EASTERN.

WASHINGTON, 13.—Ex-Senator Cattell, who has been appointed special Treasury agent to negotiate a new loan, will be assigned to duty in London.

Congress will be asked for additional legislation to place the Treasury Bank Note Redemption Bureau in such a condition as to enable it to meet all requirements without a possibility of future suspension.

The organization of the bureau of internal revenue is working so well that no recommendations will be made to Congress for its amendment. The commissioner says that owing to the reduction in the number of articles of taxation, and the consolidation of the duties of the officers, the taxes are more easily collected than under the former laws, with less opportunities for fraud, very few cases of which are reported.

The resignation of Richard M. Busted, U. S. Judge for Alabama, has been received and accepted by the President; his successor has not been announced.

WHEELING, W. Va., 13.—A very large vote was polled in this city to-day.

TOLEDO, O., 13.—Partial returns from this district show the election of Hurd, Dem., for Congress, by 800 to 1,000 majority; the democrats also claim Lucas county by a small majority.

CHATTANOOGA, 13.—The Southern republican convention, after organizing temporarily, and appointing committees on credentials and organization, adjourned till four p. m. North and South Carolina are not represented. On reassembling a letter was read to the convention from the Republican Congressional Executive Committee, counselling calm and considerate action, and the laying before the country of authentic information as to affairs in the South, showing all the hindrances to its material, moral and intellectual progress with which the republicans have had to contend; what progress has been made, and whether, in the States where the democracy has control, any of the great interests of the country have prospered more, and which, if any, have been depressed.

Lewis E. Parsons was elected permanent president. It was decided to appoint a committee of three from each State on resolutions, and a committee of one from each State to prepare an address upon the condition of Southern affairs, and a committee of one from each State to collect facts and statistics in regard to the condition of the South. Hill, colored, the secretary of state for Mississippi, introduced a resolution endorsing the civil rights bill, which was referred to the committee on resolutions, with manifestations of disapproval by the white members. In the evening a committee of three was appointed, to whom was referred a voluminous mass of correspondence from all parts of the South in relation to outrages, &c. Governor Brooks, of Arkansas, then addressed the convention, bitterly attacking the White League, and declaring a reconstruction a success. He declared that he preferred a government of thieves to one of murderers. He demanded more legislation for the protection of southern loyalists, increased jurisdiction for the federal courts, &c. The committee are busy working up the facts and statistics, and will probably report to-morrow. The whole number of delegates present is about 200. It is hinted that General Wilder will address the convention to-morrow, and show the evil to the South of the manufacture of outrages. No prominent republicans are here from the North.

INDIANAPOLIS, 13.—The election here passed off quietly, with the exception of a slight disturbance in the Fourth ward.

CLEVELAND, 13.—At the election here, to-day, a very large vote was polled, and the indications are that Parsons, republican, for Congress is defeated by 2,000 to 2,500 majority.

LOUISVILLE, Ky., 13.—There were heavy frosts on Sunday and Monday nights, in the great tobacco regions of Kentucky and Northern Tennessee, which it is believed have killed one-half to two-thirds of the entire crop, and there is a probability of a heavier frost to-night, which will increase the damage; the market here is ex-

cited in consequence, and prices have advanced from half to one cent per pound.

LITTLE ROCK, 13.—The election was one of the quietest and most orderly ever held in this city, there was not a single disturbance. The vote was full, and the indications are that the conservatives carried the city.

OMAHA, 13.—From returns received to midnight it is conceded that Garber, rep., for Governor, and Cronze, republican, for Congress, are elected by a majority of nearly 10,000; Powes, republican, for contingent Congressman, runs ahead, and the whole republican ticket is elected by a large majority.

NEW YORK, 13.—The London Times of Oct. 1st, has the following telegram:

"BERLIN, Sept. 30th.

"The North German Gazette, discussing the rumor of the revival of the so-called North Schleswig question, lately set afloat, as it says, by English and Danish journals, affirms that the entire discussion is based upon the expulsion of four troublesome persons from Schleswig; the measure was neither general, nor theoretical, nor political, but was purely carried out by the provincial authorities in the interest of the security of the country. The German population quite agreed with this measure, which does not affect the Danish speaking inhabitants and there is no trace of the alleged excitement, therefore all political conclusions attributed to a simple police regulation resolve themselves into nothing."

"PARIS, Sept. 30th.

"A Berlin paper states that the ex-King of Hanover has been endeavoring, since his visit with the German Emperor to Vienna, to obtain a removal of the sequestration of his property, and that the Austrian court has favored the attempt; Prussia, however, would make his renunciation of all schemes for a restoration to his throne a condition of such a step."

The county convention of the German Independent Citizens' Association met to-night, and nominated Alderman Ottendorfer for Mayor.

LOGANSPOUT, IND., 13.—In the election to-day the vote was the largest ever polled; the democratic State ticket carries the county with the usual majority.

NEWARK, N. J., 13.—In the election here to-day, the democrats gained the entire control of the city offices except Auditor and Comptroller, who hold over.

PHILADELPHIA, 13.—The stockholders of the California and Texas railway construction company met here to-day. A lengthy discussion was held upon the scheme previously devised, by which the affairs of the company may be reorganized and their interests advanced; the plan was adopted. The main provision is the changing of the Texas and Pacific first mortgage bonds from \$40,000 to \$20,000 per mile, and to issue a second mortgage on the land grant bonds at \$20,000 per mile, and sell them respectively at 85 and 40 cents. Eighty-five per cent. of the company's creditors have agreed to accept these bonds in liquidation of their indebtedness.

Wool quiet, but firm. Colorado washed 28 @ 35, do. unwashed 25 @ 27; extra and merino pulled 42 @ 48; No. 1 and super. pulled 42 @ 47; Texas fine and medium 28 @ 35, do coarse 22 @ 26; California fine and medium 30 @ 37, do coarse 25 @ 34.

CINCINNATI, 13.—From special dispatches from various parts of the State the democrats claim the election, with the following for Congress: McMahon in the 4th District, Hurd in the 6th, Payne in the 20th, Poppleton in the 9th. Dispatches from the counties of southern and western Ohio report democratic gains greater than in this city. In Gallipolis the democrats gain one congressman. Champaign County reports 400 democratic gain from fifty-one wards and precincts, Cincinnati and Hamilton County casting 28,000 votes.

WASHINGTON, 14.—It is ascertained, on an inquiry of the United States arbitrator of the commission for the adjudication of the claims of American citizens, for damages resulting from the present rebellion in Cuba, that at least half a dozen cases, with proofs, have been presented, and the commission only await the preparation of briefs, before formally considering them.

CHICAGO, 14.—The Tribune figures that eight opposition and five republican Congressmen are elected in Indiana.

The returns from Iowa indicate a very light vote and a great deal of scratching, but that the republican

majority on the State ticket is not less than twenty-two thousand.

NEW YORK, 14.—A large number of Cubans have sailed from this city, to their general rendezvous, at Venezuela, from where it is supposed the next expedition will sail.

Demas Barnes, of the Brooklyn Argus, has been indicted for publishing libels on Henry C. Bowen. This is another suit growing out of the recent scandal.

At the annual meeting of the stockholders of the Western Union Telegraph Company, the old board of directors was re-elected, except Ezra Cornwell, C. W. Field and Hiram Sibley, who gave place to James Milliken, Levi P. Morton, and David Torrance.

At a meeting of the American Jockey Club to-day, the first race, for a purse of \$500, distance a mile, was won by "Survivor," "Stanford" 2d, "Resolute" 3d; time 1.46.

DETROIT, 14.—The American Woman Suffrage Association commenced its annual meeting here yesterday; the attendance was moderately large. Mrs. Julia Ward Howe delivered the annual address, after which the report of the executive committee was read by Mrs. Lucy Stone Blackwell. These papers briefly review the progress made during the past year towards obtaining the object of the association, and the conclusion is that public sentiment is advancing in favor of civil rights for women. Various committees were appointed and a number of letters were read from distinguished men and women, among whom were Judge Kingman, of Wyoming, Bishop Haven, Judge West, of Ohio, Elizabeth Stuart Phelps, Hon. G. W. Julian, of Indiana, and others. In the evening a public meeting was held, which was addressed by Mrs. Howe, Mrs. Livermore, Miss Eastman and others.

CINCINNATI, Ohio, 14.—From very full returns from all parts of Ohio, received during the night, it is evident that the State has gone democratic by from ten to fifteen thousand majority.

Further returns, received up to nine o'clock this morning, do not change the status of last night's dispatches, the indications being that the democrats elect twelve of the twenty Congressmen. The additional democratic Congressmen are supposed to be Savage in the 3rd district, McMahon in the 4th, Hurd in the 6th, Poppleton in the 9th, Zevey in the 10th, and Payne in the 20th. The Enquirer, editorially, says—"For this triumph we are indebted not alone to the democratic party, but to the aid of men who heretofore have been its opponents. This election means opposition to the national bank monopoly, that the volume of the currency should be enlarged, and tariff for revenue only." The Gazette says, "On the platform of repudiation, inflation, anti-temperance and general cussedness the democratic party have carried Ohio by a decided majority, and elected eleven of the twenty Congressmen."

NEW ORLEANS, 14.—McEnery, in an address published to-day, renews the proposition made by him in a letter to Kellogg, in July, '73, to submit the election returns of '72 to be canvassed by five persons, two to be selected by each party, and they to select a fifth, all to abide by the result of such a canvass; Kellogg replies, saying that he made a similar proposition before the returns had been canvassed at all, but this proposition Governor Warmouth declined. Kellogg says further, "I can now, of course, only speak for myself, but I would even now be willing that the returns, though they have been nearly two years in the hands of the spoilers, should be admitted to an examination of three or five designated persons, to be appointed, say by the President of the United States and, after a thorough investigation, if it does not appear that I was elected I will willingly resign."

COLUMBUS, O., 14.—Sufficient returns have been received to show beyond doubt, that the State has gone Democratic by from 7,000 to 10,000. The Democratic State executive committee are positive of the election of the following Democratic congressmen: Banning in the 1st district, Saylor 2d, McMahon 4th, Rice 5th, Hurd 6th, Neal 7th, Vance 11th, Walling 12th, Southard 13th, Cowan 14th, Payne 20th, and the probable election of Wilson in the 17th, Poppleton in the 9th and Deney in the 10th. The republicans claim the election of Smith in the 8th

district, Lawrence in the 8th, Foster 10th, Van Voorhees 15th, Danford 16th, Monroe 18th, and Garfield 19th. If the democratic claims are sustained by official returns the democrats have gained seven Congressmen, which gives fourteen out of twenty Congressmen from Ohio, a result which exceeds the most sanguine democratic expectations.

INDIANAPOLIS, 14.—The returns from seventy-five precincts show that the democrats have gained 678. The Republican Central committee concede the election of the entire democratic State ticket. The Republicans claim, but the Democrats will not concede, a majority in the legislature. The present indications are that the Congressional delegation will stand as follows:

1st district, Hickman, rep.; 2nd, Williams, dem.; 3rd, Kerr, dem.; 4th, New, dem.; 5th, Holman, dem.; 6th, Robinson, rep.; 7th, doubtful; 8th, Hunter, rep.; 9th, doubtful; 10th, Calkins, rep.; 11th, Evans, rep.; 12th, Halilton, dem.; 13th, Baker, rep.

HARRISBURG, 14.—Gov. Hartman has issued warrants for the execution of Wm. E. Udderzook, Danl. Omara, and Patrick Irwin, on November twelfth.

SAN FRANCISCO, 14.—A. L. Bute-nop, son of a wealthy Russian banker, at Moscow, killed himself here; it is believed that he took poison. He left a letter declaring his purpose to commit suicide; business reverses are supposed to be the cause.

This morning an affray occurred on the steamer Amador, between John Fogarty and Hiram Sterling, in which the latter stabbed Fogarty to the heart, killing him instantly; Sterling is in custody.

NEW YORK, 14.—The annual meeting of the Western Union Telegraph Company was held to-day. The following is the annual report of the President:

"The capital stock of the company is \$41,073,410, of which the company owns and has now in its treasury \$7,287,735, leaving an outstanding capital of \$33,785,675. The bonded debt is \$5,946,000, of which sum \$3,448,900 is in seven per cent currency bonds, which will be mature Nov. 1, '75, and \$1,448,000 in seven per cent gold bonds, due in 1902. The bonded debt was reduced during the year by the redemption of the bonds of the American Telegraph Company, which matured Oct. 1, 1873, amounting to \$89,500, and by the purchase, for the sinking fund, of 2,000 of the bonds of 1902. The company has no floating debt. The receipts for the year from all sources were \$9,262,653.98, and the expenses \$6,755,733.83, showing a net profit of \$2,506,920.15. There have been added to the property of the company during the year, by construction, purchase and lease 5,878 miles of poles and 21,264 miles of wire, being equal to about eight per cent of the line and twelve per cent of the wire; 448 more offices were in operation at the close of the year than at the beginning. The Company operated at the close of the year 71,585 miles of line, and 175,135 miles of wire, and 6,188 offices. The report, after explaining the distribution of \$2,506,920.15 of the profits of the year, shows a balance of \$493,973.47, which has been carried to the credit of the income account surplus, which in July 1st, 1886, was \$275,357.24. The net profits for eight years, from July 1st, 1886, to June 30th, 1874, were \$22,839,533.96, making an aggregate on June 30th, of \$23,104,896.20. Of this sum there has been distributed in dividends to stockholders, including the dividend payable July 15th, \$5,532,815.34; disbursed for interest on the company's bonds \$2,531,333.81, showing a balance of \$15,040,749.05. The last annual report stated that the company had acquired a majority of the stock of the Pacific & Atlantic Telegraph Co., and that negotiations were then pending for a lease of its lines to the Western Union Co.; these negotiations were concluded in December last, on a lease of ninety-nine years, at an annual rental equal to 4 per cent. on the capital stock of \$2,000,000, the rent to be applied, first to the payment of the debts of the P. and A. Co., and thereafter to be distributed pro rata among the shareholders. Of the capital of \$2,000,000, the company owns \$1,415,950. The entire rental of the year 1874 will be required for the debts of the P. and A. Co. It is probable, however, that thereafter the rental can be distributed among the stockholders. The operations of the International Ocean Telegraph Company during the

past year have been very satisfactory, and give promise of still better results. At the present time communication by cable between Punta Rosa and Key West is interrupted, but steps have been taken to repair the cables. The new cable between Key West and Havana, laid the year before, has been paid for, and the entire floating debts of the company discharged by the last year's earnings. At the present time there are two good cables between those points. Unless it shall be found necessary, in order to insure communication between the U. S. and the West Indies and South America, to lay an additional cable between Santa Rosa and Key West, it is probable that the payment of dividends to the stockholders of the I. O. T. Co. will be resumed within a year. This property is destined to increase largely in value in future. The receipts of the I. O. T. Co. for the year ending June 30th, 1874, was \$308,870.99, the expenses \$71,561.13, giving a balance of profit of \$237,309.86, to which is added \$72,000 of bonds issued, making \$309,309.86. Out of this appropriations have been made to the amount of \$287,499.30, showing a balance, merged in the general assets, of \$27,870.56. Of the \$2,500,000 capital of the Gold and Stock Telegraph stock, the Western Union Co. owns \$1,192,750; its gross receipts for the fiscal year ending Sept. 18th, 1874, were \$581,000, expenses \$419,000, leaving a net profit of \$62,000, all of which was expended in providing new apparatus. The Gold and Stock Co. has expended its net earnings during the past year, over \$700,000, for new lines, machines and apparatus. The report then enters into details of money, transfers and profits which have proven a success. At the close of the fiscal year, ending June 30, 1874, the account with the new building presented an exhibit of \$1,781,274.81. The work, which was delayed last winter by contractors, is now progressing rapidly, and it is expected that the portion to be occupied by the company will be ready by Christmas. The results of the company's operations during the fiscal year, compared with the preceding one, shows a reduction of \$70,364.53 in gross receipts, \$251,042.54 in net profits, which arose from the reduction of rates which took effect on July 1st, 1873, and to the financial panic in September of the same year, and to the general stagnation in every department of business which immediately followed. The number of messages transmitted was 16,329,256, being an increase of 1,872,424, or about 13 per cent. over the preceding year, giving an average receipt for each message of about 55 cents. The duplex apparatus, by means of which two messages are sent in opposite directions on one wire at the same time, fully sustains its previous utility; this year has produced a still more wonderful telegraphic machine, by which means two messages can be sent in the same direction, and two others in the opposite direction simultaneously on the same wire. This invention, called the quadruplex, has been in successful operation between New York and Boston, and is performing an amount of work on one wire equal to the capacity of four wires worked with the ordinary Morse apparatus. At the semi-annual meeting of the directors, held on the 30th of June last, a dividend of two per cent., payable out of the net profits of the quarter ending June 30, was declared; the profits for the quarter were \$76,202,944; on the 2nd of September another dividend for the quarter ending Sept. 20th, was declared. The profits of this quarter were \$832,993.85. The excess of profit for the two quarters over the amount required to pay the dividends is \$243,875. It is the intention of the directors to divide the net profits quarterly in future, and to provide otherwise for the payment of such property as it may be deemed advisable to acquire.
