DESERET EVENING NEWS SATURDAY OCTOBER 20 1906

THE LAST CALL

For issuance of subscribed stock in Western Idaho Sugar Company has

CLOSE TO GOLD HILL.

Main Line Will Not be to Exceed Thirty Miles From Mine.

According to maps showing the right-of-way of the Western Pacific railroad through western Utah and filed recent-ing, the main line of the road will not be to exceed 30 miles from the Gold Hill mine of the Western Utah Cop-per company, in the Clifton mining dis-trict. entire morning. Utah stocks were dealt in principally, the demand for Nevadas being very light. Total busi-ness for the day amounted to 18.025 shares representing a worth of \$12,-Business on the exchange for the first part of the week was excellent with the result that the total business

with the result that the total business for the week far and away exceeds that of the corresponding period of last year. This week's sales amounted to 483.705 at a valuation of \$183.853.20 as aginst 153.496 shares worth \$53,-076.32 last year. The quotations for the day closed as follows: Those in position to know say it will be an easy matter to build a branch line to the foot of Gold Hill mountain, the whole distance being through a lev-

country el country. There is no doubt expressed that the Deep Creek country will be provided with rail facilities during 1907. It will be a safe wager that the road will be Is Expected to Result in Merger.

built to Gold Hill if not on through to Ely, Nev.

BOUGHT BY COLORADO.

Success Mining Company Takes Stock

For Mining Claim,

Provo, Oct. 20.—The Success Mining company has sold the Success mining claim in Tintic to the Colorado Mining company for 7,900 shares of the Colo-rado Mining company's stock.

The factory is a model in efficiency and completeness. Beet crop finest ever raised in first season, both for quantity and quality. Beets from this district took first prize at Irrigation Congress at Boise, in competition with entire Western America. Lastly, the country tributary for cultivation of beets is unsurpassed in area, and with a season from two weeks to a month longer than usual in case of other factories in which Utah people are interested.

GEORGE M. CANNON

October than ever before in the his-tory of this or any other Nevada camp. The Hays-Monette lease, with two shifts working day and night, is pro-ducing \$50,000 a day. Only in the case of exceptionally rich rock, of which there is a great deal, is any sorted, but the fattest streaks are broken separately. In most cases, however, machine drills do the work and ore running as high as \$1,000 a and ore running as high as \$1,000 a ton is dumped without ceremony into open freight cars. Hays & Monette have an eight drill compressor on the road, and it is being rushed across the country on a special train. On the Frances Mohawk lease al-

On the Frances Mohawk lease al-most as good a record is being made. The drift from the 250 foot level has reached the big bed of ore, which as-says all the way from \$300 to \$2,000 a ton, it is stated. This gives the com-pany sixty feet of backs, and a new and heavier electric hoist is to be installed at once.

NEW FIRE CLAY COMPANY.

Will Develop a Property Near Pleasant Grove, Utah County.

The Black Dolly Fire Clay company was organized in this city during the week and will develop an immense body of fire clay upon its property near of fire clay upon its property near Pleasant Grove. The company has opened up an office in the D. F. Walker building, and has already shipped con-siderable clay to the smelters of this county, and also some to the smelters in Childranda

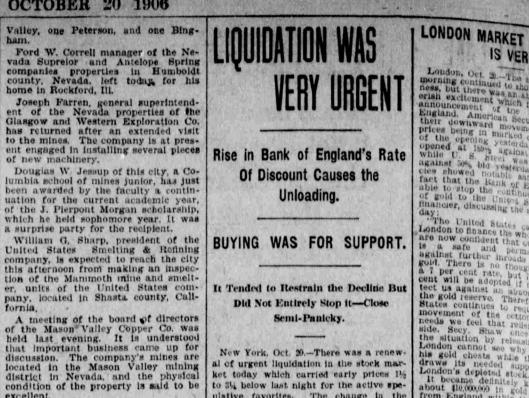

The clay is of the very best quality and, although a tunnel has been run for 80 feet across the veln, the full width of the vein has not yet been deetrmined. The company owns four claims, all of which have immense deetrmined. The company owns four claims, all of which have immense de-posits of clay in them, and now that the work of getting out and shipping the clay has been started, the company will no doubt be kept busy filling or-ders. Those interested in the proposi-tion are Heber A. and Israel Cole of Pleasant Grove, F. A. Cole of Sandy and Harry S. Harper of this city.

DOES NOT SATISFY.

Reduction of Freight Rates Amounts To Little, Say Tintic Operators.

The new freight rate on ore shipped from the Tintic mining district to the Sait Lake smelters have become ef-fective, but the schedule is not sat-isfactory to members of the Tintio Ore Froducers' association, who have concluded to continue the fight against what is considered to be unjust dis-continuation.

crimination. When the railroad companies were asked to make a reduction in the rates from Tintic points, operators endeav-ored to point out wherein the reduction asked for would work to their advan-tage of the railroads for the reason that there were hundreds of thousands of tors of ore in the mines of the Tintie

New York, Oct. 20 .- There was a renew al of urgent liquidation in the stock mar-ket today which carried early prices 1½ to 3% below last night for the active speulative favorites. The change in the money situation resulting from yesterday's advance in the Bank of England's discount rate from 5 to 6 per cent was the motive for the unloading of specula-tive accounts. Evidence of the heavy movement of currency to the interior for crop movement purposes and the Canadian requirements to fortify the Toronto banks complicated the money situation. The liquidation was pursued on a large scale, but large buying orders for sup-porting purposes restrained the decline-after the opening drop, but did not entire-ly stop it

New York, Oct. 20.-The statement of the clearing house banks for the week shows that the banks hold \$0.20,550 more than the legal reserve requirements. This is a decrease of \$6,523,450 as compared with last week. The statement follows: Loops porting phyposes restrained the decline-after the opening drop, but did not entire-ly stop it. London was again a heavy seller in this market, next week's settlements there doubuless accounting for in part for the liquidation from that center. Much of yesterday and today's selling represented the closing of traders' account. This cle-ment had been a dominant factor in the market for a fortnight or more, its ag-gregating holdings propably amounting to several million shares. There were ru-mors of further relief from Washington but these were no substantiated in re-sponsible quarters. The force of the Hquidation broke through the support from time to time making a lower level of prices. Some of the extreme declines were Great North-ern preferred 7. Smelting 4. St. Paul 3%, Union Pacific 34. B. & O. 2% noints. The market closed in a semi-panicky condition with severe declines from last night's prices throughout the list. 11,556,600 46,471,700

Is Expected to Result in Merger.

Recent meetings of the board of di-rectors of the Nevada Consolidated and the Cumberland Ely companies have resulted in an agreement to the effect that the Cumberland Ely Co. will have a half interest in the \$6,000,000 reduc-tion works to be built by the Nevada Consolidated. The agreement also pro-vides for a half ownership in the Neva-da Northern railway. which road was Vides for a half ownership in the Neva-da Northern railway, which road was built by the Nevada Consolidated Co. This is regarded by many as the first step in the ultimate consolidation of the two properties, both of which are controlled by the Guggenheims. Hayden, Stone & Co. of Boston make the following announcement Concern-ing the deal:

ing the deal: "The Nevada Consolidated and Cum-

Ely Central Copper Co. Looke Prosperous-Keystone Drills to be Used.

F. S. Pheby of the White Pine County bank spent yesterday in the city on business. Mr. Pheby's home is at Ely where he is also manager of the Ely Central Copper company. His visit to Salt Lake was made for the purpose of purchasing machinery for the latter property, after the in-stalation of which development work will be pushed rapilly. Mr. Pheby purchased a complete Keystone drill outfit which will be shipped at once and from which great results are expected. A number of these drills are being used on adjoin-ing properties with excellent results. The property of the Ely Central is F. S. Pheby of the White Pine

ing properties with excellent results. The property of the Ely Central is located in the middle of a number of claims of established value, and the indications to date have been such as to warrant the belief that this prop-erty will some day compare favorably with many in the district.

LESSEES HARD AT IT.

Ore Running \$1,000 Per Ton Dumped Without Ceremony Into Open Cars.

With less than three months re-maining in which to work, less set on the Mohawk No. 2 are bending every energy to get out the golden harvest, says the Denver Mining Record. More ore, both in tonnage and in value, was shipped during the first week of

there were hundreds of thousands of tons of ore in the mines of the Tintic district which could be moved under the present condition of the metal market at a small margin of profit and that the revenues of the transportation com-panies would be greatly increased there-by.

by. After several meetings, which were After several meetings, which were attended by representatives of the Rio Grande Western and San Pedro, Los Angeles & Salt Lake lines, the an-nouncement was made a few days ago that a reduction of 25 cents a ton had been made, but that the basis of charges would be the gross value of the ore shipped and not the net value, match was asked for.

the ore simpled and not the het valle, which was asked for. The producers believe they have a splendid case against the San Pedro company in particular, for the reason that Tintic is the only district along its entire lines where net valuation is not used as the basis. The Rio Grande, on the other hand, has never based its charges on anything other than gross values.

The producers claim the new sched-The producers claim the new schul-ule will relieve the situation very little and that unless further concessions are made there will be no material increase in the ore output of the district.

BUYS ALAMEDO MINE.

F. Augustus Heinze Secures Control of This Couer d'Alene Property.

Spokane, Wash., Oct. 20 .--- The Chronicle announced yesterday that F. Au-gustus Heinze of Butte has secured control of the Alameda Mining comcontrol of the Alameda Mining com-pany's properties near Burke, Idaho, at a valuation of \$375,000 or more. These claims are just west of the Tiger Poorman ground, owned by the Federal Mining company. The stock has ad-vanced from nine cents to 19 cents since Monday.

UTAH COPPER.

Company Has Six Hundred Men Employed at Garfield.

ployed at Garfield. The Utah Copper company has a arce of about 600 men employed in mill construction work at Garfield. The first section of the big plant is practically complete so far as the outside appearance of the building is concerned, but the interior is far from complete. Equipment for this section is being installed, and work on the foundations of the second section is progressing favorably. Structural material for this section is also arriving daily. The country road to Garfield is being changed to a higher elevation so as to avoid difficulty in the future.

CONCENTRATES.

It is confidently expected that the Nevada Hills Co. will declare a divi-dend for Christmas. The Gold Mountain Keystone Mining

Co. last week resumed work in its No. 2 tunnel on its property at Kimberly. The Pioneer ore sampler today re-leased the following cars of ore: Four Alta, two Tintic, two Stockton and one Ophir.

The development of the Apex vein of the Bingham Central Mining com-pany is said to be progressing very satisfactory.

Duncan Chisholm of Colorado Springs, representing the interests of the Edward's roasting furnace, is in the city on a brief business trip.

William Johnston, of the Gold Moun-tain mining district in southern Utah, has disposed of a half interest in the Congress group of mining claims.

W. J. Dooley, the well known mining engineer, has returned from a business trip to California, where he went to make an examination of a property.
