

A MERRY TIME ON RACE COURSE

Trouble at Longchamps Culminates in Riots, Pillage and Incendiarism.

OVER FREE HANDICAP START.

Outsider Won—People Became Enraged—Police Powerless—Soldiers Were Called Out.

Paris, Oct. 14.—There were violent public demonstrations at the Longchamps race course this afternoon in consequence of an unsatisfactory start in the free handicap. The trouble culminated in riots, pillage and incendiarism. Many persons were arrested.

The program comprised six races, and the first two passed off without incident. There were nine starters in the free handicap, the next event, and, four, including the favorite, were left at the post. Amid a terrible uproar a complete outsider won.

The public immediately became enraged, broke down the barriers and invaded the track. Crowds demanded the return of their bets. They surrounded the bookmakers and seized the money. Attempts to restore order were in vain. The small force of police present being inadequate. The crowds' anger increased and men began breaking chairs and throwing them on the track. Then a rougher element raided some automobiles near the stand and seized some supplies of petroleum, with which they sprinkled the booths and other wooden structures and set them afire.

The squad of firemen on duty were helpless, as the water hose had been cut. The authorities telephoned for assistance to M. Lefebvre and a body of troops was at once sent up on the double quick. The soldiers succeeded in eventually clearing the enclosure by charging, but in the meantime the setting structures had burned to the ground. A large wooden building belonging to the bookmakers also was set on fire.

The last three races were postponed. Sixty arrests were made, and a large number of policemen and rioters were injured.

A large force of troops will remain on duty throughout the night at the Longchamps and Auteuil courses.

SAN FRANCISCO COMMITTEE OF SAFETY.

San Francisco, Oct. 13.—The mass meeting of citizens held this afternoon in Union square, having for its object the formation of a committee of public safety, lasted but a few moments, but it was succeeded by a demonstration in which two factions, arriving for the purpose of the assembly, repeatedly precipitated periods of confusion and disorder. By a resolution adopted, provision was made for the organization of a committee of 100 citizens, representing 20 industrial, commercial and financial bodies.

The committee, according to the resolution, is formed for the purpose of speedily restoring and enhancing the prosperity of San Francisco, and is to be known as the citizens' committee of 100. The meeting was attended by over a thousand persons, a small percentage of these being women. In order to guard against possible utterances or resolutions of an incendiary character, the committee having in charge the preliminary arrangements had deemed it advisable to prepare a set of resolutions, which were afterward presented to the assemblage, and declared adopted.

It was upon this action of the committee that the sentiment of the meeting was divided.

The resolutions, setting forth the method of organizing the committee on 100, were then read by T. H. Lidenhall, chairman. Doble announced that they had been adopted and declared the meeting adjourned.

A scene of disorder ensued as soon as the meeting was declared adjourned. Many of those present attempted to speak at the same time. Cries and hisses continued until Acting Mayor James C. Gallagher appeared and signified his intention of speaking. He advised the crowd to disperse, saying that good citizens could hope to accomplish nothing except through the official channels of authorized government.

Rabbi Jacob Nieto, after a demonstration following the speech of the acting mayor, at length was accorded a hearing.

MAJ. FREDENHALL ACQUITTED.

Manila, Oct. 13.—Major Fredenhall, who was accused of irregularities in the quartermaster's department and charged with misappropriating funds, has been acquitted, the court holding that the charges against him were not proved. Maj. Fredenhall was tried in the civil court. The case involved a shortage of \$490 in the pay funds.

Gov. Gen. Smith has announced that civil rights will be restored to the province of Cavite at the end of the year.

MOTHER AND THREE CHILDREN MURDERED.

Houston, Mo., Oct. 14.—Barney Parsons, a farmer, his wife and three children, aged 11, 4 and 1 year, were murdered Friday near Licking, Mo. A farmer named Jodah Hamilton, aged 29, has been arrested, charged with the murder, and is said to have confessed.

The body of Parsons was found shot to death, and the mother and three children had been clubbed to death.

Parsons had sold his farm crops to Hamilton and it is alleged that the men quarreled over the terms of the sale. Parsons and family set out from their former home in a covered wagon, bound for northern Missouri.

Jodah Hamilton, the alleged murderer, is in Houston jail, strongly guarded to prevent lynching. He is said to have made a complete confession, of which the following is a summary:

At a timber-bordered place in the road, as Parsons and his family were driving along, they were confronted by Hamilton, armed with a shotgun. Deliberately aiming at Parsons, Hamilton discharged both barrels of the gun, and Parsons fell to the ground. Hamilton then advanced upon him and clubbed him over the head with the butt end of the gun several times. He then beat the head of the mother almost to a pulp, and after killing her clubbed the three children to death. The bodies of all five were then loaded into a wagon and taken to Big Piney creek, about one mile distant from the scene of the murder, and dumped into the creek.

A party of fishermen from Houston discovered the bodies of two of the children Saturday about noon. A further search brought to light the bodies of both parents, and word was sent to Houston. The baby's body was found today, shortly after the news had been received in Houston Hamilton rode into town on a mule that was recognized as one that belonged to Parsons. He was arrested and locked up in jail.

THE LEAGUE OF OCTOBERISTS

Premier Stolypin Adopts it as the Government Party and Will Support It.

DOOR OPENED TO GUCKHOFF.

Drumhead Court-Martials Show Hundred and Eighty-two Executions in First Month.

St. Petersburg, Oct. 14.—The League of Octoberists has been adopted by Premier Stolypin as the governmental party and to all the strength of the administration will be turned in the coming elections.

The premier's personal organ, the Russia, in a leading article today renounces the idea of the formation of an independent government party and hails the Octoberists as the real Constitutional and Liberal organization, in whose platform the friends of peaceful regeneration will find the expression of their sincerest hopes.

We greet with firm declaration of principles, the Russia says, "seeing therein a correct point of view for relations between government and party in which there is no room for co-operative work advantageous to both."

The announcement forebodes the entrance of M. Guckhoff in the cabinet. The party is now open to M. Guckhoff and the party is pledged not to accept the portfolio until the control of the ministry is surrendered.

The attitude of the ministry toward the Constitutional Democrats has not been altered by the partial breakdown from the proposals of the Viborg manifesto at the recent congress in Helsinki. The organization of the Constitutional Democrats in Saratov province was suppressed today. Through the Russia, Premier Stolypin has announced that the renunciation of the party's program in the coming elections will not be sufficient, and that the party still will be considered openly revolutionary. The application of the full power of the administration against the party is expected until it does sackcloth for all the acts committed at Viborg.

The congress at Helsinki was remarkable for the first open admission of the absence of infallibility in Constitutional Democratic tactics in the recent parliament. Up to the present time the Liberals have insisted that the party's program in parliament was entirely correct and that the government was to blame for the dissolution. M. Nabokoff, the floor leader of the party in the parliament, declared at Helsinki that the Constitutional Democratic deputies had been too greatly influenced by the burning zeal of the Group of Toil and had committed a great tactical mistake by the adoption of the appeal to the people, which justified and forced the government to close the session.

Statistics of drumhead court-martials show there have been 182 executions during the first month of the existence, and that the daily average of executions is now higher. Sixteen men were executed yesterday. A majority of the sentences passed were for highway, bank and train robbery, holdups in the streets and murders, all of which have flourished under the demoralization attending the revolution.

HUSBAND ARRESTED.

H. B. Sheldon Admits He Married Woman Whose Body Was Found.

Aberdeen, Wash., Oct. 14.—H. B. Sheldon, who admits that he is the husband of a woman whose dead body was found yesterday floating in the harbor, has been arrested at Gosnolds, Wash. Sheldon says he married the woman at Portland, but in his effort to tell the truth he was in confusion. Sheldon admits having written a letter found on the woman's body signed "G. H. Wood, M. D.," recommending her as worth of assistance because of the alleged death of her husband. He also confesses to having received money from the woman, which she had begged at various places in the northwest, but he denies any knowledge as to how she came to her death.

TRANSMISSISSIPPI CONGRESS PROGRAM.

Kansas City, Oct. 14.—Two members of the cabinet will address the Trans-Mississippi congress, which will meet in this city Nov. 20 to 25, inclusive. It is expected that 1,000 delegates will be present when President David E. Francis of St. Louis mails the congress to order, and that there will be more senators, representatives, governors and notables present than at any previous congress.

Gov. Francis will deliver the address of welcome. Among the speakers already announced are the following:

REDMOND IS MODERATE.

Coal Island, Ireland, Oct. 14.—John Redmond, in a speech here today, said he believed an overwhelming majority of the opponents of home rule for Ireland in Ulster were honest, and, according to their own sense of the word, patriotic. A well-boring outfit has been delivered on the ground about a mile north of Greenwater and a determined effort will be made by the large companies to develop water.

An effort is being made to consolidate all of the big copper mines here under one corporation, with the possibility of success. The mines are valued at over a hundred thousand shares standing out.

He was out on duty and with Corp. Lane, who was on duty in the vicinity, finding both the front and side doors locked demanded entrance, announcing that they were police.

The answer was a shot and Corporal Lane, who was stationed at the front door, fell with a ball in his jaw. An entrance was then effected and the proprietor, who it is alleged fired the shot, four women and one man, were arrested by Lieut. Tobin.
