

COUNTERFEITING ON HUGE SCALE

All but One of Gang Engaged in Million Dollar Enterprise, Behind the Bars.

TRUNK FULL OF NOTES FOUND

Plan of Swindlers Contemplated Issuing Forged Railroad Stock Certificates and Money.

Louisville, Ky., Aug. 20.—With the exception of a negro who acted as a drayman to cart from the counterfeit "mint" at Harrods Creek, in this county, the bogus 100 half peso Mexican notes to this city, the police have put behind the bars all those supposed to have been connected with the million-dollar counterfeit enterprise unearthed in Kentucky yesterday.

John Roberts, who was in charge of the making of the spurious money; Marion Roberts, John's brother, who handled the negotiable end of it; Nanette Harp, Marion's housekeeper, and Will Koenig, who confessed to having printed the notes, were all arrested. Mrs. Harp and Koenig were released, Koenig under \$1,500 bond and Mrs. Harp on her own recognizance. The Roberts brothers are under \$15,000 federal bond each, and John has already announced he will plead guilty in the federal court.

The final details of the swindling plot exposed by the police and J. H. Pether, U. S. marshal, who broke the case, are that the Louisville brokers approached by Marion Roberts, show that the plans of the brothers contemplated "faking" even stock certificates of railroads such as the Louisville & Nashville and Pennsylvania, issuing counterfeit money to pay for them and conducting an imaginary business with imitation collateral.

The brass-bound trunk with \$1,000,000 in Mexican notes is the most important capture.

In a statement to the press this forenoon, W. G. Osborne, the broker of J. Pether & Co., who broke the case, said that Marion Roberts had told him the headquarters of the gang was in Wall street, New York.

WANTS A MILLION FOR WOMAN SUFFRAGE

New Orleans, Aug. 20.—"I want to raise \$1,000,000 to aid in making the woman's suffrage question an issue and to attack the power of organized vice," declared Miss Kate M. Gordon, when she returned here today from the north-west. Miss Gordon was recently elected chairman of the Susan B. Anthony fund.

"My plan is to get 100 women to give me \$1,000 each," Miss Gordon continued, "and 1,000 men to give me \$100 each. I will issue a memorial fund to Miss Anthony."

HARRIMAN'S EARLY RETURN IS TO OBTAIN REST

New York, Aug. 20.—E. H. Harriman's return from his European trip at this time, which was expected simply to admit of his obtaining in his own home, amid comforts and conveniences impossible to secure in European hotels, the rest he needs after his travels, is being delayed, according to Alexander Millar, secretary of the Union Pacific and Southern Pacific railroads, who has been abroad with Mr. Harriman. Mr. Millar arrived today on the Mauretania.

"Mr. Harriman's health is by no means as bad as is supposed on the trip," said Mr. Millar. "I do not think he will take any prominent part in business for a few weeks after his arrival here."

ATTEMPT TO BURN PRESSED STEEL CAR PLANT

Pittsburg, Aug. 20.—Early today an attempt was made by unknown persons to start a fire inside the plant of the Pressed Steel Car company. Several large bundles of burning material were thrown over the mill fence, but were extinguished by guards.

Hearing that strike sympathizers had threatened to dynamite the factory, the company has taken steps to protect the works, the crews of the boat quit today rather than take the risk of an explosion.

As 140 men were being taken into the mill today a large crowd of men and women gathered and half a dozen strikes were fired into the air by strike sympathizers before the state constabulary charged into the crowd.

Fifteen hundred strikers and families surrounded a restaurant patronized by deputy sheriff and constabulary, and the plant at noon, and stones were thrown, breaking the windows of the restaurant. A squad of mounted state police dispersed the mob.

FOREST FIRES IN CANADA

Winnipeg, Man., Aug. 20.—The government report on the forest fires in Canada during the last year shows that timber was damaged to the extent of \$25,500,000, and that 21 lives were lost. Forty million feet of timber were burned in British Columbia.

COLORADO FLOOD WATERS SUBSIDING

Denver, Aug. 20.—Watched by thousands of people who had hurried to the banks of the Platte river upon hearing of the flood coming down from Lake George, the Platte river last night again overflowed its banks in the lowlands in West Denver, flooding scores of cottages and causing great apprehension of another disaster. Warned by mounted officers, however, the people living in the bottoms had plenty of time to move their belongings, and the damage was comparatively slight. The flood situation south and west of Denver shows a distinct improvement today. Flood waters are subsiding rapidly.

UNCLE SAM TAKES CHARGE OF CAMP PERRY

Camp Perry, Ohio, Aug. 20.—The United States war department took charge of the Camp Perry rifle range today after three days of preliminary to the national

SHOOTING MATCHES WHICH WILL BEGIN NEXT MONDAY

Poor conditions greeted the sharpshooters of 49 teams of 12 men each when they went to the 200-yard target for slow fire, a heavy and unsteady wind was tearing across the range, and the light was variable. After finishing at 200 yards, the contestants proceeded to the 400 yard range for practice at 800 yards. This afternoon was devoted to rapid fire at 800 yards.

AVIATORS AT PRACTICE

Rhelms, France, Aug. 20.—Taking advantage of the beautiful weather and a practically windless day seven aviators who are here for the week brought out their machines this morning and made a successful practice flight over the course. At one time the aviators, those of Glenn H. Curtiss, the American and Eberhard and Sommer, the two French champions, were in the air.

CLOSED TWO YEARS, CARNEGIE PLANT TO OPEN

Columbus, Ohio, Aug. 20.—Orders have been issued by the Carnegie Steel company to place its plant at South Columbus in operation as soon as possible. The Columbus plant has been idle for about two years.

HORSE RACING IN LOUISIANA

New Orleans, Aug. 20.—What several weeks ago appeared to be an ineffectual effort toward the re-establishment of horse racing in Louisiana has now been crystallized into an organized movement to bring the question of race track betting up before the legislature in the coming spring.

Both the city park and the fair grounds race tracks here are being kept in condition.

FATHERS AS WELL AS MOTHERS TO HAVE A DAY

Chicago, Aug. 20.—Father is to come into his own. He is to have his day in connection with his helpmate, for "mother's day" hereafter will be "parents' day."

The father's place was fixed only after animated argument yesterday in a committee of the executive committee of the International Sunday School association. When a "mother's day" came before the assembly for discussion someone asked what would be done with the father. The committee passed a resolution that a sense of the meeting was with father as well as with mother.

The day will be celebrated the second Sunday of May of each year.

PROBLEMS GENUINE SCIENTIST WILL NOT DISCUSS

Lake Geneva, Wis., Aug. 20.—After the opening yesterday of the tenth meeting of the Astronomical and Astrophysical Observatory, Prof. Pickering and Prof. E. B. Frost, who has charge of the Yerkes observatory, drew up a list of the "problems" which they say a genuine scientist will never bother with. Here is the list:

Going up in a balloon with telescopes to make observations. This the true astronomer declares ridiculous.

Questioning the immutability of planets. This is described as purely a biological problem. The true astronomer concerns himself merely with matters of mass, length and time.

Speculating on the destruction of the earth by comets. This is characterized as "pure idleness."

Talk of comets plunging into the sun and thus generating a heat sufficient to burn up the earth. More "idleness."

Talk of satellites of the moon. Ludicrous.

Rumors of the reappearance of the Biblical star of Bethlehem. This star, which is referred to frequently from some part of the country, according to Prof. Frost, is the planet Venus.

DEEP SEA DIVER TO HUNT FOR LOST PEARLS

San Pedro, Cal., Aug. 20.—John Christie, a deep sea diver, has been engaged by Edwin T. East, the millionaire publisher of Los Angeles to search the bottom of the harbor for the \$80,000 string of pearls lost by Mrs. Earl a week ago. Christie started work today.

Probably the lost pearls were lost while making the trip from here to Catalina Island. At first it was believed that the pearls were sunk when Mrs. East's car tipped in a jewel bag in which she carried the gems had almost caused the loss of the pearls. Mrs. East, however, had simply been seasick. She expressed the belief that they had dropped overboard from the steamer near the wharf and Mr. East has engaged the diver to hunt for them.

YOUNG BABY FOUND IN POOL OF MUD

Chicago, Aug. 20.—Half-submerged and almost dead, a baby less than a month old, was found yesterday in an alley, in a pool of mud and slime into which it is said to have been tossed by a passing car. The child, a little girl, is being held by the police. The mother, Sarah Baker, a 19-year-old girl, was arrested by a police officer, and is being held in the city hall. The child was found in a pool of mud and slime into which it is said to have been tossed by a passing car. The child, a little girl, is being held by the police. The mother, Sarah Baker, a 19-year-old girl, was arrested by a police officer, and is being held in the city hall.

BIG CLAIM AGAINST BALDWIN ESTATE ALLOWED

Los Angeles, Cal., Aug. 20.—A record-breaking claim in the local courts was allowed by Judge Wilbur yesterday. It called for the payment of \$1,230,000 to the Hibernia Loan & Savings society of San Francisco, the claimant being the estate of J. H. Baldwin. The claim was a note executed by Baldwin, Jan. 12, 1908, due in one year.

The claim of indebtedness was the last contribution of Baldwin to his creditors. It was secured by a mortgage covering all of the real estate holdings of Baldwin here and in San Francisco.

LITIGATION OVER HAMERSLEY ESTATE

New York, Aug. 20.—Litigation has been renewed over the Hamersley estate, said to amount to \$5,000,000, and the New York court yesterday took action in an application by counsel for William Hamersley, guardian ad litem for Arthur Hamersley, 14 years old, only son of J. H. Hamersley, who died in 1907. The New York Trust & Life Insurance company tender an account of the estate of Louis Hamersley, who died in 1907.

COMMERCIAL CONGRESS SITS UP

Ex-Judge Jas. B. Belford of Colorado Declares That it is Dominated by Special Interests.

SIMPLY VOTES AS IT IS TOLD

Herded Together Once a Year, to Listen to Essays Prepared for Infantile Minds.

Denver, Aug. 20.—"Uncle Joe" Cannon and his "political household," the speaker of the house, being referred to as the medieval monarch and the political czar of Congress, came in for a scoring before the Transmississippi congress this morning when former Judge James B. Belford of Colorado sought to show that the commercial congress is dominated by "special interests."

Judge Belford charged that the delegates to the congress are being herded into convention halls once a year and made to "listen to essays" carefully prepared for the "infantile mind" and then made to vote the action with regard to public measures plained by the few leaders.

"What's the use of millions of people west of the Mississippi being represented here if they have to sit still and be injected with a few spoonfuls of prepared rhetoric?" he asked. "If this is going to continue we may as well cut it out. If we are going to pattern this congress after the fashion of our illustrious national house and its political czar, let somebody say so and lay down the rules in black and white."

Judge Belford gained his points for his motion that the rules be amended so as to give an hour each day for the free discussion of whatever subject may be upmost in the mind of the delegate desiring to speak, was adopted.

It is probable there will be a fight in the resolutions committee over a resolution presented this morning by W. G. Stone of Colorado, commanding the work of the national forestry bureau under Gifford Pinchot. There was no discussion of the resolution on the floor but because of the divided opinion with respect to the reclamation and forestry policies of the present bureau it is possible that objection will be made to any sentiment coming from the congress as a whole.

Railway rates were the subjects of new resolutions. The resolutions presented this morning dealt with new phases of the rate question, such as the matter of published tariffs and it is expected will be threshed out in committee and all made to form a joint resolution.

John W. Milliken of Colorado was the principal speaker of the morning session. He dealt with improved conditions in the northwest with respect to irrigation and the reclamation of arid lands.

LEIPSI HONORS PROF. MICHAELSON

Chicago, Aug. 20.—Prof. Albert A. Michaelson, University of Chicago physicist, whose work in optical experiments gained the Nobel prize of \$40,000 for him in 1907, was informed yesterday that he had shared in the general distribution of honorarium degrees made at the five hundredth anniversary of the University of Leipzig. He was given the title of doctor of philosophy and master of liberal arts.

MURDER OR SUICIDE?

Providence, R. I., Aug. 20.—The body of Albert Gerald, a young lawyer, was found in the front yard of his home in the fashionable East Side yesterday with two bullet wounds an inch apart near the head.

Mr. Gerald's family is away for the summer and it is the theory of the police that he was reading in his library early yesterday morning when he heard a sound on a prowl about the house, and on investigation, came upon a burglar who shot him. Then the police think, the burglar dropped the revolver beside the body with intention of making it appear a case of suicide.

STRANGE DANGER THREATENS MURRAY, IDA.

Spokane, Wash., Aug. 20.—A strange danger threatens the mining town of Murray, Idaho. The ground under the town is honeycombed with tunnels driven by placer miners 20 years ago. A few days ago one of these tunnels, under the main street, collapsed, upsetting a large amount of dynamite, but fortunately doing no damage. Further attempts have been made to locate the old tunnels. The entrances have been closed up and forgotten and much of the old work may never be discovered until the ground caves in.

RED AND BLUE ARMIES RESTING IN CAMP

Hanover, Mass., Aug. 20.—The mimic warfare in which an invading force composed of militiamen from Connecticut, New York, New Jersey and the District of Columbia, assisted by the Tenth United States cavalry (colored), attempted to capture the city of Boston against the resistance of the Massachusetts volunteers' militia, having ended yesterday, the two armies rested in camp today. The red army of invasion was encamped here, while General William A. Pew and his Bay state militiamen were at South Boston.

Orders for disbanding the army of invasion were given and noon-time saw the troops from New York and New Jersey on their homeward way. The New York infantry and the troops of New Jersey were to go to Fall river to embark. The District of Columbia troops started for Hingham camp ground by invitation of the First corps of cadets of Boston and will go into camp for a day before taking ship for New York.

AGRICULTURAL CONVENTION

Portland, Or., Aug. 20.—The concluding session of the twenty-third annual convention of the Association of American Agricultural Colleges and Experiment Stations was devoted today to receiving reports of the sections, election of officers, committee assignments, etc. The rest of today and tomorrow will be consumed in excursions to various points of interest.

TRUMPETS SOUND "ON TO SEATTLE"

High School Cadets Ready for Trip to the A-Y-P Expedition.

CENTER OF STAGE UTAH DAY

They Will Camp on the Fairgrounds And Will Be Away Twelve Days.

Capt. Wm. C. Webb, commandant. Capt. J. B. Moreton, adjutant. Capt. A. Berryman, quartermaster. Capt. C. Y. Clawson, quartermaster. Capt. F. H. Manning, commissary. Bruce Wedgewood, aide.

The Salt Lake High school campus presented a lively scene from 8 o'clock this morning until late this afternoon, when more than 200 cadets assembled for final preparations for their trip to Seattle, which begins tomorrow morning, and at this time they are ready to assemble again at 1 o'clock to the fair grounds at the foot of the mountain, where they will surely live in their memories until the spark of life flickers out.

With grips and rolls of bedding they appeared on the High school grounds and each piece of their equipment was thoroughly inspected. Only three were found lacking in the requirements and they were to use the expression of Capt. Webb, "fired out until they complied with the regulations." Following the assembly the cadets had their picture taken and then individual tickets were distributed. Each cadet received a ticket with his name and description marked thereon and was then ordered to roll his grip.

REVIEW BY GOVERNOR

By this time the luncheon hour was reached and the boys were dismissed to assemble again at 1 o'clock this afternoon in full dress uniform, for inspection, and to be reviewed by Gov. William Spry and staff. Following the review speeches were made. From their appearance and were given sound advice as to their conduct while away from home.

After the review they were ordered to repair, in full marching array, to the gymnasium where the equipment was left until tomorrow morning at 3 o'clock when the young soldiers, headed by the band, will march to Main and South Temple, down Main to Third South street and counter-march to Main and South Temple streets, where they will be assigned their cars.

"There will be 200 cadets make the trip," said Capt. Webb today. "We will camp on the fair grounds at Seattle and will be there eight days. The camp will be a model one in every respect, the same as the regulars, and every rule will be rigidly enforced. The inspection this morning was satisfactory, only three, I think, failing to come up to the requirements and they were given a chance to rectify their mistakes. Everything is in shape practically in readiness for the trip."

RECEIVER GRIFFIN SUES ON DEPOSITORS' BEHALF

Norfolk, Va., Aug. 20.—John T. Griffin, receiver of the wrecked People's bank of Portsmouth, has brought suit on behalf of the depositors, to recover from the directors of the failed institution all losses insofar as the personal wealth of the officials will go. Among the defendants is Alexander B. Butt, cashier, now serving two years in the penitentiary for wrecking the bank, the deposit of which amounted to more than \$400,000.

ARRESTED AFTER RUNNING FIGHT

Portland, Or., Aug. 20.—In a running fight today the police arrested two men who are believed to have participated in the attempted dynamiting of the Doernbecher manufacturing company's safe here on Wednesday. A third man, who was with the pair, escaped, but is thought to have been wounded. The pair, who were wearing masks, were found on the two men arrested.

UNCLE SAM IN MANCHURIA

An illustrated article by Frank G. Carpenter will form one of the leading features of the

Saturday News

TOMORROW

The Organization of the Vermont Conference. With full illustrations is narrated in detail for the first time. The Wonderful Million Dollar Record of the Merry Widow in London. The Trouble and Expense Caused When the Kaiser Goes Visiting. English Subjects in England Protected by a Foreign King.

RELEASES PURCHASED

New York, Aug. 20.—Manager Bresnahan of the St. Louis Nationals announced today that his club had purchased the releases of Geyer of Columbus, reputed star pitcher of the American association; infielder Bell of Springfield, Ill.; pitcher Johnson of Galveston; infielder Bescher of Greenville, S. C.; and Shortstop McGinley of Alliance, Ohio. All of these players except McGinley will receive full try-outs.

HOT SPELL BROKEN

Alexandria, La., Aug. 20.—The hot wave, accompanied by temperatures ranging from 95 to 110 degrees, was suddenly brought to an end today by the pouring of a steady rain. Two people were killed, one was paralyzed and two were rendered unconscious by lightning.

FIGHTING FOREST FIRE

Spokane, Wash., Aug. 20.—Battling desperately but almost hopelessly, 300 farmers and timber men are fighting a great forest fire three miles wide which is sweeping through the splendid fir and tamarack timber north and west of Lake Coeur d'Alene today. For 40 hours the fire has defied all efforts to check it, and only as the flames near

DAVIS SCORES COURT'S VERDICT

Attorney for Mrs. Sutton Says That Judge Advocate Was Derelict in His Duty.

STATEMENT IS ALL HIS OWN

Reviews Findings at Length—Declines to State What Action Will be Taken.

Washington, Aug. 18.—Sharply criticizing the conclusions of the court of inquiry, which recently investigated the death of Lieut. James N. Sutton of the United States Marine corps, Henry P. Davis, counsel for Mrs. Sutton, mother of the dead officer, in a statement today declares that the judge advocate was derelict in his duty in not confirming the two legal propositions submitted by Mr. Davis. Had he done so and the court headed him, Mr. Davis says, "it would have been absolutely obliged to exclude the hypothesis of suicide and almost as certainly to exclude the hypothesis of a wound self-inflicted as the explanation of the cause of Lieut. Sutton's death."

Of the two propositions Mr. Davis stated that one of them related to the quality and extent of evidence necessary to a verdict of suicide, and the other was as to the conditions under which a phenomenal explanation of a given situation—"in this case, the nature of Lieut. Sutton's wound—could be accepted."

In view of the findings and opinion of the court of inquiry, especially the fifth opinion that charges of Mrs. Sutton were unsupported by even a shadow of reason, Mr. Davis declares he feels it to be his duty to Lieut. Sutton's mother, who he says, has so faithfully sought to relieve her son from the stigma of suicide, to submit a statement for the consideration of the public.

He refers to the language used in the decision of the court as "eminently unjudicial and unnecessarily harsh."

"I am impelled to this course in large part," says Mr. Davis, "by the apprehension that those who know only a small part of the case as the press has found it possible to publish, may be led to think that the determination of a body of officers in the military service of the country must be a righteous result, and that Mrs. Sutton's attitude may have been justly estimated by those to whom the honor of the service, as well as the cause of justice was for the occasion committed."

Mr. Davis then reviews exhaustively the findings of the court and concludes by saying that the statement is on his responsibility, and is not to be taken without conference with any other person.

Mr. Davis declined to state what he would do if the court should find further action he should take although much of the case as the press has found it possible to publish, may be led to think that the determination of a body of officers in the military service of the country must be a righteous result, and that Mrs. Sutton's attitude may have been justly estimated by those to whom the honor of the service, as well as the cause of justice was for the occasion committed."

Mr. Davis then reviews exhaustively the findings of the court and concludes by saying that the statement is on his responsibility, and is not to be taken without conference with any other person.

SHEET ON RESERVE

Deadwood, S. D., Aug. 20.—To investigate the policy of permitting sheep to graze in the Black Hills national forest reserve, Chief Forester Gifford Pinchot has arrived here.

Mr. Pinchot and Supervisor Kellar will hold mass meetings at the reserve at which settlers who oppose the plan will be given a hearing.

OLDFIELD FAILED TO EQUAL HIS RECORD

Indianapolis, Ind., Aug. 20.—Barney Oldfield, in a Benz, covered a mile in 42.2 seconds, his best record to date, in the Black Hills national forest reserve, Chief Forester Gifford Pinchot has arrived here.

Mr. Pinchot and Supervisor Kellar will hold mass meetings at the reserve at which settlers who oppose the plan will be given a hearing.

UTAH MAY EXHIBIT

Meeting Held in Governor's Office to Discuss Irrigation Exposition.

With a number of prominent men, Gov. William Spry discussed this morning the proposition of sending an exhibit to the United States Land and Irrigation exposition which will open in Chicago, on Nov. 20. It was finally left with Gov. Spry to decide and he will meet with the officials of the Commercial club tomorrow to see what plans can be made to send an exhibit this morning suggested that Gov. Spry appoint members of the commercial clubs throughout the state as a committee to see what kind of an exhibit could be gathered at so short a notice. This will probably be done.

F. H. Griswold of the Chicago Tribune, is here in the interest of the exposition. He says that floor space in the Coliseum where the exhibits are to be, is being taken rapidly.

Those who met with Gov. Spry this morning were: A. F. Dornbusch, Thomas H. Allen, K. C. Kerr, D. S. Spencer, Lyttleton Price, J. Edward Taylor, Le Roy Armstrong of the conservation commission and representatives from Brigham City and Provo.

ORIENTAL RAILROAD MAN

H. Sling, Chicago Agent for Union Pacific, is in Salt Lake.

The Knutsford hotel is entertaining today a railroad official whose personality is unique in that he is a native born Chinaman, said to be the only oriental in the official ranks of American railroading. His name is H. Sling with residence in Chicago, where he represents the Chicago & Northwest, Union Pacific, Southern Pacific, and the Pacific Mail Steamship companies as passenger agent. Mr. Sling has been in railroading since 1893, and made a name for himself as a valuable man. He revisited his country some years ago, when he married a lady of noble rank and brought her with him to the United States. All the railroad men in the west know Mr. Sling, and have only good words to say about him.

CHARGE OF CAMP PERRY

Camp Perry, Ohio, Aug. 20.—The United States war department took charge of the Camp Perry rifle range today after three days of preliminary to the national

AYRES TO BE SECRETARY

"Patriots" Feel Hurt Because "Fat" Job Goes to Lippman's Nephew.

J. P. Ayres, a nephew of Joe Lippman, prospective mayoralty candidate, has been chosen by the governing body of the "American" party to act as secretary of the city committee during the campaign. Ayres is employed in the office of the city engineer, but his duties there will not interfere with his handling of the affairs of the party and was really only chosen to further the interests of Joe Lippman, who is by no means the most popular among the prospective candidates. The job is a good fat salary attached to the secretaryship, and a number of the younger members would have been willing to accept it.

CAREY ACT SELECTION

Application Asks Segregation of 4,950 Acres in Emery County.

The fourth selection of land under the Carey act has been made by the state of Utah, and the application has been filed in the United States land office in this city. The land consists of 4,950 acres situated north and west of the town of Carey, Emery county. The land is owned by the state and is being offered for sale. The application is made by the state and is for the purpose of segregating the land for the Carey act.

WOULD SETTLE STRIKE

John Alpine, Head of Plumbers' Association, Meets Masters Today.

An attempt will be made this afternoon by John Alpine of Boston to settle the plumbers' strike. Mr. Alpine, who is staying at the Cullen, is president of the National United Association of Journeymen Plumbers, Gas and Steam Fitters of the United States and Canada. He will meet with the masters of the plumbers at 2 o'clock this afternoon, at room 211 Hooper block. He will also confer with the members of the strike committee, and it is confidently expected that the trouble will be adjusted.

WASHOUTS CLEARED UP

Only Two Rio Grande Trains Run Over Union Pacific.

General Agent Burton of the Denver & Rio Grande passenger department said this morning that all damages from washouts on the Salda-Pueblo line had been cleared up and the road was running again as usual. This is signaled by a tremendous rush of passenger travel. Last evening's eastbound train went out in three sections carrying altogether 1,100 passengers, and today's trains are heavily loaded. The westbound Rio Grande train, however, was delayed by the washouts. The train, which arrived at Ogden early this afternoon, only two trains were sent over the Union Pacific.

REACHES TWELFTH SOUTH

Double Track on Portion of Murray Line Ready for Use.

The double track of the street railway on the Murray line has reached Twelfth South so that it will be in readiness for use on Monday next. The construction department is pushing the work south as rapidly as possible. It will be only a short time before cars are operating over the new double tracks. Washouts through the mud on the trestle over the tide flats at the point known to automobile drivers as "Dead Man's curve." The accident occurred at 11 o'clock. All the members of the trolley car were rescued, but the driver of the car, who is a Seattle man.

THE DEAD

Miss Agnes Cowen, Vancouver. Miss Margaret Paul, Vancouver. Mrs. J. Colvin, Vancouver. Mrs. J. Colvin, Vancouver. Mrs. M. M. Grothe, Vancouver. B. C. The tide was at ebb flood when the accident crashed through the rail and the victims were hurled into several feet of water.

The body of the chauffeur was found floating half a mile from the scene of the accident two hours afterwards. The bodies of the four young women who met death have not yet been recovered. Miss Mary Paul, a sister of one of the dead, and Miss Kate Hiscok, were rescued by a boatman who heard their cries and found them clinging to the wrecked car.

All of the young women are said to be coming to prominent families in Vancouver.

EPILEPTIC PATIENT CRUELLY TREATED AT SONYEA COLONY

New York, Aug. 20.—The state board of charities, after investigating a charge made by August Ditzel of Yonkers, that his son George was cruelly treated in the Craig colony for epileptics, a state institution at Sonyea, N. Y., has corroborated the charge. Mr. Ditzel's son for 10 years has been an inmate of the colony. Recently the boy was killed by the son, who is 21 years of age, was suffering from pneumonia. He found his boy was being kept among idiots and insane epileptics. He saw his son being carried around by his wrists and ankles. He also learned that other patients were mistreated and complained to Robert W. Hill, secretary of the board of charities, who ordered an investigation, and has now ordered reforms at the institution.

ANTUNG-MUKDEN CONTROVERSY CLOSED

Tokio, Aug. 20.—The memorandum signed at Mukden, Manchuria, Aug. 19, by representatives of the Japanese and Chinese governments practically closes the Antung-Mukden controversy. According to the terms of this understanding, China agrees to afford Japan every assistance in the reconstruction of the Antung-Mukden railroad and withdraws all her objections.

CARMEN REJECT COMPANY'S TERMS

Chicago Street Railway Contraversion Reopened and a General Strike Not Impossible.

CHIEF OF POLICE PREPARING

Commanding Officers Instructed to Cancel All Applications of Police Men for Furloughs.

Chicago, Aug. 20.—The rejection by the North and West side street car men's union last night of the proposed wage schedule offered by President Roach of the Chicago Railway company, reopened the controversy between the street car companies and their employees and again brings within range of possibility a strike of all street car men of this city.

An amicable settlement of the dispute, however, is still hoped for, based on the efforts which will probably be made by President William Mahon of the International Street Car men's union, who is expected here today to take charge of the situation.

Possibility of a strike prompted Acting Chief of Police Schuetler to issue an order today instructing commanding officers to cancel all applications of policemen for furloughs and also to learn the whereabouts of all policemen now out duty.

ALASKA COAL ENTRIES

Statement as to Past Secy. Ballinger Took in Cunningham Case.

Washington, Aug. 20.—Until today the officials of the interior department have declined to make any public statements relative to the part that has been taken by Secy. Ballinger in the case of the Cunningham coal entries in Alaska. There has been considerable comment on this matter, and today Acting Secy. Frank Pierce said:

"Soon after Secy. Ballinger assumed office, some phase of those cases came up officially before the department. The secretary called for me and stated that he had been called to the case of the Cunningham coal entries in Alaska. Since the secretary assumed office he has had nothing whatever to do with these cases, and all matters relating to them have been handled either directly by myself or through the general land office."

KELLOGG, IDAHO: NATIONAL BANK APPROVED

(Special to the "News.") Washington, D. C., Aug. 20.—The application of P. P. Webber, F. F. Johnson, E. H. Weber, Ewen McIntosh and R. E. Jones to organize the First National bank of Idaho, Idaho, approved. Capital, \$25,000.

CARL, IDAHO, POSTMASTER

(Special to the "News.") Washington, D. C., Aug. 20.—Nathan S. Coffin has been appointed postmaster at Cass, Idaho, Idaho, vice H. B. Beston, resigned.

FIVE PERSONS KILLED IN AUTO ACCIDENT

Seattle, Wash., Aug. 20.—Four young women and one man, the driver of the car, met death, and two young women narrowly escaped a similar fate here late last night, when a large Winton touring car, going at a high speed, crashed through the mud on the trestle over the tide flats at the point known to automobile drivers as "Dead Man's curve." The accident occurred at 11 o'clock. All the members of the trolley car were rescued, but the driver of the car, who is a Seattle man.

THE DEAD

Miss Agnes Cowen, Vancouver. Miss Margaret Paul, Vancouver. Mrs. J. Colvin, Vancouver. Mrs. J. Colvin, Vancouver. Mrs. M. M. Grothe, Vancouver. B. C. The tide was at ebb flood when the accident crashed through the rail and the victims were hurled into several feet of water.

The body of the chauffeur was found floating half a mile from the scene of the accident two hours afterwards. The bodies of the four
