

ENGLAND AND HER COLONIES

Pilgrims' Society Gives Banquet In Honor of Colonial Premiers In London.

ALFRED DEAKIN'S PLAIN TALK.

Head of Australian Government Emphasized Claim Colonies Should Be Independent Nations.

London, April 19.—Field Marshal Lord Roberts presided at a banquet given tonight by the Pilgrims' society in honor of the various colonial prime ministers who are at present in London to take part in the colonial conference. At the table with Lord Roberts sat Whiteley Reid, American ambassador; Sir Edward Grey, the foreign secretary; Lord Strathcona, the Canadian high commissioner; Alfred Deakin, premier of Australia, and the Duke of Devonshire.

The government was represented by a majority of the members of the cabinet, and in addition many of the most prominent men at the bar, in the church and in the commercial world sat down at the tables. Canada alone among the colonies was without a spokesman.

The speakers were Sir Edward Grey, Alfred Deakin, Sir Jos. Ward, premier of New Zealand; Alfred Lyttleton, T. W. Smutt, commissioner of public works for Cape Colony, who spoke for the Transvaal, who is ill; the Duke of Devonshire and Lord Roberts.

Sir Edward Grey referred to the mistake Great Britain had made in her colonial policy in a former century, and as he was sure this would not be repeated.

Lord Roberts and Mr. Smutt spoke of the reunion of the Anglo-Saxon nations and reminded their hearers that Americans were taking part in the celebration of the evening.

Alfred Deakin dealt with international problems with straight-forward words that undoubtedly will make the careful British diplomat shudder.

He said it was a fact that the colonial office was farther from the colonial office and emphasized the claim that the colonies should be independent nations. He said it was "refreshing" to come to London and talk with the government face to face. He promised that Australia next year would inaugurate a system whereby she could defend herself in the event of war without assistance from the mother country. He emphasized the fact that the problems of Australia were not the problems of

SPLENDID TO USE.

This is the month to rid the system of blood disorders of all kinds, of which Rheumatism is the most prevalent symptom and hardest to overcome during the winter months, when the kidneys have failed to filter out the uric acid and other waste matter.

A well-known authority writes that the worst forms of Rheumatism, Blood disorders, also Kidney and Bladder weakness are often readily relieved and prevented during an entire year by taking for a little while one teaspoonful of the following mixture after meals and at bedtime, viz:

Fluid Extract Dandelion, one-half ounce, Compound Kargon, one ounce, Compound Syrup Sarsaparilla, three ounces.

A local druggist states that these are harmless ingredients, which any good prescription pharmacy can supply and anyone can easily mix them at home by shaking in a bottle.

It is said by many of the old folks that the above mixture, if taken during this month, will add years to life and prevent many a sick and miserable day during the year.

England, saying the mother country had a Asiatic population as menacing rivals.

Then, referring obviously to the German occupation of the New Hebrides, the premier said he wished it to be noted that England had not allowed a rival European nation to secure a foothold close to Australia without a warning from Australia. While the British navy had not been called on in a test of sea supremacy during the past century, the speaker said this would happen in the next hundred years.

Without mentioning nations by name, he predicted pointedly that there would be war for the supremacy of the Pacific with Germany and Japan.

AGGIE MYERS BEGINS HER LIFE SENTENCE.

Jefferson City, Mo., April 19.—Mrs. Aggie Myers was delivered to the penitentiary officials this afternoon to serve a life sentence for the murder of her husband at Kansas City.

THOMAS VENNERS DEAD.

New York, April 19.—Thomas Venners, who was prominent in the iron business for many years and at one time was associated with Henry Bessemer, is dead at his home in Brooklyn.

He was 84 years old. Mr. Venners for years was manager of the Keystone mill in Pittsburgh. He was the first man to manufacture steel rails in the United States.

We can fill orders promptly.

MARTIN COAL CO.

WORST FAMINE RUSSIA HAS KNOWN

Twenty Million Persons Must Have Aid to Live to See Another Harvest.

SO DR. KENNARD REPORTS.

People Have Sold Their All—To Suffering From Common Distress Are Added Epidemics.

London, April 19.—Writing from the famine district, Dr. Kennard, sent by the Society of Friends to investigate conditions, draws an appalling picture of the suffering. He says:

"This is the worst famine Russia has known. No less than 20,000,000 people can not live without aid to see another harvest, and I may say that this figure has been not only approved by the zemstvo organization but also by the government itself. The date of the harvest will vary with the latitude, and the famine stricken region is spread over such a wide area (five times the size of France) that more than 10 degrees of latitude are involved. This means that in direct proportion from south to north the harvest will be from July 3 to 23 (new style).

"Funds will be needed to the end of July to feed all these millions, and then the harvest will bring relief; but there are many hundreds of thousands to whom the harvest will not bring relief, for they have neither land nor cattle. The few cows in existence are in such a pitiful condition that they are useless for milking purposes. The result is that babies and young children are being forced to eat the coarse black bread and indigestible young cucumbers.

"The people have sold their all, and in most cases have likewise sold in advance all that the harvest might bring them. They have sold themselves and their work, and from all over the southeastern provinces reports are coming in of young women and girls forced to prostitute themselves to obtain food.

"For these suffering people relief must be afforded during the whole coming year. Meanwhile epidemics of disease add to the terrible conditions existing. The difficulties encountered in relieving these people are made 10 times worse now owing to the impossible condition of the country roads.

The winter snows are melting and projecting vast volumes of water in countless cataracts towards the Volga, and travel is impossible.

Dr. Kennard appeals for tinned milk and for tinned meats and meat juices. He adds:

"I have seen the zemstvo workers

and investigated their methods, and can vouch for it that not only is the work being carried out in a business-like and capable manner, but that the most is made out of every farthing."

ALLEGED ANARCHIST PLOT TO KILL PRESIDENT.

Newark, N. J., April 19.—An alleged plot on the part of Pennsylvania anarchists, who are said to have headquarters at Hamilton, to assassinate President Roosevelt is being investigated by the United States secret service.

Information which led to the investigation was given to the officers by Chief of Police Adams a few days ago. The chief told the secret service officials that he obtained his information from Jan Bartula, who recently came here from Australia. He, who was said to be a member of the band, He said they had gone back on him and it was with a desire to be revenge on them that he exposed the plot. He gave Adams the names of several persons who, he said, were implicated in the plot, and further said that Odoz, who assassinated President McKinley, had been a member of the band.

Chief Flynn of the New York district of the United States secret service, has had several men at work upon the case ever since the information was given him by Chief Adams. They have interviewed Bartula and he told them practically the same story.

The door of his room was forced this evening and Gimbel was discovered.

Merchants arrested, HE ATTEMPTS SUICIDE.

New York, April 19.—Benedict Gimbel, a wealthy Philadelphia merchant, was arrested in this city yesterday on the double charge of exerting improper influence over Ivor Clark, a 16-year-old boy, and attempted bribery of the county detectives who made the arrest, and lies tonight in St. Mary's hospital, Hoboken, N. J., unconscious from wounds believed by the police to be self-inflicted. It is said his injuries will prove fatal. Bleeding from gashes on his brow and severed arteries in his wrist, Gimbel was found at 7 o'clock tonight in a room which he had engaged the night before at the Palace hotel in Hoboken.

Late last night Gimbel was released from the Tombs under \$5,000 bonds. He then went to Hoboken and registered at the Palace hotel as Wilson Helgeson of Trenton, N. J.

STRIKE IN ALBERTA.

Coal Miners Ignore Mitchell's Order to Return to Work.

Winnipeg, Man., April 19.—Reports from the coal districts of Alberta show that with a few exceptions every miner is out and the remaining few likely to be out of the afternoon. John Mitchell, president of the United Mine Workers, has wired President Sherman of the British Columbia and Alberta union, ordering them back to work, but it is stated the men will refuse to act on these instructions. The situation throughout the west is most critical and already the Canadian Pacific railroad has sent a number of cars of coal along its system to keep their locomotives running.

STOLEN SECURITIES TRACED.

New York, April 19.—Securities to the value of \$300,000, which were stolen from the Savings Bank of New Britain by William F. Walker, the absconding treasurer, have been traced to two New York banking houses, according to a statement made today by Detective Valley of the local police department. He said the two banking houses stand in the position of innocent purchasers.

Charles Goyndorf, alias Charles Earle, who was arrested here yesterday at the request of the New Britain authorities, today, charged with receiving stolen goods. It is alleged that Goyndorf was a member of a gang of wire tappers who are believed to have obtained several hundred thousand dollars from Walker.

Former Asst. Dist. Atty. Gans, counsel for the American Bankers' association, which is pushing the case, told the magistrate that it was suspected that

Goyndorf had got \$100,000 or more of the cash and securities that Walker had stolen.

Goyndorf made no statement in court.

Trail was offered by Robert Nelson, well known in the tenderloin, but the magistrate refused to accept Nelson as a surety. Goyndorf was locked up.

Merchants arrested, HE ATTEMPTS SUICIDE.

New York, April 19.—Benedict Gimbel, a wealthy Philadelphia merchant, was arrested in this city yesterday on the double charge of exerting improper influence over Ivor Clark, a 16-year-old boy, and attempted bribery of the county detectives who made the arrest, and lies tonight in St. Mary's hospital, Hoboken, N. Former Asst. Dist. Atty. Gans, counsel for the American Bankers' association, which is pushing the case, told the magistrate that it was suspected that

stretched out on the floor and bleeding freely from several wounds. Physicians attended him and stopped the bleeding. At 10 o'clock tonight his condition was said to have improved, although still critical. Gimbel's identity was established from papers found in his clothing.

Gimbel was to have been given a hearing in court here tomorrow. His attorney, Daniel O'Reilly, has stated that Gimbel's defense will be that blackmail was attempted.

BITTEN BY A SPIDER.

Through blood poisoning caused by a spider bite, John Washington of Bonnevill, Texas, would have lost his leg, which became a mass of running sores, had he not been persuaded to try Buckle's Arnica Salve. He writes: "The first application relieved, and four boxes healed all the sores." 25c. Guaranteed at Z. C. M. I. Drug Store.
