WASHINGTON, 17.—Banning offered a resolution instructing the military committee to inquire into the making of contracts for the transportation of army supplies to Texas in 1874; adopted.

Adjourned until Monday.

WESTERN.

Assessment Levied—Fined $500—St. Patrick's Day.

SAN FRANCISCO, 17.—The Bank of California has levied a third assessment of ten per cent.

Assemblyman Wilcocks, who attacked the *Chronicle* reporter in the senate chamber, was found guilty of assault and fined $500. The verdict is generally regarded as a condemnation of the *Chronicle's* recent course in making personal attacks on members of the legislature.

St. Patrick's Day was celebrated with unusual spirit, with a procession, literary exercises, and social festivities in the evening.

FOREIGN.

GREAT BRITAIN.

Another Failure.

LONDON, 17.—Another failure was announced this p. m., making twenty-one on settlement; no more can now be declared in connection with this account, so that the worst is over.

Irish Team to be Organized.

A dispatch to the Press Association, from Dublin, says that a deputation from the Irish Rifle Association to-day, had an interview with Major Leech, late captain of the Irish team, and requested him to organize an Irish team to enter the International match at Philadelphia. Major Leech replied that he would do all in his power. He regretted that the National Association had been unable to form a British team, and he presumed that each country would now send its own representatives.

TURKEY.

Gone to See Insurgents.

RAGUSA, 17.—Boseidar Petrovic, President of the Montenegrin senate and Foreign Minister, accompanied by Senator Bosecovich, has gone to Grayhoos, for the purpose of inducing the insurgents to stop fighting, and to prevent foreigners from joining them by way of the Montenegrin frontier.

SPAIN.

Text Submitted.

MADRID, 17.—Don Calderon Coblantes, foreign minister, has submitted to the Senate the text of the memorandum communicated by Cushing, the American minister, of the 31st of August, and Spain's reply thereto.

FRANCE.

To be Dismissed, &c.

PARIS, 17.—Ex-minister Buffett attended the reception given by President McMahon to-day; he reiterates his declaration that he will not accept the nomination as a candidate for any vacancy in the Senate or Chamber of Deputies.

It is understood that the prefects of the departments of the Garde, Gironde, Bouches du Rhone, Vaucluse, and Haute Loire will be dismissed, and that the Marquis De Madillhac, the legitimist prefect of the Basso Pyrenees, and a notorious abetter of the Carlists, will also be removed.

The Senate has completed the verification of the elections of all its members except two. The election of Marshal Canrobert for the department of Lot was declared valid, without discussion. The report upon the conduct of the elections in the Gironde and Bouches du Rhone shows that the prefect persecuted the republican candidates without intermission, and supported the Bonapartists. The Senate however, confirmed the result of the election in the latter department by a small majority. The elections of the Bonapartists M. M. Duparine and Alexander, in Savoy, were also confirmed, in spite of the demand for an inquiry. M. Herold, of the Left supported the demand by citing the conduct of the prefect Marquis de Fournis, who, he asserted, had dismissed certain republican officials and dismissed the delegates of some of the communes.

SERVIA.

A Cabinet Crisis.

BELGRADE, 17.—A crisis in the Servian cabinet has arisen, and a change of ministers impends in consequence of differences of opinion manifested at the recent conference on the question of declaring war.

ITALY.

International Arbitration.

ROME, 17.—Several members of the Chamber of Deputies have held a meeting, and resolved to attend the forthcoming international conference in favor of arbitration, and to use their influence to induce the Italian Government to propose to other states the conclusion of arbitration treaties, and the mutual reduction of armaments.

AUSTRIA.

Without Foundation.

VIENNA, 17.—The report telegraphed to the *Ruski Mir*, that Greece had offered to enter into an alliance, offensive and defensive, with Servia and Roumania, is pronounced in well informed circles in Belgrade to be without foundation.

SPECIAL NOTICE TO OUR READERS

SPECIAL CALL.

AGENTS WANTED!

To sell the New Patent Improved EYE CUPS.

Guaranteed to be the best paying business offered to Agents by any House. An easy and pleasant employment.

The value of the celebrated new *Patent Improved Eye Cups* for the restoration of sight breaks out and blazes in the evidences of over 6,000 genuine testimonials of cures, and recommended by more than one thousand of our best physicians in their practice.

The Patent Eye Cups are a scientific and philosophical discovery, and as ALEX. R. WYETH, M. D., and WM. BEATLEY, M. D., write, they are certainly the greatest invention of the age.

Read the following certificates:

FERGUSON STATION, LOGAN CO., KY.,
June 6th, 1872.

DR. J. BALL & CO., Oculists.

GENTLEMEN: Your *Patent Eye Cups* are, in my judgment, the most splendid triumph which optical science has ever achieved, but, like all great and important truths, in this or in any other branch of science and philosophy, have much to contend with from the ignorance and prejudice of a too sceptical public; but truth is mighty and will prevail, and it is only a question of time as regards their general acceptance and endorsement by all. I have in my hands certificates of persons testifying in unequivocal terms to their merits. The most prominent physicians of my county recommend your *Eye Cups*. I am, respectfully, J. A. L. BOYER.

WILLIAM BEATLEY, M. D., Salvisa, Ky., writes: "Thanks to you *for the greatest of all inventions.* My sight is fully restored by the use of your *Patent Eye Cups*, after being almost entirely blind for twenty-six years."

ALEX. R. WYETH, M. D., Atchison, Pa., writes: "After total blindness of my left eye for four years, by paralysis of the optical nerve, to my *utter astonishment* your *Patent Eye Cups* restored my eyesight permanently in three minutes."

Rev. S. B. FALKINSBURG, Minister of M. E. Church, writes: "Your *Patent Eye Cups* have restored my sight, for which I am most thankful to the Father of Mercies. By your advertisement I saw at a glance that your invaluable *Eye Cups* performed their work perfectly in accordance with physiological law; that they literally fed the eyes that were starving for nutrition. May God greatly bless you, and may your name be enshrined in the affectionate memories of multiplied thousands as one of the benefactors of your kind.

HORACE B. LURASS, M. D., says: "I add, and effected future sales liberally. The *Patent Eye Cups*, they will make money, and make it fast, too; no small catch-penny affair, but a superb, number one, tip-top business, promises, as far as I can see, to be life-long."

Mayor E. C. ELLIS wrote us, November 16th, 1868: "I have tested the *Patent Ivory Eye Cups*, and I am satisfied they are good. I am pleased with them. *They are certainly the greatest invention of the age.*"

Hon. HORACE GREELEY, late Editor of the New York *Tribune*, wrote: "Dr. J. BALL, of our city, is a conscientious and responsible man, who is incapable of intentional deception or imposition."

Prof. W. MERRICK writes: "Truly, I am grateful to your noble invention. My sight is restored by your *Patent Eye Cups*. May Heaven bless and preserve you. I have been using spectacles twenty years. I am seventy-one years old. I do all my writing without glasses, and I bless the inventor of the *Patent Eye Cups* every time I take up my old steel pen.

ADOLPH BIORNBERG, M. D., physician to Emperor Napoleon, wrote, after having his sight restored by our *Patent Eye Cups*: "With gratitude to God, and thankfulness to the inventors, Dr. J. BALL & Co., I hereby recommend the trial of the *Eye Cups* (in full faith) to all and every one that has any impaired eyesight, believing, as I do, that since the experiment with this wonderful discovery has proved successful on me, at my advanced period of life—20 years of age—I believe they will restore the vision to any individual if they are properly applied." ADOLPH BIORNBERG, M. D.
