy rain late yesterday cleared the atmosphere, and the national team match with the army, navy, marine and national guard teams participating, was begun today under favorable conditions. The program today included 200 and 500 yards slow firing, and 200 and 500 yards rapid firing.

Firing commenced at 7:45, with New York credited with firing first. The shooting was at 200 and 500 yards, slow fire. The following is the standing of the teams representing the different states, with their scores of possible 2,400.

Army infantry team, 1,987; District of Columbia, 1,951; New York, 1,946; marine corps, 1,880; navy, 1,901; New Jersey, 1,895; army cavalry team, 1,882; Pennsylvania, 1,879; Massachusetts, 1,848; Rhode Island, 1,846; Washington, 1,775; Connecticut, 1,773; Georgia, 1,747; Iowa, 1,732; Maryland, 1,754; Florida, 1,722; Michigan, 1,674; Kansas, 1,519; Alabama, 1,176.

Tomorrow's firing will be at 800 and 1,000 yards, slow fire.

John L. Welsh Dead.

Philadelphia, Aug. 22.—John L. Welsh, formerly active in the financial affairs of the country through his connection with the banking house of Drexel & Co., died today after a long illness, aged 62 years. He is generally believed to have been one of the wealthiest men in the country.

PACKERS IN COURT.

Want an Injunction Against the
City of Chicago.

Chicago, Aug. 22.—The packers today asked for an injunction preventing the city of Chicago from interfering with their housing their employees in their plants during the continuance of the strike. The injunction was asked in the name of the Hammond Packing company, and insisted that the companies were violating no law, and were acting entirely within their rights.

The attorneys for the city charged

Take a dose of this before meals and you'll enjoy them. It restores the appetite and gives power to properly digest the food. Then it also cures Sick Headache, Torpid Liver, Indigestion, Constipation, Dyspepsia, Insomnia and Malaria. Try a bottle.

HOSTETTER'S
CELEBRATED
STOMACH BITTERS

in their reply to the application for the injunction that the building of the Hammond company does not contain requisite number of fire walls, stairs or windows called for by the ordinance. That the second floor, with but one flight of stairs leading from it, contains 180 cots, and that the danger from fire is constant and immediate.

Arguments were heard by Judge Brennan for three hours and will be continued tomorrow.

Practically every striker at the stockyards went on duty as a picket today, all working under thoroughly organized plans. Each squad has a specific territory and each man has a specific division.

A largely increased number of policemen were assigned to the district. The first person arrested was Thomas H. Stroker, business agent for the meat cutters' union, endeavoring, as a strike picket, to prevent non-union men from entering the yards.

The railway trains into the stockyards, usually crowded, were only partially filled today, showing a great falling off in the number of strike-breakers. It is estimated that fully 1,000 strike-breakers who went out Saturday failed to return to work today, but there were a few new men employed.

Packing house teamsters have adopted a resolution charging that the action of the packers and police in stopping a trainload of strike-breakers Saturday night was done to cause a riot and that union men were shot in cold blood, one being killed and one wounded. The union inspector, Nicholas Hunt is denounced specifically.

Galveston Sea Wall Completed.

Galveston, Tex., Aug. 22.—The completion of the Galveston sea wall was celebrated today by running excursions from different parts of the state to Galveston. Gov. Lanham was present and made a eulogistic address, commenting on the work which has been accomplished here.

Roosevelt Family Picnic.

Oyster Bay, L. I., Aug. 22.—President and Mrs. Roosevelt extended their horse back ride today to Jaynes, about five miles from Sagamore Hill, the highest point on Long Island, where a Roosevelt family picnic was held.

Cable for the Columbia.

Portland, Or., Aug. 23.—There will arrive in this city today 11 miles of telegraph cable to be laid from Fort Canby at the north entrance of the Columbia river to Elavet, Or., on the south side. The laying of the cable will be completed in about three weeks, and will be of the greatest importance to the United States weather bureau and to shipping interests.

The news from North Head and Fort Canby now reaches Astoria by means of a roundabout land route to Fort Columbia, whence it is carried by cable to the south bank of the river. The time when marine intelligence and a report of weather conditions off the mouth of the river is most wanted is during tempestuous weather. The present telegraph wire passes through a heavy forest and nearly every time a storm arises a tree is blown across the wires. Before a repair gang can find the break the storm has subsided.

MEXICAN BRIGANDS.

They Capture Banker John Eiland of Portales, N. M.

Denver, Aug. 22.—A special from Roswell, N. M., says:

John Eiland, vice president of the Bank of Portales, N. M., and a wealthy sheepman, has fallen into the hands of brigands in Old Mexico, where he went on business. Mrs. Eiland has received a letter from him postmarked Oputo, state of Sonora, Mexico, saying that he has been captured by brigands, and that unless arrangements are made at once to pay the ransom he will be tortured and killed.

She immediately wired the United States consul at the City of Mexico to use his efforts to secure the release of her husband.

A NEGRO BRUTE IS LYNCHED.

His Crime Was Assaulting a Little Girl Only Thirteen Years of Age.

BODY RIDDLED WITH BULLETS.

Then Dragged a Mile to Town and Burned in the Public Square.

Cedartown, Ga., Aug. 22.—Jim Glover, a negro, was shot to death tonight near the home of the white girl he had assaulted, and his body dragged a distance of about a mile into this city and burned on the public square. A mob estimated at 500 composed the shooting and burning party.

The crime for which the negro was thus punished was criminal assault upon Levia Reeves, the 13-year-old daughter of a well known farmer.

The true story of the crime is the most revolting that had ever been given to the public from this immediate section of the country. After the little girl had protected the negro from the attack of a large dog owned by her father, he followed her to the pasture where she was taking a cow, caught her, choked her into insensibility and left her bleeding and unconscious in a cornfield. This occurred early this morning.

Bloodhounds had been on the negro's trail all day and he was captured some distance away late this afternoon, carried to the home of the girl, who hesitatingly identified him as her assailant.

In the meantime a crowd of fully 500 persons had gathered, and summary justice was meted out to the negro as soon as it was learned that the young girl had positively identified him as the right man. The negro confessed his guilt. Immediately the crowd took him away from a pose which had captured him, and his body was riddled with bullets and afterward burned.

Miss Anthony Back from Europe

New York, Aug. 23.—Miss Susan Anthony, accompanied by the Rev. Anna H. Shaw and Miss Lucy Anthony, have returned from Europe, where they attended the Congress of Women held in Berlin. Miss Susan Anthony said:

"English women are well informed on politics, and talk of them, and, indeed, of most subjects of general interest, much more than American women. In Scotland and Ireland they are doing the same thing as in England."

"We in America are not gaining materially as much as we hoped, but there is an encouragement."

"We found the German women very responsive. The fact that Emperor William permitted and encouraged our efforts is significant if not of personal liberality, at least of deference to our opinion."
