f Utah will meet on Monday, October 7, at 5 o'clock p. m., at the residence of F. B. Woodbury, No. 8 Orchard o'clock p. m., at the residence square.

The public road in City Creek can yon has been reopened. It was closed during the placing of a new intake pipe for the Twentieth ward tank of the waterworks system.

A number of mustered-out members of the marine corps passed through the city yesterday on their way home from Cavite. There were also several eischarged boys from the Seventeenth infantry in the city last evening en route to the last.

L. J. Jordan, of La Grande, Oregon is stopping at the Walker house. H is in the city for the purpose of in teresting homeseekers in his section of the country. He reports that he has sold \$12,000 worth of property within the past few days indicating that his country is attracting some attention.

John H. Eccles of Scofield has taken contract for the erection of a new \$2,000 school house at Clear Creek. will be 26x50 feet, constructed of trainer and two stories high. On the lower floor there will be two large class rooms and a large hall on the upper floor. And a large hall on the upper floor. M. CHRISTOPHERSON, M. CHRISTOPHERSON, November 15.

The local Yale graduates are receiv ing letters from their class secretaries requesting attendance at the Yal bi-centennial celebration, beginning October 20 next. Attorney George J. Gibson, of this city, of the class of '95, expects to leave next week to attend. C. J. Brooks, of the class of '70, expects also to attend.

The troops at Fort Douglas were put through inspection today by the new officers. The post is undergoing its fall house cleaning and the officers quarters are being very much improved in various respects. The latest arrival is captain Sturgis and he and fellow officers seem to have made a good impression on the boys. Capt. Schley and Maj. Egan are in Ogden to see recruits for the new organization planned.

C. W. Benedict, of the Beatty Manu facturing company of St. Louis, is in the city, having come here to direct the unishing of the interior embellishments of Senator Kearns' mansion. Mr. Bene dict says the work will be finished in about sixty days. He says further that the vestibule will be one of the finest west of New York City. It is to be composed of marble, massive iron, bronze and heavy plate glass doors, and lined with imported green marble.

It is understood that George H. Pea-body, the New York philanthropist, is considering the proposition of assisting the local Y. M. C. A. in the erec assisttion of a handsome and suitable build-ing. He has not decided whether to give \$10,000 or \$50,000 for the construction of an edifice with the provision that the association furnish a site, or to give \$25,000 with the understanding that the local organization will give \$75,000 which would insure a splended building and a central location Th members of the association hope that he will proceed upon the former plan for they perceive the difficulty they would meet in trying to raise \$75,000.
