REAR STRAY NOTICED. Salt Lake City district.

FARGES, read the will of Burdick's Champion Rotary Harrow, made at Dinwoodie's Furniture establishment. It has good recommendations.

ATTENTION is directed to the advt. of Wm. Resor & Co., Cincinnati, O., who manufacture and sell the celebrated "Monitor" cooking stove, an excellent stove for either wood or coal. A large number of the "Monitor" stoves are in use in this territory, and so far as we have learned, they have given a large amount of satisfaction and have become general favorites.

IMPORTANT TO THE TRAVELER.

It is the duty of all persons before starting on a journey to ascertain by what route they can reach their destination with the least trouble, and if there are two or more routes leading to the same point, the route which is the safest and most pleasant to travel.

We take pleasure in stating, that the CROCODER & KONTOR-WERKEN RAILWAY is the shortest, and most comfortable route between Omaha and Chicago. Within the past few years the road has been put in admirable condition

and almost the entire line has been re-laid with steel rails. The Depot in Chicago is centrally located, and as their trains arrive there thirty minutes in advance of all other lines, passengers can always be sure of making Eastern connections.

Close connections are made at Chicago with the Lake Shore & Michigan Southern, Michigan Central, Baltimore & Ohio, Pittsburg Fort Wayne & Chicago, Kaakakee Line and Pan Handle Routes, for all points EAST and SOUTH-EAST.

If you are going to Chicago, or East, you should, by all means, purchase your tickets at the Old Pioneer Hotel.

The Chicago and North-Western. You will find on all through trains Pullman Sleepers, new and magnificent Day Coaches, and the best Smoking and Second Class Cars now on any road in the United States.

Particular information with maps, time tables, etc., may be had at any of the Through Ticket Offices in the West, or upon personal or written application to J. W. Irons, Ticket Agent, Salt Lake City, A. H. Barn, Ticket Agent at Ogden, or to J. H. Mountain, Western Traveling Agent, Omaha, Neb., or to W. H. Stennett, General Passenger Agent, Chicago.

EVENING NEWS.

Saturday, July 10, 1875.

Local and Other Matters.

Thermometer 80 degrees F in the shade at 1 p.m. to-day. Fine.

There is a message at the Western Union Telegraph Office for H. E. Wiley.

Meetings.—Religious services at 2 o'clock to-morrow afternoon at the Tabernacle, and at the various Ward meeting houses in the evening, at the usual hours.

More Coal.—We are informed that a very good deposit of coal has been discovered about ten miles from Heber City, in Wasatch County.

Acquitted.—W. B. Sullivan, tried before Justice Pyper and a jury yesterday afternoon, on a charge of shooting at John Goddard, with intent to do bodily injury, was acquitted.

Ready for the Shingles.—The new meeting house of the Seventh Ward is so far advanced that the roof is now ready for shingling. The way in which the work on the structure has progressed lately is creditable to the people of that Ward, who have manifested considerable public spirit in the matter.

More Mutton.—Although mutton is already somewhat plentiful in the market there will be more of it to-morrow, when a flock of about two thousand head will arrive from Idaho, purchased recently by Mr. Charles Popper. This arrival will have a tendency to cheapen meat hereabout.

Body Found.—The body of the son of the late D. R. Allen, recently drowned in the river Jordan, was found yesterday, by Mr. Hanks, in the vicinity of the Church Farm, about six miles below where he fell into the water. The remains were in an advanced stage of decomposition. The funeral took place to-day.

The Rehearsal.—We are requested to state that the south gate of the Temple Block will be open on Sunday morning for the schools to enter the New Tabernacle. It is suggested that teachers should visit the families on each block this evening, or early in the morning, and notify the children to be at their respective homes early enough to reach the Tabernacle and be seated by 10 o'clock.

Obtain Excursion.—All desirous of obtaining tickets for the Tabernacle Choir excursion to Lake Side must be sharp, as there is little time remaining. All who intend going should be at the depot on Monday morning at sharp 7:45, as no flats will be put on the road to aid those who may be a day behind. The party will be likely to have a fine time, as all are expected to be natural and not put on airs, but keep on the even tenor of their ways, not running counter to the instructions of the conductor.

Those Boys.—The two boys who stole the blanket from a wagon on the market square were taken before Justice Pyper this morning. They confessed to the stealing, and acknowledged to having got the blanket that they might be able to camp out, vagrant fashion, having concluded to conduct life in their own way. They were remanded to jail until their parents shall take charge of them.

The owner of the blanket can have the article on applying at the City Hall.

Suppression of Gaming.—This morning the police visited all of the saloons in town and notified the proprietors that in future they would be prosecuted if they allowed card-playing or dice-shooting on their premises. The practice has been common for a long time, and in consequence of municipal law. These gaming operations tend to induce boys to enter these den of iniquity, and what ought to be discouraged.

Deseret National Bank, Vol. 1, No. 1, for July. This is a new monthly of 16 pages devoted to ed-

ucational matters, edited by J. M. Coyner, and published by the Utah Educational Journal Company. Among the articles in the present number are: "Historical Sketch of Compulsory Education," "Methods in Orthography," "Duty of the Government to Aid Education in the Territories," "Indianapolis to San Francisco," "History of Education in Utah," "Teaching as a Profession," "Salt Lake City and its Surroundings."

In Jail Again.—The notorious Ben. Tasker is again in jail. For a wonder this time it is not on a charge of cattle or horse stealing. He is charged on this occasion with aiding and abetting an attempted escape of prisoners from the County Jail. The offense was committed a week or two since.

We understand that Ben. had stated recently that he would not permit himself to be arrested any more, but he was mistaken. Sheriff Taylor and Deputy Florida started out to find him last evening, reaching the Cotton ranch about four o'clock this morning, where they found their man, arriving in town with him this forenoon. The offense with which he is charged is a penal one.

An Immense Coal Field.—It is asserted that the finest coal lands between here and the Missouri River are situated in Castle Valley, on the Sevier River, and include about eighty quarter sections.

Being impressed with the importance and richness of these lands a large number of gentlemen, not a few of them men of large capital, residing in various parts of the Territory, have partially organized with a view to incorporating for the purpose of developing and utilizing this important coal discovery.

About eighty or more gentlemen are directly interested, and among them are Messrs. W. H. Hooper, John Sharp, William Jennings, Attorney Marshall, A. O. Smoot, L. J. Nuttall, J. Bozelle, James Miller. A preliminary meeting was held last night, when a board of eleven directors were elected and the interested parties were to meet again to-day for the purpose of signing the articles of agreement, preparatory to incorporating.

This is certainly a country of great resources.

We understand the name of the new incorporation will be the Castle Valley Coal and Mining Company.

New Music.—The following are published by F. W. Helmick, Cincinnati, Ohio:

"Pretty Little Daisy," a Dutch song and dance, written by C. J. Marks, arranged by P. M. Stokes.

"Darling Aaron," a song and chorus, written and composed by Harry Peter.

The following are published by John Church & Co., Cincinnati, and Root & Sons' Music Co., Chicago:

"Mamie Waltz," by Edward E. Whitmore.

"Simple Sandie's Song," by P. B. Bliss.

"Erin, Farewell," Song and chorus, by Robert Challenor.

"The Little Homeless Ones," Song and chorus, by R. S. Crandall.

THE FOURTH IN THE COUNTRY.

July 3rd, 1875.

The day (Saturday, July 3rd) commenced as usual with salutes, flag raising, etc. A procession, May showed that Newton was honoring the great commandment, "Be fruitful and multiply." The banners were numerous and well executed, bearing appropriate inscriptions, and were the handwork of Bro. Jonas N. Beck.

At 10 a.m. both old and young assembled and were treated to singing by the Ward and Sabbath School choirs, under the leadership of Bro. Amos Clark. Bishop Wm. F. Littlewood, mayor of the day, delivered a spirited oration.

The Sabbath School children, Bro. Jonas N. Beck Superintendent, answered promptly and correctly numerous "Questions for Children," from the Juvenile Instructor.

Recitations and dialogues were well rendered by members of the Day School, Bro. A. P. Welchman teacher. One dialogue embraced eighteen characters.

A collection of pithy and well-timed essays in connection with the morning exercises.

The afternoon was devoted to numerous and varied sports and games, after which a dance, including a children's dance.

In the evening the adults assembled and joined in a dance gotten up with the intention of obtaining Sunday School funds, which was a success in all respects.

Our No. 1 rock school-house, 43x31ft., with arched ceiling, 10ft. above the floor, and stone walls, had been erected, in addition to the delightful shade afforded by the thick growth of young cottonwoods and a vigorous set of base-ball was kept up till noon. Ice cream and cider were also liberally dispensed.

At noon there was a general gratulation towards the Tabernacle, where, after a reading of the "Declaration," an off-hand oration was given by James McKnight, Esq. More music and a few well-timed thoughts by Bishop Jared Bundy closed the declaratory part of our celebration.

Feasting and visiting with guests and friends occupied until 2 o'clock p.m., when the children's dance commenced, and a merry time they had till 8 p.m.

From 4 to 7 p.m., the owners of the cattle trotted out their stock and showed their speed in short heats, on the principal thoroughfare. Simultaneously with the horse racing, foot racing was kept up, and the largest crowd of spectators in highest place till nearly dusk, the cool, bracing atmosphere peculiar to this locality contributing materially to the interest and credibility of the performances.

In the evening a magnificent display of fireworks was made from the crest of a hill, and occupied

about half an hour, after which the "feller children" opened the ball and tripped the light fantastic toe till morning.

The inevitable accident did not occur, but one of the most amusing occurrences of the day was the fall of the store, of some thirty dollars' worth of candles, just after the dismissal of the children's dance. The nimble scrambling of the little ones for the "candle" was a rare sight. As this is the kind of "hard luck" the old gentleman treats the youngsters of the village to upon every anniversary, they are all bringing their nickels to Father Nixon's store. There is not a doubt that his candy kisses will be remembered by them when all else of him shall be forgotten.

This is the topographical center of Weber county and was formerly the county seat, but for certain reasons the seat was removed to the north end of the county.

Our demonstrations commenced on the evening of the third, when the "Theopians" of this place presented the "Yankee in Cuba," Wm. Deakin as each swap.

On Monday, the fifth, at surprise, the "star spangled banner" was hoisted to the breeze, and firing of musketry, music, drumming, and various kinds of amusements were in order until ten o'clock.

The people met in the hall, where music by the choir, prayer by the pastor, Wm. Woodward, and the reading of the "Declaration of Independence," preceded a short and pithy oration by Justice Thomas Graham, "Orator of the Day."

Speeches followed by leading citizens, interspersed with songs, sentiments, and toasts, and music by the band and choir.

After meeting there were outdoor exercises for old and young, swings, quoits, skittles, horse racing, etc., winding up with a dance in the hall.

Our Country Contemporaries. Ogden Junction, July 9.—Judge Emerson, of the First Judicial District of Utah, came to Ogden last evening, and this morning left for a two months' visit in Michigan.

On Wednesday night the westward bound passenger train ran into a herd of cattle near Kelton, killing three head. No damage occurred to either the train or the passengers.

In the suit entered by John H. Freeman, of Ogden Valley, against Messrs. Holmes, Ferrin, Odd and Serret, for assaulting him with intent to kill, which has been under investigation the past two or three days, the defendants were discharged and the case dismissed, the Court considering the charge not sustained.

Ogden Freeman, July 9.—On Wednesday 1,900 sheep, belonging to Mr. Haley of Boise City, Idaho, were driven through here on the way to Salt Lake City, where they will be sold to the butchers.

Mr. Parkinson from Franklin informs us that last Monday morning the Utah Northern commenced breaking ground on the other side of Cub river for the extension of the road northward.

Richard Hays, whose toe was injured so much as to require amputation at the first joint, had the operation performed last Sunday and is doing well. It is proposed to raise a purse for him among the R. R. employees.

The European Mission.—The following are from the Millennial Star, June 14—

"Bristol, June 6.—I have enjoyed myself greatly in my visits to Nottingham, Wales and London Conference. On leaving London I went to Southampton where I remained over night at sister Randall's. All the family were well.

"Leaving Southampton I went to Swanage, where I delivered two lectures on Sunday and Monday. 23rd, there being from 100 to 150 persons present, most of whom paid excellent attention. Mr. and Mrs. Tippet received me very kindly and assisted all they could in making arrangements for our meetings.

"Leaving Swanage on Monday, 24th, I proceeded to Bournemouth, where I held meetings Tuesday evening, May 25th, at brother E. Oliver's. From this point I went by steps to brother Hunt's, Stoddard-five miles, near Yeovil, where also held a meeting, May 27th, there being several strangers present, all of whom paid very good attention. While here I learned that brother Harrison, Alma James.

"I now traveled to Broadwinor, and on Sunday, May 30th, in company with Elders J. Whedon, J. B. Smith and others of the brethren and sisters went to Winsham, a small village about five miles distance from Broadwinor; the brethren having been there recently to hold meetings.

A gentleman gave us an invitation to come on to his premises to preach; he held me to the house, and we held us. Elder Otter read from Matthew, seventh chapter, commencing at the 13th verse, after which Elder Whedon gave a most interesting and powerful discourse.

I followed for about one hour, discoursing on faith, repentance and baptism for the remission of sins, to which the majority of the people were very good.

We returned to Broadwinor and held a good meeting in the evening. At Eastdown, Devon, Elder Wm. Lewis and family are rejoicing in the birth of a daughter, Mary Francis; several people are very favorable to the work in that vicinity.

"Wherever I travel I find that the spirit of inquiry after the Gospel seems to be on the increase."
