Prevented a Tragedy.

Timely information given Mrs. Geo. Long, of New Straitsville, Ohio, saved two lives. A frightful cough had long kept her awake every night. She had tried many remedies and doctors but steadily grew worse until urged to try Dr. King's New Discovery. One Lottle wholly cured her; and she writes, this marvelous medicine also cured Mr. Long of a severe attack of Pneumonia. Such cures are positive proof of its power to cure all throat, chest and lung troubles. Only 50c and \$1.00. Guaran. Trial bottles free at Z. C. M. 1. Drug Dept.

ECZEMA'S UNITED ORDER MEMORIAL.

Twenty-fifth Anniversary of Its Organization Fittingly Celebrated,

A Week of Festivity-Visitors from Far and Near Boyally Entertained -The People Prospered.

Special Correspondence. Circleville, Plute County, Aug. 1 --April 1st last, some of the good people

of Orderville, our neighboring settlement, conceived the idea of celebrating the twenty-fifth anniversary of the incorporation of the United Order, it being just twenty-five years ago, the 14th day of July, since the people incorpor-ated and went to work as one family, till the soll, build houses, and make a fiving in a sountry that was anything but inviting to the ordinary man. The majority of the people who helped to organize and went to work there, were people who had met with hardships and uninviting propositions galore, and sturdily faced every battle and never gave up. The visitor who travels through that quiet little valley and beholds the many substantial improve-ments in the way of good homes, barns and public buildings, concedes the pros-perity of the people. Their meeting house is one of the most conventent and beautiful structures your correspondent has visited in the State, and when the painting and papering is finished, the town's people as well as the visitors, will take great satisfaction in admiring this beautiful hand mark and pronounce

the anodern structure. There were many obstacles to over-come in order to make the celebration a success and the greatest barrier was the lack of a convenient building for the people to meet in, but this was soon overcome when the people were ugain called together and decided to construct a temporary building, but some of the wiser heads suggested that instead of a temporary building, they lay the foun-dation for and start a substantial permanent hall, and when the matter was put before the people they all voted is, and immediately went to work some hauling rock, some went to the canyon to cut logs for lumber, others cutting shingles, etc., and in loss than three months from the time they talked of building, that industrious people cut the logs, sawed the lumber and shin-gles, hauled the rock and constructed a fine hall, 32x70 feet, that would be a credit to any town in our fair State, and shows what great things can be accomplished when the people are united, and they certainly are united in

that little village. While not wishing to flatter, this may truthfully be said of the people of Orderville, they are the most hospita-ble, honest and sociable set of people in the State. The good people of that place treated all of the visitors most regally, would not permit them to pay out a dollar for hotel fare, horse feed, etc. Tickets for the theaters, dances, and all amusements, were sent to the visitors free of charge, and they made one feel at home in every particular. Fhe celebration was a complete success Many visitors came from long distances. Father Samuel Claridge, the vener-able father of Mrs. A. W. McCune, came all the way from the Gila river in Arl-ona. Father Claridge was one of the in Lee Lemmon's grove aboat two miles above Huntington, and hid a grand time. A splendid program was gone through with. J.M. ITCH IS TORTURE.

Eczema is caused by an acid humor in the blood coming in contact with the skin and producing great redness and inflammation ; little pustular eruptions form and discharge a thin, sticky fluid, which dries and scales off ; sometimes the skin is hard, dry and fissured. Eczema in any form is a tormenting, stubborn disease, and the itching and burning at times are almost unbearable; the acid burning humor seems to ooze out and set the skin on fire. Salves, washes nor other external applications do any real good, for as long as the poison remains in the blood it will keep the skin irritated.

CUALVILLE.

Beard Barber Nuptials-Refreshing Shower-Missionary Farewell,

Special Correspondence. Coalville, Summit Co., Aug. 4 .- The county clerk today issued a marriage license to Jos. H. Barber and Ethel Beard. Both young people reside in Coalville, and are 21 years of age. A refreshing shower fell on the thirsty

earth this afternoon. Most of the hay is stacked and the "summer vexed" farmer rejoices in the downfall of rain. Inspector Gomer Thomas is inspecting the coal mines today. He reports them in good condition.

At Peoa, last evening, a farewell par-ty was given to Emil Isaacson, who leaves Salt Lake City on the 9th inst for a mission to Sweden. The sum of The sum of \$87 was raised to help the young man accomplish his laudable mission. Story of a Slave.

To be bound hand and foot for years by the chains of disease is the worst form of slavery. George D, Williams, of Manchester, Mich., says: "My wife has been so helpless for five years that she could not turn over in bed alone, After using two bottles of Electric Bittors she is wonderfully improved and able to do her own work." This supreme remedy for female diseases quickly cures nervousness, sleeplessness, meinschöly, headache, backache, faint-ing and dizzy spells. It is a godsend to weak, sickly, run-down people guaranteed. Only Soc. Sold by Z. C. M. 1. Drug Dept.

Boring for Water-Progress of Snow Academy Building.

Special Correspondence.

Ephraim, Sanpete Co., Aug. 4 -- The great interest of the people here centers in the well driving attempt being made by Mr. Yeager of Salt Lake City, at the expense of the city of Ephraim-the spot being bored is on the street just north of the city hall.

Notwithstanding the drouth a num-ber of private buildings are in course of crection-and the fine solid rock ma-sonry of the Snow Academy is progressng nicely. The water table of the rock pasement will soon be in position, and the two stories of brick work will be commenced soon. Ephraim has relays of men and teams

officer. ADJUDICATING WATERRIGHTS. The people of Castle Jale and

Orangeville have been havng some trouble over water. It apears that there are several canals of te Cottonod creek incorporated by none them knows what its right are, not having any argument to tat effect, so that some build dams ud others tear them out. As a result ffew days ago Samuel L. Alken, Alford man, W. W. Call and Andrew Johnseiwere arrested for breaking a dam, ind were tried before a jury in the justice's court at Huntington. As a parties claimed the water, and none kew what his rights were, the jury broght in a verdict of no cause of action. Attorney Wedgewood, of Provo, was sere de-

fending the parties, and he, wh Judge De Moisey, also of Provo, tok mea-surements of the creek and anals to get data for Castle Dale to sart suff

against Orangevile in the distmt court at which time they expect to have their rights adjusted. WHY NOTARBITRATI?

Some years ago Huntington Cleveland and Lawrenie were in th same fix, but instead of a law suit w had it arbitrated. The andtrators bein Apos-tle J. H. Smith, Iresident Largn and his first caunselor, Orange Seely. The arbitration was stilsfactory ind we took it to Provo sefore Judge Black-burn and had it made a decree of the court. Since then we have had very little trouble, as the general watermas-ter is the only one that has my right to change the flot of water in any canal or ditch, and is only according to the rights of the parties, and when low water comes we can kick and talk all we please, but we can get only that

Pocatello Idaha, Aug. 5.—The weath-er still keeps hot and sultry, almost unbearable at times, everything not within reach of water being burnt up. The hills look bare and dried up, vege-tation having withered away. The City Water company has cut down the sprinkling hours, limiting all to two hours per day for sprinkling purposes, one-half the city using it from 5 to 7 and the other half from 7 to 9 p. m. This on account of the scarcity of wa-
