STORM SWEEPS OVER NORTHWEST

One of Severest That Has Visited Territory Between Great Lakes And Rocky Mountains.

SOME FATALITIES OCCURRED.

Accompanied by Severe Cold and Heavy Gale-Rallroad Traffic Greatly Impeded

Chicago, Dec. 27 .- One of the severest storms of recent years has raged throughout the territory lying between the Rocky mountains and the Great lakes since early this morning, and has caused much trouble to street car companies, railroads and telegraph companies. The latter were the greatest sufferers from the blizzard which swept through the west and northwest during the last 24 hours and which was preceded by a heavy fog and drizzling rain which made the wires almost unworkable. The intense cold and terrific gale that followed close upon the fog coated the wires with ice, and later in the day threw poles to the ground, crippling the companies badly. Railroad trains were badly delayed all through the west, some of them being 24 hours late. Street car traffic in all the cities of the west and northwest was practically at a standstill at some time during the day

In its extent the storm was the most widespread of any during the last 15 years. Counting the fog as a component part of the storm, it stretched from the Rocky mountains to New York and from Winnipes to New Orleans. The only fatalities due to the storm in

Alexander Steirer, a teamster, killed while unloading coal. A chute was blown from its fastenings and striking Steiner on the head, killed him instant-

Thomas Walsh, a laborer, was struck by a heavy board while entering a new building at Green street and Washington boulevard. The board almost cut

his head off. At 10 o'clock tonight the storm was reported as subsiding at Kansas City and other points in a north and south line from that city, but it will be sev-

eral days before normal conditions are restored throughout the entire section. At Chicago and east of here the storm was still raging with great violence and was expected to continue throughout the night, the center of the storm being between Chicago and Cleveland.

Reports from Kansas City early in the day were that the storm extended from the middle of Missouri as far south as Indian Territory and was accompanied throughout its entire extent by the heavy winds, and snow which on the level would have been about one foot deep. It was drifted so badly by ities of Nebraska, Kansas and western Missouri street car traffic was at a

standstill. The storm by noon had reached eastern Missouri, and the temperature in St. Louis went down 20 degrees in two hours, while the wind, blowing 40 miles an hour, piled the snow up in the streets in great drifts. It was found possible to keep the street cars running although great havoc was wrought with telegraph and telephone wires.

At Omaha and Des Moines conditions similar to those in Kansas City were reported and both places were in bad shape early in the day. Before day, light most of the downtown electric light circuits in Omaha were put out of business, and the outlying districts were without light. All over the western states the storm increased in violence throughout the morning and at noon was raging with great fury. All trains in this section were reported from one to six hours late, and congantly losing time,

In the northwest the storm was even more violent than throughout Missouri and Iowa. In St. Paul the snow commenced falling early last night and grew heavier all through the night, while the wind increased until it blowing at 50 miles an hour. The heavy snow and the gale worked havoc with the railroads, and some of the passen-ger trains from the Pacific coast were reported tonight as 24 hours overdue and making slow progress. The storm reached westward from St. Paul until it covered the Dakotas, eastern Mon-tana, Wyoming, northern Michigan and Wisconsin. The story was the same from all points. The wires in all directions were down, the snow was filling the streets and railroad cuts so tightly that street cars were for the most part com-pelled to stop running and all trains

were far behind time. In the south conditions were somewhat better, the snow in many places

Every Throb

Of My Heart Was Plainly Felt, and Sometimes Very Painful.

If your pulse is too strong, and your heart throbs so that you can feel the force of the heart-beat against your chest, your heart is weak and needs at-

This is usually caused by long continued palpitation, over-work, excessive exercise, heart strain, and the condition indicates serious heart trouble. You

should act at once. The very best thing to do is to take Dr. Miles' New Heart Cure, a remedy that will strengthen the nerves and muscles of the heart, and restore them

to their normal condition. If you neglect to do this, disastrous consequences will surely follow. You will have smothering spells, pain in the heart, faintness, the valve of the heart will become leaky, and the heart left in

a death struggle. "My heart bothered me so that I could feel every pulsation. Could only sleep on my left side. Doctors told me that I had one-fifth enlargement of the heart. I had all the usual symptoms of heart trouble. I took about 15 or 20 bottles of Dr. Miles' Heart Cure and am completely cured. I have had no symptom of heart disease for two years, and am attending to my business affairs, which I could not do before."

being changed into a heavy rainfall, preceded by thunder and lightning and followed by heavy winds. Nashville, Louisville, New Orleans, Montgomery and Memphis all reported exceedingly eavy rains, a rapidly falling thermomter and terrific winds

In the Ohio river valley the first eavy rain in five months commenced falling early in the day and continued throughout the night. The storm was appreciated by the boatmen along the thio and its trbutaries for the stage of waetr in those streams has of late een very low and navigation was difficult in many places,

The storm struck Chicago shortly after noon and increased with great rapidity, until it had assumed hurri-cane violence at 5:30, when the wind tore through the down town streets at the rate of 72 miles an hour. It fell way after that and by 7 o'clock had fropped to 50 miles an hour, where i remained throughout the night, with ccasional gusts that through the streets with the force of a lone, tearing down signs, smashing in plate glass windows and in many sections of the down town districts hurling pedestrians from their feet and overturning delivery wagons. Early in essary to station extra officers at corner of State and Randolph streets where the Masonic temple, 22 stories in height, always creates a terrific in-crease in the natural rapidity of the wind, and at the corner of Monroe and Dearborn streets, where the new build-ing of the First National bank acts in

From 3 o'clock until after the evenminutes that the officers were not compelled to carry some woman who had been thrown from her feet and was unable to cross the street.

In all parts of the city trees were blown down, chimneys toppled over and several frame shacks were leveled to the ground

There were numerous instances of people being bruised by being blown from their feet while passing some of the high buildings in the down town district and in several places police were stationed to turn back light devery wagons which would infallibly be turned if they attempted to pass the orners ahead of them.

Between noon and 7 o'clock in the evening the mercury dropped from 34

to 11 and was still falling.

The late reports from Wisconsin are that the storm was the most severe ever known in that section. Damage in Madison is estimated at \$100,000, and it is thought that that estimate will be too small by the time the storm abates. In Indiana the damage by the storm

is estimated in the hundreds of thousdamage was especially heavy in the oil fields, where fully 500 ierricks were blown down and all operations suspended. Near Muncie, Frank avanaugh was killed by a falling derrick. The loss on derricks alone in the neighborhood of Muncle is placed at

Late dispatches from Nebraska state that the storm was the most severe in many years and that all trains were delayed from two to 12 hours.

Washington State Educators.

Washington State Educators.

Spokane, Wash., Dec. 27.—The vanguard of the state aducators is here to attend the convention of the state educational association which opens tomorrow. Today's arrivals include: H. B. Dewey of Tacoma, president; O. C. Writney, Tacoma, president; O. C. Writney, Tacoma, ecretary; H. M. Shafer, Cheney, of the executive committee; A. B. Warner, Tacoma, of the St. Louis exposition committee; F. B. Cooper, Seattle, of the school lands committee; L. Benbow, Tacoma, of the salary committee; E. T. Mathes, Bellingham, of the legislative committee; B. W. Johnson, Seattle; Supt. W. J. Hughes, Bellingham, Deouty State Supt. F. M. McCulley; W. E. Wilson, Ellensburg; A. H. Yoder, Seattle.

Dr. David Starr Jordan, who will lecture Thursday evening, will arrive tonight.

Bought a Coffin and Suicided.

Chicago, Dec. 27.—Buying a coffin os-tensibly for a friend, Leroy K. Nebit, a banker, committed suicide today in an undertaking establishment. Scribbled on a card in the banker's pocket was a

note saying:
"I am tired of being a cripple." Nes-bit had a shriveled leg and had spent thousands of dollars in a vain attempt to effect a cure.

Judge Francis J. Wing Resigns. Cleveland, Dec. 27,-Judge Francis J. Wing has forwarded to the president his resignation as judge of the north-ern district of Ohio. His reasons, Judge Wing said, were entirely per-sonal. He will resume his law prac-

Mystic Shriners in a Collision. Baltimore, Md., Dec. 27.-The North entral Harrisburg express, carrying irge number of Mystic Shriners and other passengers, including Admiral Schley, collided today in the yards of the Pennsylvania railroad with an empty express train. None of the pas-sengers were injured but all were badly shaken up. Several trainmen were more or less seriously hurt.

Commercial Travelers Meet.

San Francisco, Dec. 27 .- With an unisually large number of members present, the annual meeting of the Pacific Coast Commercial Travelers' association was opened today in Elks' hall, on Sutter street, after a session of the members of the death benefit fund section of the organization. Reports from various standing committees and special committees were listened to and acted upon, after the secretary showed that of the travelers who are operating on this coast nearly 800 are members of

the United States.

FLIGHT OF THE ARROW.

A Broken Motor Prevents its Teing a Complete Success.

Los Angeles, Cal., Dec. 27.—Owing to a broken motor, which could not be easily repaired, the Baldwin airship California Arrow, was unable to make the return flight to the city today from the place where it landed after yester-day's trial, several miles south of the city. Gas was allowed to escape from the bag and the machine was hauled into the city in a wagon. Baldwin will continue his experiments here after the motor of his machine has been repaired.

SHORTAGE IN SILVER

It Comes Through the Coinage Of Standford Silver Dollars.

Philadelphia, Dec. 27.-John H. Lanils, superintendent of the mint in this city, said today that the available silver bullion of the country has been ex-hausted. Unless Congress takes prompt action to relieve the situation by authorizing the purchase of more silver bullion for coinage or by accepteing a suggested temporary remedy, he said, commerce would be greatly hampered next year as a result of a 10 million dollar shortage in small sliver coins. The prevailing condition of the country's collateral also entails wholesale discharges of mint employes, to take effect on Jan. 1, and unless the relief is obtained from Congress the regular mint force will be cut down to a nominal number within the next few months.

"Silver bullion," said Mr. Landis, "has been exhausted because of the coinage of our useless hoard of 558,000,000 standard dollars, for which there has never been any real popular demand. At the same fime, with no available silver n there is an urgent demand for without which the country's commerce will be greatly hampered next year. The compel it either to go into the markets and resume the purchase of silver bulportion of its stock of silver dollars into smaller silver coins."

JAPAN FOR ARBITRATION. She Agrees to Negotiate a Treaty With United States.

With United States,
Tokio, Dec. 28, 1 p. m.—The Japanese government has agreed to negotiate an arbitration treaty with the United States. This is the result of American Minister Griscom's representations to Baren Komura, minister of foreign affairs, who has notified him that his government is pleased to accept America's invitation. Baron Komura further states that Japanese Minister Takahira is fully empowered to act with Secy. of State Hay and frame and sign a treaty of the kind at Washington. Although as yet undrafted it is expected that this instrument will be modeled on similar lines with a series of treaties recently signed by President Roosevelt and Secy. Hay, embodying the most advanced principles of international policy.

THE KAISER'S GIFT TO THE AMERICAN PEOPLE.

The cut illustrates that statue of Frederick the Great which has recently seen unveiled at Washington. It is the gift of the emperor of Germany to the American people and has been set up on the esplanade of the new Army War college. The statue is a bronze reproduction of a marble figure, made by one of Germany's most famous sculpters, which is at Potsdam. It is of

heroic proportions, being seven feet in height. The presentation of the statue was looked upon by the United States government as a manifestation of the emperor's friendly attitude toward the American people, and the gift was received with all the ceremeny befitting such an event. The president made an address on the occasion, and official Washington was well represented at the unveiling.

INDICTMENTS IN LAND FRAUD CASES

There Are a Large Number, Among Them the Historic and Mysterious John Doe.

TWO ARE OF IMPORTANT PEOPLE

One is Dr. Wm. H. Davis, the Other is Salmon B. Ormsby, Formally a Covernment Agent.

Portland, Or., Dec. 27 .- The federal grand jury today returned seven Indictnents in connection with the land fraud cases now under investigation. The large number in the batch and the prominence of three of the number with the two mysterious "John Doe" indictments make the day the most sensational since the jury reconvened in its present sessions, The most important is the indictment against Dr. William H. Davis, mayor of Albany, Or. Secand to this and of hardly less importance are those of Salmon B. Ormsby, formerly a government agent, and Clark E. Leomis, formerly torest superintendent. Henry A. Young and George Screnson are not so well known. The nuictment states that there are two others, John Doe and Richard Roe, implicated, whose true names the jury

does not know. It will be recalled that two mysterious personages figured prominently in the indictment returned against State Senator Franklin P. Mays last week. The charge in the indictment returned today is that the indicted men entered into a conspiracy on Dec. 29, 1901, having as their object the defrauding of the government of the United States out of a portion of its public lands in township 11 south, range ? east, and that by means of false and forged applications, false and forged entry and settlement, some of the names of real and some of the names of fictitious persons, the govrnment was induced to issue patent to the lands.

It is charged that in furtherance of the conspiracy William H. Davis swore to an affidavit before S. B. Ormsby in which he said he had resided up the claim taken by him as by law restared and that the conspiracy was a part of the one entered upon by S. A. D. Puter, Horace G. McKinley, D. W. Tarpley and

Emma L. Watson.
In the indictment just returned William H. Davis, mayor of Albany, and chairman of the Republican county central committee of Linn county, is the central figure. Ormsby and Loomis, Screnson and Young have all been be-fore the public from the opening of the land fraud trial several weeks ago, but Dr. Davis had not been connected with the cases until the latter part of the

The government will attempt to prove by the evidence against the Albany man that he went into the alleged con spiracy to defraud the governmen knowingly and a year after he had abandoned his claim as the result of an alleged correspondence with the land office at Washington.

The government asserts that Davis went into the forest in company with William Horn, a timber locator of Albany, in 1892. Horn located on his claim and built a cabin in the same year. The cabin was afterwards destroyed by a tree falling upon it and the next year Horn built another. In 1893 the government says that Dr. Davis went to his claim for a day or so, and that again in 1893 he spent a short time there while on a fishing trip. Also, they maintain that he went fishing in that vicinity in 1895. Dr. Davis made his final proof before R. W. Montague of Albany in 1900, and swore that he had cultivated five acres of ground each year since residing on the land; that he had raised crops and had made the place his residence except for short periods in the winter when he was compelled to leave to make a living for himself and fam-

In 1901 C. E. Loomis came to Albany to make a report on the claim of Dr. Davis, in company with about 45 other claims held up by the department. The government asserts that Dr. Davis became uneasy about this time and wrote to Binger Hermann, then commission-er of the general land office, asking his advice in regard to his filing. He also asked Mr. Loomis, according to the government, to write to the department in regard to his claim.

Under date of March 11, 1901, it is al-Loomis wrote a personal letter to Mr. Hermann asking his advice in relation to the claim. He stated, the government says, that Dr. Davis was in trouble over his claim; that he had dropped the langupon its being put in-to the Cascade prest reserve, but that he had later, upon the advice of Col. Robert E. Miller, then receiver of the land office at Oregon City, made his fi-nal proof. Then Col. Miller, so said the alleged letter, had advised Dr. Davis to the effect that all the time claps. ing since the creation of the reserve and the date of actual entry since the survey had been made would be recofgnized by the department as resi-dence. The letter closed, so the gov-

ernment asserts, with the statement that Mr. Loomis would be glad to gain any information which might be of use to "some very good friends" of Mr. Hermann's in Linn county.

SENATOR MITCHELL

Not Allowed to Appear Before Grand Jury.

Portland, Or., Dec. 27.—United States Senator John H. Mitchell has not as yet been allowed to appear before the federal grand jury to hear what charges it is alleged have been, or will be, brought against him, that might tend to connect him with the investigations at present, being conducted by the body. This morning he appeared at the door of the jury room and handed to the foreman a letter asking that he be allowed to appear before the fury to an lowed to appear before the jury to answer all questions which might be put o him in regard to his compileity any fraud or conspiracy, but he affixed a clause to the effect that he would not go before the body unless he could be presented with the case against him together with the names of the witnesses testifying to his detriment. He also stipulated in his letter that he would not go before the jury until all of the case of the government had been

presented. The letter was considered by the jury and the senator was not called to give his version during the forenoon. In the afternoon the senator appeared again at the jury room and asked to be admitted, but was met at the door by Assistant District Attorney F. J. Heney and told that he would perhaps be allowed to go before the jurors tomorrow Mr. Hermann takes the same stand as does Senator Mitchell, and will be given the same answer when he applies for admission today.

The difference of opinion between Senator Mitchell and Mr. Heney seems to have taken a different turn, and an agreement is no nearer reached than it was in the first place. On Dec. 18 Senator Mitchell telegraphed Mr. Heney, stating that he demanded that all charges against him be fully investigated, and further demanded in so many words to be allowed to appear before the jury with his testimony. The

telegram was as follows:
"Washington, Dec. 18.—Francis J.
Heney, assistant United States attorney
general: I will be in Portland Saturday morning next, and I demand a full investigation by a grand jury of any and all charges, if any, aginst me. I al-so demand the right to testify concerning the same before the grand jury.
"JOHN H. MITCHELL."

At the time the telegram was received it was stated that Mr. Mitchell would be accorded no greater privileges than would be accorded to any citizen similarly situated, and this seems to be the point on which Senator Mitchell and Mr. Heney disagreed.

Before sending his letter to the jury Senator Mitchell wrote to Mr. Heney apprising him of the fact that he would write to the jury. This letter, which was received Monday evening by Mr. Heney, was as follows:

"Portland, Dec. 26, 1904. Ion, Francis J. Heney, Assistant United States District Attorney, Portland, Or .:

"Dear Sir-I will this evening, or to morrow morning send to W. H. H. Wade, foreman of federal grand jury low in session in this city, a letter of which inclosed is a duplicate. I trust you will agree that I shall be accorded the privilege I ask. I am ready and earnestly desire to go before the grand jury as seen as you have produced before the jury all the evidence you have on part of the government, but not until then. Respectfully, "JOHN H. MITCHELL."

Today Mr. Mitchell appeared at the grand jury rooms and asked for W. H. Wade, the foreman. When Mr. Wade responded to his knock the cenator handed him the following letter:

"Portland, Or., Dec. 26. W. H. H. Wade, Esquire, Foreman of the Federal Grand Jury, Portland: "Dear Sir-Street rumor in this city for the past 10 days, and press dis-patches from this ... to all parts of the United States are to the effect that I am being charged with complicity with others in certain Oregon land frauds, and that the jury, of which you are the foreman, is investigating such charges. I have heretofore requested of the prosecuting officers, Hon, Fran-cis J. Heney, assistant United States district attorney, and Hon, John H. Hall United States district attorney the privilege of going before your body for the purpose of answering under oath any charges that may have been lodged with your body against me, which in anywise implicate me in any

such frauds. "I therefore respectfully ask you, and through you, your associates compos-ing the federal grand jury now in ses-sion in this city the privilege of going before you for the purpose of answering, under oath, any and all such charges that may have been made, just as soon as the government has concluded the taking of such testimony as it desires to bring before you in

support of any charges against me, "If, therefore, you will kindly advise me when all such testimony has been submitted on the part of the govern-ment, I will then be ready to go before you in answer to any such charges as ms be made, and I respectfully ask that on my appearance before you at the close of the government's case, as above suggested, I then be advised

fully as to the precise charges, if any made against me, and of the nature of the evidence submitted by the govern-ment in support thereof. And I also should be glad, if not deemed improper by your advisors, that the names of the witnesses making the same be submitted to me at the time.

"Sincerely trusting I will be accorded this privilege, I am very respectfully, "JOHN H. MITCHELL."

Coughing Spell Caused Death.

"Harry Duckwell, aged 25 years nocked to death early yesterday morning chocked to death early yesterday morning at his home in the resence of his wife and child. He contracted a slight cold a few days ago and paid but little attention to it. Yesterday morning he was slexed with a fit of coughing which continued for some time. His wife sent for a physician but before he could arrive, another coughing spell came on and Duckwell died from suffocation.—St. Louis Globe-Democrat. Dec. 1, 1801. Ballard's Horehound Syrup would have saved him. Sc. 50c and \$1.00. Sold by Z. C. M. I. Drug Dept.
