DR. C. W. HIGGINS:

Dear Sir—I feel and know now that I am gaining rapidly all the time, and I know not how to express my gratitude to you for relieving me of pain and misery. All doubt of you as a successful doctor, with me, disappeared with the new remedy I called on you I had been under the care of several other good doctors, but I got no relief whatever until I took your medicines. I have suffered several years with my diseases, but did not know what ailed me until you told me. I feel thankful for the cure that your medicines have given me, and willingly recommend you to all others that suffer with any chronic disease. I am your friend forever.

NOT SURPRISED.—When we give the little attention which is paid to the laws of health, by the citizens of this country, we cannot be surprised at the indifference manifested by them in relation to the purity of the articles that are used in their daily food. If all articles put upon the market were like Dr. Price's True Flavoring Extracts and Cream Baking Powder, their perfect wholesomeness would insure us against all evil consequences from their use. When you want a flavoring extract or a baking powder, ask for Dr. Price's, you will soon be convinced that for strength and excellence they have no equal.

NOTICE TO THE PUBLIC.—We are determined not to be underbid by anyone. We will guarantee to sell the best Wagons in the market, all complete, top board, heavy back to seat, top board, heavy California brake, stay chains and 3 tires, 3 Wagons, \$130 and 3, \$127.50. ## NOTICE

MONEY can be forwarded from Salt Lake City to Liverpool as late as the middle of September for the company that will leave that port on or about the 14th of October, which will be the last company this season.

ALBERT CARRINGTON,  
President of P. E. Fund Company.

Religious Services.—Religious services to-morrow afternoon at the Tabernacle and in the evening at the various ward meeting houses.

Gene East.—Mr. B. Blumenthal, of Blumenthal Bros. left yesterday morning for New York to purchase Fall goods for the auction house of the firm.

"Pioneer" Company.—The members of the "Pioneer" Engine Company No. 1, are requested to meet at the Fireman's Hall, on Monday evening, at half past seven o'clock. G. M. DONALDSON, Foreman.

Notice.—The usual monthly meeting of Superintendents and Teachers of Sunday Schools will be held at the City Hall, on Monday evening, at 7 o'clock. A punctual and general attendance is required.

Benefit Party.—Before us is an invitation to attend a benefit party to be held in the Sixteenth District School Rooms, Monday evening.

Box Elder.—A letter from Brigham City says that the potato crop in that vicinity will be rather light and that there is danger of the crop being injured by frosts. The small grain crops are good.

Notice.—The members of the Board of Directors of the Deseret Agricultural and Manufacturing Society, are requested to meet at the Historian's Office at 7 p.m., this evening, Sept. 5th, 1914.

GEORGE E. WALLACE,  
Secretary.

Incorporated.—The "Evergreen Consolidated Mining and Tunneling Company," Big Cottonwood district, was incorporated yesterday; capital, \$1,000,000; the shares being \$25 each, and all taken. B. Camomile is president, W. Jarman secretary, and J. J. Tanner treasurer of the company.

To be Finished.—We understand that, in about a couple of weeks from now, a large force of workmen will be engaged in completing the M. E. Church, 3rd South St., which has remained until now in an unfinished condition. We believe it is the intention to raise it another story and surmount it with a substantial roof, the one now covering it being merely temporary.

Shooting Accident.—Last evening a member of that little band of dissipated Italian musicians, who made their appearance on the streets lately, was playing with a small pistol, which was accidentally discharged, shooting him through the hand. The wound is a bad one. Dr. Fowler, dressed it. It is probable the little fellow will lose one of his fingers.

Runaway and Smash Up.—The team of Joseph Francis ran away today and collided with Thomas Parson's wagon, smashing it considerably. Mr. Francis was taken before Justice Pyper and fined \$5 for his carelessness. The team was left standing alone with the lines hitched to the wagon. The occurrence took place on East Temple Street. Mr. Parson will sue Mr. Francis for damages to his vehicle.

The Chicken Plague.—Yesterday we alluded to a disease which had appeared among the chickens of this locality, and was carrying them off by hundreds. We learn from Brother W. J. Hooper that the malady is what is known as the "pip." It is a kind of small hard substance which grows under the tongue of the fowl, disabling it from swallowing, the consequence of which is that the poor things literally die of starvation. This remedy recommended by Brother Hooper, as successfully tried by him, is to cut out the small, hard substance alluded to and feed the fowl a while on chopped onions and also administer a little red pepper.

Horse Stealing.—The amount of horse stealing that has been done in and around this city lately is positively enormous. About a week ago Mr. Higgins of West Jordan Ward, had his only team stolen from him, a span of large horses, one mare and the other blue. Last Wednesday night a family named Hanson, of the same place, had a span of horses run off, and a Mr. Anderson lost a mule and a mare in the same manner and at the same time. Up till last evening no track had been found of the thieves.

A little summary punishment, of an effective kind, administered when horse thieves are caught in the act of robbery, would be very salutary, by way of example to others of similar proclivities.

Those Italian Boys.—In New York, Minnesota, like the Italian boys now playing music on the streets, are generally held in a kind of bondage by older people, to whom they turn over their earnings. When this is discovered to be the case, and the matter is properly brought before the authorities, the latter is compelled by law to free the young people from their bondage. In this city, however, the Italian boys find no such liberation.

The Maryland punch crop is a bigger failure this year than for many years past.

pretend not to know where the house is they are stopping at, nor where the person is that has charge of them.

The little fellow who shot himself in the hand last night said somebody shot him, but there was nobody near him when the accident happened, excepting a little girl, one of the band. He had been even handling the pistol several times during the day, and when asked what he had done with it he said he had sold it. When he was searched for it he kicked and screamed. It was found in his pocket, the barrel pointing upwards, with one chamber discharged and smeared with blood.

Bit by a Dog.—Gloggie, the paper carrier and dealer in periodicals, was bit in the leg, yesterday afternoon, by a vicious dog, in the 11th Ward. He was in the police court to-day, making complaint against the owner of the offending canine.

Concert.—A Grand Concert, under the management of Professors Beeley, Weihe and Pederson, is to take place in the 19th Ward Literary Institute on Tuesday evening next. From the known ability of several of the musicians and vocalists participating a musical treat may be confidently anticipated.

Bulky.—A man had an interesting time on First South Street with a bulky horse today. He whipped, pounded and tugged the poor beast, to the infinite disgust of humane bystanders. One gentleman advised the owner of the animal to take a horse of the horse's tail, and if that didn't make him go he might as well give up trying.

Missionaries Appointed.—The following Elders have been appointed to go on missions to Europe, and it is expected will leave for that part of the world on or about Wednesday, the 9th inst.—  
Henry C. Fowler, Vernie Halliday, Shadrach Empey, William Greenwood, Edward Hanham, Wm. Woodhouse, D. Bookholt, Joseph H. Parry and Jacob Zundell.

Officers at Uncle Sam's Expense.—An exchange has the following:—  
"An official circular from the first comptroller of the U. S. Treasury will soon be issued to the various territories, defining the number and class of officers that can be employed at Uncle Sam's expense by territorial legislatures. This is done in order to stop a step to the employment of supernumeraries and prevent the incurring of unnecessary expense."

Evening Classes.—It should be remembered that evening classes in connection with the University of Deseret will be organized on Monday evening, at 7 o'clock. This will afford a fine opportunity for young mechanics and others who cannot attend school in the day time, to improve their educational attainments. All who purpose joining these classes should be present at their organization on Monday evening.

Stopped.—The last number of the Utah Post, for the present, at least, was issued to day. Mr. P. O. Thomassen, editor and proprietor, struggled manfully to keep it alive, but, in spite of his energy and perseverance, the enterprise had to go to the wall, it being useless to longer struggle against the financial problems which had to be met, and which were a natural result of the present apathy of dull times. Should times get brighter, Mr. Thomassen expects the Post to again arise, phoenix like, from its own ashes, and be as bright and fresh as ever.

Arrested.—Yesterday Mr. Moses Thatcher was arrested at Logan, and brought to this city, by deputy U. S. Marshal Brockway, on a charge of subornation of perjury. The arrest was made on a warrant issued by U. S. Commissioner Tooby, at the instance of J. W. Houston, U. S. prosecuting attorney for Idaho. Last evening Mr. Thatcher gave bonds in \$5,000 for his appearance, before Commissioner Tooby, this morning, for examination. The examination has been going on to day. U. S. Attorney Houston, counsel for the prosecution, and Messrs. Williams, Young and Cheeks for the defense.

The charge against Mr. Thatcher is based upon an allegation that he suborned citizens of Franklin, Idaho, to prove up land claims ostensibly for themselves, but really for him. Mr. T. bears a character which has been beyond reproach for integrity and honesty, and his many friends are confident that he will have no difficulty, to free himself from any charge of wrong doing.

Transparent.—A young fellow appeared before Justice Pyper this morning and complained of a person to whom he stated he had sold a load of hay and who refused to pay for it after he had delivered it to him. In answer to questions put to him by the Justice, this honest youth admitted that he had received a small portion of the load on the wagon with which to feed his team on the homeward trip, and that the purchaser had a grave objection to that kind of proceeding, seeing that he had bought the whole load and not a part of it, and he therefore refused to pay for it.

This young fellow seemed oblivious to the fact that his "usual custom" of reserving a quantity of hay which he had sold to somebody else could not be viewed in the light of strict honesty. Let us hope such usual customs are not very common. The young man departed from the presence of the Justice a more enlightened and a somewhat sadder person. He found out that had he received the full sum agreed upon from his customer, the latter could have entered complaint against him for stealing his hay.
