FRAGMENTS.

E. H. ALLISON and Wm. Ball came in from Summit County today.

S. C. EWING offers a prize of $10 for the best Utah cheese exhibited at the fair.

THERE was a light attendance at Zion's Choral Union last evening, and the meeting adjourned *sine pie*.

"MR. SAMPSON OF OMAHA" had a good sale of tickets today for the first performance, tomorrow evening.

DANIEL WOODS, who was sand bagged on Saturday night in an attempt to rob him, is recovering.

THE Democrats will hold a convention at Provo on Oct. 3, to nominate a candidate for delegate to Congress. County primaries will be held September 26.

TWO young men who were found murdered in Wyoming recently have been identified as S. Morris Waln, of Philadelphia, and Harry Strong, of New York.

THE full text of the Nye-Young comic opera, "Mr. Sampson of Omaha," has just been issued from the office of Mr. Joseph Bull, Jr., and is on sale at 25 cents a copy.

THE Chamber of Commerce will meet on Friday evening to discuss a proposition to establish a $75,000 packing and slaughter house and stock-yard near the city.

R. G. LAMBERT, of this office, lost his pocket book between Big Cottonwood and this city on Sunday last. The finder will be rewarded by returning it, as it contains papers of value to the owner.

H. J. GRANT offers a special premium of $25 for the best specimen of penmanship, by a boy or girl not over 16 years of age, on exhibition at the fair. In order to compete, there must be six pages of writing, on legal cap.

THOSE who have complaints to make regarding sewers, cesspools, etc., can now have the oppertunity for a hearing by going before the grand jury and stating their cases. Chief Justice Sanford today directed the inquisitors to pay special attention to this matter.

WE had a brief call today from Mr. S. McBurney, of London, a noted exponent of the tonic sol-fa system of singing. The gentleman has been sojourning for some months in San Francisco, where he was made secretary of the musical section of the National Teachers' Association convention. By request, he will remain in this city a few days, and will give an exposition of this system of teaching singing.

WEDNESDAY at noon John Morehouse was surprised at the receipt of a certificate of election to the office of Justice of the Peace for Nephi Precinct, signed by the Secretary of the Territory, and a commission signed by Governor West. Another mistake at headquarters surely, for Mr. Morehouse polled only 25 votes, whereas James R. Black, nominee for that office on the People's ticket, polled 254 votes. —*Nephi Ensign.*

ATTEMPTED hold-ups are getting to be rather frequent, almost every night bringing accounts of one or more, though the citizens seem to be fortunate in getting the best of it. The other evening a barber residing in the western part of town was accosted and ordered to throw up his hands, but he turned and moved off as fast as he could run. The highwayman followed him, and the race was a lively one for three blocks, when the pursued turned into the house of an acquaintance and the pursuers vanished.

Y. L. M. I. A. Conference.

The quarterly conference of the Y. L. M. I. A. of this Stake of Zion will be held in the Assembly Hall next Saturday, the 14th inst., at 10 a. m. and 2 p. m. All interested are cordially invited to attend. MARY A. FREERE.

Dakota Editors.

An excursion party of Dakota editors is rolling into the city. A section of the company came in this morning and the balance will probably reach here this evening. It is expected that the visitors will be entertained by performances on the grand organ, at the Tabernacle, manipulated by by Prof. Joseph S. Daynes, at 10 o'clock tomorrow.

From Pueblo.

This morning we had the pleasure of meeting Mr. Frank Nicholson, proprietor of the Victoria Hotel, Pueblo, Colorado. He states that business is lively in that place, the noted steel works there doing much to maintain a prosperous condition. He is delighted with the present appearance of Salt Lake, and says he sees a marked improvement since a former visit made twelve years ago.

Conference of Uintah Stake.

August 18, 1888.

The Uintah Stake Conference just closed was a most enjoyable one. Besides the local Priesthood, which was well represented, the conference was blessed by the presence of two of the Apostles, who preached excellent discourses; also by President A. Hatch of Wasatch Stake and Bishop Murdock of Charleston. The speakers gave the Saints wise and timely counsel, and brought about reconciliation where troubles existed. Several who have long been out of the Church were rebaptised and a general feeling of satisfaction prevails.

Practical instructions in regard to many of the every day duties of the Saints were given, and will bring about a greater degree of unity among the Saints. The people turned out exceedingly well.

Our young brass band rendered sweet music considering their short existence as a band.

C. C. BARTLETT,
Stake Clerk.

A Runaway Smash.

Shortly before nine o'clock this morning Mr. Arthur Brown's carriage was being driven down the somewhat steep grade of First Street, between A Street and Canon Road. When about half way down the grade coming west one of the horses fell, breaking the neck-yoke. This incident so startled both animals that they sped down the hill as if shot from a cannon. The teamster preserved his presence of mind and was plucky, holding on to the reins and doing his best to control the frightened horses. Just as the corner was being turned toward the Eagle Gate, however, one of the lines broke, rendering the driver powerless. To add to the danger of the situation the carriage tipped over, but before its side reached the ground, the teamster plunged out face foremost and took a dust bath, being in imminent danger of breaking his neck. Before reaching the Eagle Gate the outfit, with the vehicle dragging on its side, was brought to a standstill by colliding with the shade trees near the residence of Mr. Heber Young. The carriage was badly smashed and the harness considerably tattered. The correct color of the driver could scarcely be discerned for dust.

THE GRAND JURY.

The Judge Directs Attention to Sanitary Regulations.

Today the open venire issued for grand jurors was returned in the Third District Court. At 10 o'clock all of those served had not arrived in town some of them having to come from Park City. The work of impaneling the jury was therefore postponed to 12 o'clock.

When the names were called at that hour H. A. Frazer failed to respond. George Cullen answered, and passed the statutory examination, but after a consultation with the court, he was released on a plea of business necessities. W. H. Dittmer also tried to get off as Mr. Cullen had done, but was unsuccessful. The jurors who occupied seats in the box were:

C. L. Haines,	Boyd Park,
Fred. Simons,	J. Fred. Corker,
Jacob Moritz,	Frank Foote,
James K. Gillespie,	Thomas Carter,
George Chandler,	James Pitts,
W. H. Dilmer,	L. E. Hall,
Chris. Diehl,	M. C. Fox,
	Elmer Hill.

The whole fifteen answed the usual questions satisfactorily, and were accepted. Clerk McMillan read the oath, which was subscribed to by each juror.

Charles L. Haines was appointed foreman, and Judge Sanford proceeded to deliver his charge to the jury, in substance as follows:

Gentlemen of the Grand Jury: You have been called here from your homes to discharge an important duty. The statutes require you to inquire into offenses of every kind, into the condition of the public prisons, and into alleged malfeasance in office. You are to have the advice or assistance of the District Attorney, as you may require. I call your attention particularly to offenses against the public welfare, public morals or public health; especially

THE SANITARY CONDITION

of the city. I have a clipping from a public journal which speaks of offensive smells. Making some allowance for these statements I invite your attention to this supposed condition. The paper also states that the city is too far north for yellow fever, but not for scarlet fever, typhoid, diphtheria, etc., and that there is a disregard for health and life. I deem it my duty to ask you to examine into the sanitary condition of the premises surrounding this courthouse, and find such indictments as you see proper. You will endeavor to see that all who have committed offenses are indicted therefor.

The grand jury then retired, and court adjourned till 10 a. m. tomorrow.

The grand jury held a brief session, then took recess till 3 p. m. About 30 witnesses, mostly ladies, were in attendance this afternoon.

McGurrin's Record.

F. E. McGurrin, Esq., official reporter of the Third District Court, was at his post today. Of one of his exploits as the champion manipulator of the typewriter, while on his recent visit east, the Chicago *Herald* says:

Mr. F. E. McGurrin, of Salt Lake City, feeling that his record at the Toronto tournament (on which occasion he was defeated by Miss Orr, of New York—also a "Remington" operator) did not do him justice, attended the convention of the New York Stenographers' Association, at Lake George, August 23, 1888, for the purpose of writing against time, and succeeded in breaking all previous records on matter entirely new to the operator.

The following is a copy of the committee's report:

LAKE GEORGE, N. Y., Aug. 23.

We, the undersigned, having been requested to act as a committee on a speed test on typewriting by Frank McGurrin, do hereby report as follows:

Said McGurrin wrote on a Remington No. 2 typewriter at the Fort George Hotel, at the above named place and date, in the presence of upwards of fifty persons, including several leading stenographers of the country, he being timed by us, and in such writing he reached the following result:

Writing five minutes from dictation, 556 words gross, 543 net—a net average of 108 3-5 words per minute.

Writing blindfolded from dictation, 109 words in one minute gross, 107 net.

The matter so written was taken from ordinary court proceedings, new to to the operator.

Stewart Convicted.

Yesterday afternoon the trial of Joseph Stewart and A. Bertignoli, on the charge of assault and battery, was commenced before Justice Pyper, and occupied the time of the court till noon today. The parties are residents of Sugar House precinct, where they engaged in a row, and it was alleged that they committed the battery upon Robert Stewart. The testimony showed that the two Stewart brothers, Joseph and Robert, got into a dispute and the latter called the former a liar. They then had a regular set to, which Bertignoli endeavored to stop. Some one hit him, however, and he got angry and joined in the fight. When the parties were at last separated, arrests followed, and the case culminated today. Bertignoli was discharged, while Joseph Stewart was convicted. He will receive sentence tomorrow.

A Rare Opportunity.

The superintendents, teachers and leaders, and members of the Sunday school choirs, also Ward choirs of this city, are respectfully invited to attend a lecture to be given by Mr. S. M. C. Burney, graduate of the Tonic Sol-fa College, of London, in the Fourteenth Ward assembly hall next Thursday evening, at 7:30. The above gentleman has kindly consented to give a practical and popular exposition of the "Tonic Sol-fa System" free of charge. We sincerely hope that all lovers of music connected with our Wards and Sunday schools will avail themselves of this gratuitous instruction.

Primary Fair.

In the building belonging to Elias Morris, Esq., just west of the Council House corner, the Primary fair will open tomorrow morning at 9 o'clock, and will be open during the remainder of this week from 7 a. m. till 7 p. m. A very small admission fee will be charged: adults 10 cents, children 5 cents.

The exhibit consists of specimens of the handiwork of children. The display is large, and very interesting to parents and juveniles alike. It is designed especially to create emulation among the latter. This is an excellent move, is worthy of generous encouragement and it ought to result in netting a handsome fund for the benefit of the Primaries. Its promoters deserve great credit.

Discharged.

The case of the People vs. John Stocking was brought up in the Third District Court today, on a motion to dismiss the complaint. The defendant was charged with having driven a herd of sheep on the land of another person, unlawfully, and was prosecuted before the justice of the peace at Wanship. The motion to dismiss was granted and the defendant discharged, on the ground that the complaint was insufficient, the land trespassed upon not being properly described.

A GRANGER

Cries Out Against the Increase of Taxation.

Editor Deseret News:

I am a farmer. I own a farm of twenty acres and a water right of fourteen and a half acres. A so-called water right is two hours' use of a certain portion of water per acre every fourteen days.

Just now it would take me three days, at the present low stage of water to water one acre of lucern. I hold the water on my farm three hours less than two days; so you can see that it would take me one day and three hours more to water the acre of lucern than the time I hold the water.

This year I had eight acres of small grain in—six in wheat and two in oats. I paid for cutting and binding fifteen dollars in cash, besides feeding team and men the time they were cutting it, not counting anything for the use of a horse on the binder that belonged to me. The grain is not thrashed yet, but I will take sixty bushels of wheat and fifty bushels of oats for my two stacks of grain.

I have four acres of lucern. I have paid, or will have to pay, about $12 for cutting and raking, $3 for help in hauling, and I will take 11 tons of lucern for my stack, that holds all this year's cutting.

I have two small orchards on the place that will cover one and a half acres. Two-fifths of the trees have died for want of water. The fruit that is left anybody can have for $30.

I have about two acres of potatoes that may average one-third of a "stand" that I will take 125 bushels for now, but by the time I dig them may take 75 bushels and not a very big measure at that.

This is a correct statement as far as my knowledge and belief goes in regard to my farm for this season.

Let us see what we have got—sixty bushels of wheat; fifty bushels of oats, that has yet the expense of threshing to come out, and every farmer knows what that is; $30 in fruit, and as we cannot sell it green we will have to be at the expense of drying it; eleven tons of lucern and 125 bushels of potatoes in the ground. Now you have one farmer's increase for this season.

I will tell you what I must do with what I have made on my farm this year: I must support two families of my own, for I am a polygamist. (Of course the "law" will not permit me to live with my own family, but I must support them all the same.) I have an invalid mother to support and take care of. But all that to me is only a pleasure and a double pleasure at that, but now comes the "tug of war," and that is the front and the offense of this long preface. I must pay my taxes! Oh, dear! let me just rest for a moment while I take a breath! $37 92 to be paid in taxes; territorial, county, city, school, water and other taxes, beside 40 per cent. that I hear some board of equalization has added to the county and territorial taxes.

It seems to me that the "Mormon" question is about to be solved at last. Taxes will do it. The "Gentiles" must take our possessions. We can't keep our homes—they are too expensive. The "Progressive ideas" of our late legislature and our present city councils will evidently settle the "Mormon" question as far as Utah is concerned.

I have lived and struggled with this people a great many years. I expect to live and struggle with them a great many more, but I cannot do it long under my own vine and fig tree. The taxes will do it. The "progressive idea" has done it. Bonds and sewers and buncomb have done it. The homes of the Saints will have to pass away, for lo, the sheriff selleth them in front of the county court house, for the granger is too poor to pay taxes on extravagance; and he is without a home and his children crieth on the street! That is the road we are going; can we, will we turn back, O Israel?

OLD FOGGY.

Southern Notes.

The Horn Silver stockholders will hold their annual meeting on October 24.

Minersville threshed 7000 bushels of grain this season. This is a little above the record of the last few yards

Three new trustees, we are informed, were elected in Frisco this year. No notification of their election has been received by Superintendent Clayton, nor have any bonds been filed by them. The 20 days having expired, according to law the Friscoites have no school trustees.

Mr. John Hales, of this city, met with an accident last Saturday morning. He was assisting in holding up a frame for a partition in the meeting-house basement when a board fell and struck him on the head. He was knocked senseless for a few minutes, but soon recovered so that he could be taken home.

A little grandson of Mr. Joseph Banks, of Minersville, was kicked in the face by a horse the other day. Examination proved that the bone of the nose had been broken and a deep gash extended across the nose near the forehead and over the right eye. A fracture of the skull between the eyes was also found. The little boy is doing as well as can be under the circumstances.

Drs. Christian and Wenceslaw were called upon to examine a peculiar case yesterday. Mr. M. Steele, of Panguitch, brought over his little sixteen month's old child, which has been suffering for about two months from a fistula. It was found that there was an opening running from just over the hip, through into the bowels. From this fistula a discharge has been continual. There seems also to be another opening branching off from the above named, and coming out in the groin. The case is peculiar as the child is so young, but the doctors express hopes of its recovery, although it will require time and careful treatment.

The Second District Court convened on Monday last, but as no judge had appeared to take up the reins of justice, court adjourned from day to day until Wednesday, when the announcement was made by clerk Wilkins that the grand jury summoned for the term would be discharged and the petit jury ordered to be brought in on the 17th inst. Judge Boreman has had an attack of illness and has gone to the coast to recuperate. Just how long his visit will be has not been learned, but probably he will return before the 17th inst.; if not it may be that one of the other judges will be with us. The next grand jury will meet on the 4th of December next, for which time witnesses are being subpœnaed to appear. The adjournment will bring a big expense upon the Territory, with nothing accomplished.—*Beaver Utonian, Sept. 7.*

Accidental Death.

We are in receipt of a copy of the findings of a coroner's jury which held an inquest over the remains of John Payne, at Fillmore, on the 6th inst., from which it appears that the deceased came to his death by accidentally falling from a wagon, one or more of the wheels passing over him, inflicting fatal injuries.

Montpelier Items.

Editor Deseret News:

Deputy Marshals Phelps and Watson are still on the hunt. They succeeded in getting J. W. Langford, of Bloomington, who was bound over before Commissioner J. N. Breazee, in the sum of $2,000. They very much desired to have John Sutton, of Paris, accompany them to the commissioner's office, but after rummaging their pockets for several minutes for a warrant, at Mr. Sutton's request, and not finding it, he told them he preferred to stay with his family a few days longer.

Politicians are now commencing to wear their Sunday clothes every day, and taking special pains to greet our citizens as they pass with strong handshaking and "a pleasant day," etc.

I understand we have seven aspirants for the position of sheriff, viz: Arthur Budge, L. Floyd, Solon Robinson, H. Bolton, Joseph Jones, R. W. Gee, N. C. Burbank, and we have recently heard the name of Joseph S. Robison, of this place, mentioned. Mr. Robison's parents reside in Salt Lake. He has made Bear Lake his home for the past six years.

Crops in our valley are fine and people would have cause to rejoice only for having to pay for so much machinery that might have been gotten along without. CITIZEN.

Snowflake Stake Conference.

The quarterly conference of the Snowflake Stake of Zion was held at St. Joseph, on the the 1st and 2nd of September, 1888.

There were present on the stand Apostle J. H. Smith; President J. N. Smith and Counselors of this Stake; Elder William Burton; D. K. Udall and E. N. Freeman of the presidency of the St. Johns Stake; most of the High Council, and Bishops of the various Wards.

The speakers on Saturday were Elders H. J. Platt, W. W. Wiles, S. D. Moor, L. H. Hatch, Apostle J. H. Smith, E. N. Freeman, Wm. Burton and John Cope. The written reports of the Bishops of the various Wards were read, which showed most of the Wards to be in a good, healthy condition.

A Priesthood meeting was held in the evening at which some good instructions were given.

On Sunday the speakers were Elders C. L. Flake, D. K. Udall, Rial Allen, John Hunt, J. N. Smith and Apostle John H. Smith.

The general and local authorities were presented and sustained by the conference.

There were many subjects of interest dwelt upon by the speakers, and much good instruction was imparted to the Saints. A good, kind feeling prevailed with all, and they felt fully paid for their visit to the conference.

The people of St. Joseph took great pains to care for those from a distance and to see that all were made comfortable.

Conference adjourned to meet on the first Saturday in December next, at Taylor.

JOSEPH FISH, Clerk.

Congressman Mills confesses great pleasure at the unusual number of women who are attending the political meetings this year. He says that they are the most attentive listeners to every tariff speech, and he adds that when a wife has been converted to his faith, it isn't long before the husband is found on the same side, too.

A WOMAN'S DISCOVERY.

"Another wonderful discovery has been made and that too by a lady in this county. Disease fastened its clutches upon her and for seven years she withstood its severest tests, but her vital organs were undermined and death seemed imminent. For three months she coughed incessantly and could not sleep. She bought of us a bottle of Dr. King's New Discovery for Consumption and was so much relieved on taking first dose that she slept all night and with one bottle has been miraculously cured. Her name is Mrs. Luther Lutz." Thus write W. C. Hamrick & Co., of Shelby, N. C. Get a free trial bottle at A. C. Smith & Co.'s Drug Store. (3)

The Verdict Unanimous.

W. D. Sult, Druggist, Bippus, Ind. certifies: "I can recommend Electric Bitters as the very best remedy. Every bottle sold has given relief in every case. One man took six bottles, and was cured of Rheumatism of 10 years' standing." Abraham Hare, druggist, Sellville, Ohio, affirms: "The best selling medicine I have ever handled in my 20 years' experience, is Electric Bitters." Thousands of others have added their testimony, so that the verdict is unanimous that Electric Bitters do cure all diseases of the Liver, Kidneys or Blood. Only half a dollar a bottle at A. C. IDEAL BROILING.

Broiling can be done in the oven of the Charter Oak Range or Stove with the Wire Gauze Oven Door, more perfectly than over the live coals.

Lay the steak, chops, ham or fish on a wire broiler or meat rack, placing it in an ordinary bake pan to catch the drippings. Allow it to remain in the oven with the door closed 15 or 20 minutes. No turning is required. At the end of this time it will be found nicely cooked ready to serve.

THIS IS THE IDEAL WAY TO BROIL MEATS.

There is no taint of coal-gas or smoke, and the meats are more tender and better in flavor than those broiled over the coals. The convenience of broiling in the oven will be appreciated by every house keeper, and adds another to the many reasons why the Charter Oak Range or Stove with the Wire Gauze Oven Door should be preferred to all others now in the market.
